This document is designed to provide contact information and easy access to resources needed to do business with the USDA, Rural Development, Multifamily Housing (MFH) Program. MFH is made up of three major divisions, each with a specific mission:

**Production and Preservation Division (PPD).** PPD’s mission is to process, underwrite, and close all MFH direct, preservation, and guaranteed loans and transactions, with the overarching goal to preserve and provide affordable rental housing in rural communities. Processing and Report Review and Underwriting functions are coordinated by region. PPD contacts and resources are found on the Page 3.

**Field Operations Division (FOD).** FOD’s mission is to coordinate proactive and risk-based servicing of MFH assets to ensure that borrowers are meeting the terms of their business agreements with RD, residents are living in quality housing, and properties in need of preservation are identified and prioritized. All FOD functions are coordinated by region. FOD contacts and resources are found on Page 4.

**Asset Management Division (AMD).** AMD’s mission is to oversee servicing of MFH assets, to manage portfolio risk and overall portfolio health. AMD determines policy priorities, systems improvements, and procedural updates needed to effectively service the portfolio and continue to provide quality housing. AMD contacts and resources are found on Page 5.
