

**Community Facilities Direct Loans
USDA Rural Development
July 23, 2018**

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
AL	Richard Shelby, Doug Jones	Robert Aderholt (04)	Blake Community Fire Protection Authority	\$170,000		This Rural Development investment will be used to purchase a fire truck and equipment to help meet public safety needs in this small rural community. The new fire truck will replace a truck that is beyond its useful life. Blake Community Fire Protection Authority is located in DeKalb County, which has a population of 6,605 with a median household income of \$32,469.
AL	Richard Shelby, Doug Jones	Terri Sewell (07)	City of Camden	\$12,000	\$34,900	This Rural Development investment will be used to help purchase equipment for the Camden police department. The new equipment includes body armor, laptops, equipment for a K9 unit, body cameras and racks. This equipment will allow the police department to better serve and protect the citizens of Camden. The City of Camden is located in Wilcox County which is a persistent poverty county. This small, rural town has a population of 2,020 with a median household income of \$21,563.
AL	Richard Shelby, Doug Jones	Robert Aderholt (04)	Town of Cherokee	\$255,000		This Rural Development investment will be used to assist with purchasing a new fully-equipped sanitation truck for the Town of Cherokee. This new truck will provide a cost effective way for the town to provide trash collection and debris removal services. Cherokee has a population of 1,048 and is located in Colbert County.
AL	Richard Shelby, Doug Jones	Mo Brooks (05)	Skyline Volunteer Fire Department, Inc.	\$150,000		This Rural Development investment will be used to purchase a new fire truck for the Skyline Volunteer Fire Department. The new truck replaces an older one that is too costly to maintain. This new fire truck will allow the fire department to continue providing first responder services for this rural community, with a population of nearly 1,000, in Jackson County.
AZ	John McCain, Jeff Flake	Tom O'Halleran (01)	Town of Springerville Municipal Property Corporation	\$350,000	\$50,000	This Rural Development investment will be used to purchase an existing commercial property in the Town of Springerville. The 47,045-square-foot parcel contains a building on Main Street with 10,919 square feet. It will house the police and fire departments. Currently, the two departments are in different locations, and their work spaces are not sufficient for staff and equipment. Co-locating the departments will address these issues and allow the town to save money on utility and maintenance costs. The project will serve the residents in Apache County, which is one of the poorest counties in the state.
GA	Johnny Isakson, David Perdue	Jody Hice (10)	City of Tennille	\$18,000	\$25,000	This Rural Development investment will be used to replace a 10-year old police car with a police interceptor unit equipped for the police department. The police department serves a community of 1,539 residents in the Central Savannah River Area.

**Community Facilities Direct Loans
USDA Rural Development
July 23, 2018**

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
GA	Johnny Isakson, David Perdue	Doug Collins (09)	City of Blue Ridge	\$40,500	\$25,000	The Rural Development investment will be used to purchase a backhoe for the City's Public Works Department. This equipment will be used for road work, water system repairs and maintenance, sewer system repairs and maintenance, and various other projects within the City. The Public Works Department maintains approximately 33 miles of City streets over 2.2 square miles and has a population of 1,290, according to the 2010 census. They are responsible for keeping the streets, sidewalks, and curbs safe and passable, and they are also currently implementing the "Blue Ridge Streetscape" community development project. The downtown merchants, residents, and tourists have seen a visible change in the downtown area from this project. The City consists of 2.2 square miles and has a population of 1,290
GA	Johnny Isakson, David Perdue	Tom Graves (14)	City of LaFayette	\$35,000	\$25,000	This Rural Development investment will be used to purchase a small first-responder fire truck. The use of the smaller fire truck will reduce response time for emergency situations. The truck will be able to respond, in most instances, quicker than the ambulance. This will allow the paramedics or EMTs to begin treatment or life saving measures while the ambulance is en route. The Fire Department currently has a 1000-gallon pumper, a 750-gallon pumper, a 500-gallon pumper and a ladder/pumper truck. The City of Lafayette Fire Department mission statement is committed to providing the highest level of public safety services to the community. They protect lives and property through fire suppression, emergency medical response, disaster management, fire prevention and public education. The department is managed by a chief who supervises four full time lieutenants who are shift commanders, three part time officers that are sergeants, and six active volunteers.
IA	Chuck Grassley, Joni Ernst	Rod Blum (01)	Imagine the Possibilities, Inc.	\$167,000	\$39,200	This Rural Development investment will be used to purchase vans for staff to transport individuals with disabilities into the community. These vehicles will be used in the communities of Maquoketa, Andrew and Preston. These vans will be used to replace existing vans with high mileage.
IA	Chuck Grassley, Joni Ernst	Steve King (04)	United Community Health Center, Inc.	\$1,877,400		This Rural Development investment will be used to expand, add parking, and remodel existing space of the health center. Additional space will be added for physicians and behavioral health providers. The current facility is crowded and does not have adequate exam rooms for the services offered or space for the staff to operate at highest efficiency levels. The new exam rooms will allow the staff to clean rooms and prep upcoming patients while the physicians are with other patients. The facility has also increased their behavioral health services and needs additional space to treat patients, some of which are opioid or substance abuse patients.
IN	Todd Young, Joe Donnelly	Luke Messer (06)	City of Union City	\$181,500	\$181,000	This Rural Development investment will be used to purchase a new fire truck for Union City. This will provide a greatly-needed service for the city to protect and serve its 3,584 residents in rural Randolph County.

