

States/Counties	Program	Borrower	Loan Amount	Grant Amount	Description
IA/Audubon	Community Facilities – Emergency Rural Health Care	AUDUBON COUNTY MEMORIAL HOSPITAL		\$202,600.00	This Rural Development investment will be used to help Audubon County Memorial Hospital in Audubon purchase equipment. This project will purchase and install computer software that will enable staff to transmit more clear images to an offsite radiology reading service for interpretation. The project will also provide COVID-19 pandemic supplies to support medical and surgical surge capacity. Once completed, the project will provide more healthcare options for residents of this rural community and the surrounding rural areas.
IA/Benton	Value-Added Producer Grants	SCHULTE, AUSTIN DBA AUSTIN SCHULTE DAIRY		\$36,000.00	This Rural Development investment will be used to help Austin Schulte, doing business as Austin Schulte Dairy in Norway, Iowa, create a business plan. This project will also provide for a feasibility study for the dairy on making value-added cheese. The project will help the business grow and will contribute to economic development in Benton County.
IA/Calhoun	Water and Waste Disposal Loans and Grants	FARNHAMVILLE, CITY OF	\$647,000.00	\$979,000.00	This Rural Development investment will be used to help the city of Farnhamville in Calhoun County provide additional financing for waste water system improvements to meet sanitary standards. This project will stabilize the center dike and lagoon walls, remove stored sludge, improve the lift station, build a submerged attached growth reactor, and install an ultraviolet disinfection system. This project will promote the health and safety of residents of this rural community.
IA/Cass	Community Facilities – Emergency Rural Health Care	Cass County Memorial Hospital		\$1,000,000.00	This Rural Development investment will be used to help Cass County Memorial Hospital in Atlantic recover from the economic impact of COVID-19. This project will replace some lost revenues caused by pandemic-related challenges. Once completed, the project will provide the hospital with financial resources to better serve the residents of this rural community and the surrounding rural areas.
IA/Decatur	Community Facilities Direct Loans and Grants	DECATUR COUNTY HOSPITAL		\$44,600.00	This Rural Development investment will be used to help Decatur County Hospital in Leon purchase a medical vehicle and related equipment. This project will enable a certified paramedic to conduct home visits to patients who frequently visit the emergency room for health concerns that could be better managed at home. Once completed, the project will allow patients to receive medical care in their own homes and minimize the risk of accidental falls, medication mistakes, and unsafe household conditions.
IA/Dickinson	Water and Waste Disposal Loans and Grants	IOWA LAKES REGIONAL WATER	\$1,630,000.00	\$1,000,000.00	This Rural Development investment will be used to help Iowa Lakes Regional Water, a water utility organization in northwest Iowa, expand service. This project will extend services lines to an additional 96 new rural water customers within the water district service area. Once completed, the project will increase access to clean, safe water and promote the health of residents in Dickinson County.
IA/Dubuque	Business and Industry Loan Guarantees	MCCCH, LLC	\$15,000,000.00		This Rural Development investment will be used by MCCCH LLC to construct and own a new 116-room hotel in Mason City, Iowa. This project is expected to create 32 jobs. The purpose of this funding program is to bolster the availability of private credit by guaranteeing loans for rural businesses.
IA/Ida	Community Facilities Direct Loans and Guaranteed Loans	Ida County, Iowa Community Hospital	\$6,700,000.00		This Rural Development investment will be used to help Ida County Community Hospital/ Horn Memorial Hospital, a community-based nonprofit organization, renovate and expand. This project will relocate the lab, add 5,790 square feet to the emergency department and ambulance garage, renovate 2,134 square feet for the emergency department, construct a mechanical penthouse for a new air handling unit, and build an emergency walk-in entrance to improve visibility, enhance security, and allow medical screening in the vestibule. The project will also enlarge the nurses' station, add a physician documentation room, make a private draw room within the lab, allow exam rooms with negative air pressure, and create secured space for the medication dispensing unit. Once completed, the project in Ida Grove will help the residents of the surrounding rural area.
IA/Lee	Community Facilities – Emergency Rural Health Care	LEE COUNTY		\$25,600.00	This Rural Development investment will be used to help Lee County, Iowa, purchase a command vehicle. This project will provide a rapid response vehicle to cover a larger service area and to mobilize paramedics in the county emergency management system for life support operations. Many residents of Lee County no longer have health treatment options except for calling an ambulance. Once completed, this project will facilitate emergency response and promote the health and safety of Lee County residents and surrounding rural areas.
IA/Madison	Rural Business Development Grants	MADISON COUNTY DEVELOPMENT GROUP		\$4,345.00	This Rural Development investment will be used to finance a revolving loan fund for Madison County Development Group. This project will help the organization finance small business endeavors in rural Madison County and promote economic development county-wide.

IA/Mahaska	Rural Business Development Grants	MAHASKA COUNTY		\$140,000.00	This Rural Development investment will be used to help Mahaska County make road improvements. This project will upgrade the access road to Oldcastle Materials, a manufacturer of bagged and bulk mulch and soil located near Oskaloosa, Iowa. This project will promote small businesses and create at least two new jobs.
