HB 9: 9.4 Assets
When is a calculation required?

9.4  CALCULATING INCOME FROM ASSETS [7 CFR 3555.152(d)]

Household members with cumulative net family assets of $50,000 or greater, must have those assets reviewed for annual income purposes as indicated in 3555.152(d). Lenders must review asset information provided by applicant(s) and household members at the time of loan application. Net family assets with actual earnings will use the stated rate of interest to calculate annual income. Net family assets that do not earn interest will use a current passbook savings rate (verified through the lender’s personal banking rates, online website, etc.) to calculate annual income.

Refer to the Asset section in Attachment 9-A for individual asset types and options for documentation/verification.
Calculate Income from Assets

1. Total value of less than $50,000 = no calculation required

2. Total value is $50,000 or more, use the greater of:
   A. Actual income earned OR
   B. Calculated income of assets: multiply cash value by current passbook savings rate
Example: Calculate Income from Assets

- Checking account (non-interest bearing): $12,500
- Savings account (2% interest): $7,500
- $5,000 from savings used to purchase home

Total assets: $20,000
Minus $5,000 used to purchase home
Remaining assets = $15,000

No calculation required!
Example: Calculate Income from Assets

- Checking account (non-interest bearing): $17,000
- Savings account (.25% interest): $25,000
- Certificate of Deposit (3% interest): $15,000

Total assets: $57,000
Minus $5,000 used to purchase home from checking
Remaining assets = $52,000
Example: Calculate Income from Assets

- Checking: $17,000 - $5,000 = $12,000 x .25% = $30
- Savings: $25,000 x .25% = $62.50
- CD: $15,000 x 3% = $450

$30 + $62.50 + $450 = $542.50

Include $542.50 in annual income calculation
ENSURE APPLICANT(S) ARE NOT ELIGIBLE FOR CONVENTIONAL CREDIT!
Example: Finding a Passbook Savings Rate

- Check your institutions rates
- Research rates online where the applicant banks
- Do not select rates that apply to high balance accounts
