Biobased Success Story

El Reno Uses Biobased Antifreeze

Steven Hudson at the Grazinglands Research Laboratory in El Reno OK uses IceClear AF non toxic, non glycol, biobased anti-freeze to prevent freezing in the water tanks of their firetruck and agricultural sprayers. It protects to –30° F. It is less expensive than conventional antifreeze. IceClear AF meets ASTM D1384 and is a certified biobased product as tested by ASTM D6866 through the USDA Biopreferred program and has earned the bi-obased label. It is also biodegradable.
