Why does USDA Rural Development do this?

The Rural Broadband Access Loan and Loan Guarantee program increases economic opportunities and improves the quality of life for families and businesses in rural America by providing investment capital in the form of loans and loan-guarantees for the deployment and improvement of telecommunications/broadband infrastructure in rural areas. The program helps maintain a seamless nationwide telecommunications/broadband network that also provides access to broadband for education, healthcare, public safety and jobs for all Americans regardless of where they live. Expansion of modern broadband service is essential for rural America to be able to access Web-based information and services that will allow rural communities to compete in the global economy and offer the quality of life necessary to attract and retain residents and businesses.
