State	Senators	Representatives	Program	Recipient	Grant	Project Description
Rural Business - Cooperative Service Programs						
DC		Eleanor Holmes Norton (At Large)	Appalachian Regional Commission Grant	Appalachian Regional Commission	\$1,600,000	Rural Development is administering this Appalachian Regional Commission investment. The investment will help offset the costs associated with providing assistance to businesses and residents located in the designated counties in thirteen states (Alabama, Georgia, Kentucky, Maryland, Mississippi, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Virginia, and West Virginia). The proposed project will focus on substance use disorder recovery to work projects within the Appalachia's Workforce Ecosystem. The project will increase the education, knowledge, skills, and health of residents to work and succeed in Appalachia. The program will focus on opioid substance abuse treatment and workforce rehabilitation projects, including, but not limited to, repurposing and updating existing structures to serve as health and rehabilitation facilities. These projects will be located primarily in Persistent Poverty Counties within the Appalachian Region. The grant will be administered by the USDA Rural Development office which oversees the programs of the Rural Business Cooperative Service.
DC		Eleanor Holmes Norton (At Large)	Appalachian Regional Commission Grant	Appalachian Regional Commission	\$1,400,000	Rural Development is administering this Appalachian Regional Commission investment to offset the costs associated with providing assistance to businesses and residents located in the designated counties in Alabama, Georgia, Kentucky, Maryland, Mississippi, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Virginia and West Virginia. The proposed project is for comprehensive regional economic development planning in rural areas, leadership planning and to fund projects eligible under the Rural Business Development Grant and Community Facility Grant programs. The grant will be administered by USDA Rural Development which oversees the programs of the Rural Business Cooperative Service.
KY	Mitch McConnell Rand Paul	Harold Rogers (05)	Appalachian Regional Commission Grant	Breathitt County Fiscal Court	\$500,000	Rural Development is administering this Appalachian Regional Commission investment, which will be used to redevelop a former mine land site into a campground offering primitive camping, RV sites, and 11 furnished cabins, as well as a bath house, small playground, and a facility housing a front office, campground store, laundry machines, and staff apartments. The campground will serve as the hub and trailhead for the South Fork corridor of the Kentucky Mountain Trail Authority.
KY	Mitch McConnell Rand Paul	Harold Rogers (05)	Appalachian Regional Commission Grant	Breathitt County Fiscal Court	\$708,500	Rural Development is administering this Appalachian Regional Commission investment, which will be used to construct an approximately 2,500-square-foot visitor center with amenities including Kentucky Proud products, snacks, public restrooms, arts, crafts, and other items from Eastern Kentucky artisans. The visitor center/campground will serve as the hub and trailhead for the South Fork corridor of the Kentucky Mountain Trail Authority.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
NH	Jeanne Shaheen Margaret Hassan	Ann Kuster (02)	Appalachian Regional Commission Grant	Northern Borders Regional Commission	\$3,000,000	Rural Development is administering this Appalachian Regional Commission investment to enhance the Northern Border Regional Commission's work to catalyze regional, collaborative, and transformative community economic development approaches that alleviate economic distress. Funding will target rural businesses by supporting business growth and innovation, workforce development, and technical assistance to the outdoor recreation economy sector. The project will be accomplished through collaboration between a variety of stakeholders working across the recipient's service area, including targeted regions of New York, Vermont, New Hampshire, and Maine.
NY	Charles Schumer Kirsten Gillibrand	Pat Ryan (19)	Appalachian Regional Commission Grant	Village of Schoharie	\$150,000	Rural Development is administering this Appalachian Regional Commission investment to construct a 1.75 mile multi-use loop trail along the Schoharie Creek in the village of Schoharie, New York. With three ultimate access points, the trail will accommodate a canoe/kayak launch site along the creek and include signage, picnic tables, interpretive materials, bike racks and split rail fencing/landscaping. The trail is an economic development project designed to foster visitation to the village, enhance outdoor recreation, provide access to the creek and linkages to downtown Schoharie businesses and services. This project will help create six jobs and support an additional three jobs.
PA	Robert Casey Patrick Toomey	Glenn Thompson (15)	Appalachian Regional Commission Grant	Jenks Township	\$117,407	Rural Development is administering this Appalachian Regional Commission investment to renovate and upgrade the historic train station into a visitor and welcome center for the Marienville Trail Hub. This facility will be the centerpiece of a Four-Season Trail Hub that is currently being built in Marienville. This trail hub will connect to the larger Knox and Kane trail system. This connection will give the community four seasons of recreational opportunities starting from one location and all having their own trail. Recreation has always been a large part of the local economy and with the addition of this trail hub it will provide entrepreneurs opportunities to develop new business or expand existing businesses.
WV	Joe Manchin Shelley Capito	Alex Mooney (02)	Appalachian Regional Commission Grant	City of Ripley	\$1,500,000	Rural Development is administering this Appalachian Regional Commission investment to the city of Ripley to provide alternatives to transporting the sewage from Ripley and Evans to a singular location to be treated before discharging into one of the surrounding streams.
AR	John Boozman Tom Cotton	Rick Crawford (01) French Hill (02) Bruce Westerman (04)	Delta Health Care Grants	University of AR for Medical Sciences	\$999,957	This Rural Development investment will be used to help University of Arkansas for Medical Sciences expand their telehealth initiative. The existing Delta-based Telehealth Training Centers, located in three Arkansas cities, reaches an array of rural residents and professionals. This project will provide education about telehealth and how it can be used in an individual's life.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
AR	John Boozman Tom Cotton	Rick Crawford (01) French Hill (02)	Delta Health Care Grants	Winrock International	\$448,565	This Rural Development investment will be used to help Winrock International address healthcare needs in four Arkansas counties in the Delta Region. The target audience will be employees, chambers of commerce, and worksites. The project will reach a key sector of the Delta population and address chronic disease burdens driven by social and economic determinants. With the goal of fostering total worker health, the project provides targeted assistance to employees, employers, clinical staff, nurses, and community health workers.
KY	Mitch McConnell Rand Paul	James Comer (01)	Delta Health Care Grants	KY Community & Technical College System	\$672,791	This Rural Development investment will be used to enhance health care job training programs with recruitment, advising, and retention strategies meant to align students' interests and aptitudes with job opportunities in high demand healthcare fields. This project is targeted for Caldwell, Hopkins, Muhlenberg, and Webster counties.
KY	Mitch McConnell Rand Paul	James Comer (01)	Delta Health Care Grants	Murray State University	\$957,959	This Rural Development investment will be used to help implement an interdisciplinary scientific student success program using simulation. The program aims to provide supportive education/training of a variety of students majoring in health care programs. This simulation program will be used to recruit students to a health care pathway, including nursing; educating and graduating nurses to the workforce to fill current shortages; and provide continuing education for professionals working in the field at the local hospital. The three goals will extend health care technical education in Kentucky's Delta region, comprised of 18 counties. The project will have a \$206,508 borrower contribution and will create two jobs.
AZ	Kyrsten Sinema Mark Kelly	Tom O'Halleran (01)	Socially-Disadvantaged Groups Grants	Dine Community Development Corporation	\$95,000	This Rural Development investment will complete a feasibility study and prepare a business to develop a reservation-based worker cooperative on the Navajo Nation. Dine Community Development Corporation works to develop and provide program services to support economic sustainability and community development within the Navajo Nation and other Native American communities.
AZ	Kyrsten Sinema Mark Kelly	Tom O'Halleran (01)	Socially-Disadvantaged Groups Grants	North Leupp Family Farms	\$174,980	This Rural Development investment will provide be used to provide technical assistance and training to socially disadvantaged groups to promote cooperative development, primarily on the Navajo Nation and Hopi Reservation as well as other Native American tribes in Arizona and the surrounding states. North Leupp Family Farms is a community-based farm coop which supports Navajo families and local agriculture.
CA	Dianne Feinstein Alex Padilla	John Garamendi (03)	Socially-Disadvantaged Groups Grants	California Center for Cooperative Development	\$175,000	This Rural Development funds will be used to provide technical assistance to cooperatives who are comprised of socially disadvantaged individuals. Services include delivering cooperative development training, and conduct feasibility studies, and financial technical assistance located in socially disadvantaged California communities. This project will help 41 businesses, five Coops and will create one new and save one rural job.

**USDA Rural Development
Equity
12.16.2022**

State	Senators	Representatives	Program	Recipient	Grant	Project Description
CA	Dianne Feinstein Alex Padilla	Nancy Pelosi (12)	Socially-Disadvantaged Groups Grants	Democracy at Work Institute	\$175,000	This Rural Development investment will be used to provide technical assistance to at least four different existing socially-disadvantage cooperatives as well as work with organizing groups made up of socially-disadvantaged individuals, Native American and Native Alaskan organizations working on cooperative projects mainly in rural California, Alaska, and South Dakota. This grant will help create 15 and save five rural jobs in California. In addition, the organization is projecting to assist at least seven co-ops which will create a number of rural jobs.
DC		Eleanor Holmes Norton (At Large)	Socially-Disadvantaged Groups Grants	Cooperative Development Foundation	\$175,000	This Rural Development investment will be used to further the development and execution of a national strategy for rural home care cooperative development. This includes support to further the work of the Native American Agriculture Fund (NAAF) to explore the potential for cooperatives to build a more just and effective food system for Indian Country. Cooperative Development Foundation serves at the national level, working with local partners to create cooperative solutions.
IL	Richard Durbin Tammy Duckworth	Darin LaHood (18)	Socially-Disadvantaged Groups Grants	Western Illinois University Board of Trustees	\$141,450	This Rural Development investment will be used to help fund the operations of the Illinois Cooperative Development Center (ICDG), which is housed within the Illinois Institute for Rural Affairs at Western Illinois University. While the ICDG will provide an array of technical assistance to rural cooperatives across Illinois, and possibly into other Midwestern states. This project will focus on assisting the 10 rural communities identified by Rural Development as equity communities. These communities will receive one-on-one attention through workshops, presentations, and grant writing assistance.
MN WI	Amy Klobuchar (MN) Tina Smith (MN) Ron Johnson (WI) Tammy Baldwin (WI)	Michelle Fischbach (MN 07) Mark Pocan (WI 02)	Socially-Disadvantaged Groups Grants	Cooperative Development Services Inc.	\$45,815	This Rural Development investment will be used to provide technical assistance to the White Earth Band of Minnesota Chippewa. The project will deliver pre-feasibility assessments of the potential for cooperative ownership of a retail food venue and the establishment of a community kitchen. The project will increase access to healthier foods, especially traditional Native American foods.
MS	Roger Wicker Cindy Hyde-Smith	Bennie Thompson (02)	Socially-Disadvantaged Groups Grants	Tri County Agricultural Cooperative	\$175,000	This Rural Development investment will used to conduct educational training programs, establish demonstration sites, conduct farm field-days and conferences, and provided one-on-one assistance. The areas served include Tallahatchie, Yalobusha, Panola, Tate, Quitman and Grenada counties.
MT	Jon Tester Steve Daines	Matt Rosendale (At Large)	Socially-Disadvantaged Groups Grants	Montana Cooperative Development Center	\$175,000	This Rural Development investment will be used to assist Montana Cooperative Development Center, a non-profit organization, in funding technical assistance to support the development of programming and feasibility work for indigenous communities to build local solutions using cooperative business models. The funding will also support women equity programs for Montana women. Montana Cooperative Development Center will provide most of the work internally with the assistance of three contracted specialists. Partnerships include working with Native Ways on a feasibility study and business plan development, the Economic Development Administration for workforce development and a private financial planning company for strengthening start-up cooperatives.

