

Intermediary for Nebraska

An Intermediary is a quality assurance reviewer of packaged loan applications for USDA Rural Development's Section 502 Single Family Housing Direct Loan Program. They provide training to certified packagers to ensure they are qualified to process loan applications. They also review completed loan applications for accuracy and completeness before sending them to USDA Rural Development for approval.

If you are interested in becoming a loan packager for the Direct 502 Home Purchase program, you may contact one of the intermediaries listed in the chart below.

If you are interested in becoming a loan packager for the 504 Repair program, you may contact USDA Rural Development, Nebraska State Office, directly: 402-437-5551.
