

Rural Partners Network Awards

08.15.24

Loan Amount: \$20,118,000; Grant Amount: \$28,932,251; Combined Loan/Grant Total: \$49,050,251

State	Senators	Representatives	TOA Description	Recipient Name	Loan Amount	Grant Amount	Project Description
AK	Lisa Murkowski (AK) Dan Sullivan (AK)	Mary Peltola (AK01)	Rural Energy for America Program (REAP) Technical Assistance	Rural Alaska Community Action Program Inc.		\$500,000.00	This Rural Development investment will be used to help Rural Alaska Community Action Program (RuralCAP) generate the technical documentation needed for Rural Energy for America (REAP) applications and navigate the application process. RuralCAP will focus on distressed and disadvantaged communities throughout Alaska and anticipates generating 15 to 20 REAP applications per year in addition to serving more than 30 active requests.
AK	Lisa Murkowski (AK) Dan Sullivan (AK)	Mary Peltola (AK01)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Peak Engineering LLC dba AK Timber & Truss		\$99,505.00	This Rural Development investment will be used to install a power cable to provide hydroelectric power to a sawmill in Petersburg, Alaska, replacing imported diesel generation. This project is expected to save \$111,373 per year by offsetting roughly 32,205 gallons of diesel fuel, enough energy to power 37 homes for one year.
AK	Lisa Murkowski (AK) Dan Sullivan (AK)	Mary Peltola (AK01)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	AP&T Wireless Inc.		\$115,925.00	This Rural Development investment will help AP&T Wireless LLC, a telecommunications utility in Southeast Alaska, convert a remote communications tower from diesel power to grid-connected hydroelectric power. This project is expected to save \$30,766 per year. It will save 154,458 kilowatt-hours (kWh) per year, which is 72 percent of the tower's energy use and equivalent to the energy demand of 14 homes.
AK	Lisa Murkowski (AK) Dan Sullivan (AK)	Mary Peltola (AK01)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Roni LLC		\$67,952.00	This Rural Development investment will be used to install a 32.76-kilowatt solar photovoltaic array with battery backup at Roni LLC, a financial services business in Fairbanks, Alaska. The system is estimated to produce 18,890 kilowatt-hours per year, enough electricity to power one home per year and offset some operating costs.
AK	Lisa Murkowski (AK) Dan Sullivan (AK)	Mary Peltola (AK01)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Friske LLC		\$39,835.00	This Rural Development investment will be used to upgrade the fish hold and install an upgraded refrigerated seawater system on the FV Allure to enhance the efficiency of Friske LLC's commercial fishing operations. This project is expected to save \$4,112 per year. The upgrades will offset 29,650 kilowatt-hours per year, enough energy to power 2.7 homes.