**USDA Rural Development
Equity
12.16.2022**

State	Senators	Representatives	Program	Recipient	Grant	Project Description
NE	Deb Fischer Ben Sasse	Michael Flood (01)	Socially-Disadvantaged Groups Grants	Board of Regents, University of Nebraska	\$175,000	This Rural Development investment will be used to provide technical assistance to socially disadvantaged groups looking to enhance local food systems, health care providers, and small businesses, to support economic and cooperative development in rural areas. Nebraska Cooperative Development Center will work with eight groups, and one cooperative will be formed.
PA	Robert Casey Patrick Toomey	Lloyd Smucker (11)	Socially-Disadvantaged Groups Grants	Keystone Development Center Inc	\$60,555	This Rural Development investment will be used to provide technical assistance for the business development of cooperatives in rural Pennsylvania for the socially disadvantaged groups consisting of women flower and fiber farmers and a woman-owned dance arts business. Keystone Development Center (KDC) will work with 15 women fiber farmers to lay the foundation for a cooperative for flax growers, a cooperative flax mill, and preliminary work toward cooperative businesses in end-product fabrication and sales. The project with the 10 women of the Chesapeake Flower Exchange will result in a flower growers' cooperative owned and led by female flower growers in rural Maryland. In Meadville, Pennsylvania, KDC will work with a dance studio owner to conduct a feasibility analysis of a conversion from worker to owner and will engage the six current employees in cooperative education and capacity building. These cooperatives will enable women to unite in solidarity, provide self-help strategies, and form a network of mutual support to overcome barriers and increase their economic prosperity.
SC	Lindsey Graham Tim Scott	Ralph Norman (05)	Socially-Disadvantaged Groups Grants	Rural Urban Progressive Cooperative	\$129,255	This Rural Development investment will be used to provide technical assistance to Cooperative members. Specifically, they will help members to cooperatively produce high quality specialty crops, follow food safety guidelines, and direct market their produce. It is expected that about fifty farmers will participate in this training.
SC	Lindsey Graham Tim Scott	Jeff Duncan (03)	Socially-Disadvantaged Groups Grants	SC Beef Marketing Cooperative	\$85,000	This Rural Development investment will be used to provide technical assistance to cooperative members in Oconee County. It is expected that 26 members will participate in the training and more farmers will join the SC Beef Marketing Cooperative as a result of this assistance.
TX	John Cornyn Ted Cruz	Vicente Gonzalez (15)	Socially-Disadvantaged Groups Grants	University of Texas - Rio Grande Valley	\$174,845	This Rural Development investment will be used to help with the costs of delivering technical assistance to members of two Socially Disadvantaged Groups, Hispanics and Women, located in rural South Texas who are members of cooperatives or who want to form cooperatives. Technical assistance will be delivered face-to-face or remotely through group trainings and one-to-one counseling sessions to members of these socially disadvantaged groups.
WA	Patty Murray Maria Cantwell	Suzan DelBene (01)	Socially-Disadvantaged Groups Grants	Northwest Agri Business Center	\$174,900	This Rural Development investment will be used to provide technical assistance to socially disadvantaged groups. The technical assistance will be provided for the purpose of assisting cooperatives or groups that want to form cooperatives. Strategies include cooperative development education and training, market research, product and/or service improvement, legal advice and assistance, feasibility studies, business planning, marketing plan development, and training that will support socially disadvantaged cooperatives and groups of socially disadvantaged farmers.

**USDA Rural Development
Equity
12.16.2022**

State	Senators	Representatives	Program	Recipient	Grant	Project Description
WA	Patty Murray Maria Cantwell	Marilyn Strickland (10)	Socially-Disadvantaged Groups Grants	NW Coop Dev. Center	\$175,000	This Rural Development investment will be used to advise and educate members of socially-disadvantaged groups, specifically involving cooperatives and cooperative business model development. Technical assistance will include co-op business model education, feasibility research, cost analysis, strategic and business planning, board/management/member coaching and training, capitalization planning, accounting assistance, operations development, marketing and branding, and first response. Funds will be used to ensure technical assistance is accompanied by interpreters or translations, when needed, to fully involve members of the co-ops. This project will benefit socially-disadvantaged groups who have been subjected to racial, ethnic, or gender prejudice because of their identities as members of these groups without regard to their individual and collective qualities of excellence.
Rural Housing Service						
CA	Dianne Feinstein Alex Padilla	Jared Huffman (02)	Community Facility Disaster Grants	Westport Volunteer Fire Department	\$50,000	This Rural Development investment will be used to purchase an emergency all-terrain vehicle (ATV) that will be used to save lives. The ATV will be equipped with a CPR board to provide lifesaving procedures. The new ATV unit will be vital for firemen to gain access to the area and respond much faster during emergency situations.
CA	Dianne Feinstein Alex Padilla	Mike Thompson (05)	Community Facility Disaster Grants	Sonoma County Fire District	\$50,000	This Rural Development investment will be used to purchase hoses, nozzles and an all-terrain vehicle (ATV) to be used on the coast to save lives. The ATV will be equipped with a CPR board to provide lifesaving procedures. The new ATV unit will be vital for firemen to gain access to the area and respond much faster during emergency situations.
CT	Richard Blumenthal Christopher Murphy	Joe Courtney (02)	Community Facility Disaster Grants	Mashantucket Pequot Tribal Nation	\$63,100	This Rural Development investment will be used to purchase and install an emergency backup generator at the public works department building. The current generator is outdated and failing inspections.
FL	Marco Rubio Rick Scott	Neal Dunn (02)	Community Facility Disaster Grants	City Of Chipley	\$75,000	This Rural Development investment will be used to purchase equipment for the Chipley public works department. The city currently lacks adequate maintenance equipment for roads, public works and city facilities. This project and the addition of this equipment will allow for increased capabilities and enable the city to provide necessary services to its citizens.
FL	Marco Rubio Rick Scott	Neal Dunn (02)	Community Facility Disaster Grants	Holmes County Hospital Corporation	\$75,000	This Rural Development investment will be used to purchase a nuclear medicine camera, ultrasound machine and security system equipment for Holmes County Hospital Corporation. The equipment will expand health care services to patients and help the hospital improve the safety of staff, patients and visitors through enhanced monitoring.
GA	Jon Ossoff Raphael Warnock	Rick Allen (12)	Community Facility Disaster Grants	Montgomery County Board of Commissioners	\$17,600	This Rural Development investment will be utilized to purchase a breathing air compressor system for the fire department. The equipment will be used by all fire stations throughout Montgomery County. The current system is very old and parts are no longer available for it. Without this equipment the Montgomery County Fire Department firefighters cannot fight fires that require entering a building or rescuing fire victims because they would risk death themselves.
IA	Chuck Grassley Joni Ernst	Ashley Hinson (01)	Community Facility Disaster Grants	City of Waucoma	\$50,000	This Rural Development investment will be used to help the city of Waucoma purchase emergency response communication equipment. This project will provide new equipment which is compatible with Fayette County's communication system. Once installed, the equipment will enable emergency responders to more effectively serve all residents in the rural community of Waucoma, population 257, as well as residents of the surrounding rural areas.
IA	Chuck Grassley Joni Ernst	Randy Feenstra (04)	Community Facility Disaster Grants	City of Persia	\$50,000	This Rural Development investment will be used to help the city of Persia in Harrison County purchase an ambulance. This project will replace an aging unit in need of repair. Once in operation, the new ambulance will facilitate emergency services for 319 residents of the city and for three surrounding rural townships.
IN	Todd Young Mike Braun	Trey Hollingsworth (09)	Community Facility Disaster Grants	Harrison Township Fire Protection District	\$236,500	This Rural Development investment will be used to assist the Harrison Township Fire Protection District purchase a fire protection truck to replace a current one at the end of its useful life. The new truck will have a 100-foot ladder to allow firefighters to reach the roofs of multiple story structures.
IN	Todd Young Mike Braun	Rudy Yakym (02)	Community Facility Disaster Grants	Town Of Roann	\$38,500	This Rural Development investment will be used to purchase a law enforcement sport utility vehicle for the town of Roann. This vehicle will replace an older vehicle past the end of its useful life and will allow the town to provide emergency services to the community.

