Successful Year for USDA Rural Development's Direct Home Loan Program

USDA Rural Development's 2017 fiscal year recently came to a close and it was a very successful year helping rural Iowans with their home purchases. A total of \$10,307,388 in USDA Rural Development direct home loans were awarded to 104 households located in rural communities and areas throughout Iowa. Nationwide, more than 7,000 households used a total of \$1 billion in the program for their home purchases in 2017.

USDA Rural Development has now begun its 2018 fiscal year. Funding is awarded on a first come, first served basis so it is important to submit completed applications as soon as possible for processing.
