

Fiscal Year 2019 Funding

FROM USDA RURAL DEVELOPMENT

USDA is making great strides in building opportunity and prosperity in rural America through its rural loans, grants, and loan guarantee programs. In 2019, the Department invested \$28.6 billion to spark business development and create jobs in all 50 states and all U.S. territories, while continuing to build collaboration with partners for long term investment and success. Priorities included bringing high-speed internet capacity, modern community facilities, and upgraded water and wastewater infrastructure, as well as homeownership and reliable electricity to rural communities. RD believes in driving investment in businesses and families and supporting job opportunity in rural communities, because when rural America thrives, all America thrives.