**USDA Rural Development
Equity
12.16.2022**

State	Senators	Representatives	Program	Recipient	Grant	Project Description
KS	Roger Marshall Jerry Moran	Jake LaTurner (02)	Community Facility Disaster Grants	Independence Historical Museum Inc.	\$59,200	This Rural Development investment will be used to purchase and replace exterior windows, doors, grates, handrails, and fire exit hardware in the Independence Historical Museum in Independence. The National Register property serves as a place for the museum to preserve the history of the area, enrich the culture of the community, promote the arts and provide activities and programs for the enjoyment of the community.
KY	Mitch McConnell Rand Paul	Harold Rogers (05)	Community Facility Disaster Grants	Rousseau Volunteer Fire Department	\$189,400	This Rural Development investment will be used to construct a 5,000-square-foot building to house the volunteer fire department and its equipment. The building will be able to accommodate two vehicle storage bays, an open training area, office, break room, and restroom. The building will help the volunteer fire department provide continued fire and emergency response for a rural population in Breathitt County.
MA	Elizabeth Warren Ed Markey	William Keating (09)	Community Facility Disaster Grants	Latham Centers Inc.	\$75,000	This Rural Development investment will be used to provide funding toward the expansion of the residential campus health, fitness, vocational and community center. Latham Centers is a nationally accredited residential treatment center providing therapeutic, clinical, educational, and occupational services to individuals with Prader-Willi syndrome. This residential therapeutic school provides treatment services to approximately 45 students, seven days a week, 365 days a year.
MD	Benjamin Cardin Chris Van Hollen	David Trone (06)	Community Facility Disaster Grants	Hancock Fire Company Inc.	\$53,700	This Rural Development investment will be used to purchase hoses, nozzles and battery-operated extraction equipment for the Hancock Fire Company Inc. located in Washington County, Maryland. The area to be served is truly rural in nature.
MD	Benjamin Cardin Chris Van Hollen	David Trone (06)	Community Facility Disaster Grants	Hancock Rescue Squad Inc.	\$79,500	This Rural Development investment will be used to purchase equipment including radios, with vehicle chargers and lapel microphones and a vehicle with added cargo space to allow for additional equipment and enhanced medical intervention. The items will be vital during emergency rescue situations.
MD	Benjamin Cardin Chris Van Hollen	Jamie Raskin (08)	Community Facility Disaster Grants	Town Of Emmitsburg	\$75,000	This Rural Development investment will be used to assist with costs associated with the town of Emmitsburg's street lighting upgrade project along Main Street and Seton Avenue in Emmitsburg, Frederick County Maryland.
MD	Benjamin Cardin Chris Van Hollen	David Trone (06)	Community Facility Disaster Grants	Interfaith Service Coalition of Hancock	\$75,000	This Rural Development investment will be used to purchase a generator and solar panels to guarantee the continuity of the services for the youth center. The center is located at one of its primary facilities, Martha's House and is a food source site, with a theatre in the lower level. The facility has been used as a cooling station when temperatures exceed 102 degrees and is used by both the public and firefighters and other first responders. Interfaith Service Coalition of Hancock, Maryland Inc. is in Washington County.
MN	Amy Klobuchar Tina Smith	Michelle Fischbach (07)	Community Facility Disaster Grants	City of Currie	\$20,000	This Rural Development investment will be used to purchase a street sweeper for the city of Currie. The city provides a standard amount of street maintenance services within its city limits. However, the city is lacking a street sweeper which puts a burden on city personnel during both routine maintenance and storm cleanup activities. Major storms can result in the buildup of debris, which can harm the city's storm drains. This project will help the city provide enhanced street cleanup services while easing the burden on maintenance personnel.
MN	Amy Klobuchar Tina Smith	Michelle Fischbach (07)	Community Facility Disaster Grants	City of Warren	\$435,000	This Rural Development investment will be used to build a daycare facility in the city of Warren. The city's current daycare facility is licensed for 52 children and enrollment is at capacity. A study conducted by First Children's Finance determined there is a need for 87 additional childcare slots within a 10-mile radius of Warren. There is no room to expand the current facility, and there is not another building in the community that will accommodate the square footage needed to expand to the number of licensed slots needed. The new facility will be built on a city-owned parcel and provide 110 licensed slots for daycare infants to school-aged children, a Headstart Early Childhood program for Marshall County, and 15 school-aged summer spots.
MN	Amy Klobuchar Tina Smith	Brad Finstad (01)	Community Facility Disaster Grants	The Children's Center	\$3,629	This Rural Development investment will be used to renovate the parking lot at The Children's Center in Albert Lea. The Children's Center was formed in 1969 and it has two locations in Albert Lea. This project will renovate the parking lot at their primary location on James Avenue. This facility houses seven classrooms and provides full-day care for over 140 children, ages six weeks to 4th grade. The current parking lot was built in 1991. In general, the expected life of a parking lot is 20 years. This parking lot is 31 years old and is past its useful life. It has been patched and sealed throughout its history, but it has never been completely replaced. It has developed large cracks and some chunks have broken out of it and left holes. As a result of its deteriorating condition, the parking lot has become unsafe and needs complete restoration to ensure that all people may safely walk through the parking lot without tripping or falling.

Equity
12.16.2022**

State	Senators	Representatives	Program	Recipient	Grant	Project Description
MN	Amy Klobuchar Tina Smith	Michelle Fischbach (07)	Community Facility Disaster Grants	City of Argyle	\$75,000	This Rural Development investment will be used to purchase a tractor for the city of Argyle. A rural community in Northwest Minnesota about 40 miles from the Canadian border. The city is currently using a 25-year-old 1997 tractor for snow blowing, ditch mowing, and other public works jobs. Because this tractor is so old it frequently needs repair. With all the new advancements in technology, this tractor will benefit the city tremendously.
MN	Amy Klobuchar Tina Smith	Angie Craig (02)	Community Facility Disaster Grants	Eagle Watch Inc. DBA National Eagle Center	\$59,000	This Rural Development investment will be used to purchase technology and educational equipment for Eagle Watch Inc. dba National Eagle Center. The equipment will be used to further their mission of educating the public about the eagle including their importance to international cultures, science and environmental stewardship, and American and Indian symbolism.
MO	Roy Blunt Josh Hawley	Vicky Hartzler (04)	Community Facility Disaster Grants	City of Slater	\$74,250	This Rural Development investment will be used to purchase a backhoe for the city of Slater. The city needs a new backhoe to replace their current backhoe that is approximately 20 years old and nearing the end of its useful life. The new backhoe will be used for different aspects of city maintenance.
MO	Roy Blunt Josh Hawley	Jason Smith (08)	Community Facility Disaster Grants	City of Hayti	\$74,700	This Rural Development investment will be used to purchase three storm sirens for the City of Hayti. The city currently has two storm sirens that are outdated and not strong enough to reach all citizens. The new sirens will provide coverage for the entire city. □
NC	Richard Burr Thom Tillis	Patrick McHenry (10)	Community Facility Disaster Grants	Surry Medical Ministries Foundation Inc.	\$500,000	This Rural Development investment will be used to purchase an existing facility for Surry Medical Ministries. The proposed facility will allow the department to continue its mission and provide free primary care to uninsured, low-income residents in the greater Surry County area. The project is a 9,342 square foot structured facility that will be converted to a medical office. The structure will be redesigned to accommodate more daily patients, six exam rooms, a pharmacy, and additional services available such as financial counselors and nurses. The project is an essential community facility that will provide medical services primarily for rural residents of Surry County.
NC	Richard Burr Thom Tillis	G.K. Butterfield (01)	Community Facility Disaster Grants	Snow Hill Rural Fire Department Inc.	\$75,000	This Rural Development investment will be used to purchase a brush fire truck for the Snow Hill Rural Fire Truck Department Inc. The department currently owns six trucks ranging from one to 36 years old. The vehicle will replace the older, unreliable brush truck that is more than 30 years old, which will improve the emergency response capabilities. All applicable fees and expenses related to the transaction will be included in the project. The addition of this new truck will help the department provide enhanced firefighting services in the remote areas they serve.
ND	John Hoeven Kevin Cramer	Kelly Armstrong (At-Large)	Community Facility Disaster Grants	City of Napoleon	\$75,000	This Rural Development investment will be used to finance a garbage truck for the city of Napoleon, North Dakota. The city of Napoleon currently has one smaller capacity garbage truck that is a 2007 Sterling Truck. The city used to haul it's garbage to a different town, but that town is no longer accepting outside refuse in its landfill. This has led to Napoleon hauling their garbage to a larger city instead. Due to smaller capacity of their existing garbage truck, they have to make the trip to the larger city two times a week. This is costing Napoleon additional expenses in contract services and salary. The 2007 Sterling truck is pushing 90,000 miles. The garbage truck body has had many problems. Specifically, these garbage bodies can only compress garbage so many times before the metal gets fatigued. The city of Napoleon would like to purchase a new garbage truck that has more capacity to hold more refuse, therefore cutting down the number of trips from two to one to the larger city's landfill. With the trips to the larger city they put 20,000 miles on the truck, by up-sizing the garbage body on the new truck they anticipate cutting their mileage in half.
ND	John Hoeven Kevin Cramer	Kelly Armstrong (At-Large)	Community Facility Disaster Grants	Elgin-New Leipzig School District	\$47,135	This Rural Development investment will be used to replace a unit ventilator and make needed repairs to the tunnel system at the Elgin/New Leipzig Public School. The Elgin/New Leipzig school district serves an area with a population of 1,371 residents. Replacing this ventilator completes the plan to replace all the existing outdated ventilators in the high school which should greatly improve the indoor air quality of the building. Improved air quality should also decrease the likelihood of viruses being spread in the school building. The tunnel system needs to be cleaned out and repairs made as there has been standing water in the tunnel after rains which has resulted in mold which presents a health and safety hazard.
NE	Deb Fischer Ben Sasse	Adrian Smith (03)	Community Facility Disaster Grants	Lynch Rural Fire District	\$16,200	This Rural Development investment will be used to purchase two grass rig pickups, which will have specially designed work beds and other upgrades completed to outfit them with firefighting capabilities. These trucks will replace the existing grass-rig firetrucks that have reached their useful life cycles. Securing the new 4x4 pickups will greatly enhance the district's ability to respond to incidents. The funding is needed to cover the price increase of the trucks and the equipment needed for the upgrades. These cost increases are consistent with what is being seen nationwide with the effects of supply shortages and shipping costs. This project will ensure the continuity of services and will enhance public safety of the service area.

