

Higher Blends Infrastructure Incentive Program

August 19, 2021

| State | Sen. | Rep. | Recipient | Grants | Project Descriptions |
|------------------|---|---|---|-------------|---|
| CA | Dianne Feinstein, Alex Padilla | Lucille Roybal-Allard (40) | AltAir Paramount LLC | \$1,500,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. AltAir Paramount LLC will install a pump, foundation, safety infrastructure and a spill containment basin at a distribution facility in Paramount, California. It also will install piping with electric tracing, and will retrofit a biodeisel storage tank. This project is expected to increase the amount of biodiesel sold by 134,827,623 gallons per year. |
| CT, RI, TX | Richard Blumenthal, Christopher Murphy (CT), John Reed, Sheldon Whitehouse (RI), John Cornyn, Ted Cruz (TX) | Rosa DeLauro (CT-03), David Cicilline (RI-1), Dan Crenshaw (TX-02) | Equilon Enterprises LLC, dba Shell Oil Products US | \$1,783,170 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Equilon Enterprises LLC dba Shell Oil Products US will install new pumps and a loading rack to supply B50 for blending with Ultra Low Sulphur Diesel at the New Haven Terminal in New Haven, Connecticut and at the Providence Terminal in Providence, Rhode Island. This project is expected to increase the amount of biodiesel sold by 151,000,000 gallons per year. |
| FL | Marco Rubio, Rick Scott | Lois Frankel (21), Ted Deutch (22), Mario Diaz-Balart (25), Carlos Giménez (26), Frederica Wilson (24) | Orion Oil LLC | \$1,854,998 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Orion Oil LLC will replace 132 dispensers and two storage tanks at 13 fueling stations in Florida. It also will install 50 dispensers at five fueling stations. The stations are in West Palm Beach, Hollywood, Florida City, Miami Gardens, Pompano Beach (2), Miami (6), Homestead, Culter Bay, Hialeah (2), Doral, and Lake Worth. This project is expected to increase the amount of ethanol sold by 14,935,928 gallons per year. |
| GA | Jon Ossoff, Raphael G. Warnock | Drew Ferguson (03), David Scott (13) | H & H Operations | \$931,999 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. H & H Operations will replace 56 dispensers and 13 underground storage tanks at six fueling stations in Georgia. It also will install 26 dispensers at a fueling station. The stations are in Fayetteville (2), Smyrna, Riverdale, Jonesboro, and Peachtree City (2). This project is expected to increase the amount of ethanol sold by 5,406,955 gallons per year. |

Higher Blends Infrastructure Incentive Program

August 19, 2021

| State | Sen. | Rep. | Recipient | Grants | Project Descriptions |
|-------|---------------------------------|-----------------------|----------------------------------|-----------|---|
| IA | Joni Ernst, Charles Grassley | Ashley Hinson (01) | Sarwar Corporation | \$191,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Sarwar Corporation will replace four E15 dispensers, four biodiesel dispensers, an underground storage tank for ethanol and an underground storage tank for biodiesel at a fueling station in Cedar Falls, Iowa. This project is expected to increase the amount of ethanol sold by 163,805 gallons per year. |
| IA | Joni Ernst, Charles Grassley | Ashley Hinson (01) | BSE Inc. | \$348,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. BSE Inc will replace seven E15 dispensers, seven biodiesel dispensers, two ethanol underground storage tanks and two biodiesel storage tanks at two fueling stations in Waterloo and Cedar Falls, Iowa. This project is expected to increase the amount of ethanol sold by 226,720 gallons per year. |
| IA | Chuck Grassley, Joni Ernst | Ashley Hinson (01) | Ravion Inc. | \$191,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Ravion Inc. will replace four E15 dispensers, four biodiesel dispensers, an ethanol underground storage tank and a biodiesel tank at a fueling station in Waterloo, Iowa. This project is expected to increase the amount of ethanol sold by 97,720 gallons per year. |
| IA | Chuck Grassley, Joni Ernst | Ashley Hinson (01) | United Petroleum Inc. | \$191,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. United Petroleum Inc. will replace four E15 dispensers, four biodiesel dispensers, an ethanol underground storage tank and a biodiesel underground storage tank at a fueling station in Marion, Iowa. This project is expected to increase the amount of ethanol sold by 306,493 gallons per year. |
| IA | Chuck Grassley, Joni Ernst | Ashley Hinson (01) | Convenience Stores Business Inc. | \$45,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Convenience Stores Business Inc. will replace three dispensers at a fueling station in Waterloo, Iowa. This project is expected to increase the amount of ethanol sold by 130,000 gallons per year. |
| IA | Chuck Grassley, Joni Ernst | Ashley Hinson (01) | Wasandi LLC | \$157,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Wasandi LLC will replace six dispensers and two storage tanks at a fueling station in Traer, Iowa. This project is expected to increase the amount of ethanol sold by 222,455 gallons per year. |