**Community Facilities Direct Loans
USDA Rural Development
July 23, 2018**

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
IN	Todd Young, Joe Donnelly	Larry Bucshon (08)	Lewis Township Volunteer Fire Company Inc.	\$688,333		This Rural Development investment will be used to assist Lewis Township Volunteer Fire Department Inc. supply fire protection services for the businesses and 1,464 persons that reside within Lewis Township, Clay County. The current fire department building is insufficient to carry out the mission of the fire department because it is too small and the fire trucks and equipment are not easily accessible; this causes lost time to address the needs of the community. The investment will provide the necessary space to store equipment and to access the trucks more easily. The existing building will remain as a community center for Lewis Township.
IN	Todd Young, Joe Donnelly	Larry Bucshon (08)	Loogootee Public Library	\$1,134,800		This Rural Development investment will be used to construct a new public library for the townships of Rutherford and Perry in the City of Loogootee. The current library is undersized for its use, being only 600 sq. ft. There are not sufficient locations for meeting rooms, research, special projects, nor computer connections. The new library is being developed to address current needs, as well as future growth. As part of this development, the library is working with Work One to have an office provided to assist residents looking for work opportunities through the State's outreach center. The Library has the potential to bring on additional employees if circulation continues to increase. Having a better designed library, as well as having the WorkOne center, will improve the lives of the residents of Rutherford and Perry Townships by having access to cultural, educational, and economic development resources. The schools in the area will have another resource to utilize with their students. The population of this rural area is 5,853 residents.
IN	Todd Young, Joe Donnelly	Luke Messer (06)	Hanover Educational Properties, LLC	\$4,290,000		This Rural Development investment will be used to allow Hanover Education Properties to obtain, hold and retain real estate for Hanover College. In order to meet the strategic plan goal of increased enrollment, the first-year housing dormitories need to be renovated to stay competitive with other colleges & universities in the region. To attain this objective, it was deemed advantageous to establish an LLC and transfer the ownership of Crowe Resident Hall to the LLC. The LLC will utilize RD funding for the transfer. The cost savings with a longer term and lower interest rate will free up cash and financially allow the 3 freshman resident halls to be renovated. Nearly all Hanover students live on campus, so it is essential for the College to provide quality and affordable housing options for students.
KS	Pat Roberts, Jerry Moran	Lynn Jenkins (02)	Unified School District #380	\$88,000	\$47,000	This Rural Development investment will be used to purchase safety equipment for Unified School District #380 school buildings located in Frankfort and Centralia. The equipment will consist of security cameras, buzz-in equipment, key fobs and locks for doors. The new equipment will monitor the facilities and provide security measures for students, teachers and administrative staff during school hours. It will also provide protection from unwanted individuals attempting to enter the facility. Population to be served by this project is 2,744.