Equity
12.16.2022**

State	Senators	Representatives	Program	Recipient	Grant	Project Description
NE	Deb Fischer Ben Sasse	Adrian Smith (03)	Community Facility Disaster Grants	Ciy Of Laurel	\$50,000	This Rural Development investment will be used to purchase equipment to furnish the city's new community center. The city's old auditorium was not meeting the city's needs for a community center. The auditorium was old and not up to building code or Americans with Disabilities Act standards. It would have been cost prohibitive for the city to renovate the auditorium, so a new community center was built. The equipment that will be purchased includes utility carts, wire utility shelving, reach-in freezer, reach-in refrigerator, mobile worktable, microwave shelf and microwave oven, display refrigerator, drop-in ice chest, portable bar, mop sink with cabinet, three compartment sink, and audio and visual system, tables and chairs, carts for the chairs, and a wheelchair lift and accessories.
NH	Jeanne Shaheen Maggie Hassan	Chris Pappas (01)	Community Facility Disaster Grants	Town of Tamworth	\$493,000	This Rural Development investment will be used to increase the recycling capacity of the Tamworth Transfer Station. The station provides management services of household and construction wastes prior to transferring off site to landfill and recycling markets for 2,856 residents. The proposed project includes a facility addition and new equipment to enable efficient source-separated recycling, with sorting, baling, storage and eventual marketing of recycled materials. The project will save the town approximately \$60,000 per year from avoided landfill costs and reduce an estimated 371 tons of household waste going to the landfill each year. Energy-efficient practices like LED lighting will be incorporated into the new facility addition. This infrastructure improvement project, through its focus on more efficient recycling, will have an effect on climate change and groundwater pollution issues in the future as it addresses the New Hampshire lack of landfill property capacity.
NY	Charles Shumer Kirsten Gillibrand	Joe Sempolinski (23)	Community Facility Disaster Grants	Village of Celoron	\$75,000	This Rural Development investment will be used to purchase a 2023 International HV607 SBA garbage truck for the village of Celoron, located in Chautauqua County, New York. The new garbage truck will help ensure that the village has adequate equipment to provide the residents with the service of picking up their garbage.
OK	James Inhofe James Lankford	Markwayne Mullin (02)	Community Facility Disaster Grants	Tushka Public Schools	\$75,000	This Rural Development investment will be used to purchase one 71 passenger school bus for Tushka Public Schools. This air-conditioned bus will provide more storage and comply with the new COVID-19 regulations allowing for a safe distance between passengers while traveling to and from school and school activities. This project will greatly increase the safety and mobility of the school's transportation.
OK	James Inhofe James Lankford	Markwayne Mullin (02)	Community Facility Disaster Grants	Tuskahoma Public Schools	\$75,000	This Rural Development investment will be used to purchase one 30 passenger buses, one SUV, 65 laptops and new networking equipment for Tuskahoma Public Schools. This district currently has only one working school bus to complete all bus routes and does not have any vehicles for the staff. These vehicles will allow the district to increase their bus routes and also make meal deliveries in the event of another pandemic situation that moves the school to distance learning. The laptops will be used by students during the distance learning days.
OK	James Inhofe James Lankford	Markwayne Mullin (02)	Community Facility Disaster Grants	City of Heavener	\$128,800	This Rural Development investment will be used to renovate the old city hall and masonic lodge. The building was acting as a community center, but is currently unusable due to needing extensive repairs. Once repaired, the three-story building will be used to teach drama, music, dance, and fine arts. There will be mental therapy services offered for children with various mental health issues. The renovation will also bring the building up to current Americans with Disabilities Act compliance.
SC	Lindsey Graham Tim Scott	James Clyburn (06)	Community Facility Disaster Grants	Voorhees Univesity	\$3,902	This Rural Development investment will be used to purchase seven heating, ventilation, and air conditioning (HVAC) systems campus-wide. These improvements will allow Voorhees University to upgrade their HVAC systems in the living and learning communities, academic buildings, and student services buildings.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
SD	John Thune Mike Rounds	Dusty Johnson (At-Large)	Community Facility Disaster Grants	Town of Stickney	\$105,000	This Rural Development investment will be used to purchase a payloader. The investment will allow the town to use their own equipment rather than renting from other entities, saving the community funds for other needed projects.
TX	John Cornyn Ted Cruz	August Pfluger (11)	Community Facility Disaster Grants	Richland Springs	\$42,000	This Rural Development investment will be used to purchase a vehicle for the Richland Springs Public Works Department and other city operations to serve the community residents. The city needs a reliable truck to pull the city's heavy equipment to replace older vehicles with high mileage requiring constant upkeep.
VA	Mark Warner Tim Kaine	Morgan Griffith (09)	Community Facility Disaster Grants	Grayson County	\$41,600	This Rural Development investment will be used to purchase two law enforcement vehicles. The applicant currently has a fleet of thirty vehicles, several with high mileage and costly repairs. The new properly equipped vehicles will replace two of the older vehicles.
VA	Mark Warner Tim Kaine	Morgan Griffith (09)	Community Facility Disaster Grants	Grayson County	\$75,000	This Rural Development investment will be used to purchase two sanitation vehicles. The applicant currently has a fleet of three garbage trucks which two are unreliable and have costly repairs. The new vehicles will replace the older vehicles.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At-Large)	Housing Preservation Grant	Alaska Native Tribal Health Consortium	\$250,000	This Rural Development investment will be used to replace home foundations for fourteen very low-income families in the Native Village of Akiachak, Alaska. Akiachak (ACK-ee-uh-chuck), population 660, is on the west bank of the Kuskokwim River in the Yukon-Kuskokwim Delta 18 miles northeast of Bethel. The community is in the Yukon Delta National Wildlife Refuge. The topography of the lower Kuskokwim River is fairly flat tundra interspersed with rivers, sloughs, ponds and marshes. The riverbank is used for boat access, snowmachine and ATV access, barge access, boat storage, fishing and hunting, processing catch, and driftwood collecting. Periodic high river flow and water level fluctuations, flooding, ice jams, spring break up, and melting permafrost contribute to erosion and the need for foundation replacements.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
AZ	Kyrsten Sinema Mark Kelly	Tom O'Halleran (01)	Housing Preservation Grant	City of Eloy	\$100,000	This Rural Development Investment will be used to assist low and very-low income families in the City of Eloy through the repair and rehabilitation of four households, totaling 12-15 individuals. The City of Eloy operates an Owner-Occupied Housing Rehabilitation program to perform work including removing health and safety hazards and improving accessibility for handicapped individuals. This program has been successful for more than 15 years. The City of Eloy is a first-time recipient of Housing Preservation Grant funds which will provide \$100,000 to the City for use in its rehabilitation program. Combined with more than \$300,000 in funding from the Department of Housing and Urban Development, these resources constitute a significant investment to this rural area. The rehabilitation and repair of these homes allows the families to stay in their own home and keep it in good repair, which helps them and their communities prosper.
AZ	Kyrsten Sinema Mark Kelly	Tom O'Halleran (01)	Housing Preservation Grant	Nahata Foundation Inc	\$100,000	This Rural Development Investment will be used to repair USDA, Rural Development financed 538 multi-family rental properties. The Nahata Foundation Inc. was awarded \$100,000.00 persistent poverty funding to work with the ownership group of the homes Ft. Defiance d/b/a Sandstone Housing to repair 2 homes, with the ultimate goal of repairing 65 homes with future Housing Preservation Grant awards. The ownership group of the homes will be financing all administrative costs up to \$312,000.00. Funding will be used to make repairs on current vacant rental homes which will allow the ownership group to lease the homes to low and very low-income families on the Navajo reservation. This funding will improve the overall appearance and safety of the homes, along with providing much needed rental housing which will create a long-lasting positive impact on the entire Kayenta community.
AZ	Kyrsten Sinema Mark Kelly	Tom O'Halleran (01)	Housing Preservation Grant	Red Feather Development Group	\$108,000	This Rural Development Investment will be used to repair homes for low and very-low income Navajo and Hopi homeowners living on reservation lands in Arizona. Funding will be used to make repairs to alleviate health and safety issues, including roof repairs, insulation, heating systems repair or replacement, and handicap accessibility improvements. The Housing Preservation Grant funds will provide a better quality of life for the homeowners and strengthen community prosperity. Red Feather Development Group has previously been awarded Housing Preservation Grant funds in the amount of \$355,584 which enabled the repair of 61 homes on the Navajo and Hopi reservation lands.

The overall scope of rehab and repair for Ouellette Place includes: paving the parking lot and driveways, alterations to the low-slope roof design at the non-historic buildings, replacement of roofing at the non-historic buildings and repairing damage from roof leaks at the non-historic buildings and historic building.
NC	Richard Burr Thom Tillis	Dan Bishop (09) Virginia Foxx (05)	Housing Preservation Grant	Habitat For Humanity	\$200,000	This Rural Development investment will be used by Habitat for Humanity of the NC Sandhills for the repair or rehabilitation of housing owned or occupied by low-income rural citizens. The geographical areas served are Moore and Richmond counties. The assistance will allow the organization to help 25 households.
NC	Richard Burr Thom Tillis	Madison Cawthorn (11)	Housing Preservation Grant	Housing Assistance Corporation	\$278,980	This Rural Development investment will be used to help Housing Assistance Corporation with the repair or rehabilitation of housing owned or occupied by low and very-low-income rural citizens. The geographical areas served are Henderson, Polk, and Transylvania counties. The assistance will allow the organization to help seven households.
NC	Richard Burr Thom Tillis	Virginia Foxx (05)	Housing Preservation Grant	WAMY Community Action Inc.	\$150,000	This Rural Development investment will be used for the repair or rehabilitation of housing owned or occupied by low- and very-low-income rural citizens. The geographical areas served are Avery, Mitchell, Watauga, and Yancey counties. The assistance will allow the organization to help 15 households.
ND	John Hoeven Kevin Cramer	Kelly Armstrong (At Large)	Housing Preservation Grant	North Central Planning Council	\$150,000	This Rural Development investment will be used for housing repairs in Rolette County to assist with repairs to a multi-family housing building. The repairs will include doors, windows etc. and will improve living conditions for 38 units that are low and very low income.
ND	John Hoeven Kevin Cramer	Kelly Armstrong (At Large)	Housing Preservation Grant	Rebuilding Together	\$150,000	This Rural Development investment will be used to provide funding to single-family occupied homes. The grant can help to repair or replace windows, furnaces, American with Disabilities Act modifications, and other energy-saving updates.
ND	John Hoeven Kevin Cramer	Kelly Armstrong (At Large)	Housing Preservation Grant	Red River Regional Council	\$150,000	This Rural Development investment will be used to provide home repairs to qualified single-family occupied homes in Nelson County. The grant can help to repair or replace windows, furnaces, American with Disabilities Act modifications, and other updates to the homes.
NE	Deb Fischer Ben Sasse	Adrian Smith (03)	Housing Preservation Grant	Winnebago Tribe of Nebraska	\$78,733	This Rural Development investment will be used to continue the Tribal Housing Department's work on the senior home improvement project. The FY2023 Winnebago Tribe Senior Home Improvement Project will be a homeowner assistance program maintaining adequate housing for 12 senior citizen homeowners on the Winnebago Reservation who are low- or very-low income. Financial assistance for a home improvement project is capped at \$6,500.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
NE	Deb Fischer Ben Sasse	Michael Flood (01)	Housing Preservation Grant	Rebuilding Together	\$60,000	This Rural Development investment will be used to provide rehabilitation and repairs to five to eight owner-occupied homes of low-income families (defined by the USDA income guidelines for each county) living in Dodge and Cuming Counties, Nebraska. Rebuilding Together Platte Valley East is currently the sole organization providing housing rehabilitation and repair services at no cost to low-income homeowners in Dodge/Cuming counties.
NJ	Robert Menendez Cory Booker	Tom Malinowski (07)	Housing Preservation Grant	Raritan Vall Habitat for Humanity	\$47,000	This Rural Development investment will be used to provide safe and efficient housing within the financial reach of county homeowners whose household income is below the HUD low/moderate income level of 80 percent of the area median income by family size. The funds will be utilized in Hunterdon County, Bernardsville Borough, Bedminster Township, Branchburg Township, Far Hills Borough, Millstone Borough, Montgomery Township, Peapack and Gladstone Borough, Rocky Hill Borough, and portions of Bernards Township. This project will assist ten households.
NV	Catherine Cortez Masto Jacky Rosen	Mark Amodei (02)	Housing Preservation Grant	Rebuilding Together	\$50,000	This Rural Development investment will be used to provide much needed repairs to 10 households in rural Washoe County. Rebuilding Together Northern Nevada is a housing non-profit organization which assists people in Nevada to repair and revitalize homes. This investment will help to repair owner-occupied homes for low and very low-income families in Cold Springs, Nevada. This project will improve the quality of life by addressing the health and safety issues for the residents while preserving the affordable housing stock.
NY	Charles Schumer Kirsten Gillibrand	Joseph Sempolinski (23) John Katko (24)	Housing Preservation Grant	Bishop Sheen Ecumenical Housing Foundation Inc	\$236,500	This Rural Development investment will be used to support Bishop Sheen Ecumenical Housing Foundation's rehabilitation efforts throughout the rural areas of Allegany, Cayuga, Ontario, Seneca, Steuben, Wayne and Yates counties. They will leverage this award with matching of \$236,500 from New York state and in house funds to repair, improve, and make homes handicapped accessible to an estimated 26 low income homeowners in critical need.
NY	Charles Schumer Kirsten Gillibrand	Paul Tonko (20) Elise Stefanik (21)	Housing Preservation Grant	Rebuilding Together Saratoga County	\$237,655	This Rural Development investment will be used to support Rebuilding Together Saratoga County's housing rehabilitation efforts throughout the rural areas of Saratoga and Washington counties in fiscal year 2023. They will leverage this funding with an additional \$120,000 of New York state funds to repair, improve and make homes accessible for at least 13 low income homeowners in need. The only other non-profit that provides repairs for low-income homeowners in Washington County is no longer providing services, so Rebuilding Together Saratoga County will be expanding its service territory to assist the homeowners in rural areas.
OH	Sherrod Brown Rob Portman	Brad Wenstrup (02)	Housing Preservation Grant	Vinton County	\$150,000	This Rural Development investment will be used to assist 12 low and very-low income households with home repairs. Vinton County will assist homeowners in Vinton and Gallia County and is a persistent poverty county.

