

## USDA Rural Development has approved a grant of \$2,967,224

Program: Community Connect Grants

State/County: ND/Barnes

Congressman: ND-00 (project); ND-00 (awardee)

Senators:

Recipient: BEK Communications Cooperative

Recipient Contact: Derrick Bulawa

Mailing Address:

Email Address:

Phone Number: 401-475-2361

Project Description: BEK Communications Cooperative (BEK) will utilize RUS grant funding to serve a very rural and sparsely populated area in the southern portion of Barnes County, North Dakota. The area to be served has suffered from out migration of its population and consolidation of farmsteads. BEK already provides advanced services to over 7,000 homes within 65 miles of the service area and is well suited to extend its existing services to this needy area. BEK will use RUS funding to deploy broadband service using Fiber to the Home (FTTH) technology. The project will bring high-speed broadband capabilities to customers who otherwise have no broadband or lesser quality services such as dial-up, satellite or wireless services, all of which offer speeds below 3 Mbps (upload and download speeds combined) and lack the ability to deliver real-time services like IP Voice and IP Video. The proposed fiber network will introduce new capabilities not found today in these rural community's educational, healthcare and public safety institutions.

People Who Will Benefit: 571

Total Project Cost: \$2,967,224

RUS ID: ND1401-A23

## **USDA Rural Development has approved a grant of \$2,999,815**

Program: Community Connect Grants

State/County: ND/Barnes

Congressman: ND-00 (project); ND-00 (awardee)

Senators:

Recipient: BEK Communications Cooperative

Recipient Contact: Derrick Bulawa

Mailing Address:

Email Address:

Phone Number: 401-475-2361

Project Description: BEK Communications Cooperative's (BEK) Community Connect project will provide an opportunity to transform citizens in the underserved area of Northern Rural Barnes County, North Dakota by empowering them with Fiber to the Home (FTTH) technology. BEK will connect the service area to its existing network with fiber optic back-haul. The project will bring high-speed broadband capabilities to customers who otherwise have no broadband or lesser quality services such as dial-up, satellite or wireless services, all of which offer speeds below the RUS defined broadband service level of 3 Mbps (upload and download speeds combined) and the lack the ability to deliver real-time services like IP Voice and IP Video. The proposed fiber network will introduce new capabilities not found today in these rural community's educational, healthcare and public safety institutions.

People Who Will Benefit: 1,030

Total Project Cost: \$2,999,815

RUS ID: ND1401-B23

## **USDA Rural Development has approved a grant of \$916,606**

**Program:** Community Connect Grants

**State/County:** SC/Orangeburg

**Congressman:** SC-06 (project); SC-06 (awardee)

**Senators:**

**Recipient:** County of Orangeburg

**Recipient Contact:** Harold Young

**Mailing Address:**

**Email Address:**

**Phone Number:** 803-533-6101

**Project Description:** The County of Orangeburg will use RUS grant funding to deploy a FTTP broadband system to serve residents and businesses in the Pleasant Branch community. Pleasant Branch is located in the western portion of Orangeburg County and is a persistent poverty county. Through the Community Connect project, service at the Broadband Grant Speed of 5 Mbps (upload and download speeds combined) will be provided to all residents and businesses throughout Pleasant Branch. Additionally, service will be provided to all Critical Community Facilities for free for at least two years.

**People Who Will Benefit:** 153

**Total Project Cost:** \$916,606

**RUS ID:** SC1401-A23

## USDA Rural Development has approved a grant of \$442,515

Program: Community Connect Grants

State/County: KY/Lee

Congressman: KY-06 (project); KY-06 (awardee)

Senators:

Recipient: Crystal Broadband Networks, Inc.

Recipient Contact: Mailing Nidhin Johnson

Address:

Email Address:

Phone Number: 877-319-0326

Project Description: Crystal Broadband Networks will use Community Connect grant funding from the RUS to deploy high speed broadband internet services to the area of Ida May, Kentucky using Hybrid Fiber Coax Technology. The project also calls for deploying video and voice services to the entire service area. The community of Ida May is often threatened by severe weather conditions, including tornadoes. Having access to real time weather radar and national weather updates are critical to saving lives. Service at the Broadband Grant Speed of 5 Mbps (upload and download speeds combined) will allow the community's fire and rescue personnel the ability to receive virtual real time weather warning updates.