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
ME	Susan Collins, Angus King	Bruce Poliquin (02)	Anson Madison Starks Emergency Services	\$107,000	\$50,000	This Rural Development investment will be used to purchase a new ambulance. The applicant is a First Responder and provides essential ambulance services to rural residents in the communities of Anson, Madison, Starks and Embden. Their headquarters are located on Arnold Street in Anson. The well-maintained facility consists of two bays for ambulance storage, a meeting/living area, and sleeping quarters for ambulance staff. The existing emergency-response ambulance needs to be replaced due to mileage/age and dependability issues for this life saving equipment. The facility is in a rural area with a population of 2,511. The purchase of a new ambulance will save approximately 13 jobs.
MI	Debbie Stabenow, Gary Peters	Jack Bergman (01)	Thunder Bay Community Health Service, Inc	\$443,500		This Rural Development investment will be used for the purchase of equipment and furnishings for the examination rooms and operatories for the dental clinic that is currently being built at the Atlanta Michigan office. Thunder Bay Community Health, Inc currently operates 6 health centers that provide healthcare to medically underserved families in northeast lower Michigan. The building expansion is being funded by the Health Infrastructure Investment Program through HRSA. This facility serves an area with 9,765 residents.
MN	Amy Klobuchar, Tina Smith	Collin C. Peterson (07)	City of Russell	\$49,000	\$8,000	This Rural Development investment will be used to purchase 10 Self-Contained Breathing Apparatus (SCBA) units for the city of Russell Fire Department. The department is currently using SCBA units that were purchased in 2002. The current units can no longer be recertified and need to be replaced. The Fire Department serves the city of Russell and the residents of three surrounding townships.
MT	Jon Tester, Steve Daines	Greg Gianforte (At Large)	Town of Plains	\$30,000	\$50,000	This Rural Development investment will be used to purchase two completely-outfitted Police Cruisers for the Plains Police Department in Plains, Montana. The current Police Cruisers for the Town of Plains have exceeded their useful life. The maintenance costs are exceeding the remaining value of the cars. Unreliable vehicles are preventing the officers from responding to emergencies and maintaining their patrols. These new vehicles will improve response times and patrol availability. The Town of Plains is a small rural community of approximately 1,048 residents, and they are transitioning from a natural resource extraction-based economy. This investment will provide additional officer safety and improvements in reliability and response to citizen emergencies.
NC	Richard Burr, Thom Tillis	G.K. Butterfield (01)	Town of Ahoskie	\$53,000	\$50,000	This Rural Development investment will be used to purchase three (3) police vehicles to replace three of their older models. The Town of Ahoskie has a fleet of twenty police vehicles. Most of the police vehicles are well over five years old, which has resulted in increased maintenance costs. It is the Town's goal to purchase new vehicles for the police department so that they can be more reliable and cost-efficient when in duty.

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
NC	Richard Burr, Thom Tillis	Patrick T. McHenry (10)	Cleveland County Abuse Prevention Council, Inc.	\$51,000	\$75,000	This Rural Development investment will assist the construction of a new facility for Cleveland County Abuse Prevention Council, Inc. The funding approved will accommodate a cost overrun resulting from increased construction costs. Their current shelter is located in a high crime, transitional neighborhood and is housed in a building that was built in the 1950's and not intended for residential occupancy. They are housing up to 7 individual women and 5 families in two bedrooms, two bathrooms and one living area in a community living environment. The new facility will provide the space and services that are necessary to meet demand in the community.
NC	Richard Burr, Thom Tillis	Robert Pittenger (09)	Grays Creek Volunteer Fire Department, Inc	\$2,147,700		This Rural Development investment will be used to construct a new fire station (16,120 square feet) that will accommodate new fire trucks, expand training facilities & meeting rooms, and increase storage capacities. The increased population in the years since the existing station was built has placed an emphasis on expansion to meet the needs of the area. The existing fire station facility is extremely outdated, in need of repair and undersized with only 4,536 square feet. This facility includes: an 8,145 square foot engine bay with overhead doors on each side of the building for quick transit in and out of the facility; three (3) offices; a foyer entryway; and other spaces necessary for the operations and maintenance of the department. The entire building will have a sprinkler system in the case of a fire.
NC	Richard Burr, Thom Tillis	Robert Pittenger (09)	Rowland Rural Fire Department, Inc.	\$30,000	\$30,000	This Rural Development investment will be used to purchase fire protection & turnout gear for the Rowland Rural Fire Department. The proposed project is necessary for the department because the existing turnout gear is outdated & needs replacing, the fire hoses and nozzles need to be replaced, the communications equipment is outdated/unreliable and the air tanks for cascade system need to be replaced. This equipment will enable the department to do their job safely while being in compliance with NFPA and will allow the department to have shorter response times to help save/protect properties and lives.
ND	John Hoeven, Heidi Heitkamp	Kevin Cramer (At Large)	City of Marmarth	\$128,000	\$100,000	This Rural Development investment will be used to restore the levee for the City of Marmarth in Southwest North Dakota. These repairs are necessary after the flooding events of 2011 damaged the levee. The levee protects the City of Marmarth from floodwaters of the Little Missouri River. Marmarth is a small town of 136 people in Slope County, North Dakota. The Army Core of Engineers inspected and made recommendation for reconstruction to return the levee to it's original specifications. With this project, the city will be protected from the annual floodwaters of the river and the citizens can continue to thrive.
NE	Ben Sasse, Deb Fischer	Jeff Fortenberry (01)	Wahoo Public Buildings & Grounds Association	\$691,000		This Rural Development investment will be used to buy an existing building in Wahoo for the City Maintenance Department. The project will include minor modifications to the structure, including: restroom renovations to meet Americans with Disability Act compliance, a meeting room, a locker/break room, and storage space. Additionally, project funding will be used to buy a pre-fabricated building and appropriate fencing for the Street Department's salt storage needs. The project will result in: a joint service center for all city departments - one building with a lean-to (13,750 sf), areas for community equipment and material storage, a land parcel (59,500 sf), a salt storage pre-fabricated shed and the minor interior modifications to the building noted above.