OH	Sherrod Brown Rob Portman	Jim Jordan (04) Robert Latta (05)	Housing Preservation Grant	Buckeye Ridge Habitat for Humanity	\$100,000	This Rural Development investment will be used to rehabilitate the homes of very-low income households. The Buckeye Ridge Habitat for Humanity service area is Hardin, Marion, Morrow and Wyandot counties in Ohio.
OH	Sherrod Brown Rob Portman	Mike Carey (15)	Housing Preservation Grant	Morgan County Comm.	\$50,000	This Rural Development investment will be used to rehabilitate the homes of very-low income households. The Morgan County Commissioners service area is Morgan county, Ohio.
OH	Sherrod Brown Rob Portman	Mike Carey (15)	Housing Preservation Grant	Pickaway County	\$113,300	This Rural Development investment will be used to rehabilitate the homes very-low income households. The Pickaway County Community Action Org service area will be Pickaway county, Ohio.
OH	Sherrod Brown Rob Portman	Robert Latta (05)	Housing Preservation Grant	Putnam County Habitat for Humanity	\$50,000	This Rural Development investment will be used to rehabilitate the homes of low and very-low income households. The Putnam County Habitat for Humanity service area is Putnam county, Ohio.
OH	Sherrod Brown Rob Portman	Tim Ryan (13)	Housing Preservation Grant	Rebuilding Together	\$180,000	This Rural Development investment will be used to rehabilitate the homes of low and very-low-income households in Portage County, Ohio. Rebuilding Together Northeast Ohio is a non-profit organization that repairs homes, revitalizes neighborhoods, and rebuilds lives by providing minor accessibility modifications for older adults, replacing roofs for low-income homeowners in need, and more. Their goal is to serve clients in their communities in a meaningful, and sustainable way.
OH	Sherrod Brown Rob Portman	Bill Johnson (06)	Housing Preservation Grant	Youngstown Neighborhood Development Corporation	\$248,327	This Rural Development investment will be used to rehabilitate the homes of low and very-low income households. Youngstown Neighborhood Development Corp's service area is East Liverpool, Columbiana County, Ohio.
OK	Jim Inhofe James Lankford	Markwayne Mullin (02)	Housing Preservation Grant	Tahlequah Habitat for Humanity	\$100,000	This Rural Development investment will be used to assist 10 very-low income homeowners, which will entail a variety of home repairs and improvement projects for owner-occupied homes in Cherokee County.
OR	Ron Wyden Jeff Merkley	Cliff Bentz (02)	Housing Preservation Grant	Communities in Action	\$168,570	This Rural Development investment will be used to offer grants to low-income homeowners in rural eastern Oregon. The nonprofit, Communities in Action will assist with the repair or replacement of roofs, structural supports/foundations, porches, and interior or exterior home alternations to provide greater accessibility to residents. This project will assist 18 low-income homeowners in rural Harney and Malheur Counties who otherwise would not have the resources to make these critical home repairs. These residents will receive essential assistance to alleviate health and safety hazards.
PA	Robert Casey Patrick Toomey	Dan Meuser (09)	Housing Preservation Grant	Schuylkill Comm. Act	\$282,854	This Rural Development investment will be used to conduct housing rehabilitation of owner-occupied very low-income residents in eligible areas of Schuylkill County, Pennsylvania. Schuylkill Community Action plans to repair 15 houses throughout Schuylkill County. This project will help address health and safety hazards, increase energy efficiency, correct code violations, and/or improve accessibility, as needed. The funds are an essential tool and great incentive to the very low-income residents and the investment will go a long way to ensure that very low-income homeowners have a safe and decent home in which to live.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
CA	Dianne Feinstein Alex Padilla	Doris Matsui (06)	Rural Community Development Initiative Grant	California Coalition for Rural Housing	\$250,000	This Rural Development investment will be used to provide group and on-site customized technical assistance training programs for two recipients. The principle aim of this project is to improve the capacity and skills of key tribal officers and staff to plan and implement effective and advanced housing and community development projects and programs.
CA	Dianne Feinstein Alex Padilla	Doris Matsui (06)	Rural Community Development Initiative Grant	Rural Community Assistance Corporation	\$250,000	This Rural Development investment will be used to provide a program of training, financial and technical assistance to four recipients under Rural Community Assistance Corporation's Economic Development Initiative Programs. This project will help build the capacity and ability of the recipients for economic development projects that promote self sufficiency in the communities.
CA	Dianne Feinstein Alex Padilla	Michelle Steel (48)	Rural Community Development Initiative Grant	Walking Shield American Indian Society Inc	\$75,000	This Rural Development investment will be used to provide technical assistance training, workshops, video conferences, and presentations to the Hoopa Valley Tribe to advance tribal self-sufficiency. The training program will focus on long-term community development goals to increase the number of affordable housing units, health, education, and employment development programs. The technical assistance and training will also focus on infrastructure projects to improve clean water delivery, waste management, and new access roads.
CO	Michael Bennet John Hickenlooper	Lauren Boebert (03)	Rural Community Development Initiative Grant	Region 9 Economic Development Dist.	\$250,000	This Rural Development investment will be used to fund the development of planning documents for the Ute Mountain Ute Tribe in southwestern Colorado. In 2017, the tribe developed their Comprehensive Master Plan for Housing and Open Spaces. This plan has resulted in over \$50 million in new grants to go towards wellness, housing, landscape and connections projects. However, due to the COVID-19 pandemic and changing economic circumstances, the plan is need of an update. This project will provide funds to Region 9 Economic Development District of Southwest Colorado Inc. to act as intermediary and assist the Tribe in these updates by providing project oversight and facilitation. Region 9 has set specific benchmarks to measure the success of the program, including minimum numbers of town meetings, focus groups and people trained. This project will ensure that momentum from the 2017 plan is not lost, and the Tribe is able to make long-lasting and significant improvements that increase the 932 Tribal residents' social and economic well-being.