Higher Blends Infrastructure Incentive Program

August 19, 2021

| State | Sen. | Rep. | Recipient | Grants | Project Descriptions |
|------------------|---|---|--------------------------------|-------------|---|
| IL | Richard Durbin, Tammy Duckworth | Robin Kelly (02), Mike Quigley (05), Jan Schakowsky (09), Raja Krishnamoorthi (08), Bobby Rush (01), Marie Newman (03), Lauren Underwood (14) | Power Energy Corp. | \$1,337,500 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Power Energy Corp will replace 38 dispensers and four storage tanks at four fueling stations in Illinois. It also will install 116 dispensers at six fueling stations. The stations are in Elmhurst, Arlington Heights, Willow Springs, Palos Heights, Summit, McCook, Indian Head Park, Spring Grove, Harvey, and Chicago. This project is expected to increase the amount of ethanol sold by 11,560,686 gallons per year. |
| IL | Tammy Duckworth, Richard Durbin | Adam Kinzinger (16) Darin LaHood (18) | J & H Real Estate Holdings LLC | \$149,802 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. J&H Realestate Holdings LLC will install 10 biodiesel dispensers at a fueling station in Riverton, Illinois. This project is expected to increase the amount of biodiesel sold by 6,007 gallons per year. |
| IN, KS, OH | Mike Braun, Todd Young (IN), Roger Marshall Jerry Moran (KS) Sherrod Brown, Rob Portman (OH) | Frank Mrvan (IN-01) Tracy Mann (KS-01) Anthony Gonzalez (OH-16) | TA Operating LLC | \$190,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. TA Operating LLC will replace 28 dispensers and two storage tanks at two fueling stations in Gary, Indiana and Salina, Kansas. This project is expected to increase the amount of ethanol sold by 1,104,682 gallons per year. |
| IN, OH | Mike Braun, Todd Young (IN), Sherrod Brown, Rob Portman (OH) | Jim Banks (IN-03), Tim Ryan (OH-13) | Quadland Corporation | \$202,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Quadland Corporation will replace eight dispensers and two storage tanks at a fueling station in Fort Wayne, Indiana. This project is expected to increase the amount of ethanol sold by 803,737 gallons per year. |
| KS | Roger Marshall Jerry Moran | Tracey Mann (01) | Three G Energy Inc. | \$117,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Three G Energy Inc. will replace four dispensers at a fueling station in McPherson, Kansas. This project is expected to increase the amount of ethanol sold by 894,742 gallons per year. |

Higher Blends Infrastructure Incentive Program

August 19, 2021

| State | Sen. | Rep. | Recipient | Grants | Project Descriptions |
|------------------|--|--|---------------------------------|-------------|---|
| KS, MO, OK | Roger Marshall, Jerry Moran (KS), Roy Blunt, Josh Hawley (MO), James Inhofe, James Lankford (OK) | Sharice Davids (KS-03), Billy Long (MO-7), Kevin Hern (OK-01) | Magellan Pipeline Company L.P. | \$4,884,077 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Magellan Pipeline Company LP will install a 10,000-barrel storage tank with piping, pumps, gauging, manways tank insertion heater and insulation, and small biodiesel mechanical building at a distribution facility in Brookline, Missouri. It also will install a 25,000-barrel storage tank, piping, pumps, gauging, manways, tank insertion heater and insulation, and small biodiesel mechanical building at a location in Kansas City, Kansas. This project is expected to increase the amount of biodiesel sold by 223,661,458 gallons per year. |
| KY | Mitch McConnell, Rand Paul | Harold Rogers (05) | 150 London KY LLC | \$1,725,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. 150 London KY LLC will construct a fuel distribution terminal to distribute ultra-low sulfur diesel and various blends of biodiesel ranging from B6-20 to B100 at a facility in Somerset, Kentucky. This project is expected to increase the amount of biodiesel sold by 21.9 million gallons per year. |
| MA | Ed Markey, Elizabeth Warren | Lori Trahan (03) | Broco Oil Inc. | \$978,249 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Broco Oil Inc. will install three 30,000-gallon biodiesel storage tanks, new pipe bridges and equipment upgrades at a distribution facility in Haverhill, Massachusetts. This project is expected to increase the amount of biodiesel sold by 45,000,000 gallons per year. |
| MA, NM, TX | Elizabeth Warren, Ed Markey (MA), Martin Heinrich, Ben Ray Lujan (NM), John Cornyn, Ted Cruz (TX) | Seth Moulton (MA-6), Yvette Herrell (NM-2), Pat Fallon (TX-04), Kay Granger (TX-12) | BW Gas & Convenience Retail LLC | \$438,750 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. BW Gas & Convenience Retail LLC will replace 20 dispensers and two storage tanks, and install 18 dispensers at fueling stations in Texas and New Mexico. The stations are in Decatur, Whitesboro, and Azle, Texas, as well as Alamogordo, New Mexico. This project is expected to increase the amount of ethanol sold by 2,634,159 gallons per year. |