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
NV	Dean Heller, Catherine Cortez Masto	Mark Amodei (02)	City of Wells	\$36,600	\$19,700	This Rural Development investment will be used to purchase a new x-ray machine for the Wells Medical Center which opens for business soon. The City of Wells has lacked local medical services for the last 5 years; currently, residents must travel at least 50 miles to seek basic medical treatment. After the medical center opens, the community will have access to a physician 5 days a week, and the new x-ray machine will assist with diagnoses when applicable. The City is negotiating the lease of the Wells Medical Center with equipment to Aspen Medical Center. The City of Wells has a population of just under 1,300 and a median household income that is less than 80% of Nevada's non-metro median household income.
NY	Charles Schumer, Kirsten Gillibrand	John Katko (24)	Village of Newark	\$52,000		This Rural Development investment will be used to finance the purchase of 3 new Ford Interceptor police vehicles to serve the village of Newark, Wayne County. These vehicles are essential for the Newark police department to provide law enforcement and public safety services to the community. This project directly benefits the 9,145 individuals who reside in the village. The village has a high unemployment rate of 49.6%.
NY	Charles Schumer, Kirsten Gillibrand	Tom Reed (23)	Town of Catlin	\$161,000		This Rural Development investment will be used to finance the purchase of a new front-end loader. This new loader, a Case 821G model, will replace the old unreliable loader and will serve the town of Catlin in Chemung County, New York by providing safe and properly-maintained roadways. The town of Catlin (population 2,618) has a relatively high unemployment rate of 31.9%.
OH	Sherrod Brown, Rob Portman	Robert E. Latta (05)	Monroe Township Trustees	\$72,000	\$38,600	This Rural Development investment will be used to finance the purchase of a fire truck for battling grass fires, and it will replace an older model that is no longer serviceable. Monroe Township's Fire Department responds to about 30 calls a year in support of more than 1,140 Henry County residents.
OH	Sherrod Brown, Rob Portman	Bill Johnson (06)	Center Township	\$25,000	\$50,000	This Rural Development investment is financing the purchase of a truck, spreader and snow plow to help maintain more than 50 miles of Center Township roads in Monroe County. The truck and equipment will replace an older model that is no longer serviceable. This will provide enhanced road maintenance to more than 3,640 township residents.
OH	Sherrod Brown, Rob Portman	Vacant (12)	Madison Township	\$381,000	\$50,000	This Rural Development investment will finance the purchase of a fire pumper truck which will replace an older model that is no longer serviceable. Located in North-Central Ohio's Richland County, Madison Township's Fire Department responds to more than 1,800 calls a year, serving the township's 11,139 residents.
PA	Robert Casey, Patrick Toomey	Matthew Cartwright (17)	Greater Pittston Ambulance Rescue Service Association	\$66,000	\$50,000	This Rural Development investment will be used to purchase a 2018 Ford E 550 4X4 Horton 457 Ambulance. This will replace their old ambulance that was totaled in an accident. The Association is one of the only regional emergency medical providers in the area. In addition to Pittston City, service is also provided to neighboring communities of Jenkins Township and Yatesville Borough. The Association also operates the only community-based paramedic service in northern Luzerne County, designated as Luzerne County Medic 29. There are at least four personnel on duty at all times manning a minimum of two ambulance units. Additional units are manned as circumstances dictate. The replacement ambulance is necessary to maintain this minimum coverage to ensure the health and safety of the communities served.

