

Community Facilities Direct Loan Program November 14, 2019

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
AL	Richard Shelby, Doug Jones	Bradley Byrne (01)	City of Robertsdale	\$3,783,000		This Rural Development investment will be used to construct a new 10,416-square-foot public work administration building, two 8,000-square-foot warehouse buildings, two 7,200 square-foot equipment sheds that will include fueling stations, a mechanical shop and a maintenance shop. Once the construction is complete, the city owned electric service, natural gas service, water and sewer services and the public building authority will be in one location.
AL	Richard Shelby, Doug Jones	Robert Aderholt (04)	Leighton Volunteer Fire Department Inc.	\$81,600	\$49,000	This Rural Development investment will be used to purchase turn-out gear and air packs for the Leighton Volunteer Fire Department. Funds will also be used to refinance the debt on two existing fire trucks to make the payments more affordable. This equipment will improve the safety of the firefighters.
CO	Cory Gardner, Michael Bennet	Ken Buck (04)	Prairie Family Center	\$280,000		This Rural Development investment will be used to purchase an existing building in Burlington to be used for the entity's thrift store, food bank, offices and family resource programs. The building is larger than their current leased building with better accessibility and parking. Prairie Family Center is a nonprofit that serves all of Kit Carson County and its surrounding areas.
DE	Chris Coons, Thomas R. Carper	Lisa Blunt Rochester (At Large)	Sussex Montessori School Inc.	\$7,650,000		This Rural Development investment will be used to fund the site acquisition and renovations associated with the opening of Sussex Montessori Charter School by June, 2020. The project will be developed in three phases to include renovations to existing structures and the construction of new buildings for classrooms and administrative offices. In addition, site improvements will be made which include water, sewer, and electric utilities, storm water management, roadways and parking areas. The full project build-out to be completed by 2022, will accommodate 455 students ranging from grades K-6. This project will introduce the first public Montessori method school in the county. Sussex Montessori School, Inc. (SMS) has ties to the rural community and will provide necessary educational services to rural students from grades K-6. SMS has also partnered with Montessori Works, Inc. to provide management of the business and academic services of the school during there first few years of startup.
FL	Marco Rubio, Rick Scott	Gus M. Bilirakis (12)	Athenian Academy of Pasco County	\$2,140,000		This Rural Development investment will be used to purchase the existing property currently being leased by Athenian Academy of Technology and the Arts Inc., a Fla. charter school. The school will acquire 7.48 acres of land with 15,664 square-feet of existing facilities along with an additional 4.8 acres that will be used for future traffic lane extensions, play fields and gardens. This purchase will provide for a permanent charter school location for the 350 students currently attending.
GA	Johnny Isakson, David Perdue	Doug Collins (09)	Town of Alto	\$70,400		This Rural Development investment will be used to purchase three fully-equipped police patrol vehicles to improve emergency services and public safety. Alto has a median household income of \$39,412 based on the 2010 Census Data and 2006-2010 American Community Survey Data.
GA	Johnny Isakson, David Perdue	Sanford D. Bishop Jr. (02)	City of Cuthbert	\$94,600	\$50,000	This Rural Development investment will be used to purchase three police patrol vehicles and a pickup truck each for the public works department and for the fire department. The city's existing vehicles are old and in constant need of repairs and maintenance. The city of Cuthbert is a small rural community with a median household income of \$23,058 based on the 2010 Census Data and 2006-2010 American Community Survey Data. Randolph County is a persistent poverty county.
GA	Johnny Isakson, David Perdue	Sanford D. Bishop Jr. (02)	City of Cuthbert	\$273,300	\$50,000	This Rural Development investment will be used to purchase a new garbage truck and a new dump truck for the city's public works department. The trucks they currently use have high mileage and the maintenance repairs are costly. The city of Cuthbert has a median household income of \$23,058 based on the 2010 Census Data and the American Community Survey Data. Randolph County is one of Ga.'s Persistent Poverty Counties.