Higher Blends Infrastructure Incentive Program

| State | Sen. | Rep. | Recipient | Grants | Project Descriptions |
|-----------|---|---|-----------------------------|-----------|--|
| ME | Susan Collins, Angus King | Jared Golden (02) | Foster Holdings LLC | \$51,523 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Foster Holdings LLC will install two 6,500-gallon biodiesel storage tanks with piping to a truck distribution rack system in Hampden, Maine. This project is expected to increase the amount of biodiesel sold by <u>3,352,000 gallons per year.</u> |
| MI | Gary Peters, Debbie Stabenow | Bill Huizenga (02), Peter Meijer (03) | NUVU Real Estate LLC | \$114,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. NUVU Real Estate LLC will replace six dispensers at a fueling station in Manistee, Michigan. |
| MO | Roy Blunt, Josh Hawley | Jason T. Smith (08) Blaine Luetkemeyer (03) | Parsons Oil Company LLC | \$116,500 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Parsons Oil Company, LLC will replace six dispensers and a storage tank at a fueling station in Leadington, Missouri. This project is expected to increase the amount of ethanol sold by <u>179,723 gallons per year.</u> |
| MO | Josh Hawley, Roy Blunt | Billy Long (07) Sam Graves (06) | Ayers Oil Company | \$90,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Ayers Oil Company will install 11 biodiesel dispensers and three biodiesel underground storage tanks at three fueling stations in Canton, Palmyra and Bowling Green, Missouri. This project is expected to increase the amount of ethanol sold by <u>757,358 gallons per year.</u> |
| MO, OK | Josh Hawley, James Inhofe, Roy Blunt, James Lankford | Billy Long (MO-07) Jason T. Smith (MO-08) Kevin Hern (OK-01) | Fuel Marketing Corporation | \$87,614 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Fuel Marketing Corporation will install automation software at distribution facilities in Missouri and Oklahoma. It also will install management software at a facility in Missouri. The facilities are in Willow Springs and Springfield, Missouri and Tulsa, Oklahoma. This project is expected to increase the amount of biodiesel sold by <u>1,212,376 gallons per year.</u> |
| MS | Cindy Hyde-Smith, Roger Wicker | Bennie G. Thompson (02) | Express Grain Terminals LLC | \$76,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Express Grain Terminals LLC will install four biodiesel dispensers at three fueling stations in Minter City, Sidon and Greenwood, Mississippi. This project is expected to increase the amount of biodiesel sold by <u>13,200 gallons per year.</u> |

Higher Blends Infrastructure Incentive Program

August 19, 2021

| State | Sen. | Rep. | Recipient | Grants | Project Descriptions |
|-----------|--|--|---|-------------|---|
| NC | Richard Burr, Thom Tillis | Deborah Ross (02) | Zenith Energy Terminals Holdings LLC | \$614,930 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Zenith Energy Terminals Holdings LLC will install a truck rack biodiesel blending system at a distribution facility in Selma, North Carolina. This project is expected to increase the amount of biodiesel sold by 24,090,000 gallons per year. |
| NE | Ben Sasse Deb Fischer | Jeff Fortenberry (01) | Whitehead Oil Company | \$275,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Whitehead Oil Company will install 17 dispensers at a fueling station in Lincoln, Nebraska. This project is expected to increase the amount of ethanol sold by 3,800,160 gallons per year. |
| NE | Ben Sasse, Deb Fischer | Jeff Fortenberry (01) Adrian Smith (03) | Wilkinson Development Inc. | \$221,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Wilkinson Development Inc. will replace 18 dispensers and two storage tanks at two fueling stations in Lexington and Lincoln, Nebraska. This project is expected to increase the amount of ethanol sold by 1,390,849 gallons per year. |
| NY, TX | Kirsten Gillibrand, Charles Schumer (NY), John Cornyn, Ted Cruz (TX) | John Katko (NY-24), Sean Patrick Maloney (NY-18), Lizzie Fletcher (TX-07) | Buckeye Terminals LLC | \$3,000,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Buckeye Terminals LLC will install a higher-blend biodiesel system to add storage, blending, and distribution of B99 at facilities in Brewerton and Newburgh, New York. This project is expected to increase the amount of biodiesel sold by 163,058,253 gallons per year. |
| OH, KY | Mitch McConnell, Rand Paul (KY), Sherrod Brown, Rob Portman (OH) | Steve Chabot (OH-01) Robert E. Latta (OH-05) Vacant (OH-15) Brad Wenstrup (KY-02) Thomas Massie (KY-04) | United Dairy Farmers Inc. | \$634,000 | This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. United Dairy Farmers Inc. will replace 21 dispensers and four storage tanks, and install 13 dispensers at fueling stations in Ohio and Kentucky. The stations are in Blanchester, Cincinnati, Mason, Sharonville, and Delaware, Ohio, and Taylor Mill, Kentucky. This project is expected to increase the amount of ethanol sold by 4,380,450 gallons per year. |
