

USER'S CONTRACT

\_\_\_\_\_, Illinois  
(Project Name)

Your local officials are making efforts to develop a \_\_\_\_\_ system for the area. To determine the feasibility and the desire for such services, you are asked to make the following agreement:

I desire service for my \_\_\_\_\_ located at \_\_\_\_\_  
(home, business, farm)

I agree to pay to the \_\_\_\_\_, IL, an advance connection fee in the amount of \_\_\_\_\_ Dollars; \_\_\_\_\_ Dollars upon the execution of this agreement and the balance of \_\_\_\_\_ Dollars upon demand. I also agree to provide an easement for a water/sewer main across my property.

I agree to become a customer of the system as soon as service is available to my property and pay the charges required by the rules, rates and regulations to be adopted by the governing board. In the event I breach this contract by refusing or failing, without just cause, to connect to the system or pay the minimum monthly rate, I understand that I forfeit my initial connection fee. Should I desire service at some later time I understand that I must pay the connection fee in effect at that time. I further understand that unpaid bills shall constitute a lien upon my real estate and legal action can be pursued to collect the delinquent charges.

In the event the required number of users are not obtained or for some other reason the project cannot continue, the user fees will be used to pay organizational, legal or engineering expenses. After paying all expenses, any remaining connection fees will be prorated to each depositor.