People Who Will Benefit: 543

Total Project Cost: \$442,515

RUS ID: IL1403-F23

## **USDA Rural Development has approved a grant of \$646,263**

**Program:** Community Connect Grants

**State/County:** KY/Breathitt

**Congressman:** KY-05 (project); KY-06 (awardee)

**Senators:**

**Recipient:** Crystal Broadband Networks, Inc.

**Recipient Contact:** Nidhin Johnson

**Mailing Address:**

**Email Address:**

**Phone Number:** 877-319-0326

**Project Description:** Crystal Broadband Networks will deploy service at the Broadband Grant Speed of 5 Mbps (upload and download speeds combined) to the areas of Lambric and Rousseau using Hybrid Fiber Coax Technology. The project also calls for deploying video and voice services to the entire service area. The communities of Lambric and Rousseau are prone to severe weather conditions, including storms, floods and tornadoes. This project will enable these communities to have access to real time weather radar and national weather updates. A community center will be made available as part of the project which will provide free service at the Broadband Grant Speed to all residents in Labric and Rousseau for at least two years.

**People Who Will Benefit:** 1,025

**Total Project Cost:** \$646,263

**RUS ID:** IL1403-G23

## **USDA Rural Development has approved a grant of \$2,203,767**

**Program:** Community Connect Grants

**State/County:** AK/Matanuska-Susitna

**Congressman:** AK-00 (project); AK-00 (awardee)

**Senators:**

**Recipient:** Matanuska Telephone Association, Inc.

**Recipient Contact:** Eric Anderson

**Mailing Address:**

**Email Address:**

**Phone Number:** 907-761-2795

**Project Description:** Matanuska Telephone Association, Inc. (MTA) will use Community Connect grant funding provided by the RUS to construct fiber optic cables from MTA's existing fiber cables out to existing copper and microwave fed equipment sites and add one new site. The project will enable MTA to expand its current broadband service offerings in the community so that customers will have the ability to subscriber to service with speeds ranging from 5 Mbps to 10 Mbps. MTA is working closely with the Matanuska Susitna Borough School District to provide enhanced broadband service to the Glacier View School. The project will also fund the construction of a community center where all residents will have access to free service at the Broadband Grant Speed of 5 Mbps (upload and download speeds combined) for at least two years.

**People Who Will Benefit:** 508

**Total Project Cost:** \$2,203,767

**RUS ID:** AK1411-A23

## **USDA Rural Development has approved a grant of \$655,796**

**Program:** Community Connect Grants

**State/County:** OK/Grady

**Congressman:** OK-04 (project); OK-04 (awardee)

**Senators:**

**Recipient:** Medicine Park Telephone Company

**Recipient Contact:** Dustin Hiliary

**Mailing Address:**

**Email Address:**

**Phone Number:** 580-529-2700

**Project Description** Medicine Park Telephone Company (Medicine Park) will utilize RUS grant funding to deploy wireless broadband service to the Agawam area. Through this project residents will be able to enjoy speeds of up to 20 Mbps from their homes, while business customers will be able to access up to 100 Mbps service. The project will also deploy voice service to the entire area. With the severe weather in Oklahoma, constant communication with local TV stations via the Internet is vital. Medicine Park will also offer a "Lifeline" type service for broadband to those who meet the same qualifications as the FCC Telephone Lifeline Service.

**People Who Will Benefit:** 1,150

**Total Project Cost:** \$655,796

**RUS ID:** OK1410-A23

## **USDA Rural Development has approved a grant of \$1,473,767**

**Program:** Community Connect Grants

**State/County:** OK/Kamanche and Kiowa

**Congressman:** OK-04 (project); OK-04 (awardee)

**Senators:**

**Recipient:** Medicine Park Telephone Company

**Recipient Contact:** Dustin Hiliary

**Mailing Address:**

**Email Address:**

**Phone Number:** 580-529-2700

**Project Description:** Medicine Park Telephone Company (Medicine Park) will utilize RUS Community Connect grant funding to deploy advanced Fiber-to-the-Home service. Residential customers will be able to receive service with speeds up to 100 Mbps from their homes, while business customer will have access up to 1 Gig. The project will also provide voice service and cable TV service. With the severe weather in Oklahoma, constant communication with local TV stations via cable and the Internet is vital. Medicine Park will also offer a "Lifeline" type service for broadband to those who meet the same qualifications as the FCC Telephone Lifeline Service.

**People Who Will Benefit:** 425

**Total Project Cost:** \$1,473,767

**RUS ID:** OK1410-B23

## **USDA Rural Development has approved a grant of \$933,000**