MD	Benjamin Cardin Chris Van Hollen	Kweisi Mfume (07)	Rural Community Development Initiative Grant	Enterprise Community Partners Inc	\$250,000	This Rural Development investment will be used to support the Rural Housing Production and Preservation Capacity Cohorts program that helps non-profit recipients acquire Rural Development, Housing and Urban Development, Low Income Housing Tax Credit and other subsidized housing nationwide. Enterprise Community Partners, Inc. accomplishes this goal by a combination of direct training, peer learning, and direct technical assistance. This work supports efforts to preserve this critically limited housing stock that benefits low-income rural residents across the country, specifically Native Homeownership Coalitions. The 14 non-profits that will benefit as recipients are: Blackfoot Housing Authority, Browning, Montana; Four Bands, Eagle Butte, South Dakota; The Lakota Fund Incorporated, Kyle, South Dakota; Mazaska Owecaso Otipi Financial, Inc, Pine Ridge, South Dakota; Montana Native Growth Fund, Hays, Montana; Northern Cheyenne Housing Authority, Lame Deer, Montana; OSTPH, Allen, South Dakota; Jemez of Pueblo, Jemez Pueblo, New Mexico; Salish Kootenai Housing Authority, Pablo, Montana; Shashone Bannock Tribe, Fort Hall, Idaho; Sicangu Housing, Rosebud, South Dakota; Sisseton Wahpeton Housing Authority, Agency Village, South Dakota; Tatanka Funds, Mission, South Dakota; Tiwa Lending Service, Isleta Pueblo, New Mexico.
ME	Susan Collins Angus King	Chellie Pingree (01)	Rural Community Development Initiative Grant	Island Institute	\$141,038	This Rural Development investment will be used to help Island Institute continue its fellowship program in two low-income communities and build capacity to perform economic and community development activities. In the town of Columbia Falls, the fellowship program will provide technical assistance and build capacity to promote understanding and help preserve cultural, economic, and historical heritage for small farms and the sustainable growth of wild blueberries within a rare and iconic ecosystem. In the town of Vinalhaven, the fellowship program will provide technical assistance and build capacity to support a school-wide initiative to integrate technology in classroom learning from pre-K to 12th grade and co-leads the school's growing Lego robotics after-school program.
MN	Amy Klobuchar Tina Smith	Michelle Fischbach (07)	Rural Community Development Initiative Grant	Headwaters Regional Development Commission	\$67,000	This Rural Development investment will be used to assist two organizations within the Headwaters Region Development Commission to implement initiatives that benefit the communities they serve. The two recipients were selected because of the needs of the communities they serve and their current ability to meet those needs. Each of the organizations selected for this initiative have insufficient revenue, minimal staffing, and lack long term plans, yet are seeing a growing demand for their services. This limited capacity prevents these organizations from confronting the community's greatest challenges and maximizing their effectiveness. The goal is to help the recipients become strong, resilient organizations capable of achieving impact in their communities and on issues they tackle every day.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
MN	Amy Klobuchar Tina Smith	Pete Stauber (08)	Rural Community Development Initiative Grant	Heartland Lakes Development Commission	\$195,000	This Rural Development investment will be used to assist two organizations with the development of affordable housing. Technical assistance will be provided to the city of Park Rapids and Hubbard County Housing & Redevelopment Authority (HHRA). The goal of both projects is to increase the supply of quality housing available to the workforce of Hubbard County which is primarily low- and moderate-income households.
MO	Roy Blunt Josh Hawley	Billy Long (07) Jason Smith (08) Sam Graves (06) Blaine Luetkemeyer (03)	Rural Community Development Initiative Grant	Missouri Main Street Connection Inc	\$249,998	This Rural Development investment will be used to provide technical assistance to 10 rural communities throughout Missouri. This assistance will be administered through a community empowerment program developed by Missouri Main Street Connection Inc. This comprehensive framework for economic development will enable economic recovery from impacts of the COVID-19 pandemic, increase local investments, and assist in development of new businesses and jobs within the 10 communities. Through the development of skills this technical assistance provides, the communities will not only begin recovery from economic impacts they face due to the pandemic, but build resiliency to better weather future economic hardships.
MT	Jon Tester Steve Daines	Matt Rosendale (At Large)	Rural Community Development Initiative Grant	Beartooth Resource Conservation & Development Area Inc	\$131,447	This Rural Development investment will be used to help implement the Red Lodge Area Community Foundation's (RLACF) goal to increase the number of affordable housing opportunities for Carbon County residents, thereby strengthening local economies and providing access to equity-building for low-income households. Beartooth Resource Conservation and Development Area, Inc. will help Red Lodge Area Community Foundation achieve this goal by providing training and technical assistance to access funding opportunities that facilitate affordable housing development. The trainings and technical assistance will give Carbon County a professional source that can extend their expertise to the ultimate recipients (citizens of Carbon County) to share funding opportunities for affordable housing.
NC	Richard Burr Thom Tillis	Virginia Foxx (05)	Rural Community Development Initiative Grant	Rural Faith Development CDC	\$250,000	This Rural Development investment will be used to provide funding for technical assistance, education, and training for the Rural Faith Development Community Development Corporation. The corporation's goal is to continue to equip initiatives to break generational and situational barriers limiting the capacity of low-income and rural communities to thrive. The project will enhance the community's capacity to learn, receive support, and engage in coaching for participants to learn skills necessary to create and identify job possibilities and maintain good employee relationships. Also, the proposed project will address the causes and effects of poverty and the impact of opioid addiction, increase long-term financial independence for participants, demonstrate the importance of partnerships, and highlight a commitment to capacity building. The proposed project will allow the corporation to increase individual and community well-being through training and one-on-one guidance for participants.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
NH	Jeanne Shaheen Margaret Hassan	Ann Kuster (02)	Rural Community Development Initiative Grant	New Hampshire Sustainable Energy Association	\$156,394	This Rural Development investment will be used to expand the Energy Circuit Rider (ECR) program to serve more low income communities throughout the state. The ERC's will train and provide direct technical assistance to the staff and energy committees of low-income municipalities to complete clean energy and energy efficiency projects.
NY	Charles Schumer Kirsten Gillibrand	Jerrold Nadler (10)	Rural Community Development Initiative Grant	Local Initiatives Support Corp	\$250,000	This Rural Development investment will be used by The Local Initiatives Support Corporation (LISC) to build up the capacity of 18 rural Community Development Corporations (CDCs) in 15 states across the United States. Through LISC's National Rural Program, Recipient CDCs will receive technical assistance, training and financial assistance, which will enable them to address new conditions in the wake of COVID-19, respond to substance use crises, and act on emerging housing, community and economic development opportunities.
OR	Ron Wyden Jeff Merkley	Peter DeFazio (04)	Rural Community Development Initiative Grant	Rural Development Initiatives Inc	\$55,000	This Rural Development investment will be used to fuel economic recovery by building the capacity of community main street organizations in rural Oregon. This project will assist Rural Development Initiatives, Inc. to provide technical assistance and training to help communities implement economic vitality initiatives in their downtown regions. They will emphasize pandemic and wildfire recovery and a focus on equitable opportunity. The USDA funding will be used to assist communities in Douglas, Josephine, and Coos Counties in Oregon. This project will help four rural communities in Oregon and contribute to long-term economic vitality and resilience.
TN	Marsha Blackburn Bill Hagerty	Tim Burchett (02)	Rural Community Development Initiative Grant	Knoxville Leadership Foundation	\$250,000	This Rural Development investment will be used to provide technical assistance for capacity building to eight recipients in rural east Tennessee. This assistance will enable the recipients to better address stressors exacerbated by the COVID-19 pandemic and will build capacity in foundational areas such as leadership, strategic program development, and sustainability. This project will benefit the more than 57,900 residents within the service area of the recipients which are located in Newport, Huntsville, LaFollette, Wartburg, Andersonville, Jefferson City, Oneida, and Morristown, Tennessee.
VT	Patrick Leahy Bernard Sanders	Peter Welch (At Large)	Rural Community Development Initiative Grant	Brattleboro Development Credit Corporation	\$250,000	This Rural Development investment will be used to implement the Southern Vermont Economy Project 3.0. It features Communities Advancing Priority Projects (CAPP), a new, project-forward element for the Southern Vermont Economy Project (SVEP). This new program will leverage the partnerships and accomplishments of Brattleboro Development Credit Corporations current RCDI, which funded the Southern Vermont Economy Project ending in 2022.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
VT	Patrick Leahy Bernard Sanders	Peter Welch (At Large)	Rural Community Development Initiative Grant	Vermont Program for Quality in Health Care	\$240,000	This Rural Development investment will be used to develop the capacity of Vermont Program for Quality in Health Care. Equal Access to Broadband (EAB) will undertake a community and economic development project that addresses COVID economic recovery through improved broadband access for the beneficiary rural communities of Vermont. The capacity-building initiatives fall into two categories of technical assistance: Program Development and Operational Development.
WV	Joe Manchin Shelley Capito	Alex Mooney (02)	Rural Community Development Initiative Grant	Randolph County Housing Authority	\$250,000	This Rural Development investment will be used to provide financial assistance and training to its recipients. The Housing Authority will provide financial assistance through funding for additional staff or AmeriCorps. They will provide technical assistance by funding consultant services and technical services. The Housing Authority will provide training by sponsoring training workshops locally and paying for recipient staff to attend trainings. In addition, they will offer peer exchanges for recipient groups to share their experiences with one another. This will improve the capacity and ability of the recipients by helping them to carry out pre-development activities for real estate projects that meet pressing community needs for affordable housing, historic preservation, COVID recovery, and alternative energy.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Tribal College Initiative Grant	Iisagvik Tribal College	\$348,017	This Rural Development investment will be used to procure equipment for training students to drive a Class B vehicle. The investment will also be used to plan for the construction of a new campus.
AZ	Kyrsten Sinema Mark Kelly	Tom O'Halleran (01)	Tribal College Initiative Grant	Diné College	\$344,895	This Rural Development investment will be used to help complete a livestock holding facility for Diné College. Diné College serves a predominantly Navajo student population offering certificate, Associate, and Bachelor degree programs. The facility will be used to conduct educational workshops on handling livestock.
MI	Debbie Stabenow Gary Peters	Jack Bergman (01)	Tribal College Initiative Grant	Bay Mills Community College	\$348,017	This Rural Development investment will be used by Bay Mills Community College to improve the educational services and curriculum for students. Purchased equipment will establish a media lab with digital content creation capability, upgrade existing equipment and supplies in their Science and Health Sciences Department, update equipment for the Health and Fitness Center, purchase a 15-passenger van to transport students on visits to possible transfer institutions, provide supplies for community education and facility maintenance at the Waishkey Bay Farm, obtain and upgrade IT equipment for a recently approved bachelor degree program, purchase mowing equipment and snow removal equipment, and provide supplies for the construction trade program.
MI	Debbie Stabenow Gary Peters	John Moolenaar (04)	Tribal College Initiative Grant	Saginaw Chippewa Indian Tribe	\$344,895	This Rural Development investment will be used to assist the Saginaw Chippewa Indian Tribe of Michigan make infrastructure improvements to the outdoor amphitheater classroom. This facility will be located at the new campus expansion off Leaton Road. The Rural Development investment will be used to improve access to programming provided by the tribal college in the local community.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
MN	Amy Klobuchar Tina Smith	Michelle Fischbach (07)	Tribal College Initiative Grant	Red Lake Nation College	\$348,017	This Rural Development investment will be used to purchase equipment for the Red Lake Nation College (RLNC). Computer replacements are critical on a regular cycle to keep students, staff, and public up to date with usable technology. This funding will purchase technology for Community Programming, RLNC's innovation center programming, and for extracurricular college activities as well as virtually adapted classroom technology and Vibe Boards for classroom online learning.
MN	Amy Klobuchar Tina Smith	Michelle Fischbach (07)	Tribal College Initiative Grant	White Earth Tribal & Community College	\$322,000	This Rural Development investment will be used to purchase equipment for the White Earth Tribal and Community College. The main campus was built in 2010, first expansion was completed in 2011 and then expanded in 2016. It includes a science lab, two computer labs, a library, a Drum Hall that serves as a lunchroom and a gathering place for events, graduations and Native American ceremonies as well as a place where students gather to collaborate for learning. WETCC will purchase new equipment and/or furniture for the new wellness center, cafeteria, commercial kitchen, offices, and faculty areas in the newly expanded spaces. This purchase will include two network switches to connect the computers in the expansion areas with the other campus computers. In addition, a pickup truck will also be purchased. Due to the rural location, they are required to travel long distances to purchase items and a dependable vehicle is necessary to move large amounts of materials in fewer trips.
MT	Jon Tester Steve Daines	Matt Rosendale (At Large)	Tribal College Initiative Grant	AANIHH Nakoda College	\$348,017	This Rural Development investment will be used to perform maintenance on seven campus buildings for Aaniih Nakoda College. Funds will be used to re-stain six wood-sided buildings. New rain gutters will be installed on the wood-sided buildings plus a metal-sided maintenance shop. The project will improve the aesthetic appeal of the campus and prevent structural damage.
MT	Jon Tester Steve Daines	Matt Rosendale (At Large)	Tribal College Initiative Grant	Chief Dull Knife College	\$164,777	This Rural Development investment will be used to purchase equipment for the maintenance of vehicles for the Chief Dull Knife Community College. The college is located on the Northern Cheyenne Indian Reservation, which is also located within rural Rosebud and parts of Big Horn Counties. The college is a non-profit organization established for the purpose of providing quality educational programs together with culturally oriented educational opportunities for residents of the Northern Cheyenne Reservation. The college will purchase equipment to include vehicle servicing equipment for the maintenance area and the field research station will receive two major pieces of new equipment to help facilitate the ongoing research of the college.
ND	John Hoeven Kevin Cramer	Kelly Armstrong (At Large)	Tribal College Initiative Grant	Cankdeska Cikana Community College	\$348,017	This Rural Development investment will be used for facility improvements on the Cankdeska Cikana Community College campus. The improvements include new concrete near the entries, rehab of two suites to include new paint and new flooring, air conditioning for server room, heating, ventilation and air conditioning updates for Certificates Dakota Language area, and window replacement