IA/Montgomery	Community Facilities – Emergency Rural Health Care	MONTGOMERY COUNTY MEMORIAL HOSPITAL		\$393,600.00	This Rural Development investment will be used to help Montgomery County Medical Center in Red Oak purchase equipment. This project will provide magnetic resonance imaging equipment to support immediate health care needs stemming from the COVID-19 pandemic. Once completed, the project will increase medical preparedness for future pandemics and promote the health and safety of Montgomery County residents and residents of surrounding counties.
IA/Montgomery	Community Facilities Direct Loans and Guaranteed Loans	NISHNA PRODUCTIONS, INC.	\$185,000.00		This Rural Development investment will be used to help Nishna Productions Inc. in Montgomery County purchase additional office space. This project will enable staff to comply with federal confidentiality guidelines at Nishna Productions, a locally owned non-profit agency which provides essential services to individuals with disabilities. Once completed, the project will promote the safety and care of individuals with disabilities throughout southwest Iowa.
IA/Montgomery	Community Facilities – Emergency Rural Health Care	Montgomery County Memorial Hospital		\$606,400.00	This Rural Development investment will be used to help Montgomery County Memorial Hospital in Red Oak recover from the economic impact of COVID-19. This project will replace lost revenues caused by pandemic-related challenges. Once completed, the project will provide the hospital with financial resources to better serve the residents of this rural community and the surrounding rural areas.
IA/Montgomery	Community Facilities Direct Loans and Grants	ELLIOTT, CITY OF	\$397,000.00	\$200,000.00	This Rural Development investment will be used to help the city of Elliott repair streets. This project will provide pavement milling, when needed, full depth patching, minor curb replacement, and installation of a two-inch asphalt overlay to city streets. Once installed, these roadway improvements will significantly extend the life of pavement sections and make transit routes safer for motorists and pedestrians in this rural community in Montgomery County.
IA/Shelby	Water and Waste Disposal Loans and Grants	IRWIN, CITY OF	\$1,795,000.00	\$2,346,000.00	This Rural Development investment will be used to help the city of Irwin in Shelby County make water distribution system improvements. This project will construct a new 35,000 gallon water tower and replace water mains with 6" PVC. This project will also replace older galvanized steel, cast iron, and lead service lines with copper lines and will eliminate four dead-end lines by adding two short loops. Once completed, this project will improve water security and storage, bring the city into compliance with water quality standards, and better protect the health and safety of 341 townspeople and residents of surrounding rural areas.
IA/Sioux	Water and Waste Disposal Loans and Grants	SOUTHERN SIOUX COUNTY RURAL WATER SYSTEM	\$4,425,000.00		This Rural Development investment will be used to help Southern Sioux County Rural Water System construct a water tank in the Craig service area. This project will install a new 750,000-gallon elevated tank which will provide more water storage capacity to meet volume demand standards. Once completed, the project will help meet the needs of anticipated population growth.
IA/Taylor	Community Facilities Direct Loans and Grants	TAYLOR COUNTY		\$13,900.00	This Rural Development investment will be used to help Taylor County Public Health Clinic purchase equipment. This project will provide the clinic with vaccine/blood draw chairs, vaccine stools, vaccine instrument stands, dental stools, a portable dental chair, a portable dental unit, and a pediatric dental booster seat. Once installed, this equipment will help the clinic operate more efficiently and assist medical professionals in providing quality healthcare for patients in this rural county.
IA/Winneshiek	Community Facilities Direct Loans and Guaranteed Loans	WINNESHIEK MEDICAL CENTER	\$35,000,000.00		This Rural Development investment will be used to help Winneshiek Medical Center in Decorah finance a construction project to replace facilities that are outdated and small. This project will renovate the birthing center, expand and renovate the surgical services departments, and expand and renovate the primary and specialty care clinics. Once completed, the project will provide improved essential health care services to residents of Winneshiek County and surrounding counties.
IA/Winneshiek	Community Facilities Disaster Technical Assistance and Training	UPPER EXPLORERLAND		\$140,000.00	This Rural Development investment will be used to help Upper Explorerland Regional Planning Commission provide technical assistance. This project will enable the commission, a council of governments, to assist rural communities with the review and analysis of plans and studies for transportation, daycare, housing, and hazard mitigation. Once completed, the project will promote economic recovery in northeast Iowa.
IA/Winneshiek, MN/Houston, MN/Fillmore	Rural Economic Development Loan and Grant Program	MiEnergy Cooperative		\$1,800,000.00	This Rural Development investment will be used to provide a pass-through loan that will provide construction financing for the new Sunflower Child Care Center. The current facility of the Sunflower Child Care Center does not have the capacity to cover the needs of the community. The new facility will provide services to Houston and Fillmore counties in Minnesota and Winneshiek County in Iowa. This project will help create 15 employment opportunities and save 35 jobs.