AK	Lisa Murkowski (AK) Dan Sullivan (AK)	Mary Peltola (AK01)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Daylight Energy Services LLC		\$34,800.00	This Rural Development investment will be used to install a 7.3-kilowatt solar photovoltaic array mounted on a carport and an air-source heat pump at Daylight Energy Services, a solar installer based in Fairbanks, Alaska. The system is estimated to produce 6,529 kilowatt-hours and offset 215 gallons of heating fuel annually. This system will offset some operating costs by providing the equivalent energy used by one home annually.
AK	Lisa Murkowski (AK) Dan Sullivan (AK)	Mary Peltola (AK01)	High Energy Cost Grants	Alaska Native Tribal Health Consortium		\$730,000.00	This Rural Development investment will fund projects consisting of energy efficiency improvements at water treatment facilities and community buildings in five rural Alaskan communities: Chenega Bay, Quinhagak, Noatak, Emmonak and Shungnak.
AK	Lisa Murkowski (AK) Dan Sullivan (AK)	Mary Peltola (AK01)	Business and Industry Loan Guarantees	GF HC LLC	\$2,939,000.00		This Rural Development investment will be used to provide long-term financing to refinance property in Cantwell, Alaska, with headquarters in Tok, Alaska, to be used as fuel import and distribution facilities. This investment will save 55 jobs.
AK	Lisa Murkowski (AK) Dan Sullivan (AK)	Mary Peltola (AK01)	Business and Industry Loan Guarantees	Alaska Seafood Holdings Inc.	\$2,700,000.00		This Rural Development investment will be used to provide long-term financing to refinance property in Hoonah, Alaska, which is used as a seafood processing facility. This investment will create 40 jobs and save 20 jobs.
GA	Jon Ossoff (GA) Raphael Warnock (GA)	Sanford Bishop (GA02)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	John Alex Harrell		\$457,500.00	This Rural Development investment will be used to purchase and install a new replacement grain dryer. John Alex Harrell is a family-owned farming operation that harvests and dries soybeans and cotton at its facility in Leesburg, Lee County, Georgia. This project will save the farm \$27,458 per year and will replace 392,241 kilowatt hours (kWh) (49.91 percent) per year, which is enough electricity to power 36 homes.
GA	Jon Ossoff (GA) Raphael Warnock (GA)	Sanford Bishop (GA02)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Boston Gin Company		\$262,625.00	This Rural Development investment will be used to assist Boston Gin Company purchase and install a 300 kilowatt (kW) solar array for their business. Boston Gin is a small business in Boston, Thomas Co, GA. This project will realize \$34,115 per year in savings and will replace 408,843 kilowatt hours (kWh) per year, enough to power 37 homes.
GA	Jon Ossoff (GA) Raphael Warnock (GA)	Sanford Bishop (GA02)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Helical Holdings LLC		\$942,623.00	This Rural Development investment will be used to assist Helical Holdings LLC purchase and install a 1.32 MW solar array. Helical Holdings is an energy generation project in Newton, Baker County, Georgia. This project will realize \$92,882 per year of income and will generate 2,322 mWh per year, enough to power 215 homes.

KY	Mitch McConnell (KY) Rand Paul (KY)	Hal Rogers (KY05)	Rural Energy for America Program (REAP) Technical Assistance	Kentucky Highlands Investment Corp		\$150,000.00	This Rural Development investment will be used to help Kentucky Highlands Investment Corporation, in Laurel County, assist 23 agricultural producers or rural small businesses obtain either a Rural Energy for America Program grant or loan. This three-year project will focus on Bell, Clay, Clinton, Cumberland, Estill, Harlan, Jackson, Knox, Laurel, Lee, Leslie, Letcher, Lincoln, Madison, McCreary, Owsley, Perry, Pulaski, Rockcastle, Russell, Wayne, and Whitley counties.
KY	Mitch McConnell (KY) Rand Paul (KY)	Hal Rogers (KY05)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	J.R. Hoe Inc.		\$108,288.00	This Rural Development investment will be used to purchase and install a 75.2-kilowatt roof-mounted solar system at 501 North 19th Street, Middlesboro, Kentucky. J.R. Hoe Inc. is a cast iron foundry, structural steel fabricator, and custom machine services company located in Bell County, Kentucky. The project is expected to save \$11,325 per year in energy costs and generate 97,703 kilowatt hours of energy per year, which is enough to power approximately 8.97 homes.
KY	Mitch McConnell (KY) Rand Paul (KY)	Hal Rogers (KY05)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Kentucky Mist Moonshine Inc.		\$51,543.00	This Rural Development investment will be used to purchase and install a 40.2-kilowatt solar system at 128 E. Main St., Whitesburg, Kentucky. The project is expected to save \$6,724 per year in energy costs and generate 42,054 kilowatt hours of energy per year, which is enough to power approximately 3.86 homes. Kentucky Mist Moonshine Inc. is located in Letcher County, Kentucky.
KY	Mitch McConnell (KY) Rand Paul (KY)	Hal Rogers (KY05)	Community Facilities Grants	Harlan County Board Of Education		\$40,500.00	This Rural Development investment will be used to purchase a law enforcement vehicle. The vehicle will be used by a school resource officer in compliance with Kentucky's 2022 law mandating a school resource officer on each school's campus. The investment will serve about 27,000 residents in a persistent poverty county.
KY	Mitch McConnell (KY) Rand Paul (KY)	Hal Rogers (KY05)	ARC grants administered by WEP	Perry County Fiscal Court		\$1,591,000.00	This Appalachian Regional Commission investment, for which Rural Development is serving as the basic agency, will replace concrete asbestos waterlines in numerous branch line service areas that are densely populated. The project will lead to a significant reduction in water loss as well as removal of a hazardous toxic material that has been present in the system for decades. The project will serve 230 customers within the city of Vicco's water and sewer system.

