Percentage Increase of Overdose Deaths 2013-2014

Number of Drug Overdose Deaths in the County in 2014

% Percentage Increase of Drug Overdose Deaths from 2013 - 2014

Rural Counties

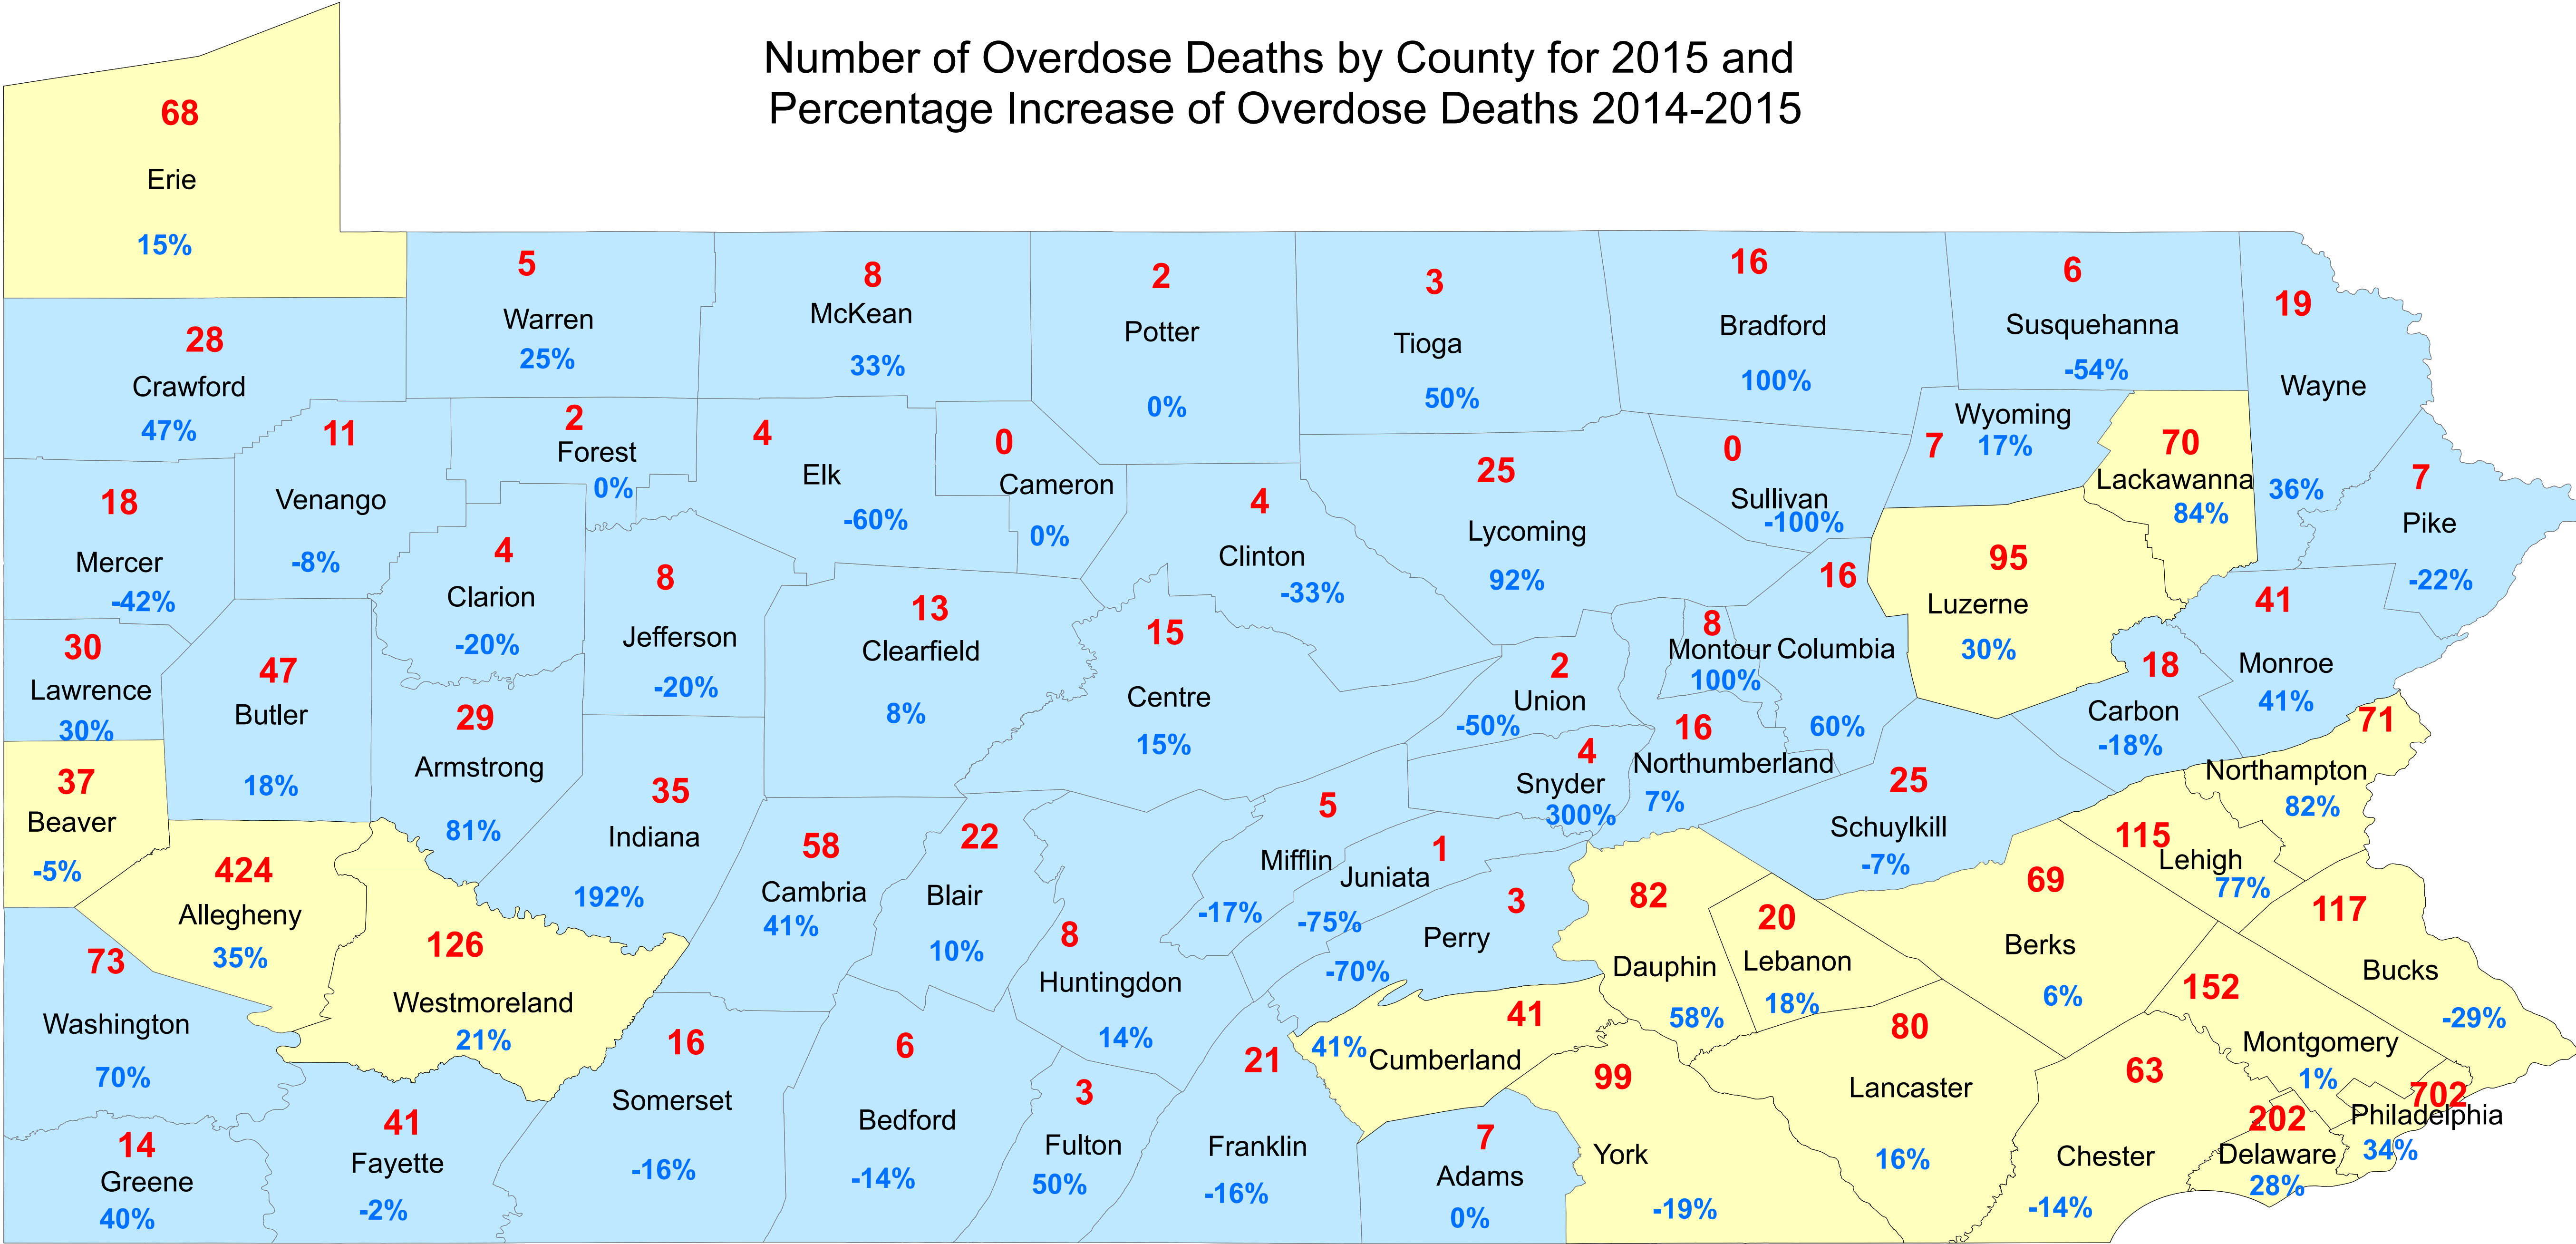

Urban Counties

Top 10 Counties for overdose drug deaths 2014		
County Name	Overdose Deaths 2014	Percentage Increase from 2013
Philadelphia County	523	26%
Allegheny County	314	15%
Bucks County	164	3%
Delaware County	158	15%
Montgomery County	151	6%
York County	122	74%
Westmoreland County	104	0%
Chester County	73	38%
Luzerne County	73	-1%
Lancaster County	69	28%
Berks County	65	23%

Rural and Urban Counties are determined by The Center for Rural Pennsylvania:
The Center for Rural Pennsylvania's definition of rural and urban is based on population density.
Population density is calculated by dividing the total population of a specific area by the total number of square land miles of that area.
According to the 2010 Census, the population of Pennsylvania is 12,702,379 and the number of square miles of land in Pennsylvania is 44,743.
Therefore, the population density is 284 persons per square mile.
