SUBJECT: Rural Disaster Home Repair Grant Program
Temporary Authorizations
Single Family Housing Direct

PURPOSE:

This Unnumbered Letter (UL) supersedes the March 10, 2023 UL entitled *Rural Disaster Home Repair Grant Program Temporary Authorizations Single Family Housing Direct*, regarding the Disaster assistance for Rural Housing Assistance Grants (RHAG). are available for Presidentially-Declared Disaster areas (PDDA) when the damage caused by the disaster occurred in calendar year (CY) 2022.

AUTHORITY:

The Rural Housing Assistance Grants (RHAG) Supplemental Disaster funding was authorized by the Consolidated Appropriations Act, 2023, Division N. In addition, temporary authorizations provided by this notice are permitted under the Rural Housing Service (RHS) Administrator’s exception authority found at [7 CFR 3550.8](#).

BACKGROUND:

Under the Consolidated Appropriations Act, 2023, (Act) Congress authorized \$60 million in RHAG to make essential repairs and improvements to rural homes located in PDDA that sustained damage during 2022 due to Presidentially-Declared disasters. Of this funding, approximately \$48.6 million remains available to individuals through the **Rural Disaster Home Repair Grant Program** administered by RHS, Single Family Housing program area. Funding will remain available until expended.

EXPIRATION DATE:
April 30, 2025

FILING INSTRUCTIONS:
Housing Programs

The Rural Disaster Home Repair Grant Program has significant differences compared to the RHAG existing Section 504 Home Repair Grant program. In particular, the Act does not impose the age and income restrictions found at [7 CFR 3550.103 \(b\) and \(c\)](#) respectively. Therefore, applicants under the age of 62 and whose income does not exceed the [low-income](#) limit may qualify for assistance. While there is no age restriction, applicants must be considered an adult under state law.

IMPLEMENTATION RESPONSIBILITIES FOR RURAL DISASTER HOME REPAIR GRANTS DIRECTLY TO INDIVIDUALS:

General Applicant Eligibility: Consolidated Appropriations Act, 2023

- Applicant's income must not exceed the applicable [low-income](#) limit based on household size and county.
- Properties must be located within a Rural Development Single Family Housing [rural area](#) and must have sustained damage during 2022 as a result of a Presidentially-declared disaster.
- Properties that sustained damage as a result of a Presidentially-Declared Disaster during 2022 are eligible for assistance if located within a PDDA as identified by the Federal Emergency Management Agency (FEMA).
- Eligible during 2022 PDDA are listed in Attachment 1, however, there is a possibility that additional declarations could be issued beyond release of this notice.
 - PDDA are found at: <https://www.fema.gov/disaster/declarations>.
 - Search by selecting 'Year' 2022 and the 'State/Tribe' name.
 - The Incident Period must have a date within 2022.
 - PDDA are identified as Major Disaster Declaration or Fire Management Declaration.

Temporary Authorizations: Application requirements for the Rural Disaster Home Repair Grant Program (Disaster Grants) will mirror guidance in [7 CFR 3550, Subpart C](#) and [Handbook-1-3550, Chapter 12](#) for Section 504 Grants. However, an RHS Administrator's Exception, pursuant to authority found at [7 CFR 3550.8](#) is granted for the following:

- Maximum grant assistance is equal to ten percent of the national average area loan limit (\$42,920, on March 8, 2024). ([7 CFR 3550.112 \(a\)](#))
 - Attachment 2, 'Notification of Approval (Rural Disaster Home Repair Grants)' will be used to advise applicant of grant approval instead of [Handbook-1-3550, Handbook Letter 12](#). Applicants must sign and return the Attachment as

certification that there is no duplication of benefits with this award. (See Ineligible Grant Purposes below)

- Disaster Grant recipients will not be required to sign [Form RD 3550-24](#), Grant Agreement. ([7 CFR 3550.114](#))
 - Disaster Grants do not reduce or impact the applicant's Section 504 lifetime grant assistance (which is defined in [Handbook-1-3550, Chapter 12](#) and [Appendix 10](#)).
- Though prohibited in the RHAG Section 504 Low-Income Repair Grant Program, Disaster Grants can be used for:
 - Disaster related home repair expenses incurred prior to application so long as the needed repair was caused directly or indirectly by the disaster. ([7 CFR 3550.102 \(e\)\(5\)](#))
 - Site preparation ([HB-1-3550, Paragraph 12.2\(A\)](#)) and the cost of moving a manufactured home ([7 CFR 3550.102 \(e\)\(3\)](#)). Since the disaster may have forced the applicant into temporary living arrangements, the applicant does not have to occupy the property they own until the replacement housing is installed. ([7 CFR 3550.107](#))
 - Temporary authorizations are intended to help coordinate efforts with FEMA's Individual Assistance Program to provide manufactured homes as replacement housing in Presidentially declared disaster areas.
 - A permanent housing solution on the applicant's site must be anticipated within 12 months of application or a permanent housing plan must be provided if more than 12 months is anticipated.
- The cost of materials can be paid to the contractor upon receipt of a paid invoice, or directly to the supplier, prior to site delivery. ([7 CFR 3550.106](#))
 - The allowable fee for packaging a Rural Disaster Section 504 Low-Income Repair Grant is up to \$1,000 to account for the additional urgency and targeting related to these packages. ([HB-1-3550, Attachment 3-A](#))
 - While not a requirement, the packager should ideally be an existing packager under the Section 504 Low-Income Repair Grant Program and have a Memorandum of Understanding with the applicable State Office.
 - If an application package is for both a Rural Disaster Home Repair Grant (the maximum amount allowed) and a Section 504 Loan and/or Grant, the packager can charge a fee of up to \$1,750 provided both funding sources are approved.

Ineligible Grant Purpose: Grant funds may not be awarded when any other source such as insurance has provided funding for the same disaster-caused need, or when such assistance is available from another source. For example, Rural Disaster Home Repair Grants cannot pay for home repairs if the homeowner can obtain or has received sufficient funds from FEMA for the same repairs. Funds received from FEMA, while considered to determine whether there is a duplication of benefits, should not be considered net family assets for purposes of the asset limitation in [7 CFR 3550.103\(e\)](#).

Program Type Codes: Applications should be entered into the UniFi system utilizing one of the following program type codes:

| Program Type Code | Program Type Code Description |
|-------------------|------------------------------------|
| 2194 | Dstr Hm Rpr G |
| 2195 | Dstr Hm Rpr G-NonCertNonProfit Pkg |
| 2196 | Dstr Hm Rpr G-NonCert-Other Pkg |

State Offices with questions regarding this memorandum should contact their Single Family Housing Direct Division Point of Contact.