Rural Partners Network Awards  
08.15.24

Loan Amount: \$20,118,000; Grant Amount: \$28,932,251; Combined Loan/Grant Total: \$49,050,251

KY	Mitch McConnell (KY) Rand Paul (KY)	Hal Rogers (KY05)	ARC grants administered by WEP	City of Hazard		\$304,160.00	This Appalachian Regional Commission investment, for which Rural Development is serving as the basic agency, will construct a new tie-in between the Southern Perry County water feeder line and Lothair area of Hazard. A new meter vault will be constructed at the Hazard Community and Technical College connection, and flow meters will be placed at the College and Hank Street tie in. This project will allow for the abandonment of approximately 8,000 feet of existing leaking and repair prone lines with 1,790 feet of new water line constructed and improved service for 650 customers.
KY	Mitch McConnell (KY) Rand Paul (KY)	Hal Rogers (KY05)	ARC grants administered by WEP	City of Hazard		\$1,017,848.00	This Appalachian Regional Commission investment, for which Rural Development is serving as the basic agency, will replace a 70-year-old, cast-iron water line with 1,850 feet of high density polyethylene pipe, 4,000 feet of ductile iron pipe, and various tie-ins, mag meters, and additional improvements. This project will improve service for roughly 2,000 households and businesses.
KY	Mitch McConnell (KY) Rand Paul (KY)	Hal Rogers (KY05)	ARC grants administered by WEP	City of Harlan		\$1,000,000.00	This Appalachian Regional Commission investment, for which Rural Development is serving as the basic agency, will be used for renovations to the municipal water treatment plant and raw water intake. The renovations include several improvements such as new chemical feed systems, sedimentation and filtration systems, improvements to the clear well, new high-service pumps, interior and exterior painting of a 100,000-gallon storage tank, and telemetry equipment. The renovation will allow the system to meet state requirements for reliability and redundancy and improve service for about 1,623 households and 290 businesses.
KY	Mitch McConnell (KY) Rand Paul (KY)	Hal Rogers (KY05)	ARC grants administered by WEP	City of Hazard		\$972,000.00	This Appalachian Regional Commission investment, for which Rural Development is serving as the basic agency, will replace a total of 15,992 linear feet of water line. New gate valves and boxes will be installed along with new fire hydrants to improve public safety. All existing water lines will be abandoned in place. The new water lines will be installed along Christopher Road, Railroad Court, Diablock Road, and Cornett Hill Drive improving water service for 181 households and seven businesses.

