

**Rural Energy for America Program (REAP)
Renewable and Energy Efficiency Program
Fiscal Year 2024 Round 5**

Utah Projects

Total Grants: \$ 745,342

County	Senators	Representatives	Recipient	Grant	Project Description
Grand	Mike Lee, Mitt Romney	John Curtis (03)	Moab BBQ LLC DBA: Spitfire Smokehouse BBQ	\$99,997	Spitfire Smokehouse BBQ is a rural small business in Moab, Utah. They will use this grant towards purchasing and installing a roof mounted 67.16 kilowatt (kW) solar photovoltaic (PV) system. The PV system is expected to save this business \$6,308 annually. The solar PV will produce and use 105,138 kilowatt hours (kWh) annually, which is enough energy to power nine homes. The system was designed to replace 53 percent of the historic annual electric demand.
Grand	Mike Lee, Mitt Romney	John Curtis (03)	Casa De Amigos LLC DBA: Archway Inn	\$484,493	Archway Inn is a rural small business in Moab, Utah. They will use this grant towards purchasing and installing a roof mounted 314.2 kilowatt (kW) solar photovoltaic (PV) system. The PV system is expected to save this business \$21,666 annually. The solar PV will produce and use 433,331 kilowatt hours (kWh) annually, which is enough energy to power 39 homes. The system was designed to displace 77 percent of the historic annual electric demand.
Utah	Mike Lee, Mitt Romney	Burgess Owens (04)	S&S Livestock LLC	\$20,000	S&S Livestock is a small ranch operation in Palmyra, Utah. They will use this grant towards purchasing and installing a roof mounted 3.65 kilowatt (kW) solar photovoltaic (PV) system and 9.6 kW/h Battery for a rural small business. The PV system is expected to save this business \$568 annually. The solar PV is a generation project that will produce and use 4,741 kilowatt hours (kWh) annually.
Wayne	Mike Lee, Mitt Romney	Celeste Maloy (02)	Capitol Reef Management Inc. DBA: Days Inn	\$81,410	Days Inn is a rural small business in Torrey, Utah. They will use this grant towards purchasing and installing a roof mounted 55.845 kW solar photovoltaic (PV) system. The PV system is expected to save this business \$9,503 annually. The solar PV will produce and use 93,101 kWh annually, which is enough energy to power five homes. The system was designed to displace 63 percent of the historic annual electric demand.
Wayne	Mike Lee, Mitt Romney	Celeste Maloy (02)	Thousand Lake Lodge Holdings LLC	\$59,442	Thousand Lake Lodge is a hospitality business in Lyman, Utah. They will use this grant towards purchasing and installing a roof mounted 28.11 kilowatt (kW) solar photovoltaic (PV) system. The PV system is expected to save this business \$2,797 annually. The solar PV will produce and use 42,142 kilowatt hours (kWh) annually, which is enough energy to power two homes. The system was designed to displace 120 percent of the historic annual electric demand and account for the anticipated growth of the business.
