C. Eligibility Information

Applicants must meet all of the following eligibility requirements. Your application will not be considered for funding if it does not provide sufficient information to determine eligibility or is missing required elements. Applicants that fail to submit the required elements by the application deadline will be deemed ineligible and will not be evaluated further. Information submitted after the application deadline will not be accepted.

1. Eligible Applicants

Grants funded through DHCS may be made to a Consortium as defined in Paragraph A of this Notice. Consortia are eligible to receive funding through this Notice. One member of the Consortium must be designated as the lead entity by the other members of the Consortium and have legal authority to contract with the Federal government.

The lead entity is the recipient (See 2 CFR 200.86) of the DHCS grant funds and accountable for monitoring and reporting on the project performance and financial management of the grant. In addition, the lead entity (recipient) is responsible for subrecipient monitoring and management in accordance with 2 CFR 200.330 and 200.331, respectively. The remaining consortium members are subrecipients (See 2 CFR 200.93). They

may receive subawards (See 2 CFR 200.94) from the recipient and are responsible for monitoring and reporting the project performance and financial management of their subaward to the recipient.

(a) An applicant is ineligible if they do not submit “Evidence of Eligibility” and “Consortium Agreements” as described in Section D.2. of this Notice.

(b) An applicant is ineligible if they have been debarred or suspended or otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.” The Agency will check the System for Award Management (SAM) to determine if the applicant has been debarred or suspended. In addition, an applicant will be considered ineligible for a grant due to an outstanding judgment obtained by the U.S. in a Federal Court (other than U.S. Tax Court), is delinquent on the payment of Federal income taxes, or is delinquent on Federal debt. The applicant must certify as part of the application that they do not have an outstanding judgement against them. The Agency will check the Credit Alert Interactive Voice Response System (CAIVRS) to verify this.

(c) Any corporation (i) that has been convicted of a felony criminal violation under any Federal law within the past 24 months or (ii) that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, is not eligible for financial assistance provided with funds appropriated by the Consolidated and Further Continuing Appropriations Act, 2015, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

(d) Applications will be deemed ineligible if the application includes any funding restrictions identified under Section D.6.

(e) Applications will be deemed ineligible if the application is not complete in accordance with the requirements stated in Section C.3.g.

2. Cost Sharing or Matching

Matching funds are not required. However, if you are adding any other contributions to the proposed Project, you must provide documentation indicating who will be providing the matching funds, the amount of funds, when those funds will be provided, and

how the funds will be used in the project budget. Examples of acceptable documentation include: A signed letter from the source of funds stating the amount of funds, when the funds will be provided, and what the funds can be used for or a signed resolution from your governing board authorizing the use of a specified amount of funds for specific components of the project. The matching funds you identify must be specifically dedicated to the project and cannot include your organization’s general operating budget. No credit will be given for in-kind donations of time, goods, and/or services from any organization, including the applicant organization. Additionally, we will not consider program income or expected revenue as other contributions, unless a commitment letter from the organization that will be paying the fees provides a letter stating the amount of the funds that will be paid, when they will be paid, and what they can be used for, if applicable. If you choose, you may use a template to summarize the matching funds. The template is available either from your Rural Development State Office or the program Web site at: <http://www.rd.usda.gov/programs-services/delta-health-care-services-grants>.

3. Other Eligibility Requirements

The following additional eligibility requirements apply to this program:

(a) *Use of Funds.* An application must propose to use Project funds, including grant and other contributions committed under the evaluation criteria for eligible purposes. Eligible Project purposes include the development of:

- Health care services;
 - health education programs;
 - health care job training programs;
- and
- the development and expansion of public health-related facilities in the Delta Region.

(b) *Project Area.* The proposed Project must take place in a Rural Area within the Delta Region as defined in this Notice. However, the applicant need not propose to serve the entire Delta Region.

(c) *Project Input.* Your proposed Project must be developed based on input from local governments, public health care providers, and other entities in the Delta Region.

(d) *Grant Period.* All grant funds are limited to a 24-month performance period. Your proposed grant period should begin no earlier than the anticipated award announcement date, March 1, 2016, and should end no later than 24 months following that date. If you receive an award, your grant period

will be revised to begin on the actual date of award—the date the grant agreement is executed by the Agency—and your grant period end date will be adjusted accordingly. Your Project activities must begin within 90 days of the date of award. If you request funds for a time period beginning before March 1, 2016, and/or ending later than 24 months from that date, your application will be ineligible. The length of your grant period should be based on your Project's complexity, as indicated in your application work plan.

(e) *Multiple Grant Requests.* The Consortium, including its members, is limited to submitting one application for funding under this Notice. We will not accept applications from Consortia that include members who are also members of other Consortia that have submitted applications for funding under this Notice. If we discover that a Consortium member is a member of multiple Consortia with applications submitted for funding under this Notice, all applications will be considered ineligible for funding.