KY	Mitch McConnell (KY) Rand Paul (KY)	Hal Rogers (KY05)	ARC grants administered by WEP	City of Hazard		\$1,977,000.00	This Appalachian Regional Commission investment, for which Rural Development is serving as the basic agency, will be used to make improvements to the primary sanitary sewer outfall in downtown Hazard, Kentucky. The work will consist of extension bypass pumping and cleaning of existing pipe, video inspection of interior, and relining. Locating and rehabilitating man holes as necessary will also be included in the project's scope of work. Total length of the project is approximately 6,375 feet. This investment will improve service for 2,500 customers.
MS	Roger Wicker (MS) Cindy Hyde-Smith (MS)	Bennie Thompson (MS02)	Community Facilities Grants	Fannie Lou Hamer Cancer Foundation		\$2,250,000.00	This Rural Development investment will be used to support Fannie Lou Hamer Cancer Foundation in constructing an Educational Event Center to serve as part of Cancer Awareness Public Outreach Center.
MS	Roger Wicker (MS) Cindy Hyde-Smith (MS)	Bennie Thompson (MS02)	Community Facilities Grants	Mississippi Delta Community College		\$2,250,000.00	This Rural Development investment will be used to construct a Law Enforcement Training Academy on the campus of Mississippi Delta Community College.
MS	Roger Wicker (MS) Cindy Hyde-Smith (MS)	Bennie Thompson (MS02)	Business and Industry Loan Guarantees	Cottonseed Co-Op Corporation	\$2,650,000.00		This Rural Development investment will be used to guarantee a loan from to BOM Bank to relend to Cottonseed Co-Op Corporation to help restructure existing debt owed and purchase additional equipment. Cottonseed Co-Op takes raw cotton seeds and transforms it into cottonseed oil, meal, hulls, first cut linters, second cut linters, and mill runs. Cottonseed Co-Op is located in Coahoma County, which is a census designated persistent poverty and distressed community. By allowing this debt refinancing for the company, 25 high paying jobs be saved.
NC	Thom Tillis (NC) Ted Budd (NC)	Don Davis (NC01)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	First Wave Innovations Inc.		\$457,220.00	This Rural Development investment will be used to purchase and install a 378.8 kilowatt (kW) solar array. Firstwave Innovations Inc., a food technology business, will realize \$38,819 per year in savings, and will generate 485,236 kilowatt hours (kWh) per year. This project will save enough electricity to power 46 homes.
NC	Thom Tillis (NC) Ted Budd (NC)	Richard Hudson (NC09)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	W & S Farm LLC		\$17,000.00	This Rural Development investment will be used to make energy efficiency improvements by adding insulation to its operation. W&S Farm is a poultry farm operation located in Asheboro, North Carolina. This project will realize \$3,059 per year in savings, and will save 8.67 percent energy costs per year.

NC	Thom Tillis (NC) Ted Budd (NC)	Richard Hudson (NC09)	Rural Economic Development Loan and Grant Program	Randolph EMC		\$300,000.00	This Rural Development investment will be used to buy a pumper truck. Randolph Emergency Medical Center (EMC) requests \$300,000 in Rural Economic Development Grant funding to be provided to the Farmer Volunteer Fire Department located in Randolph County, North Carolina. Funding will be used to purchase the new pumper fire truck and related equipment. Farmer Volunteer Fire Department (VFD) provides fire services to individuals in western Randolph County. Randolph EMC will provide a \$60,000 match towards the project and Farmer VFD will contribute an additional \$310,000 from department reserves. The total project cost will be \$670,000.
NC	Thom Tillis (NC) Ted Budd (NC)	David Rouzer (NC07)	Rural Business Development Grants	Bladen's Bloomin' Agri-Industrial Inc.		\$150,000.00	This Rural Development investment will be used to capitalize a revolving loan fund to assist with new business development in Bladen County. The initial loan recipient will assist a healthcare provider to locate to the Elizabethtown area, providing primary care and dermatological services for the county.
NC	Thom Tillis (NC) Ted Budd (NC)	David Rouzer (NC07)	Multi-Family Housing Loan Guarantees	Gooden Village NC LLC	\$776,000.00		This Rural Development investment will be used to assist in the transfer, assumption and rehabilitation of Gooden Village Apartments, a senior Section 515 multi-family housing complex in Elizabethtown, North Carolina. The project consists of 24 one-bedroom units. All units will go through significant rehabilitation and improve the living conditions for all current and future tenants.
NC	Thom Tillis (NC) Ted Budd (NC)	David Rouzer (NC07)	Multi-Family Housing Loan Guarantees	Chadwick Place NC LLC	\$981,000.00		This Rural Development investment will be used to assist in the transfer, assumption and rehabilitation of Chadwick Place Apartments, an existing family Section 515 multi-family housing complex in Chadbourn, North Carolina. The project consists of 20 two-bedroom and four three-bedroom units. All units will go through significant rehabilitation and improve the living conditions for all current and future tenants.
NC	Thom Tillis (NC) Ted Budd (NC)	David Rouzer (NC07)	Multi-Family Housing Loan Guarantees	Woodfield Apts NC LLC	\$897,000.00		This Rural Development investment will be used to assist in the transfer, assumption and rehabilitation of Woodfield Apartments, a senior Section 515 multi-family housing complex in Fairmont, North Carolina. The project consists of 28 two-bedroom and four three-units. All units will go through significant rehabilitation and improve the living conditions for all current and future tenants.