Community Facilities Direct Loan Program November 14, 2019

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
GA	Johnny Isakson, David Perdue	Sanford D. Bishop Jr. (02)	City of Ellaville	\$75,000	\$25,000	This Rural Development investment will be used to purchase two new fully equipped patrol vehicles for the city's police department to serve the citizens of Ellaville Ga. and Schley County. The city of Ellaville has a median household income of \$22,635 based on the 2010 Census Data and 2006-2010 American Community Survey Data.
HI	Mazie Hirono, Brian Schatz	Tulsi Gabbard (02)	Bay Clinic, Inc.	\$2,450,000		This Rural Development loan guarantee will be used to purchase the Keaau Family Health and Dental Center and alternative energy technology. The clinic has been leasing the facility and serving the community since June 2002. The 7,175 square foot health center provides much needed health and dental services to the rural communities of Hamakua, Puna, and Kau.
HI	Mazie Hirono, Brian Schatz	Ed Case (01)	Pacific Fleet Submarine Memorial Association	\$11,000,000		This Rural Development investment will be used to help finance the renovation and expansion of a World War I submarine museum in Honolulu's Pearl Harbor historic site, which houses the USS Bowfin Submarine at the Pacific Fleet Submarine Memorial Museum. The museum was formed forty years ago with the mission and purpose of preserving and sharing stories of our Silent Service submarine force. The museum will be expanding its current education programs with an emphasis on science, technology, engineering and mathematics (STEM).
ID	Michael D. Crapo, Jim Risch	Russ Fulcher (01)	Wilderness Ranch Owners Association	\$1,054,000		This Rural Development investment will be used to replace the Rush Creek and Water Treatment Plant bridges located over Mores Creek. The current bridges are unsafe and weight restricted making access to the water treatment plant and to the subdivision difficult. The new bridges will ensure safe and unrestricted access over Mores Creek for the residents of the Wilderness Ranch Homeowners Association.
IL	Richard Durbin, Tammy Duckworth	Cheri Bustos (17)	Morrison Community Hospital District	\$19,200,000		This Rural Development Investment will be used to expand and renovate the Morrison Community Hospital. This project is a direct loan for construction to expand and renovate the existing hospital to accommodate a new emergency services department, a mental health room for safety, relocating the business and administrative offices, added surgical suite to the surgical area, remodel the front entrance and lab services department, new elevator, roof replacements, additional parking and landscaping. The project ensures that adequate health-care services, including access to a critical access hospital.
IL	Richard Durbin, Tammy Duckworth	Mike Bost (12)	Shawnee Health Service and Development Corp.	\$1,150,000		This Rural Development investment will be used to purchase a 7,900 square foot, brick building located in Marion, Ill. that will continue to provide health care services to the residents in Williamson County. Shawnee Health Services and Development Corporation is an existing borrower that has provided health, dental and social services in southern Ill. for over 45 years. This project will provide those same services in addition to obstetrics, gynecology and behavioral services. Williamson County is a low income area and is considered a medically under-served area and health professional shortage area and portions of the county contain high-poverty areas.
KS	Pat Roberts, Jerry Moran	Roger Marshall (01)	Sunporch of Smith Center Inc.	\$480,000		This Rural Development investment will be used to purchase furniture, fixtures, and equipment for the SunPorch assisted-living facility of Smith County.
KY	Mitch McConnell, Rand Paul	James Comer (01)	City of Clinton	\$7,300	\$21,880	This Rural Development investment will be used to purchase one new 2019 rear-wheel-drive vehicle for the police department. This vehicle will replace an older, high-maintenance, high-mileage vehicle to provide efficient and effective emergency and protection services for a rural population of 1,388 in Hickman County.

Community Facilities Direct Loan Program November 14, 2019

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
LA	Bill Cassidy, John N. Kennedy	Garrett Graves (06)	City of Baker School Board	\$7,610,000.00		This Rural Development investment will be used to renovate and expand the school district's high school. The school was flooded in August of 2016. The school is over 50 years old and had a capacity for 1,500 students. Since then, the district's needs have changed dramatically. The proposed repairs are designed to reduce operating costs by creating a consolidated instructional space to accommodate 675 students. The high school's McConnell Auditorium is listed on the National Register of Historic Places. Renovations will include accessibility updates and materials that are in keeping with the original building. The city of Baker is an independent school district and has only one high school.
ME	Susan Collins, Angus King	Jared Golden (02)	Town of Norway	\$3,120,000		This Rural Development investment will be used to fund the construction a new 18,000 square foot highway building with an attached 1,800 square foot wash bay. The new building will include three maintenance bays, an overhead crane, six double drive-thru bays, staff offices, a locker room, two bathrooms, one ADA shower, a tools and parts room, a kitchen, and a utility room for the town of Norway. The existing highway building is undersized, structurally deficient, and needs numerous repairs; it is also inadequate to store all of the town's equipment. The new building will provide more room for the employees and adequate storage of the town's equipment that needs to be kept under cover and ready to leave when necessary. This new highway building will meet the current and future needs for the town.
ME	Susan Collins, Angus King	Jaren Golden (02)	Town of Norway	\$700,000		This Rural Development investment will be used to provide funding assistance to complete the necessary renovations and upgrades to the municipal complex for the town of Norway. This project will include the construction of a three bay, two-story garage for police cruisers, which will allow adequate storage for cruisers to be kept under cover and ready to leave when necessary. The garage will also have space for storage, evidence lockers and a police locker room. This project will also be converting the community space, kitchen, and recreation space into the police department. The evidence/security safe will be expanded and an additional IT room/office is also being planned. The public space flooring and 30 year-old diesel generator will be replaced and the phone wiring and windows for the facility will be upgraded. The renovations and upgrades to the municipal complex will meet the needs of today and future needs for the town.
MI	Debbie Stabenow, Gary Peters	Jack Bergman (01)	Tuscarora Township Downtown Development Authority (DDA)	\$1,400,000		This Rural Development investment will be used to make streetscape improvements in the Tuscarora Township downtown area. The streets and sidewalks are in very poor condition. In some areas of the downtown, there are no sidewalks. Pedestrians have to walk through parking areas or front lawns. The project area is along the South Straits Highway from M-68 to River Street. The project will include paving, curb and gutter, sidewalks, lighting, landscaping, traffic control and restoration. The Mich. Department of Transportation is contributing a \$381,000 grant and the DDA is contributing \$300,000. Tuscarora Township has an abundance of water resources that draw many tourists to their area, mainly during the summer, but also during the winter by snowmobile trails. This project will provide a social and economic benefit to the community by improving the safety, appearance, functionality and capacity of this busy corridor.
MI	Debbie Stabenow, Gary Peters	Jack Bergman (01)	Crawford County	\$428,000		This Rural Development investment will be used by Crawford County to purchase a building and surrounding property that will be renovated for the Commission on Aging in a subsequent phase of the project. The Crawford County Commission on Aging is currently renting from the Grayling Housing Commission. The rented 6,000 square foot building is not sufficient for the needs of the senior population in Crawford County.