**Community Facilities Direct Loans
USDA Rural Development
July 23, 2018**

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
PA	Robert Casey, Patrick Toomey	Glenn W. Thompson (05)	Renovo Borough	\$7,800		This Rural Development investment will be used to purchase a 2008 bucket/lift truck and a pull-behind street sweeper. The new truck would replace a 1990 GMC bucket truck that has had numerous mechanical issues and did not possess a street sweeper.
PA	Robert Casey, Patrick Toomey	Glenn W. Thompson (05)	Renovo Borough Water Authority	\$10,800		This Rural Development investment will be used to purchase a 2017 Ford F650 dump truck for the Renovo Borough Water Authority. The new dump truck will be used to haul material and repair and maintain the water system and reservoir. The Water Authority currently does not own a dump truck and rents the equipment when needed.
SC	Lindsey Graham, Tim Scott	James E. Clyburn (06)	Bamberg County	\$230,100	\$49,900	This Rural Development investment will be used to purchase a new, fully-equipped fire pumper tanker for use by the Fire Department in Zone 2 of Bamberg County. The purchase will replace an older tanker in their aging fleet. A dependable fire truck is needed to improve the safety of the citizens and deputies in Bamberg County.
SD	John Thune, Mike Rounds	Kristi Noem (At Large)	Dupree Volunteer Fire Department	\$10,000	\$50,000	This Rural Development investment will be used to purchase a heavy duty pickup chassis, flatbed, motor, tank, and pump for the construction of a new wild land fire truck, as well as two new heaters for the fire station. The Dupree Volunteer Fire Department covers a large response area of rural country in Ziebach County, SD. The new truck will replace an aging model and improve the service area coverage for fire suppression activities. The two new heaters will replace old, inefficient heaters and allow the department to keep the equipment warm in the wintertime at a reduced cost.
SD	John Thune, Mike Rounds	Kristi Noem (At Large)	Buffalo County Rural Fire Protection District #1	\$70,400	\$42,600	This Rural Development investment will be used to finance a new Brush Truck for the Buffalo County Rural Fire Protection District (BFPD) located in Gann Valley, South Dakota. BFPD has provided high quality fire protection services for nearly 40 years to Buffalo County, the Crow Creek Indian Reservation, and surrounding communities and counties. The addition of the new brush truck will greatly aid in responding to prairie, equipment, and residential fires as well as controlled burns. In addition, the need for fire services has increased substantially due to the drought conditions that have plagued South Dakota for the last couple of years. A new brush truck will alleviate additional strain on the fire crew, reduce response time, and utilize the latest technology to provide the highest quality of fire protection services for the district.
TN	Lamar Alexander, Bob Corker	Chuck Fleischmann (03)	Anderson County Volunteer Fire Department - Briceville Unit	\$18,000	\$22,000	This Rural Development investment will be used to purchase updated turnout gear, air packs, and other small safety equipment for firefighters. The department replaced half of its turnout gear last year, and this investment will replace the remaining outdated gear. The older gear is 12 years old, which exceeds its useful life. The department serves 900 households in addition to grocery stores, post offices, schools, several churches and mines.
VA	Mark Warner, Tim Kaine	Bob Goodlatte (06)	Virginia Horse Center Foundation	\$1,551,000		This Rural Development investment will be used to finance a storm water drainage system and to refinance a \$750,000 short term debt with Cornerstone Bank. The storm water drainage system will alleviate much of the drainage issues at the center. It will also help with the routine replacement of gravel on the Horse Center's grounds.

**Community Facilities Direct Loans
USDA Rural Development
July 23, 2018**

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
VA	Mark Warner, Tim Kaine	Morgan Griffith (09)	Town of Pennington Gap	\$21,500	\$50,000	This Rural Development investment will be used to purchase two new, properly-equipped patrol vehicles to replace the older, high-mileage vehicles. One of the current vehicles is no longer considered a safe and reliable vehicle. The second vehicle was recently totaled in an accident, but the insurance payment was not sufficient to replace it due to age and condition.
WA	Patty Murray, Maria Cantwell	Denny Heck (10)	Saints Pantry Food Bank	\$260,600		This Rural Development investment will be used to purchase a building for Saints' Pantry Food Bank. The Food Bank currently provides services, such as serving warm breakfasts and dispersing food backpacks, for an average of 3,971 individuals and 1,195 households in Shelton, WA. Their new location is larger and has a better access point for those in the community.
TOTAL				\$16,161,533	\$1,212,900