Rural Partners Network Awards  
08.15.24

Loan Amount: \$20,118,000; Grant Amount: \$28,932,251; Combined Loan/Grant Total: \$49,050,251

NC	Thom Tillis (NC) Ted Budd (NC)	David Rouzer (NC07)	Multi-Family Housing Loan Guarantees	Berry Park NC LLC	\$559,000.00		This Rural Development investment will be used to assist in the transfer, assumption and rehabilitation of Berry Park Apartments, a senior Section 515 multi-family housing complex in Chadbourne, North Carolina. The project consists of 18 one-bedroom units. All units will go through significant rehabilitation and improve the living conditions for all current and future tenants.
NC	Thom Tillis (NC) Ted Budd (NC)	David Rouzer (NC07)	Multi-Family Housing Loan Guarantees	Brookside NC LLC	\$930,000.00		This Rural Development investment will be used to assist in the transfer, assumption and rehabilitation of Brookside Apartments, a family Section 515 multi-family housing complex in Maxton, North Carolina. The project consists of 10 one-bedroom and 22 two-bedroom units. All units will go through significant rehabilitation and improve the living conditions for all current and future tenants.
NC	Thom Tillis (NC) Ted Budd (NC)	Don Davis (NC01)	Multi-Family Housing Loan Guarantees	British Woods NC LLC	\$618,000.00		This Rural Development investment will be used to assist in the transfer, assumption and rehabilitation of British Woods Apartments, a senior Section 515 multi-family housing complex in Roanoke Rapids, North Carolina. The project consists of 24 one-bedroom and two two-bedroom units. All units will go through significant rehabilitation and improve the living conditions for all current and future tenants.
NC	Thom Tillis (NC) Ted Budd (NC)	Don Davis (NC01)	Multi-Family Housing Loan Guarantees	Scotland Arms NC LLC	\$620,000.00		This Rural Development investment will be used to assist in the transfer, assumption and rehabilitation of Scotland Arms Apartments, a senior Section 515 multi-family housing complex in Scotland Neck, North Carolina. The project consists of 18 one-bedroom and two two-units. All units will go through significant rehabilitation and improve the living conditions for all current and future tenants.
NC	Thom Tillis (NC) Ted Budd (NC)	David Rouzer (NC07)	Community Facility Disaster Grants	Rowland Rural Fire Department Inc.		\$30,000.00	This Rural Development investment will be used to purchase fire equipment for the Rowland Rural Fire Department Inc. The department's current fire and safety equipment is old and needs replacement as their technology is outdated, thus making it unreliable for use. The proposed project will consist of truck equipment to include turnout gear, portable radios, vehicle radios, and pagers. The project is an essential community facility that will provide essential fire protection and emergency services primarily to rural residents of the Rowland Township.