Community Facilities Direct Loan Program November 14, 2019

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
MI	Debbie Stabenow, Gary Peters	John Moolenaar (04)	Isabella County	\$9,950,000		This Rural Development investment will be used to construct a new facility for the Isabella County road commission. The road commission has resided in the same building since 1950. The buildings are outdated, do not meet barrier-free requirements, and do not have the capacity for larger equipment. The current facility houses the administration, truck parking, and maintenance building along with a cold storage and salt barn building. Every aspect of the road commission's operation needs to be updated. The proposed facility will be a single story, 8,245 square-foot building and a 51,780 square-foot maintenance building. The administration building will house offices, a common meeting area, and barrier-free restrooms. The maintenance building will have a drive-through parking area, maintenance bays with overhead cranes, employee areas for restrooms, lockers, and a small break area.
MI	Debbie Stabenow, Gary Peters	John Moolenaar (04)	Jerome Township	\$2,000,000		This Rural Development investment will be used to construct a fire station for Jerome Township. They currently operate out of two fire stations and one is being replaced with this project. The current pole barn structure is structurally unsound and does not have any bathroom/shower facilities for female members. It also has no form of vehicle exhaust ventilation, a place to decontaminate the turn-out gear, and the building simply cannot fit the newer and larger firefighting equipment. When the original fire station was constructed, they averaged 60 fire and rescue calls per year. In 2018, they had 488 calls. The township population has grown as well as the demand for the services of the fire department. They provide firefighting, response to medical emergencies, vehicle accidents, water and ice rescues and other free community services. They also provide mutual aid to surrounding townships. The new facility will be over 11,000 square feet and will have four drive-through apparatus bays, a work space with an emergency wash area, office space, locker rooms, a dispatch room, multipurpose space with a warming kitchen, mezzanine storage and mechanical space and a general circulation area. The property will be three acres and will be landscaped with fencing to provide noise barriers to adjacent properties.
MN	Amy Klobuchar, Tina Smith	Collin C. Peterson (07)	City of Sacred Heart	\$1,700,000		This Rural Development investment will be used to fund street repairs in the city of Sacred Heart. This project will also fund rehabilitation and re-construction of city streets that have been disturbed by the water and storm sewer upgrades funded by Rural Development in 2014, 2015, and 2017. This project is necessary to restore the streets in order to convey traffic and provide storm water removal to protect property.
NC	Richard Burr, Thom Tillis	David Rouzer (07)	Columbus County	\$14,609,000		This Rural Development investment will be used to demolish and reconstruct a 72,000 square foot building for Whiteville High School. The facility will include classrooms, computer labs, administration, guidance, kitchen, dining area, media center and support space. Campus improvements will include new parking lots, a new service drive for buses, and covered canopies to connect the new and renovated buildings. The project also includes the demolition of their existing fine arts building, existing two-story academic classroom building, existing administration building and existing cafeteria building. The school will take full advantage of the grand open space created for the entry lobby and dining area that connects to the existing gymnasium lobby. This can be used for events, large student gatherings, faculty meetings and other programs that need an open floor space. The main entry will have a secure entry vestibule.
NC	Richard Burr, Thom Tillis	G.K. Butterfield (01)	Town of Pinetops	\$45,600		This Rural Development investment will be used to purchase two, new, fully- equipped police vehicles for the town of Pinetops. The town police department currently employs eleven officers, however, the department only has six police vehicles. The limited number of vehicles causes a hardship on the officers when trying to provide adequate security to the area. This investment will allow better protection of the citizens as it will increase the police department's fleet from six to eight vehicles.

