PROJECT INFORMATION SHEET

USDA Rural Development has approved a grant of $2,828,547.00

Program: Community Connect Grants
State/County: ND/Kidder, ND/Morton
Congressman: Cramer, Kevin (ND 00)
Senators: Heitkamp, Heidi (ND), Hoeven, John (ND)
Recipient: BEK Communications Cooperative
Recipient Contact: Derrick Bulawa
Mailing Address: 200 E Broadway Steele, ND 58482
Email Address: derrick@bektel.coop
Phone Number: 701-475-2361

Project Description: This Rural Development investment will be used to construct a fiber to the home broadband system providing state of the art services to 126 households in Morton County, North Dakota. A community center will also be located within a facility at a local park, where residents can access computer terminals and WiFi, free of charge, and will be contributed as part of BEK's matching fund contribution. This project will allow the residents and businesses in this area to access high quality voice, video, and broadband services so that they may be better able to access the economic, health care, educational, and quality of life opportunities such services enable. BEK Communications Cooperative, headquartered in Steele, Kidder County, North Dakota provides advanced telecommunications services to 20 exchanges in South-Central North Dakota as the incumbent local exchange carrier and also provides services as a competitive local exchange carrier in several areas surrounding their ILEC exchanges with a total of approximately 9,000 customers. They will be expanding their system to this new community through this project, contributing $549,155 of their own funds to help complete the project.
Other Funding: Applicant Contribution: $549,155.00
Total Project Cost: $3,377,702.00
PROJECT INFORMATION SHEET

USDA Rural Development has approved a grant of $1,813,443.00

Program: Community Connect Grants
State/County: TN/Marion, TN/Franklin, TN/Warren
Congressman: DesJarlais, Scott (TN 04)
Senators: Alexander, Lamar (TN), Corker, Bob (TN)
Recipient: Ben Lomand Communications, LLC
Recipient Contact: Lisa Cope
Mailing Address: 311 North Chancerty Street  McMinnville, TN 37110
Email Address: lisacope@benlomand.net
Phone Number: 931-668-4131

Project Description: Rural Development funds will be used by Ben Lomand Communications to construct new state of the art Fiber to the Premises (FTTP) facilities to facilitate offering high speed broadband, voice, and video in a service area remotely located at the northernmost adjoining borders of Franklin and Marion Counties in Tennessee. Ben Lomand Communications, headquartered in McMinnville, Warren County, Tennessee, is a competitive local exchange carrier (CLEC) for the PFSA area. Through this grant, state of the art voice, video, and data services will be available to all 265 households within the service area, bringing positive economic benefits to all by increasing educational, health care, and public safety opportunities and facilitating 21st century lifestyles within the community. A Community Center will also be established within the service area where residents can access computer terminals and WiFi free of charge for at least two years. Ben Lomand will contribute $320,021 of their own funds towards this project.

Other Funding: Applicant Contribution: $320,021.00
| Total Project Cost: | $2,133,464.00 |
PROJECT INFORMATION SHEET

USDA Rural Development has approved a grant of $2,987,850.00

Program: Community Connect Grants
State/County: OK/Le Flore, OK/Bryan
Congressman: Mullin, Markwayne (OK 02)
Senators: Inhofe, James (OK), Lankford, James (OK)
Recipient: CHOCTAW NATION
Recipient Contact: Dara McCoy
Mailing Address: P.O. Box 1210  Durant, OK 74702
Email Address: grants@choctawnation.com
Phone Number: 580-924-8280

Project Description: This Rural Development investment will be used to construct a hybrid fiber-to-the-home and fixed wireless system on unserved portions of the Choctaw Nation, the Hodgen, Le Flore County, Oklahoma service area, passing approximately 300 households and 15 businesses. All customers will receive at least 25 Mbps/3 Mbps data service with service tiers up to 1 Gbps/100 Gbps available on the FTTH system. This project will increase access to high quality broadband Internet service, increase economic development, health care, educational, and public safety opportunities for this unserved community. The project will also deploy a Community Center in the Hodgen School, where members of the community can access computer terminals and WiFi service, free of charge. The Choctaw Nation of Oklahoma, headquartered in Durant, Bryan County, Oklahoma, is a sovereign tribal government covering approximately 10,613 square miles in Southeastern Oklahoma. The Choctaw Nation of Oklahoma will contribute $450,000 of its own funds to help complete this project.