NC	Thom Tillis (NC) Ted Budd (NC)	David Rouzer (NC07)	Community Facilities Direct Loans and Guaranteed Loans	Rowland Rural Fire Department Inc.	\$56,000.00		This Rural Development investment will be used to purchase fire equipment for the Rowland Rural Fire Department Inc. The department's current fire and safety equipment is old and needs replacement as their technology is outdated, thus making it unreliable for use. The proposed project will consist of truck equipment to include turnout gear, portable radios, vehicle radios, and pagers. The project is an essential community facility that will provide essential fire protection and emergency services primarily to rural residents of the Rowland Township.
NC	Thom Tillis (NC) Ted Budd (NC)	Wiley Nickel (NC13)	Business and Industry Loan Guarantees	Smithfield Hospitality LLC	\$6,392,000.00		This Rural Development investment will be used to assist in the acquisition of The Sleep Inn and Suites in Smithfield, North Carolina, which is a 3-story, 74-room interior corridor hotel. Smithfield Hospitality LLC was formed in January 2024, for the purpose of owning and operating this existing Sleep Inn & Suites. The borrower equity will cover the remaining portion of the acquisition cost and property improvements as well as a maintenance reserve, closing fees, and franchise fees. The borrower plans \$300,000 in property improvements including parking lot restriping, an updated breakfast area and repair of flooring, doors, and furniture.
NM	Martin Heinrich (NM) Ben Ray Lujan (NM)	Gabe Vasquez (NM02)	Rural Business Development Grants	City of Lordsburg		\$21,500.00	This Rural Development investment will be used to setup the Lordsburg Community Computer Lab. This project will provide a co-work space for business owners and entrepreneurs to use technology that they may not have available to them at their place of business, host larger or hybrid meetings, etc. The City of Lordsburg is in the Southwestern corner of New Mexico. The project has the potential to save 10 jobs and create another seven jobs in the area.
NM	Martin Heinrich (NM) Ben Ray Lujan (NM)	Gabe Vasquez (NM02)	Rural Business Development Grants	Cruces Creative		\$99,999.00	This Rural Development investment will be used to pay for a technical and feasibility study for a water treatment and re-use system at M.A. & Sons, chile processing facility located in Arrey New Mexico located in Sierra County. This study is needed to provide a shovel ready design for the re-use of the water. The funding for the technical assistance study will assist M.A. & Sons to approach lenders, research sources for future funding to expand the business. M.A. & Sons processing facility grows and purchases approximately \$150,000 from local farmers fresh green chile and jalapeno peppers grown in the local Sierra County and Dona Ana County area, processes it and distributes throughout the region, nationwide.

Rural Partners Network Awards  
08.15.24

Loan Amount: \$20,118,000; Grant Amount: \$28,932,251; Combined Loan/Grant Total: \$49,050,251

NM	Martin Heinrich (NM) Ben Ray Lujan (NM)	Teresa Leger Fernandez (NM03)	Rural Business Development Grants	County of Taos		\$199,000.00	This Rural Development investment will be used to support small business growth and economic diversity by assisting several local small businesses expand their operations and rehabilitate newly acquired adjacent properties located in El Prado (just north of Taos), Taos County. The project includes parking lot improvements as well as installation of new utility lines and a fire hydrant.
NM	Martin Heinrich (NM) Ben Ray Lujan (NM)	Teresa Leger Fernandez (NM03)	Community Facilities Grants	Help New Mexico Inc. NMSCC		\$750,000.00	This Rural Development investment will be used to plan, demolish, renovate, expand, equip, and improve the Mora Food Hub, in Mora County, New Mexico. The recipient is HELP New Mexico Inc. The existing facility will be demolished and expanded to provide adequate storage for both perishable and non-perishable foods, water, and personal care items in the event of fire or flooding. The investment will improve food security across the county since the wildfires that impacted the community's food supply. The Mora Community Food Hub will become a permanent home for the operations of food distribution and storage. The community will be able to receive emergency food assistance on a consistent basis.
NM	Martin Heinrich (NM) Ben Ray Lujan (NM)	Gabe Vasquez (NM02)	Community Facilities Grants	Hatch Valley Public School District		\$200,000.00	This Rural Development investment will be used to purchase equipment for its Animal Science Facility Lab. The Hatch Valley school has created an opportunity for students to raise and house livestock and provide a veterinarian science training and internship program. While addressing critical challenges around animal husbandry education and veterinarian shortages. This program is designed to not only provide students a head start for future college courses in the same fields but also teaches them problem solving skills, and time management of additional responsibilities.
NV	Catherine Cortez Masto (NV) Jacky Rosen (NV)	Steven Horsford (NV04)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Valley Electric Association LLC		\$495,000.00	This Rural Development investment will be used to replace streetlights to LED lights, saving 70 watts per light. This will be a total savings of 589,900 kilowatt hours (kWh) and \$68,858 per year, with a return on investment in 16 years. The recipient, Valley Electric Association (VEA), is a rural electric cooperative that supports many distant and/or distressed rural communities whose energy needs might not otherwise be met. VEA is also a REAP TAG recipient, supporting local farmers, ranchers, and small businesses to apply for REAP funding. This newest investment positions VEA as a close partner of USDA RD and a leading proponent of clean energy and a greener Nevada.