Community Facilities Direct Loan Program November 14, 2019

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
NC	Richard Burr, Thom Tillis	Patrick T. McHenry (10)	Bessemer City	\$5,919,000		This Rural Development investment will be used to purchase and develop Stinger Park to be used by Bessemer City. The park will contain trails, playgrounds, a splash pad, concessions and restroom buildings, athletic courts and fields, and a facility maintenance building. Stinger Park is a community athletic facility and park that can enhance the health and wellness of local citizens and increase the available recreational opportunities for all ages. Beyond the normal local athletic events, this park can become a magnet for regional and national leagues to host major travel ball tournaments throughout the year. The proposed project includes the development of completely new facilities (baseball fields, restroom and concession buildings, multi-sport fields, pickle ball courts, horseshoe pits, parking, and multi-use trails) on a new site.
NC	Richard Burr, Thom Tillis	G.K. Butterfield (01)	Town of Littleton	\$44,000		This Rural Development investment will be used to purchase two new police vehicles and equipment for the town of Littleton's police department. The department currently has four full-time police officers that service the entire population. The department currently utilizes vehicles that are over ten years old. Due to the age of the vehicles, a significant amount of maintenance is required to keep them running. The new vehicles will be an asset to the current vehicle fleet and will allow the Littleton Police Department to provide reliable and dependable services to the citizens of the town.
NC	Richard Burr, Thom Tillis	George Holding (02)	Antioch FD Inc. Johnson County	\$1,445,000		This Rural Development investment will be used to construct a new fire station for Antioch Fire Department, Inc. The department is currently housed in an existing facility which was built in 1960. This facility has had several additions and renovations over its life span. The current facility was originally constructed as a wooden frame structure with very low overhead doors and limited apparatus bay space. The low ceiling heights limit future apparatus acquisitions and cannot be raised. The proposed facility will consist of five drive-thru bays, a training room, offices, a kitchen, bedrooms and restrooms. The approximate size of the structure is 13,000 square feet. The new building will allow members of the department to carry out their duties safely and efficiently. It also makes future growth for the department possible.
NC	Richard Burr, Thom Tillis	Vacant (03), David Rouzer (07)	Lenoir County SPCA Inc.	\$1,756,000		This Rural Development investment will be used to construct a new facility to serve as the Lenoir County animal shelter. The building will contain administration offices, an area to relinquish animals, an adoption area, a receiving area, a grooming and laundry room, as well as an outdoor play area. The proposed facility is greatly needed as the county animal shelter currently operates out of a building that is outdated and does not meet the current needs of the county.
NC	Richard Burr, Thom Tillis	Vacant (03)	Grace Montessori Foundation Inc.	\$1,049,500		This Rural Development investment will be used to purchase a facility which currently houses Grace Montessori Academy, Inc., a childcare center and elementary school. The investment will also be used to purchase additional equipment and supplies for the school's expansion. Grace Montessori Foundation, Inc. is a N.C. nonprofit 501(c) 3 corporation that was created to allow Grace Montessori Academy, Inc. to offer scholarships to students that attend the school and daycare. Grace Montessori Academy, Inc. currently leases the facility, which limits their ability to expand the school. The purchase of the facility, as well as additional equipment, will allow the school to increase school services up to the sixth grade level in the near future.
NC	Richard Burr, Thom Tillis	Vacant (09)	Town of Pembroke	\$364,000		This Rural Development investment will be used to purchase a new, custom built pumper fire truck for the town of Pembroke. The investment will also be used to purchase the necessary equipment to be placed on the truck. The town currently owns two pumper trucks, both of which have surpassed their useful service life and are costly for the town to maintain. The new truck will provide the fire department with a reliable vehicle and equipment and will decrease the town's expenses in maintaining the older trucks.