Other Funding: Applicant Contribution: $450,000.00
Total Project Cost: $3,437,850.00
PROJECT INFORMATION SHEET

USDA Rural Development has approved a grant of $2,147,863.00

Program: Community Connect Grants
State/County: MN/Crow Wing, MN/Todd
Congressman: Nolan, Rick (MN 08), Peterson, Collin C. (MN 07)
Senators: Klobuchar, Amy (MN), Smith, Tina (MN)
Recipient: Consolidated Telephone Company
Recipient Contact: Kristi Westbrock
Mailing Address: 1102 Madison Street Brainerd, MN 56401
Email Address: kristi@goctc.com
Phone Number: 218-454-1105

Project Description: This Rural Development investment will be used to construct a fiber to the home broadband system providing state of the art services to 250 households and 8 in and around Moran Township, Todd County, Minnesota. A community center will also be located within the Moran Township Town Hall where residents can access two computer terminals and WiFi, free of charge. This project will allow the residents and businesses in this area to access high quality voice and broadband services so that they may be better able to access the economic, health care, educational, and quality of life opportunities such services enable. Consolidated Telephone Company, headquartered in Brainerd, Crow Wing County, Minnesota provides advanced telecommunications services to 10 exchanges in Minnesota as the incumbent local exchange carrier and also provides services as a competitive local exchange carrier in numerous areas surrounding their ILEC exchanges with a total of approximately 13,000 customers. They will be expanding their system to this new community through this project, contributing $379,000 of their own funds to help complete the project.
Other Funding: Applicant Contribution: $379,035.00
Total Project Cost: $2,526,898.00
PROJECT INFORMATION SHEET

USDA Rural Development has approved a grant of $1,799,911.00

Program: Community Connect Grants
State/County: NC/Camden, VA/Northampton
Congressman: Jones, Walter B. (NC 03), Taylor, Scott (VA 02)
Senators: Burr, Richard (NC), Kaine, Tim (VA), Tillis, Thom (NC), Warner, Mark (VA)
Recipient: Eastern Shore Communications, LLC
Recipient Contact: Ronald van Geijn
Mailing Address: 23120 Lankford Highway Cape Charles, VA 23310
Email Address: rvgeijn@esvc.us
Phone Number: 757-695-2080

Project Description:
This Rural Development investment will be used to build a hybrid fiber and fixed-wireless high-speed network capable of servicing the proposed funded area with speeds of at least 25 megabits downstream and 3 megabits upstream. The program will provide access to free internet service for residents of the county through computers installed at a local community center. The state services passing approximately 3,000 households in the Camden County, North Carolina service area. A community center will also be established within a library in the service area, where residents can access computer terminals and WiFi, free of charge.
This project will allow the residents and businesses in this area to access high quality voice and broadband services so that they may be better able to access the economic, health care, educational, and quality of life opportunities such services enable. Eastern Shore Communications, headquartered in Cape Charles, Northampton, Virginia provides high-speed broadband internet services to both residential and commercial customers in numerous cities in three states, including Berlin, Ocean City, Hughesville, and Pocomoke, Maryland, Chincoteague, Wallops
Island, Accomac, Exmore, Cape Charles, Virginia Beach, Chesapeake, and Norfolk, Virginia, and Elizabeth City, North Carolina. They will be expanding their system to this new community through this project, contributing $270,000 of their own funds to help complete the project.

PROJECT INFORMATION SHEET

USDA Rural Development has approved a grant of $3,000,000.00

Program: Community Connect Grants
State/County: NC/Madison
Congressman: Meadows, Mark (NC 11)
Senators: Burr, Richard (NC), Tillis, Thom (NC)
Recipient: FRENCH BROAD EMC
Recipient Contact: Jeff Loven
Mailing Address: 3043 NC-213 Highway Marshall, NC 28753
Email Address: jeff.loven@frenchbroademc.com
Phone Number: 828-649-2051

Project Description: This Rural Development investment will be used to bring high-speed internet to the greater Laurel community located in Madison County, North Carolina. This area in the Northwestern portion of the county includes over 1,000 homes and businesses and currently has very limited access to high-speed internet service. This project would include construction of fiber optic lines on existing power poles throughout the community. These lines would then branch off and connect each home or business directly to the internet and would be a 100% fiber solution. This is the fastest, most reliable service available and would enable people in the greater Laurel community to receive the same level of service that others enjoy in the more urban areas. Having high-speed broadband in this area will help retain residents and stimulate growth. It will allow business expansion, creating more jobs and also allow people to work from home. It will provide children additional educational opportunities in a technology-driven system and give the elderly more health care flexibility. French Broad Electric Membership Corporation, headquartered in Marshall, Madison County, North Carolina has been...
in business for 77 years, serving a five county area of Western North Carolina and Eastern Tennessee. For the past 20 years, French Broad EMC has been building and expanding a fiber optic network, currently over 350 miles has been deployed serving 350 customers and expanding daily. This project will help spread that deployment, with French Broad EMC contributing $450,000 of their own funds to help complete the project.

Other Funding: Applicant Contribution: $450,000.00