(f) *Performance on Existing DHCS Awards.* If the lead entity, or any of its Consortium members, has an existing DHCS award, they must be performing satisfactorily to be considered eligible for a funding under this Notice. Satisfactory performance includes, but is not limited to, being up-to-date on all financial and performance reports and being current on all tasks as approved in the work plan. The Agency will use its discretion to make this determination.

(g) *Completeness.* Your application must provide all of the information requested in Section D.2. of this Notice. Applications lacking sufficient information to determine eligibility and scoring will be deemed ineligible and will not be considered for scoring.

(h) *Indirect Costs.* Your negotiated indirect cost rate approval does not need to be included in your application, but you will be required to provide it if a grant is awarded. Approval for indirect costs that are requested in an application without an approved indirect cost rate agreement is at the discretion of the Agency.

(a) To duplicate current services or to replace or to substitute support previously provided. If the current service is inadequate, however, project funds may be used to expand the level of effort or a service beyond what is currently being provided;

(b) To pay for costs to prepare the application for funding under this Notice;

(c) To pay for costs of the project incurred prior to the effective date of the period of performance;

(d) To pay expenses for applicant employee training;

(e) Fund political activities;

(f) To pay for assistance to any private business enterprise which does not have at least 51 percent ownership by those who are either citizens of the United States or reside in the United States after being legally admitted for permanent residence;

(g) To pay any judgment or debt owed to the United States.

(h) Engage in any activities that are considered a Conflict of Interest, as defined by this Notice; or

(i) Fund any activities prohibited by 2 CFR 200.

In addition, your application will not be considered for funding if it does any of the following:

- Requests more than the maximum grant amount; or
- Proposes ineligible costs that equal more than 10 percent of the project funds.

If you include funds in your budget that are for ineligible purposes, we will consider the application for funding if the ineligible purposes total 10 percent or less of an applicant's project funds. However, if the application is successful, those ineligible costs must be removed from the work plan and budget and replaced with eligible costs before we will make the grant award, or the grant award will be reduced accordingly. If we cannot determine the percentage of ineligible costs, the application will not be considered for funding.

7. Other Submission Requirements

(a) You should not submit your application in more than one format. You must choose whether to submit your application in hard copy or electronically. Applications submitted in hard copy should be mailed or hand-delivered to the State Office where the project will primarily take place. You can find State Office contact information at: <http://www.rd.usda.gov/contact-us/state-offices>. To submit an application electronically, you must follow the instructions for this funding announcement at <http://www.grants.gov>. A password is not required to access the Web site.

(b) National Environmental Policy Act.

This Notice has been reviewed in accordance with 7 CFR part 1940, subpart G, "Environmental Program." We have determined that an Environmental Impact Statement is not required because the issuance of regulations and instructions, as well as amendments to them, describing administrative and financial procedures for processing, approving, and implementing the Agency's financial programs is categorically excluded in the Agency's National Environmental Policy Act (NEPA) regulation found at 7 CFR 1940.310(e)(3) of subpart G, "Environmental Program." We have determined that this Notice does not constitute a major Federal action significantly affecting the quality of the human environment. Non-construction projects applying under this Notice are hereby classified as Categorical Exclusions according to 7 CFR 1940.310(e), the award of financial assistance for planning purposes, management and feasibility studies, or environmental impact analyses, which do not require any additional documentation.

(c) Civil Rights Compliance Requirements.

All grants made under this Notice are subject to Title VI of the Civil Rights Act of 1964 as required by the USDA (7 CFR part 15, subpart A) and Section 504 of the Rehabilitation Act of 1973.

E. Application Review Information

We will review your application to determine if it is complete and eligible. If at any time we determine that your application is ineligible, you will be notified in writing as to the reasons it was determined ineligible and you will be informed of your review and appeal rights.

We will only score applications in which the lead entity, partnering Consortium member entities, and the project are eligible. The applications must also be complete and sufficiently responsive to program requirements.

We will review each application to determine if it is eligible for funding and complete, based on the requirements of this Notice as well as other applicable Federal regulations.

Applications that are determined to be eligible and complete will be evaluated based on the criteria described below.

1. Criteria

For each criterion, you must show how the Project has merit and why it is likely to be successful. If you do not address all parts of a criterion your application will be deemed ineligible. If you do not sufficiently communicate relevant Project information, you will receive lower scores. DHCS is a competitive program, so you will receive scores based on the quality of your responses. Simply addressing the criteria will not guarantee higher scores. The maximum number of points that can be awarded to your application is 100. For this announcement, the minimum score requirement for funding is 60 points. It is at the Agency's discretion to fund applications with a score of 59 or less if it is in the best interest of the Federal government.