Community Facilities Direct Loan Program November 14, 2019

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
NC	Richard Burr, Thom Tillis	Vacant (09)	Rowland Rural Fire Department Inc.	\$20,600	\$40,400	This Rural Development investment will be used to purchase fire equipment for Rowland Rural Fire Department, Inc. The equipment to be purchased includes turnout gear, a thermal camera, an air compressor, an ice maker, and other miscellaneous equipment to be used for search and rescue. The department's current gear and equipment is outdated and unreliable. This investment will allow members of the department to do their jobs more efficiently and safely.
ND	John Hoeven Kevin Cramer	Kelly Armstrong (At Large)	City of Buffalo	\$32,800	\$6,700	This Rural Development investment will be used to purchase a new city tractor that will have a cab, front wheel assist and a loader. It will be equipped with moving signage, hazard lights, a working beacon, cab rollover protections and a backup alarm. The power take-off will be able to operate the city generator during emergency situations when there is no power.
NJ	Robert Menendez, Cory Booker	Jeff Van Drew (02)	City of Wildwood	\$9,000,000		This Rural Development investment will be used to construct a 24,000 square foot consolidated fire house for the city of Wildwood, N.J. The fire department has 20 paid firefighters and eight volunteers. Presently the Wildwood Fire Department operates out of a decades-old facility that has reached obsolescence and has virtually no remaining space for expansion. The current building's inability to accommodate more modern equipment and infrastructure has made it increasingly difficult for the fire department to protect lives and property. It is anticipated that all city fire services will be consolidated into this new facility resulting in faster response times to calls for emergency service.
NM	Tom Udall, Martin Heinrich	Xochiti Torres Small (02)	City of Belen	\$446,000	\$134,100	This Rural Development investment will be used to purchase twelve police vehicles for the city of Belen, N.M. The need for the new patrol cars is due to their current vehicle fleet having become unreliable due to high use and mileage. The low reliability of these older vehicles places the public safety at great risk. The new police vehicles play an important role in the community by enabling the police department to quickly respond to emergency calls and to provide a safe community where the citizens can live and work.
NV	Catherine Cortez Masto, Jacky Rosen	Mark Amodei (02)	Topza Ranch Estates	\$206,000		This Rural Development investment will be used to purchase a paving/snowplow truck to assist the Topaz Ranch Estates General Improvement District (GID) and its 750 residences with maintenance and repairs of area roads. The Topaz Ranch GID is located in southern Douglas County adjacent to Topaz Lake.
NY	Charles Schumer, Kirsten Gillibrand	Tom Reed (23)	Town of Ripley	\$150,000	\$50,000	This Rural Development investment will be used to purchase a new snow plow truck. It will help ensure that the town can maintain the 88 lane-miles of town roads during the harsh winters in the town of Ripley, in Chautauqua County, N.Y.
NY	Charles Schumer, Kirsten Gillibrand	Elise Stefanik (21)	Clayton Town	\$2,734,000		This Rural Development Investment will be used to revitalize an existing community center, known as Cerow Arena, for residents in the town of Clayton and surrounding communities. The plan is to construct a 12,500 square foot addition for usable space. Remaining funds will assist the town with improving building accessibility, community office space, and provide upgrades to the facilities to maintain its Red Cross Shelter Certification while being better suited for such emergency shelter needs.
OH	Sherrod Brown, Rob Portman	Bill Johnson (06)	Village of Amsterdam	\$46,000	\$50,000	This Rural Development investment will be used to purchase a replacement police cruiser and backhoe for the village of Amsterdam. Amsterdam's police department receives more than 1,800 calls for assistance each year. The new cruiser will help ensure law enforcement officers have dependable, safe and secure transportation. The backhoe will help maintain about five miles of village roadways and keep the drainage system in good working order. This is Amsterdam's first collaboration with USDA Rural Development.

Community Facilities Direct Loan Program November 14, 2019

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
OH	Sherrod Brown, Rob Portman	Steve Stivers (15)	Morgan Township	\$16,400	\$48,100	The Rural Development investment will be used to finance the purchase of a truck with a salt-spreader attachment. With this new equipment, township employees will maintain more than 33 miles of roads in this hilly region of southeast Appalachian Ohio, helping keep road surfaces safe and passable during inclement winter weather. The truck and equipment are replacing an older, no longer serviceable, model. This is the first collaboration between Morgan Township and USDA Rural Development.
OH	Sherrod Brown, Rob Portman	Steve Stivers (15)	Port William-Liberty Township Joint Fire & EMS District	\$1,500,000		This Rural Development investment will be used to finance the construction of a 9,210-square foot building to house the Port William-Liberty Township Joint Fire and Emergency Medical Services District (PWLT), a volunteer department that averages around 200 emergency runs each year. The existing facility is undersized and in need of modernization. It lacks adequate ventilation, does not provide a decontamination area, and its locker and restroom facilities do not meet Americans with Disabilities Act (ADA) standards. Along with the addition of a training area, the new facility also will offer adequate space for equipment storage and maintenance. Taken together, these infrastructure and safety improvements will allow PWLT to consider moving from a volunteer to a staffed department, creating the potential for future jobs while helping ensure the wellbeing of the district's residents. Previous collaborations between USDA and PWLT include a \$228,760 loan and grant combination used to purchase a medic unit.
OH	Sherrod Brown, Rob Portman	Bill Johnson (06)	Muskingum University	\$28,000,000		This Rural Development investment will be used to finance the construction of a 119,536 square-foot Health & Wellness Complex for New Concord-based Muskingum University. Health care and its allied fields continue to be among the most robust economic sectors in the region, and are the fastest growing majors at the university. By providing additional classrooms, clinical and laboratory spaces, the new complex will bring needed support to expanding programs, ultimately helping ensure the next generation of quality health care. The intentional design and location of the new complex "at the crossroads of campus" reflects the university's desire for it to be a hub of campus life, easily accessible to residence halls, the Quad, and already-existing athletic facilities. This is the university's third collaboration with USDA Rural Development.
PA	Bob Casey, Patrick J. Toomey	Dwight Evans (03), Glenn Thompson (15)	Elderton Borough	\$17,500	\$15,400	This Rural Development investment will be used to purchase a new police interceptor vehicle with upfitting and installation which will be housed at the borough's complex. The borough currently owns a 2008 vehicle which has become too costly to maintain and repair. The new vehicle will allow the police department to provide more reliable service since maintenance times and costs will be significantly reduced. The recipient is an eligible entity and is located in the rural areas of Elderton Borough, in Armstrong County, Pa.
PA	Bob Casey, Patrick J. Toomey	Fred Keller (12)	Happy Tails No Kill Animal Shelter	\$229,800	\$50,000	This Rural Development investment will be used to build an animal shelter that will provide a clean, comfortable, safe and healthy environment for each animal. The applicant will also provide education to the public and pet owners by teaching humane principles and responsible pet ownership, promoting harmonious relationships, and preventing cruelty to animals and animal suffering.
PA	Bob Casey, Patrick J. Toomey	Glenn Thompson (15)	Ehrenfeld Borough	\$37,500	\$44,800	This Rural Development investment will be used to purchase a new truck outfitted with snowplow and spreader. This will replace their existing dump truck which is over 17 years old.