**USDA Rural Development
Equity
12.16.2022**

State	Senators	Representatives	Program	Recipient	Grant	Project Description
ND	John Hoeven Kevin Cramer	Kelly Armstrong (At Large)	Tribal College Initiative Grant	Nueta Hidatsa Sahnish College	\$348,017	This Rural Development investment will be used to improve the area surrounding the campus building at Nueta Hidatsa Sahnish College in New Town, North Dakota. Renovations will include replacing the existing sidewalks and a retaining wall on the northwest side of the building. These improvements will improve accessibility and safety, as well as prevent water from entering the building during heavy rains or snow run off.
ND	John Hoeven Kevin Cramer	Kelly Armstrong (At Large)	Tribal College Initiative Grant	Sitting Bull College	\$348,017	This Rural Development investment will be used to construct an outdoor classroom/auditorium at the Sitting Bull College campus. The facility will be located adjacent to the academic center and will be used to provide opportunities for faculty and students to expand the current academic offerings.
ND	John Hoeven Kevin Cramer	Kelly Armstrong (At Large)	Tribal College Initiative Grant	United Tribes Technical College	\$348,017	This Rural Development investment will be used to finance street improvements to United Tribes Technical College, located in Bismarck, North Dakota. The project entails a reconstruction and rehabilitation of portions of All Nations Circle at the intersection of University Drive. The new access would be moved approximately 500 feet to the north and would be a new asphalt roadway and sidewalk elements. Pedestrian access across University Drive would also be moved. The facility currently does not readily provide room for expansion of signage, pedestrian elements and limited visibility due to being up against the property line. The entire campus of United Tribes Technical College, which includes about 638 students and faculty/staff, along with any prospective students or visitors would benefit from this improvement.
NE	Deb Fischer Ben Sasse	Michael Flood (01)	Tribal College Initiative Grant	Little Priest Tribal College	\$344,896	This Rural Development investment will be used to repave a parking area and correct water drainage in Little Priest Tribal College's parking area to remove hazardous driving and walking conditions. The parking lot drainage has been an issue causing water to pool in areas and eroding the concrete which has created holes and areas that are hazardous to driving and walking for both students and faculty as they use the parking lot area. Replacement of the parking lot will benefit the campus, faculty and students contributing to the Native American student experience offerings by other higher education institutions for the 250 students, faculty and staff in this persistent poverty county. The community will also benefit as the parking area is used for events, farmers markets, and continuing education.
NE	Deb Fischer Ben Sasse	Adrian Smith (03)	Tribal College Initiative Grant	Nebraska Indian Community College	\$344,289	This Rural Development investment will be used to construct a 10,500 square foot community building on the Santee Campus, of the Nebraska Indian Community College (NICC). The building will be used for education, graduations, pow wows, and continuing education for the community. The cost to complete the project is estimated at \$533,500. The funding will provide for all costs associated with development, construction, and contingencies. This grant will benefit approximately 210 enrolled students at NICC, staff, as well as the neighborhood community of Santee population of 346.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
NM	Martin Heinrich Ben Ray Lujan	Teresa Leger Fernandez (03)	Tribal College Initiative Grant	Institute of American Indian Art	\$344,895	This Rural Development investment will be used to purchase needed equipment. Institute of American Indian Art (IAIA) an educational institution located near Santa Fe, New Mexico will purchase solar panels for its Welcome Center, Performing Arts Building, Fitness Center and installing an EV charging station. IAIA is a member of the Climate Action Task Force to reduce their carbon footprint. The purchase and installation of the solar panels will assist them in decreasing their electricity consumption and in meeting its goal to improve the environment. IAIA is one of the colleges covered by the Equity in Education Land-Grant Status Act of 1994. The school provides a national center of research, training, and scholarship for Native Americans who are interested in Native American art and culture. Most of the population attending the college is Native American; however, the campus is open to all worldwide.
NM	Martin Heinrich Ben Ray Lujan	Teresa Leger Fernandez (03)	Tribal College Initiative Grant	Navajo Technical University	\$344,895	This Rural Development investment will be used to purchase laboratory infrastructure, equipment and accessories that follow U.S. Environmental Project Agency regulations for the Navajo Technical University (NTU), an educational institution located in Crownpoint, New Mexico. This project will benefit NTU's Chinle Arizona Campus which is located within the Diné Community also known as the Navajo Nation. The investment will be used to purchase certified fume hoods, chemical and resistant bench spaces, shelves, tables to place the analytical equipment and secure safety cabinets. NTU has provided science and technology curriculum since 1985. The university is providing this state-of-art technology to the students of the Navajo Nation based upon the Diné culture and traditions. The campus is available to all Native American students.
SD	John Thune Mike Rounds	Dusty Johnson (At Large)	Tribal College Initiative Grant	Oglala Lakota College	\$344,895	This Rural Development investment will be used to repair parking lots at various Oglala Lakota College campuses on the Pine Ridge Indian Reservation. Repair will consist of asphalt patching, crack sealing and chip sealing. This project also will fund two new vehicles for college functions, conference room equipment and replace interior flooring. These repairs and equipment purchases will help keep the college facilities in good condition and foster future success of the college and its 1,700 enrolled students.
SD	John Thune Mike Rounds	Dusty Johnson (At Large)	Tribal College Initiative Grant	Sinte Gleska University	\$344,895	This Rural Development investment will be used to replace roofs at four Sinte Gleska University campuses, located in Mission, South Dakota. This project will also replace heating, ventilation, and air conditioning systems and add security camera systems across the campus. The repairs and equipment purchases will help keep the college facilities in good condition.
SD	John Thune Mike Rounds	Dusty Johnson (At Large)	Tribal College Initiative Grant	Sisseton Wahpeton College	\$344,895	This Rural Development investment will be used to assist Sisseton Wahpeton College with the purchase of two trucks that will be used for maintenance and the building trades program. The college will purchase lithium-ion batteries for their uninterrupted power supply to support the school's computer network. Additionally, they will use funding to upgrade to LED lighting on the campus.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
WA	Patty Murray Maria Cantwell	Suzan DelBene (01)	Tribal College Initiative Grant	Northwest Indian College	\$323,502	This Rural Development investment will be used by Northwest Indian College to purchase Scientific and Safety Equipment for an Educational Boat. The boat will allow students to learn how to navigate waters, understand the complex marine ecosystem, and look at the impacts and stressors of the industrialized world on this critically important marine and cultural waterscape. The vessel will also provide space for oral histories and storytelling, which will enhance and ground the research and teaching experience. It will be able to handle a classroom size of up to 25 students with an overnight capacity of 4-5 for longer voyages. The community where the Northwest Indian College is located (Lummi Nation Reservation) has a population of 4,706 which they will serve. They also have satellite classes around the Northwest offering remote learning classes.
WI	Ron Johnson Tammy Baldwin	Tom Tiffany (07)	Tribal College Initiative Grant	LAC Courte Oreilles Ojibwe University	\$344,895	This Rural Development investment will be used to assist the Lac Courte Oreilles (LCO) Ojibwa College with renovations to the interior of the Bakade Cafe' that is located within the college campus. The Cafe' provides food services to faculty, staff, students, and the LCO community. The renovation will provide for a more efficient use of space, updated equipment, and is critical for the continued success of the college and the educational environment. In addition to the academic programming, the campus is utilized by the community for public meetings, pow-wows, graduation exercises, specialized training services, company in-services, and for access to the public library.
Rural Utilities Service Programs						
AZ	Kyrsten Sinema Mark Kelly	Paul Gosar (04)	306C Water and Waste Grants - Colonias	Bouse Domestic Water Improvement District	\$1,862,883	This Rural Development investment will be used to provide additional financing to make improvements to the Bouse Domestic Water Improvement District water system and bring it up to Arizona Department of Environmental Quality standards. The undersized water lines will be replaced, system will be upgraded with drive-by meters, a water treatment system will be installed for arsenic removal, an operations building added, both a new well and a 70,000 gallon water storage tank will be developed, and other necessary additions to bring the aged system up to modern standards.

**USDA Rural Development
Equity
12.16.2022**

State	Senators	Representatives	Program	Recipient	Grant	Project Description
AZ	Kyrsten Sinema Mark Kelly	Paul Gosar (04)	306C Water and Waste Grants - Colonias	Town of Quartzsite - MPC	\$619,000	This Rural Development investment will be used to provide additional financing to expand sewer service to residential and commercial customers, and to eliminate the use of on-site septic tank treatment systems in Quartzsite, Arizona. 25,000 linear feet of sewer line, 61 new manholes, and residential and commercial connections will be installed. The residents in the project area are on septic systems and leach fields that contribute to elevated nitrate levels found in the groundwater. Constructing this wastewater collection system will reduce the amount of nitrogen that is introduced into the groundwater.
NM	Martin Heinrich Ben Ray Lujan	Yvette Herrell (02)	306C Water and Waste Grants - Colonias	Anthony Water and Sanitation District	\$5,541,000	This Rural Development investment will be used to provide additional 306C Water and Waste-Water Colonia grant funds for the expansion of the wastewater treatment plant in Anthony, New Mexico. This project will build a second circular concentric package plant, which will allow the original to be taken offline for cleaning and renovation. This funding will be used to upgrade the facility and prolong the life of the structure, but it will also remedy an issue with discharging to the river. Currently this issue has exceeded the limits set by the Environmental Protection Agency and has the potential to cause a health and sanitary problem to the community. Anthony Water & Sanitation District is a designated Colonias county, serving a persistent impoverished population. We are proud to partner with Anthony Water & Sanitation District to provide funding for this much needed improvement to their sewer services.
TX	John Cornyn Ted Cruz	Henry Cuellar (28)	306C Water and Waste Grants - Colonias	Rio Water Supply Corporation	\$10,256,381	This Rural Development investment will be used to construct a 2,083-gpm raw water intake, 6.5-million-gallon raw water reservoir, 3.0 MGD surface water treatment plant, 500,000-gallon elevated tank with tank mixer, 397,000-gallon standpipe with tank mixer, Alvarez Booster Station with two close coupled pumps with VFD, water distribution system with looped dead ends and automated drive-by water meters. This project is needed to cure health and sanitary issues which have caused the WSC to be in violation of Texas Commission of Environmental Quality standards. This project will serve 12 recognized Colonias.
CA	Dianne Feinstein Alex Padilla	Mike Thompson (05)	306C Water and Waste Grants - Native American	Big Valley Band of Pomo Indians	\$3,180,286	This Rural Development investment will be used to construct a new drinking water treatment facility. Tribal residents currently rely on an aging and unreliable drinking water treatment facility. The project will demolish the treatment plant and install a new drinking water treatment plant. The new treatment facility will provide safe and reliable drinking water to tribal residents.
MS	Roger Wicker Cindy Hyde-Smith	Michael Guest (03)	306C Water and Waste Grants - Native American	Mississippi Band of Choctaw Indians	\$5,000,000	This Rural Development investment will be used to construct and install: a 2,500 gpm capacity Pressure Filter Water Treatment Plant with two treatment trains to facilitate maintenance and continuous operation, flow meters on Pearl River 2 and 3 Wells, two new 1,400 gallons per minute wells with flow meters, and a 500,000-gallon elevated storage tank which will facilitate supply to MCBF's largest user, Geyser Falls Water Park, and pressure maintenance throughout the system in the event of line breaks. Pearl River 2 and 3 Wells, along with the new wells, will pump to the new plant. The two plants and Pearl River 1 and Chahta Wells will be abandoned.

