Certification Under Section 1511 of the American Recovery and Reinvestment Act

Pursuant to Title XV, Subtitle A, section 1511 of the American Recovery and Reinvestment Act (Pub. L.111-5(Feb. 17, 2009)) ("ARRA") I, Andrew A. Nedoroscik, Chairman – Manchaug Water District, Sutton, Massachusetts, hereby certify that the following infrastructure investment has received the full review and vetting required by law and that I accept responsibility that the infrastructure investment is an appropriate use of taxpayer dollars. I further certify that the specific information required by Section 1511 concerning these investments is as follows:

Putnam Hill Road Water System Improvements - The project consists of the construction of a 125,000-gallon per day iron and manganese filtration facility, connecting utilities, and site work on Putnam Hill Road for the Manchaug Water District. The single story building will be approximately 25-feet by 38-feet in size. The building will house two pressure filters, aeration system, spent backwash recovery tank, chemical storage, chemical metering systems, instrumentation, controls, pumps, and accessories. The new treatment plant shall be connected to the three existing ground water wells with new yard piping. The existing building will be maintained as it houses one of the three wells. Telemetry will be moved to the new facility to enable the plant to automatically start and stop based on the District's standpipe water level. A new connection to the Town sewer line will be furnished for disposal of plant residuals.

Total project costs \$1,480,000

Total Amount of ARRA funds \$1,480,000

I understand that Manchaug Water District may not receive infrastructure investment funding from funds made available in this Act unless this certification is made and posted.

Andrew A. Nedoroscik, Chairman

Signed this 8 day of August 2010
