Directory of Rural—Farmer, Rancher, and Fishery Cooperatives

Introduction

This directory contains a listing, by State, of almost 1,500 farmer-owned marketing, supply, service, fishery, and bargaining cooperatives. The information was collected from every farmer, rancher, and fishery cooperative that USDA Rural Development’s Cooperative Programs surveyed and that gave permission to be listed in this directory. The information includes the cooperative’s contact information, type of cooperative, and products that they sell. This directory is updated on a regular basis on our Web page http://www.rd.usda.gov/programs-services/all-programs/cooperative-programs.

Cooperatives are classified according to type. Most are marketing, supply, service, bargaining, or a combination. Marketing cooperatives assemble and market commodities produced mostly by their farmer-members and may or may not engage in processing. Supply cooperatives purchase and/or manufacture farm production supplies for distribution, mostly to farmer or rancher-members. Service cooperatives perform a range of farm production and management-related services, such as grove care, agronomic services, financial and management consulting, artificial insemination and herd management, transportation, and storage. Bargaining cooperatives negotiate price, quality, and delivery terms with buyers on behalf of their members, but typically do not take title to commodities.

We extend our appreciation to the cooperatives that provided the information for this updated report.

Cooperatives and readers are encouraged to advise us of need changes to this directory. Updates will be incorporated and put online at this address: http://www.rd.usda.gov/files/DirectoryOfFarmerCooperatives.pdf

If you have any questions, would like to be listed, or need to change your listing information, please contact:

U.S. Department of Agriculture
Rural Development
STOP 3250
Washington, D.C. 20250-3250
Web: http://www.rurdev.usda.gov

Committed to the future of rural communities.

USDA Rural Development provides research, management, and educational assistance to cooperatives to strengthen the economic position of farmers, fishermen, and other rural residents. It works directly with cooperative leaders and Federal and State agencies to improve organization, leadership, and operation of cooperatives and to give guidance to further development.

Rural Development’s cooperative program (1) helps farmers, fishermen, and other rural residents develop cooperatives to obtain supplies and services at lower cost and get better prices for products they sell; (2) advises rural residents on developing existing resources through cooperative action to enhance rural living; (3) helps cooperatives improve services and operating efficiency; (4) informs members, directors, employees, and the public on how cooperatives work and benefit their members and their communities; and (5) encourages international cooperative programs.

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the bases of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form (PDF), found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov.

Individuals who are deaf, hard of hearing or have speech disabilities and you wish to file either an EEO or program complaint please contact USDA through the Federal Relay Service at (800) 877-8339 or (800) 845-6136 (in Spanish).

Persons with disabilities, who wish to file a program complaint, please see information above on how to contact us by mail directly or by email. If you require alternative means of communication for program information (e.g., Braille, large print, audiotape, etc.) please contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

USDA is an equal opportunity provider, employer and lender.