**USDA Rural Development
Equity
12.16.2022**

State	Senators	Representatives	Program	Recipient	Grant	Project Description
MS	Roger Wicker Cindy Hyde-Smith	Michael Guest (03)	306C Water and Waste Grants - Native American	Mississippi Band of Choctaw Indians	\$7,635,056	This Rural Development investment will be used to construct/install a 2,500 gallons per minute capacity pressure filter water treatment plant with two treatment trains to facilitate maintenance and continuous operation, flow meters on Pearl River 2 and 3 wells, two new 1,400 gallons per minute wells with flow meters, and a 500,000-gallon elevated storage tank, which will facilitate supply to MCBI's largest user, Geysers Falls Water Park, and pressure maintenance throughout the system in the event of line breaks. Pearl River 2 and three wells, along with the new wells, will pump to the new plant. The two plants and Pearl River 1 and Chahta wells will be abandoned.
WY	John Barrasso Cynthia Lummis	Liz Cheney (At Large)	306C Water and Waste Grants - Native American	Northern Arapaho Housing Authority	\$629,000	This Rural Development investment will be used to provide additional financing for the development of community water and sewer infrastructure improvements and the replacement of the Great Plains sewer lift station for the Northern Arapaho Housing Authority's Chief Black Coal housing project. The housing project intends to construct 20 single-family homes and a small community building in Fremont County. The 10-acre site for the 20 new homes currently has no drinking water or waste water infrastructure in place. More than 1500 Northern Arapaho tribal members will benefit from the infrastructure improvements and have access to reliable drinking water and a clean sanitary sewer system.
WY	John Barrasso Cynthia Lummis	Liz Cheney (At Large)	306C Water and Waste Grants - Native American	Northern Arapaho Tribe	\$1,426,000	This Rural Development investment will be used to provide equipment for the Northern Arapaho Tribe Solid Waste Program (NATSWP), replacing older equipment that has reached its useful life. The new equipment will include waste cans for program users, as well as a skid steer, waste truck, cable hoist truck and a welding truck. The project will allow NATSWP to increase the number of waste program users, also increasing revenue and sustainability. This investment will help combat the many illegal dumping sites on the Wind River Reservation.
TX	John Cornyn Ted Cruz	Henry Cuellar (28)	Emergency Community Water Assistance Grants	Siesta Shores W.C.I.D.	\$1,000,000	This Rural Development investment will be used to purchase a filter upgrade along with new Raw Water Pumps to include electrical wiring and the installation of six-inch raw water piping and fittings to reach the deeper parts of Falcon Lake water source. Siesta Shores Water Control and Improvement District provides service to the residents of Siesta Shores. <i>This project utilizes FY23 funds.</i>
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$400,000	This Rural Development investment will be used to provide technical assistance and training to support clean energy heating systems serving water and sewer facilities in five eligible communities in rural Alaska.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$75,000	This Rural Development investment will be used to upgrade the water distribution system for the community of Nanwalek. This is supplemental funding for the completion of a FY 2018 project.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$1,271,140	This Rural Development investment will be used to provide well and wastewater treatment systems for unserved and partially served homes in Rampart, Alaska. The residential sewage treatment plant units include an insulated heavy-duty plastic wastewater tank with a three-stage wastewater treatment system that will be installed on a timber foundation outside the home.

**USDA Rural Development

12.16.2022**

State	Senators	Representatives	Program	Recipient	Grant	Project Description
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$108,750	This Rural Development investment will be used to develop a preliminary engineering report for additional water storage in St. Mary's, Alaska. The project will include conducting a site visit to evaluate the viability of continuing to use the current two tanks, as well as any needed repairs to the tanks, heat add systems, and yard piping and valving. The report will include a desktop geotechnical review, a desktop Alaska Department of Environmental Conservation contaminated sites review, a cost estimate for the proposed project, and a conceptual layout of the proposed tank, yard piping, and valving.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$117,000	This Rural Development investment will be used to complete a technical memorandum to support expansion of the sewer system to a new portion of the Kuutchauraq subdivision in Noatak, Alaska. This expansion is needed to connect sewers to new homes. This investment will also be used to develop a preliminary engineering report evaluating alternatives to reinforce or relocate the community's water source and transmission line and evaluate issues with low water yield at the well.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$225,000	This Rural Development investment will be used to provide a septic tank, effluent pump, and pressure mounded drain field to six homes in False Pass, Alaska. The septic tank will be installed to capture solids, followed by an effluent pump that will transfer effluent into a mounded drain field. Assuming the worst-case condition that seasonal high groundwater reaches the existing grade, a four-foot sand layer will be installed above grade to ensure the required groundwater separation distance is met. The wastewater will be discharged at the top of the sand filter layer. The drain field will be capped and sloped to grade.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$78,000	This Rural Development investment will be used to develop a preliminary engineering report evaluating the landfill in Shungnak, Alaska, and identifying options to address its deficiencies. Three alternatives will be developed including at least one to close the landfill and construct a new one. The report will assess possible locations for a new site, determine three options that address deficiencies and meet the community's solid waste needs, and identify a preferred alternative.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$69,825	This Rural Development investment will be used to complete a business plan and renovate the wastewater facility in Sand Point, Alaska.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$66,375	This Rural Development investment will be used to complete preliminary engineering and environmental reports to explore options for a new solid waste facility in Ruby, Alaska.

AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$63,750	This Rural Development investment will be used to prepare preliminary engineering and environmental reports for the water treatment system in Chignik, Alaska. Proposed design, construction, and repairs will stop damage to the water storage tank due to freezing and provide options for removing the cost and risk associated with equipment that is no longer functioning.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$629,646	This Rural Development investment will be used to improve the wastewater treatment plant, wastewater lagoon, and several lift stations serving Yakutat, Alaska. The project will improve the Cannery, Jensen, Sunrise, and Old Village lift stations and combine the Elementary and School lift stations.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$150,000	This Rural Development investment will be used to complete a comprehensive condition assessment of the sanitary sewer gravity collection system of the sewer mains and manholes in Yakutat, Alaska. The assessment will include video camera inspections, engineering planning to identify deficiencies, rehabilitation, and replacement alternatives for future capital projects. A report will summarize the conditions of the sanitary sewer system, the results of the inspection, and present rehabilitation and replacement options.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$168,750	This Rural Development investment will be used to develop a preliminary engineering report to address water circulation improvements in Kotzebue, Alaska. The report will explore sewer system improvements and elimination of infiltration and inflow into Lift Station 8.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$1,271,250	This Rural Development investment will be used to improve the wastewater treatment system in Kobuk, Alaska. The project will replace two 5,000-gallon septic tanks with two 7,140-gallon septic tanks, install an effluent filter within the final septic tank, excavate the drain field, and dispose of pipe, insulation and unusable material; and construct a drain field. Sludge from the septic tanks will be placed in a one-time use sewage monofil adjacent to the drain field. Other construction waste including removed drain field pipe, insulation, and used septic tanks, will be placed in a one-time use inert waste monofil.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$69,000	This Rural Development investment will be used to complete a preliminary engineering report to address issues with Chignik Lake's water treatment plant and water storage tank.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$105,000	This Rural Development investment will be used to evaluate the raw water transmission line, northern seashore, and water storage tanks to help plan for upgrades, improvements, or replacements of the facilities. A report will include a geotechnical review of the soils along the raw water transmission line and a structural assessment of the water storage tanks.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska Native Tribal Health Consortium	\$56,250	This Rural Development investment will be used to prepare preliminary engineering and environmental reports for the construction of a new landfill in Kasigluk, Alaska.

State	Senators	Representatives	Program	Recipient	Grant	Project Description
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska State DCED 550W	\$400,000	This Rural Development investment will be used to provide technical assistance and training to improve the technical capacity of rural operators of water and waste water collection systems and develop the skills necessary to maintain, repair, and troubleshoot equipment specific to each community's water and sewer system.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska State DCED 550W	\$49,500	This Rural Development investment will be used to help the City of Buckland develop a technical memo to evaluate options to address reoccurring winter freeze ups in the sewer main from the Buckland Native Store and the sewer lagoon, including consideration of a new lift station.
AK	Lisa Murkowski Dan Sullivan	Mary Sattler Peltola (At Large)	Grants for Rural and Native Alaskan Grant	Alaska State DCED 550W	\$5,801,841	This Rural Development investment will be used to provide supplemental funding for a multi-year project in Unalakleet to develop a water source. Design for the project was completed with funding from FY 2019. During the design, an updated cost estimate from a third party determined that the remaining funds were insufficient to prepare the project to go to bid.
MS	Roger Wicker Cindy Hyde-Smith	Michael Guest (03)	Water and Waste Disposal Loans and Grants	Mississippi Band of Choctaw Indians	\$6,848,074	This Rural Development Investment will be used construct and install: a 2,500 gallons per minute capacity pressure filter water treatment plant with two treatment trains to facilitate maintenance and continuous operation, flow meters on Pearl River 2 and 3 wells, two new 1,400 gallons per minute wells with flow meters, and a 500,000-gallon elevated storage tank, which will facilitate supply to MCBT's largest user, Geyser Falls Water Park, and pressure maintenance throughout the system in the event of line breaks. Pearl River 2 and 3 Wells, along with the new wells, will pump to the new plant. The two plants and Pearl River 1 and Chahta wells will be abandoned.