NV	Catherine Cortez Masto (NV) Jacky Rosen (NV)	Steven Horsford (NV04)	Rural Business Development Grants	Mineral County Chamber Of Commerce		\$99,000.00	This Rural Development investment will be used to work towards establishing a Small Business Loan Program that aims to support and empower local enterprises in Hawthorne, NV. This initiative will utilize dedicated funds to provide financial assistance in the form of small business loans to local companies, allowing them to grow, create employment opportunities, and contribute to the economic development of the area. By charging low interest rates on these loans, the program will aim to generate sustainable revenue to support future lending endeavors.
PR		Jennifer Gonzalez-Colon (PR01)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Jack Packaging Corp		\$103,525.00	This Rural Development investment will be used to assist Jack Packaging Inc., a local snacks fabric located at Ciales, Puerto Rico develop a renewable energy system. Project funds will be used for the purchase and installation of an 81.0 kilowatt (kW) solar photovoltaic (PV) system. This project will realize \$22,714 per year in savings and will replace 120,925 kilowatt hours (kWh) per year (122 percent), which is enough electricity to power 11 homes.
WI	Ron Johnson (WI) Tammy Baldwin (WI)	Derrick Van Orden (WI03)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Robert Lambert		\$34,160.00	This Rural Development investment will be used to help Robert Lambert, an agricultural producer in Fountain City, Wisconsin, install a solar electric array. This project is expected to save \$2,286 per year. It will replace 19,537 kilowatt hours (kWh) (100 percent of the business's energy use) per year, which is enough energy to power one home.
WI	Ron Johnson (WI) Tammy Baldwin (WI)	Derrick Van Orden (WI03)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Dean Antilla		\$9,059.00	This Rural Development investment will be used to help Dean Antilla install a 9.80 kilowatt (kW) solar electric array. The rural agricultural producer operates in Pepin, Wisconsin and this project is expected to save \$425 per year. It will replace 12,715 kilowatt hours (kWh) (100 percent of the business's energy use) per year, which is enough to power one home.
WI	Ron Johnson (WI) Tammy Baldwin (WI)	Derrick Van Orden (WI03)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Kory Peterson Dba West Creek Event Center		\$15,656.00	This Rural Development investment will be used to help Kory Peterson dba West Creek Event Center install a 12 kilowatt (kW) solar electric array in Eau Claire, Wisconsin. This project is expected to save the business \$1,422 in electrical costs per year and replace 11,662 kilowatt hours (kWh) (66 percent of the company's energy use) per year, which is enough energy to power one home.

