

Employee Spotlight

Cindy Frazier and Jill Gilpin Area Four Multi-Family Housing Specialists Sandersville, Georgia

**Cindy Frazier (foreground) and
Jill Gilpin (background)
December 2016**

It is an honor for me to be able to Spotlight Area Four employees. This month I would like to recognize Cindy Frazier and Jill Gilpin. These two specialists work together to manage our multi-family housing (MFH) caseload. They work diligently to complete the never ending servicing required for the sixty complexes in Area Four. In addition to servicing the portfolio, they have also worked hard to complete all of the recent rehabs and their inspection requirements.

Cindy has twenty-five years of service with Rural Development. She is an asset to the Agency with her intelligence, communication skills, and resolve to see a project completed. She serves our single family housing customers in the Thomson Sub-Area Office with respect and compassion. Many of the folks there don't want to talk to the rest of us. Cindy is married with two grown daughters. She enjoys her family time, especially when they get to travel.

Jill has served the Agency and its customers for twenty seven years. She is very organized, detail oriented, and is recognized for her excellent knowledge of the MFH regulations. She is a tremendous resource to other staff members. Jill is married with two grown daughters and two grandchildren. Jill loves gardening and spending time with her mother.

We are blessed in Area Four to have a great team. Jill and Cindy are to be commended for the roles they fill and for their many accomplishments.

Kathy Ross
Area Director, Area Four