The evaluation criteria are detailed in the DHCS Grant Application Guide which can be found at <http://www.rd.usda.gov/programs-services/delta-health-care-services-grants>. You must address each evaluation criterion outlined in this Notice. Any criterion not substantively addressed will receive zero points. There are three criteria totaling 100 points. They are listed below:

(a) Rurality of the Project and communities served (maximum of 30 points)—The rurality of the communities served by the Project is an

objective criterion that measures the rurality of the Project's service area. It is determined by the population of the

community. The rurality calculation provided in the application will be

checked and, if necessary, corrected by us.

Level	Community Having a Population		
	Over	Not in excess of	Points
1	0	5,000	30
2	5,001	20,000	20
3	20,001	50,000	10
4	50,001 or located in an Urbanized Area	0

(b) The Community Needs and Benefits derived from the Project (maximum of 30 points)—We will assess how the Project's purpose and goals benefit the residents in the Delta Region. This criterion will be scored based on the documentation in support of the community needs for health services and public health-related facilities and the benefits to people living in Delta Regional derived from the implementation of the proposed Project. It should lead clearly to the identification of the Project participant pool and the target population for the Project, and provide convincing links between the Project and the benefits to the community to address its health needs. RBS will consider:

(1) The extent of the applicant's documentation explaining the health care needs, issues, and challenges facing the service area. Include what problems the residents face and how the Project will benefit the residents in the region.

(2) The extent to which the applicant is able to show the relationship between the Project's design, outcome, and benefits.

(3) The extent to which the applicant explains the Project and its implementation and provides milestones which are well-defined and can be realistically completed.

(4) The extent to which the applicant clearly outlines a plan to track, report, and evaluate performance outcomes.

Applicants should attempt to quantify benefits in terms of outcomes from the Project; that is, ways in which peoples' lives, or the community, will be improved. Provide estimates of the number of people affected by the benefits arising from the project. The Agency has also established annual performance measures to evaluate the DHCS program. Use this section to provide estimates on the following performance measures as part of your narrative:

- Number of businesses assisted;
- Number of jobs created;
- Number of jobs saved;

- Number of individuals assisted/trained.

It is permissible to have a zero in a performance element. When you calculate jobs created, estimates should be based upon actual jobs to be created by your organization as a result of the DHCS funding or actual jobs to be created by businesses as a result of assistance from your organization. When you calculate jobs saved, estimates should be based only on actual jobs that would have been lost if your organization did not receive DHCS funding or actual jobs that would have been lost without assistance from your organization.

You can also suggest additional performance elements for example where job creation or jobs saved may not be a relevant indicator. These additional criteria should be specific, measurable performance elements that could be included in an award document.

(c) The Project Management and Organization Capability (maximum of 40 points)—We will evaluate the Consortium's experience, past performance, and accomplishments addressing health care issues to ensure effective Project implementation. This criterion will be scored based on the documentation of the Project's management and organizational capability. RBS will consider:

(1) The degree to which the organization has a sound management and fiscal structure including: well-defined roles for administrators, staff, and established financial management systems.

(2) The extent to which the applicant identifies and demonstrates that qualifications, capabilities, and educational background of the identified key personnel (at a minimum the Project Manager) who will manage and implement programs are relevant and will contribute to the success of the Project.

(3) The extent to which the applicant demonstrates current successful and effective experience (or recent past

experience) addressing the health care issues in the Delta Region.

(4) The extent to which the applicant has experience managing grant-funded programs.

(5) The extent to which the applicant is able to correlate and support the budget to the project phases and implementation timeline.

(6) The extent to which administrative/management costs are balanced with funds designated for the provision of programs and services.

(7) The extent and depth of membership in the applicant's Consortium of regional institutions of higher education, academic health and research institutes and economic development entities located in the Delta Region.

2. Review and Selection Process

The State Offices will review applications to determine if they are eligible for assistance based on requirements in this Notice and other applicable Federal regulations. If determined eligible, your application will be scored by a panel of National and State Office employees in accordance with the point allocation specified in this Notice. A recommendation will be submitted to the Administrator to fund applications in highest ranking order, subject to availability of funds. It is at the Agency's discretion to fund applications with a score of 59 or less if it is in the best interest of the Federal government. If your application is evaluated, but not funded, it will not be carried forward into the next competition.

F. Federal Award Administration Information

1. Federal Award Notices

If you are selected for funding, you will receive a signed notice of Federal award by postal mail from the State Office where your application was submitted, containing instructions on requirements necessary to proceed with execution and performance of the

award. You must comply with all applicable statutes, regulations, and notice requirements before the grant award will be approved. We recognize that each funded Project is unique and therefore the terms and conditions of each award may vary. We will notify applicants whose applications are selected for funding by sending a letter of conditions, which must be met before the award can be finalized.