Community Facilities Direct Loan Program November 14, 2019

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
PA	Bob Casey, Patrick J. Toomey	Daniel Meuser (09)	Blue Mountain Hospital	\$98,500,000		This Rural Development investment will be used towards the construction of an 80-bed replacement hospital. They will consolidate all acute inpatient services from two existing hospitals, Gnaden Huetten and Palmerton Hospital which have provided health care services to the residents of Carbon County and surrounding counties for over 60 years. The current facilities need repairs and updates to remain competitive with a state-of-the-art facility and current technology. The new hospital project is a 3-story structure that will encompass both outpatient and inpatient services including surgical, emergency, and imaging. Two floors of inpatient beds for critical care and medical surgical recovery will support acute medical care services. The guaranteed loan will provide interim loan financing from TD Bank, N.A. with a USDA Loan Note Guarantee issued when the construction is complete and permanent financing is provided by USDA. This project will benefit the residents of Franklin Township and the surrounding areas.
PA	Bob Casey, Patrick J. Toomey	Glenn Thompson (15)	Millcreek Township	\$74,300	\$42,000	This Rural Development investment will be used to purchase a roller and plow with spreader. The applicant is in need of a roller, their current one is not operational, and the plow will help keep roads clear.
PA	Bob Casey, Patrick J. Toomey	Glenn Thompson (15)	New Bethlehem Borough	\$32,000	\$50,000	This Rural Development investment will be used to purchase a new garbage truck and plow. The applicant has a need for a new garbage truck because their current one is no longer efficient, and they are adding the plow because they currently only have a dump truck to provide all street maintenance, snow removal and yard waste pickup.
PA	Bob Casey, Patrick J. Toomey	Glenn Thompson (15)	Boggs Township	\$50,000	\$50,000	This Rural Development investment will be used to purchase a dump truck. The purchase of the dump truck would allow the township to provide maintenance and repair the roads. The truck is needed because their current fleet is reaching the end of its useful life.
PA	Bob Casey, Patrick J. Toomey	Fred Keller (12)	South Renovo Borough	\$26,600		This Rural Development investment will be used to purchase a new truck with attachments, tractor with attachments and a backpack with attachments. The applicant needs a new truck because their current one is old and no longer efficient, and they don't currently own a tractor or backpack.
PA	Bob Casey, Patrick J. Toomey	Mike Kelly (16)	Hydetown Volunteer Fire Department)	\$250,000	\$50,000	This Rural Development investment will be used to purchase a 2009 pumper which will be housed at the fire department's facility located at 12638 Main Street, Hydetown, Pa. This will replace an outdated pumper tanker. This specialized piece of equipment will play a vital role in providing a better emergency response and enhanced public safety to the rural area of Crawford County. The recipient is an eligible entity and is located in the eligible rural area of Hydetown Borough, in Crawford County, Pa.
PA	Bob Casey, Patrick J. Toomey	Scott Perry (10)	Royalton Borough	\$175,100	\$22,000	This Rural Development investment will be used to replace the current boiler system with a more energy-efficient gas HVAC system. The current system is very outdated, and it is becoming increasingly harder to find parts to repair it.
PA	Bob Casey, Patrick J. Toomey	Glenn Thompson (15)	Tionesta Borough	\$44,000	\$50,000	This Rural Development investment will be used to replace an existing culvert underneath private properties and State Route 36 in Tionesta, Pa. This project is a portion of a greater PennDOT infrastructure project along SR-36. The recipient is an eligible entity and is located in the eligible rural area of Tionesta Borough, in Forest County, Pa.
PA	Bob Casey, Patrick J. Toomey	Fred Keller (12)	Friendship Fire Company #1	\$64,000	\$47,800	This Rural Development investment will be used to pave the parking lot and install a storm water system. The current parking lot is not large enough to accommodate events held by the fire company and they don't currently have a storm water system.

