Section 1: The Technical Assistance and Training Grant Program

1.1 Introduction

Drinking water systems are basic and vital to both health and economic development. With dependable water facilities, rural communities can attract families and businesses that will invest in the community and improve the quality of life for all residents. Without dependable water facilities, the communities cannot sustain economic development.

RUS supports the sound development of rural communities and the growth of our economy without endangering the environment. RUS provides financial and technical assistance to help communities bring safe drinking water and sanitary, environmentally sound waste disposal facilities to rural Americans in greatest need.

The Technical Assistance and Training (TAT) Grant Program has been established to assist communities with water or wastewater systems through free technical assistance and/or training provided by the grant recipients. Qualified private non-profit organizations will receive TAT grant funds to identify and evaluate solutions to water and waste disposal problems in rural areas, assist applicants in preparing applications for water and waste grants made at the State level offices, and improve operation and maintenance of existing water and waste disposal facilities in rural areas.

In this guide, you will find information to help you:

- Assess your eligibility for RUS grant assistance
- Understand how and when to apply
- Create a successful application

1.2 Authorization

The Consolidated Farm and Rural Development Act (CONACT) authorizes the TAT and Solid Waste Management (SWM) programs. Section 306 of 7 U.S.C. 1926, Under the CONACT, Section 306(a)(14)(A) authorizes the TAT Grant Program (see 7 U.S.C. 1926(a), as amended). Section 310B authorizes the SWM Grant Program (see 7 U.S.C. 1932(b)).

The regulation implementing the TAT and SWM programs is found at 7 Code of Federal Regulations (CFR) 1775, Technical Assistance and Training Grants. Should any differences result in the interpretation of these guidelines and 7 CFR 1775, the regulation will take precedence over information contained in this guide. This guide is to be used in conjunction with 7 CFR 1775.

1.3 Available funding for FY 2018

The amount available for Fiscal Year 2018 will be determined when the budget is approved by Congress.

1.4 TAT Program Contacts

The Water and Environmental Programs (WEP) staff will administer the TAT Program. We encourage you to contact the WEP staff early in the application process with any questions or ideas concerning your proposal. The staff will answer your questions about the application process and program requirements.

In accordance with 7 CFR Part 1900, subpart B, you generally have the right to appeal adverse decisions. Some adverse decisions cannot be appealed. For example, if you are denied RUS funding due to a lack of funds available for the grant program, this decision cannot be appealed.

However, you may make a request to the National Appeals Division (NAD) to review the accuracy of our finding that the decision cannot be appealed. The appeal must be submitted within the proper timeframe, in writing and filed at the appropriate regional office, which can be found at www.nad.usda.gov/about_nad or 703.305.1166.

Section 6: The Solid Waste Management Grant (SWM) Program

6.1 Introduction

Solid Waste Management systems are basic and vital to both health and economic development. With dependable facilities, rural communities can attract families and businesses that will invest in the community and improve the quality of life for all residents. Without dependable facilities, the communities cannot sustain economic development.

RUS supports the sound development of rural communities and the growth of our economy without endangering the environment. RUS provides financial and technical assistance to help communities bring environmentally sound waste disposal facilities to rural Americans in greatest need.

The SWM Grant Program has been established to assist communities through free technical assistance and/or training provided by the grant recipients. Qualified organizations will receive SWM grant funds to reduce or eliminate pollution of water resources in rural areas, and improve planning and management of solid waste sites in rural areas.

In this guide, you will find information to help you

- Assess your eligibility for RUS grant assistance
- Understand how and when to apply
- Create a successful application

6.2 Authorization

On November 2, 1987, the Farmers Home Administration (FmHA) (predecessor of RUS) published 7 CFR 1942, subpart J, SWM Grants, as a final rule in the Federal Register (52 FR 41950) implementing a new grant program. On February 5, 1992, FmHA published 7 CFR 1942, subpart J, SWM Grants, as a final rule in the Federal Register (57 FR 4357) revising the regulation to implement another new grant program. In 1994, when RUS assumed the functions of the Water and Waste Disposal programs from the former FmHA and the Rural Development Administration (RDA), RUS changed the SWM and SWM grants regulations from 7 CFR 1942, subpart J, to 7 CFR 1775.

Should any differences result in the interpretation of these guidelines and 7 CFR Part 1775, the regulation will take precedence over information contained in this guide. This guide is to be used in conjunction with 7 CFR Part 1775.

6.3 Available funding for FY 2018

The amount available for Fiscal Year 2018 will be determined when the budget is approved by Congress.

6.4 SWM Program Contacts

WEP staff will administer the SWM Program. We encourage you to contact WEP staff early in the application process with any questions or ideas concerning your proposal. Staff will answer your questions about the application process and program requirements.

Section 8: Application Submission Process

8.1 Two Ways of Filing Applications

You may file an application in either electronic or paper format. File an application electronically through www.grants.gov, the official federal government grants website. Send or deliver paper applications by the U.S. Postal Service (USPS) or courier delivery services to the RUS receipt point. RUS will not accept applications by fax or e-mail.

8.2 DUNS Number Requirement

Whether you file a paper or an electronic application, you will need a D&B DUNS number. You must provide your DUNS number on the SF-424, "Application for Federal Assistance."

To verify that your organization has a DUNS number or to receive one at no cost, call the dedicated toll-free request line at 1.866.705.5711 or access the website www.dnb.com. You will need the following pieces of information when requesting a DUNS number:

- Legal name
- Headquarters name and address of the organization
- Doing business as (dba) or other name by which the organization is commonly recognized
- Physical address
- Mailing address (if separate from headquarters and/or physical address)

8.3 Paper Applications

Mail or ensure delivery of an original paper application (no stamped, photocopied, or initialed signatures) and two copies by the deadline date of January 2, 2018.

If your grant application will service **only one** state, please forward your application to your **local USDA Rural Development office**. The address and contact information for each state's USDA Rural Development Office can be accessed at www.rd.usda.gov/contact-us/state-offices.

If the grant application will service **more than one state**, please forward the application to:

You may file an electronic application at <http://www.grants.gov/>

You must be registered with Grants.gov before you can submit a grant application. If you have not used Grants.gov before, you will need to register with SAM. You will need a D&B DUNS number to access or register at any of the services. The registration processes may take several business days to complete. Follow the instructions at Grants.gov for registering and submitting an electronic application. RUS may request original signatures on electronically submitted documents later.

SAM registers your organization, housing your organizational information and allowing Grants.gov to use it to verify your identity. You may register online at: <http://www.sam.gov>.

All electronic documents must be submitted using one of the following formats:

The Non-Federal Entity must maintain the currency of your information in the SAM until you submit the final financial report required under this award and all grants funds under this award have been disbursed or de-obligated, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term. Recipients can register online at <https://www.sam.gov>. You as the recipient may not make a sub-award to an entity unless the entity has provided its D&B DUNS number to you. Sub-recipients with sub-awards of \$25,000 or more must also have and maintain a current SAM registration. You as the recipient must report each first tier sub-awards of \$25,000 or more in non-Recovery Act funds to <http://www.frs.gov> no later than the end of the month following the month the obligation was made.

10.6 Appeals Process

In accordance with 7 CFR 1900, subpart B, you generally have the right to appeal adverse decisions. Some adverse decisions cannot be appealed. For example, if you are

denied RUS funding due to a lack of funds available for the grant program, this decision cannot be appealed.

However, you may make a request to NAD to review the accuracy of our finding that the decision cannot be appealed. The appeal must be submitted within the proper timeframe, in writing and filed at the appropriate regional office, which can be found at http://www.nad.usda.gov/about_nad or 703.305.1166.