Once the conditions of the award are met, we will issue a grant agreement, which must be signed by the lead entity and us before the period of performance can begin. The lead entity may administer the award using the traditional subaward approach to the other Consortium members.

If you are not selected for funding, you will be notified in writing via postal mail and informed of any review and appeal rights. See 7 CFR part 11 for USDA National Appeals Division procedures. Funding of successfully appealed applications will be limited to available FY 2015 funding. You must comply with all applicable statutes, regulations, and notice requirements before the grant will be approved.

Additional requirements that apply to grantees selected for this in program can be found in 2 CFR parts 180, 200, 400, 415, 417, 418, 421, 25, and 170; and 48 CFR 31.2, and successor regulations to these parts. In addition, all recipients of Federal financial assistance are required to comply with the Federal Funding Accountability and Transparency Act of 2006 and must report information about sub-awards and executive compensation (see 2 CFR part 170). (2) A final project and financial status report within 90 days after the expiration or termination of the grant.

(b) Performance Reports.

Semiannual performance reports should compare accomplishments to the objectives stated in the proposal. Identify all tasks completed to date and provide documentation supporting the reported results. If the original schedule provided in the work plan is not being met, the report should discuss the problems or delays that may affect completion of the project. Objectives for the next reporting period should be listed. Compliance with any special condition on the use of award funds should be discussed. Reports are due as provided in paragraph 3.a. of this section.

(c) Subrecipient Reporting.

The lead entity must have the necessary processes and systems in place to comply with the reporting requirements for first-tier sub-awards and executive compensation under the Federal Funding Accountability and Transparency Act of 2006 in the event the applicant receives funding unless such applicant is exempt from such reporting requirements pursuant to 2 CFR 170.110(b). (e) Report for Public Distribution.

You must provide a report suitable for public distribution that describes the accomplishments made during this project. We may use this report as a success story to promote this program.

DEPARTMENT OF COMMERCE

International Trade Administration

Aerospace Executive Service Trade Mission at Singapore Airshow; February 15-19, 2016

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice.

Mission Description

The United States Department of Commerce, International Trade Administration is organizing an Aerospace Executive Service Trade Mission (AESTM) to Singapore in conjunction with the Singapore Airshow 2016 (<http://www.singaporeairshow.com>). The AESTM will include representatives from a variety of U.S. aerospace-industry manufacturers and service providers. The mission participants will be introduced to international agents, distributors and end-users whose capabilities are targeted to each participant's needs. This year a key mission goal is to recruit U.S. firms that have not previously participated in this AESTM to the Singapore Airshow.

Mission participants will also be briefed by key local industry leaders who can advise on local market conditions and opportunities.

In addition, the Commercial Service will offer its AsiaNow Showtime program during the Singapore Airshow,

where mission participants can meet one-on-one with Commercial Service aerospace and defense industry specialists from various markets in Asia. The industry specialists will be on-hand to discuss market trends and opportunities in their respective markets.

Mission Goals

The mission's goal for the Aerospace Executive Service (AES) at the Singapore Airshow is to facilitate an effective presence for small to medium-sized U.S. companies without the major expenses associated with purchasing and staffing exhibition space. The AES will enable U.S. aerospace companies to familiarize themselves with this important air show, conduct market research, and explore export opportunities through pre-screened meetings with potential partners. It will give the U.S. companies a small presence at the show, with an office infrastructure environment and the support of knowledgeable U.S. Commercial Service staff focused on furthering company-specific objectives. This mission also seeks to recruit a minimum of six participants new to the AESTM at the Singapore Airshow.

Mission Scenario

Within the U.S. Pavilion at the 2016 Singapore Airshow, the Commercial Service will maintain a 66-square-meter booth that will include 48 square meters of kiosk space for the mission participants, where each participant may display company literature and conduct meetings with visitors to the air show, including buyer delegations from the Asia-Pacific region recruited by Commercial Service staff as part of the AsiaNow program. The Commercial Service booth will also house an area for meetings with Commercial Service staff and a Business Information Office (BIO) reception area (18 square meters). Commercial Service staff will be available to provide market information and offer logistical assistance to AESTM participants throughout the trade mission duration at the Singapore Airshow.

- In summary, participation in the AESTM includes:
 - Pre-show breakfast briefing on February 15;
 - Daily transportation to and from the designated hotel and Singapore Airshow;
 - Pre-scheduled meetings with potential partners, distributors, and end users recruited by the Commercial Service;
 - One show entry pass per company representative;