Community Facilities Direct Loan Program November 14, 2019

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
PR		Jennifer Gonzalez-Colon	Municipality of Dorado	\$3,011,415		The Rural Development investment will be used to rehabilitate deteriorated roads, sidewalks, curbs, gutters and drainage in rural sectors of the Dorado Municipality. Areas slated for repair include Higuillar, Maguayo, Espinosa and Rio Lajas wards. Sidewalks, streets and curbs will be rebuilt. Sewers will be repaired to improve flood control.
PR		Jennifer Gonzalez-Colon	Municipality of Mayaguez	\$9,999,300		This Rural Development investment will be used to construct new roads, entrances, catch basins and concrete railings. New guard rails will be installed and roads will be repaved in rural communities in the municipality of Mayaguez. This project will improve safety in the wards of Bateyes, Juan Alaonso, Leguisamo, Limon, Malezas, Mayaguez Arriba, Montoso, Naranjales, Quebrada Grande, Quemado, Rio Cana Abajo, Rio Cana Arriba, Rio Hondo, Rosario and Sabanetas. An estimated 30 jobs will be created as a result of this project.
SC	Lindsey Graham, Tim Scott	Joe Cunningham (01)	Pine Ridge Fire Department	\$999,995		This Rural Development investment will be used to purchase a fire truck, equipment and to refinance existing debt. The department has one fire truck that is set to reach the end of its useful life very soon, as it was purchased in 2002. With the refinance, the interest saved is expected to have a favorable impact on the department's cashflow. This project will meet the fire protection needs of the residents located within this community.
SC	Lindsey Graham, Tim Scott	Tom Rice (07)	Sandhill Medical Foundation Inc.	\$2,964,500		This Rural Development investment will be used to construct a 12,150-square-foot, stand-alone, wood-framed building with brick and block veneer on 2.27 acres. The design is very similar to the owner's existing facility in Lugoff, S.C. The intent is to streamline the design and create a prototypical facility to ensure the smooth transition of staff from one facility to another.
TN	Lamar Alexander, Marsha Blackburn	John Rose (06)	Clay County	\$7,506,000		This Rural Development investment will be used to construct a new 22,000 square foot facility to house the Clay county sheriff's office and new jail facility. This new facility will alleviate the overcrowding currently seen at the current 4,000 square- foot facility by expanding the jail's capacity from 14 beds to 100 beds. This project will allow the jail facility to better serve the needs of the county, as it currently has an average daily population of 62 inmates. This will create expanded administration space, inmate intake and processing space, and dedicated jail space for male and female inmates. Moreover, the new location will give the jail additional space to expand the facility if necessary. This new jail will also provide improved kitchen and laundry facilities and provide the county with inmate program space.
TN	Lamar Alexander, Marsha Blackburn	Phil Roe (01)	Johnson County Emergency & Rescue Squad, Inc.	\$110,000	\$50,000	This Rural Development investment will be used to purchase a new 2019 emergency vehicle. The new ambulance will replace one of the existing ambulances for the Johnson County Emergency and Rescue Squad. The average lifespan for well-maintained vehicles is 10 years or greater. The applicant currently has two ambulances with ages beyond 10 years and greater than 300,000 miles still in operation but needing replacement. The investment will allow the Johnson County Emergency and Rescue Squad to successfully continue emergency services inside the county limits.

Community Facilities Direct Loan Program November 14, 2019

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
TN	Lamar Alexander, Marsha Blackburn	David Kustoff (08)	City of Lakeland	\$60,000,000		This Rural Development investment will be used to construct a high school in Lakeland, Tenn., and refinance existing debt on Lakeland Middle School. The Lakeland School System is a relatively new municipal school district which opened in 2014. The Lakeland School System Board of Education identified the need for a new middle school and a new high school soon after the school system's inception. Lakeland does not have a high school building, therefore more than 600 high school students who reside in Lakeland are currently permitted to attend high school in Arlington, Tenn. through an inter-local agreement between the Lakeland School System Board of Education and the Arlington Community Schools Board of Education. This inter-local agreement includes an Arlington High School student enrollment threshold. When the threshold is reached, the inter-local agreement can be terminated by Arlington. Arlington High School will soon reach its maximum student enrollment threshold and will begin to experience enrollment capacity issues. Arlington Community Schools will then have the option to terminate the inter-local agreement. With this funding, the planning, design, and construction of a new high school in Lakeland can begin. This will prevent the potential problem of student overcrowding in Arlington High School.
TX	John Cornyn, Ted Cruz	Jodey Arrington (19)	Stonewall County Hospital District	\$394,700		This Rural Development investment will be used to furnish the new nursing home with equipment throughout the new facility. This will include a dining room, break room, resident rooms, tv seating area, lobby, kitchen, nursing, housekeeping, maintenance and bathroom equipment and supplies. The new nursing facility is expecting to open in January 2020. The district will have to obtain licensing from the state of Texas and this license cannot be obtained without the facility being furnished.
UT	Mike Lee, Mitt Romney	Chris Stewart (02)	Bonneville Academy	\$7,162,500		This Rural Development investment will be used to purchase the building used by Bonneville Academy, a charter school. The school has been leasing the building for two years. Bonneville Academy admits students in grades kindergarten through eight and is the only designated Science, Technology, Engineering and Math (STEM) school in the area. Purchasing the building will eliminate the high payment lease agreement and will open the opportunity to complete future improvements as needed, which is of immediate benefit to the rural student population.
VA	Mark Warner, Tim Kaine	Denver Riggleman (05)	Town of Broadnax	\$196,300		Rural Development investment will be used to purchase a fire pumper truck. The truck will be utilized by the volunteer fire department to replace a 20 year-old unit that requires continuous maintenance. This project also provides backup for Mecklenburg County.
VA	Mark Warner, Tim Kaine	Ben Cline (06)	Southern Virginia University	\$22,914,000		This Rural Development investment will be used for construction of a new academic center, student housing, dining facility, renovation of the library and parking, and refinancing of debt. This project will allow the university to meet its current needs and projected growth over the next five years and better serve its students, faculty, staff and community. The university serves the community as an engine of economic development, both in the revenue it generates, as well as cultivating the local community with the arts and cultural opportunities. The university currently has one primary academic building with two smaller modular classroom units and a house that are used mainly for academic purposes. Through various renovation projects and consolidation of office space in other existing buildings, additional classrooms and faculty offices have been added on-campus. These existing facilities are being used to their full extent.
VA	Mark Warner, Tim Kaine	Robert J. Wittman (01)	Westmoreland County IDA	\$4,000,000		This Rural Development investment will be used to provide additional financing to build a high school. The current building is old and dilapidated and cannot be renovated.

