Tennessee State Office Staff Directory

Together, America Prospers

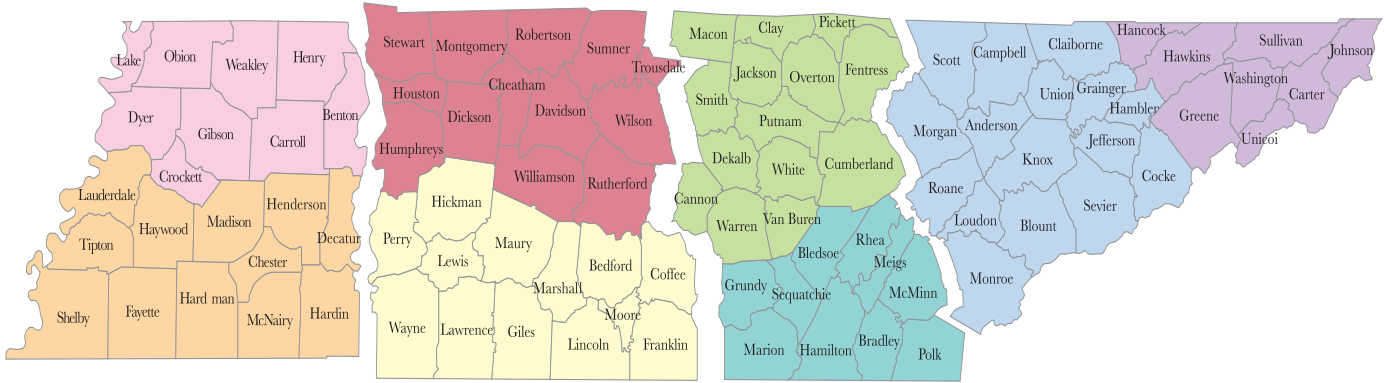

Welcome to Tennessee!

USDA Rural Development supports rural prosperity in Tennessee by investing in modern infrastructure such as high-speed internet and water and waste treatment systems. We help eligible rural Tennesseans buy or rent affordable housing, and we can partner with you to build or improve essential community facilities such as hospitals, libraries, and schools. We boost rural economic development by funding technical assistance for small business owners and entrepreneurs, helping them design robust business plans, find new markets, and promote their goods and services. We also help eligible businesses and manufacturers expand or improve, and we support energy programs that finance renewable systems for agriculture and industry.

Tennessee Rural Development operates with a staff of more than 50 employees across eight field offices and one state office. The state office is located in Nashville, and the eight field offices are located in Greeneville, Knoxville, Chattanooga, Cookeville, Nashville, Lawrenceburg, Jackson and Union City.

Because so many of our employees live and work in the very communities we serve, the USDA Rural Development mission is personal to us. This staff directory will allow you to learn more about how we can help you and your community.