WI	Ron Johnson (WI) Tammy Baldwin (WI)	Derrick Van Orden (WI03)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Verity Farm LLC		\$12,989.00	This Rural Development investment will be used to help agricultural producer Verity Farm LLC install an 11 kilowatt (kW) solar electric array in Durand, Wisconsin. This project is expected to save the farm \$1,300 in electrical costs per year and replace 11,200 kilowatt hours (kWh) (100 percent of the farm's energy use) per year, which is enough energy to power one home.
WI	Ron Johnson (WI) Tammy Baldwin (WI)	Derrick Van Orden (WI03)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Dean Hestekin		\$17,393.00	This Rural Development investment will be used to help agricultural producer Dean Hestekin install a solar electric array in Independence, Wisconsin. This project is expected to save \$1,779 in electrical costs per year and replace 17,977 kilowatt hours (kWh) (100 percent of the company's energy use) per year, which is enough energy to power one home.
WI	Ron Johnson (WI) Tammy Baldwin (WI)	Derrick Van Orden (WI03)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Steven Allemann		\$19,090.00	This Rural Development investment will be used to help agricultural producer Steven Allemann install energy efficient fans, doors and insulation on his chicken house in Eleva, Wisconsin. The project is expected to save \$3,351 in electrical costs per year and save 55,955 kilowatt-hours (kWh) (12 percent of the farm's energy use) per year, which is enough energy to power six homes.
WI	Ron Johnson (WI) Tammy Baldwin (WI)	Derrick Van Orden (WI03)	Rural Energy for America Program (REAP) Renewable and Energy Efficiency Program	Thomas Lambert		\$20,000.00	This Rural Development investment will be used to help agricultural producer Thomas Lambert install a small solar electric array in Trempealeau, Wisconsin. The project is expected to save the farm \$1,513 in electrical costs per year and replace 14,661 kilowatt hours (kWh) (100 percent of the farm's energy use) per year, which is enough energy to power one home.
WI	Ron Johnson (WI) Tammy Baldwin (WI)	Tom Tiffany (WI07) Derrick Van Orden (WI03)	Higher Blends Infrastructure Incentive Program	River Country Co-Op		\$83,556.00	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. River Country Co-Op is the owner of 10 or fewer fueling stations. This project will retrofit twelve E15 dispensers at three fueling stations, located in Wisconsin. Station locations impacted by this grant are: Eau Claire, Cadott, and Chippewa Falls. This project projects to increase the amount of ethanol sold by 2,304,449 gallons per year. The purpose of this funding program is to assist owners of transportation fueling and fuel distribution facilities in activities designed to expand the sales and use of ethanol and biodiesel.

Rural Partners Network Awards  
08.15.24

Loan Amount: \$20,118,000; Grant Amount: \$28,932,251; Combined Loan/Grant Total: \$49,050,251

WV	Joe Manchin (WV) Shelley Capito (WV)	Carol Miller (WV01)	Water and Waste Disposal Loans and Grants	Red Sulphur Public Service District		\$334,000.00	This Rural Development investment will be used to provide additional funding to help extend water service and fire protection to potential new customers in the Adair Road, Little Rich Creek, and Pinhook Road areas. Due to the excess capacity of the water treatment plant, no plant modifications will be needed to provide the extra water needed. In addition, the elevation of the system and potential customers will allow for the tanks and pumps to operate the system without any additional tanks or pumps.
WV	Joe Manchin (WV) Shelley Capito (WV)	Carol Miller (WV01)	Community Facilities Grants	McDowell County Commission		\$5,468,000.00	This Rural Development investment will be used to construct a county commission building to house the County Commission, Magistrate Court, Day Reporting, Probation Office, and the West Virginia Extension Office. This project received Congressionally Directed Spending funds.
WV	Joe Manchin (WV) Shelley Capito (WV)	Carol Miller (WV01)	Community Facilities Grants	Montgomery Building Commission		\$833,000.00	This Rural Development investment will be used to upgrade the Montgomery City Hall facility. The project will replace the roof, upgrade the heating, ventilation, and air conditioning system, upgrade restrooms, replace several windows, and make building access points compliant with the Americans with Disabilities Act. The project will benefit the city's 1,638 residents.
WV	Joe Manchin (WV) Shelley Capito (WV)	Carol Miller (WV01)	ARC grants administered by WEP	City of Williamson		\$4,200,000.00	Rural Development is administering this additional Appalachian Regional Commission investment to construct various upgrades for the City of Williamson's water treatment, storage, and distribution systems. The project will install new high service pumps and filter media at the treatment system. The project will construct approximately 15,100 feet of 24-inch and smaller diameter water mains, a 500-gallon-per-minute booster pump station, and four new water storage tanks of varying capacity. In addition, the project will rehabilitate a 300,000 gallon water storage tank and install numerous pressure-reducing stations and back-up generators for the treatment plant and booster pump station.