Community Facilities Direct Loan Program November 14, 2019

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
VA	Mark Warner, Tim Kaine	Robert J. Wittman (01)	Upper Lancaster Volunteer Fire Department Inc.	\$380,000	\$50,000	This Rural Development investment will be used to purchase a 2019 fire pumper truck. The department has a 1999 pumper, a 1995 engine (which is located at their sub- station) and a 1985 engine. Unlike the other fire departments in Lancaster County, it is not located in an incorporated town and therefore are unable to attain town funding, only county funding. The service area is Upper Lancaster County in Lively, Va.
VA	Mark Warner, Tim Kaine	Robert J. Wittman (01)	Bay Aging	\$3,557,000		This Rural Development investment will be used to purchase and renovate administrative office buildings. This project will consolidate all of their administrative offices into one location. Currently they are renting four office buildings. They will purchase one building that they are currently renting. This project will service areas in Middlesex, Mathews, Gloucester, King & Queen, Essex, Westmoreland, Richmond, Lancaster, and Northumberland.
VA	Mark Warner, Tim Kaine	Robert J. Wittman (01)	Town of Warsaw	\$25,000	\$25,000	This Rural Development investment will be used to upgrade the town of Warsaw's communications devises and to purchase cams and mobile computers. The town is switching to a new communications protocol/technology and the current equipment will no longer be compatible. Essex County and Richmond County are putting up a tower to change the entire communications system in the area and in the small town of Warsaw. The current equipment includes 11 radios with microphones and charging stations but no mobile computers.
VA	Mark Warner, Tim Kaine	Morgan Griffith (09)	Town of Pound	\$15,000	\$25,000	This Rural Development investment will be used to purchase a replacement police vehicle for the town of Pound located in the southwest Va. coal fields. The new vehicle will replace an older high-mileage patrol vehicle. The town plans to replace vehicles over a three- to five-year period to reduce maintenance costs and spread the cost of replacement over multiple budget years.
VT	Patrick Leahy, Bernie Sanders	Peter Welch (At Large)	ReSOURCE	\$5,730,000		This Rural Development investment will be used to purchase a building that ReSOURCE is leasing in Williston. ReSOURCE was founded in 1991 and began an innovative program of repairing and reselling household items that otherwise would have gone to the landfill. It has expanded its services and programming to offer more opportunities to at risk-youth and low-income people in need. Its job training programs give these individuals a chance to learn valuable technical and professional skills and become gainfully employed. Purchase of the headquarters building allows for expansion of its geographic reach and ensures that ReSOURCE can continue to offer high level programming as well as providing the option of expanding in the future if needed. ReSOURCE also has three other Vt. facilities in Barre, Burlington, and Hyde Park, reaching close to half of all residents in the state. This organization has created a replicable model of environmental stewardship, educational training and economic opportunity.
WV	Joe Manchin, Shelley Moore Capito	Carol Miller (03)	City of Smithers	\$125,000		This Rural Development investment will be used to renovate the interior of a former public school building that was purchased by the town of Smithers. The former school building was built in the 1990s. The building is ADA compliant, offers ample parking, and is in very good shape inside and out. The town of Smithers has outgrown the current City Hall, so the City Hall will be moved to the newly purchased building upon completion of the renovation. The new building will help the flow of the Town Hall by allowing for separation of departments and easier access by the public. The new building will provide adequate parking for the town's police department, town employees and visitors.

State	Sen.	Rep.	Recipient	Loans	Grants	Project Description
WV	Joe Manchin, Shelley Moore Capito	Alex Mooney (02)	Hospital Development Co.	\$20,331,300		This Rural Development investment will enable the Hospital Development Company, doing business as Roane General Hospital, to renovate and modernize their facility. The hospital is a not-for-profit acute care hospital providing inpatient, emergency, and long-term nursing care as well as physician clinic medical services. The hospital is proposing to renovate their current structure to modernize their emergency department and create a new urgent care walk-in clinic. They plan to relocate the MRI machine and administrative offices. In addition, they plan to expand their current footprint with the construction of a new medical office building adjacent to their current structure. This medical office building will host a primary care clinic, specialty clinics, and provide community health services.
