North Liberty Continues to be Eligible for USDA Rural Development Home Loan Programs

Earlier this month “Continuing Appropriations Resolution, 2015” (Public Law 113-164) was signed by President Obama. This continuing resolution extends a current general provision regarding housing program eligibility through December 11, 2014, barring congressional action.

Therefore, in Iowa, North Liberty **continues** to be eligible for USDA Rural Development’s Home Loan programs. This eligibility will remain at least through December 11, 2014, unless Congress changes the date.
