Assistance

Will further develop the capacity of rural communities to develop and implement sustainable water, wastewater, and storm-water infrastructure projects, better manage existing physical assets, achieve fiscal stability through sustainable finance, and engage the public based on sound governance and management practices. Provides education and technical assistance on topics such as rural flood assessments, comprehensive planning, asset management, storm-water management, and energy efficiency.

Maine

Organization	Contact Info	Funded	Assistance
Hancock County Planning Commission	Address: 395 State St, Ellsworth, ME 04605 Phone: (207) 667-7131 http://www.hcpcme.org/	\$17,000	Provide technical assistance through creating an inventory of wells and septic systems that are considered high risk. This region is home to many private wells that exceed the Environmental Protection Agency's maximum limits for arsenic, trace metals, and bacterial contamination. Over 40 percent of the properties in the country were built before current private septic code and are in need of replacement.
Northern Maine Development Commission, Inc.	PO Box 779 - 11 West Presque Isle Road - Caribou, ME 04736 Phone: 207-498-8736 - Toll Free in Maine 800-427-8736 - FAX: 207-493-3108 http://www.nmdc.org/	\$85,000	Provide technical assistance to the Van Buren District in the Town of Van Buren, ME. Efforts will enable the creation of a source water protection plan, asset management plan, and a water protection and emergency management map. The aforementioned will then be used as a pilot example for the other 14 public water systems in Aroostook County. Educational efforts will also be extended to the 127 other public systems, which are operated by not-for-profit and for-profit entities.

Oklahoma

Organization	Contact Info	Funded	Assistance
National Rural Water Association (Energy Efficiency)	2915 South 13th St. Duncan, OK 73533 Phone: (580) 252-0629 Fax: (580) 255-4476 Website: www.nrwa.org	\$900,000	Will complete a minimum of 420 energy audits in 14 states. Focusing on energy efficiency, the NRWA will assess potential improvements in energy efficiencies in rural and small water and wastewater operations, recommend efficiency implementation measures, and make available low cost financing for the implementation of efficiency recommendations.

National Rural Water Association	2915 South 13th St. Duncan, OK 73533 Phone: (580) 252-0629 Fax: (580) 255-4476 Website: www.nrwa.org	\$9,000,000	Will provide training and on-site technical assistance to wastewater systems in the contiguous 48 states, Alaska, Puerto Rico, Hawaii, and Western Pacific Islands. The training will help to reduce exposure to waste related health and safety hazards and enhance the sustainability of wastewater systems in rural and small communities. The services will focus on small, rural communities where at least 20 percent of the population lives in poverty and to Colonias in the states of Texas, New Mexico, Arizona and California. NRW will also provide "Workshop in a Box Sustainable Management" and sustainability training.
----------------------------------	--	-------------	--

Puerto Rico

Civitas Plus, INC	459 Ave Hostos San Juan, Puerto Rico 00918-3014 Phone: 787-944-4444	\$100,000	Provide technical assistance to the Asociacion de Pescadores de Las Mareas to address environmental and health concerns in Las Mareas, Barrio Aguirre, Salinas, Puerto Rico. A small, rural community sustained through agriculture, awareness is needed to prevent harm to the local ecological system, which includes part of NOAA's National Research Reserve of Jobos Bay. Through the assessment of water and septic conditions, development of a recommendation plan, and community education, CIVITAS Plus, Inc. will highlight and provide a solution to contaminants in local waters.
