What does this program do?

This program assists approved lenders in providing low- and moderate-income households the opportunity to own adequate, modest, decent, safe, and sanitary dwellings as their primary residence in eligible rural areas. Eligible applicants may build, rehabilitate, improve, or relocate a dwelling in an eligible rural area. The program provides a 90% loan note guarantee to approved lenders in order to reduce the risk of extending 100% loans to eligible rural homebuyers.

Who may apply for this program?

Applicants must:

- Meet income-eligibility.
- Agree to personally occupy the dwelling as their primary residence.
- Be a U.S. Citizen, U.S. non-citizen national, or Qualified Alien.
- Have the legal capacity to incur the loan obligation.
- Have not been suspended or debarred from participation in federal programs.
- Demonstrate the willingness to meet credit obligations in a timely manner.
- Purchase a property that meets all program criteria.

How may funds be used?

Funds backed by loan guarantees can be used for:

- Repairs and rehabilitation when associated with the purchase of an existing dwelling.
- Refinancing of eligible loans.
- Special design features or permanently installed equipment to accommodate a household member who has a physical disability.
- Reasonable and customary connection fees, assessments, or the pro rata installment cost for utilities such as water, sewer, electricity, and gas for which the buyer is liable.
- A pro rata share of real estate taxes that is due and payable on the property at the time of loan closing. Funds can be allowed for the establishment of escrow accounts for real estate taxes and/or hazard and flood insurance premiums.
- Essential household equipment such as wall-to-wall carpeting, ovens, ranges, refrigerators, washers, dryers, heating and cooling equipment as long as the equipment is conveyed with the dwelling.
• Purchasing and installing measures to promote energy efficiency (e.g., insulation, double-paned glass, and solar panels.)
• Installing fixed broadband service to the household as long as the equipment is conveyed with the dwelling.
• Site preparation costs, including grading, foundation plantings, seeding or sod installation, trees, walks, fences, and driveways.
