INSTRUCTIONS FOR FORM RD 1980-88

The following information is based on the programmatic requirements for the Strategic Economic and Community Development found in 7 CFR 1980, subpart K.

Form RD 1980-88 - Strategic Economic and Community Development (Section 6025) Priority

- Block I.A, B, and C Self-explanatory. If you are submitting this form at the same time as the program’s application, to the extent this information is contained in the application for the program for which Section 6025 priority is requested, please be sure to be consistent with that information.
- Block I.D The purpose of this question is to identify whether the applicant or any of the co-applicants are classified as one of these four government types. This information is needed because the authorizing statute requires such entities applying for Section 6025 priority to include an indication of consistency with an adopted regional economic or community development plan. If you check one or more the government type blocks, then Block III.D applies to you. If you and all co-applicants (if any) are not one of the four government types, check the Not Applicable box.
- Block II.A Provide the name of the strategic economic or community development plan (the Plan) that the project supports.
- Block II.B.1 Provide the date the Plan was put into effect.
- Block II.B.2 If the Plan is effective over a specified period of time, identify the time period. If the Plan is “open ended,” leave this block empty.
- Block II.C Provide the name, telephone number, and email address of the primary contact of the Plan identified in Block II.A. If there are multiple contacts, please provide this information for each. Use additional sheets if necessary.
- Block II.D Describe the service area covered by the Plan. Alternatively, you may submit an excerpt from the Plan that describes the Plan’s service area. If you elect to submit excerpts from the Plan, please be sure to check the box in this block. This information is necessary because the criterion for collaboration is based, in part, on the collaboration of stakeholders within the service area of the plan.
- Block II.E Self-explanatory.
- Block III.A Self-explanatory.
- Block III.B Please answer both questions. At least one of the questions must be a “Yes” in order to be considered for Section 6025 priority. See table below for cross-references to the definition of “rural area” in each underlying program.

The first question focuses on the physical location of the project and without regard as to who will benefit from the project. For example, a hospital built entirely in a rural area would meet this criterion regardless if it provides health care services to non-rural residents. In this scenario, you would check the “Yes” box. However, if any portion of this hypothetical hospital lies outside a rural area, then you would check the “No” box.

The second question focuses on who benefits (individuals or businesses) from the project and not the project’s physical location. For example, consider a project designed to provide water to only residents of a rural area, where part of the project is located in a non-rural area and part of the project is located in a rural area. For this water project, you would check the “No” box to the first question because part of the project is located in a non-rural area. However, for this water project, you would check the “Yes” box to the second question because the beneficiaries of the services (in this case, the individuals) all reside in a rural area. If, however, some of the beneficiaries reside in a non-rural area, then this project would not be an eligible project under either metric.

Your program application should provide sufficient information for the Agency to determine the accuracy of your responses to these questions. If your program application does not provide sufficient information, the Agency may request you to provide such information in order to be considered for Section 6025 priority.

Program	Rural Area Definition Cross-Reference
Community Facility Loans (7 CFR 1942, subpart A)	7 CFR 1942.17(b)(2)
Fire and Rescue and Other Small Community Facilities Projects (7 CFR 1942, subpart C)	7 CFR 1942.17(b)(2)
Community Facilities Grant Program (7 CFR 3570, subpart B)	7 U.S.C. 1991(a)(13)
Community Programs Guaranteed Loans (7 CFR 3575, subpart A)	7 U.S.C. 1991(a)(13)
Water and Waste Disposal Programs Guaranteed Loans (7 CFR 1779)	7 CFR 1779.2
Water and Waste Loans and Grants (7 CFR 1780, subparts A, B, C, and D)	7 CFR 1780.3
Business and Industry Guaranteed Loanmaking and Servicing (7 CFR 4279, subparts A and B; 7 CFR 4287, subpart B)	7 CFR 4279.108(c)
Rural Business Development Grants (7 CFR 4280, subpart E)	7 CFR 4280.403 (see 7 U.S.C. 1991(a)(13)(A) and (D) <i>et seq.</i>)

- Block III.C Provide a letter from the appropriate entity/entities who approved the Plan. Such entity may include an elected or appointed official. This block is only applicable to applicants who checked one of the government entity types in Block 1.D.
 "Adopted" means that the Plan has been officially approved for implementation by the appropriate entity or entities in the jurisdiction(s) affected by the Plan (for example, a State, Indian Tribe, county, city, township, town, borough, etc.).
- Block IV.A Self-explanatory
- Block IV.B Attach descriptions on each of these areas. You may provide this information by submitting copies of the relevant pages from the Plan or providing your own descriptions. This information is particularly important because these areas are the five criteria, as set by the authorizing statute, by which the Agency will evaluate and score the Plan for purposes of assigning Section 6025 priority points. Failure to provide this information or failure to provide sufficient detail may result in a lower Section 6025 priority score.
 "Philanthropic organization" means an entity whose mission is to provide monetary, technical assistance, or other items of value for religious, charitable, scientific, literary, or educational purposes.
- Block V.A Self-explanatory.
- Block V.B If you submit more than one program application for Section 6025 priority in a single Federal fiscal year, you must fill out this block. In addition, you must submit a separate Form RD 1980-88 for each program that you are or will be applying for. If you are only submitting one program application for which you are requesting 6025 priority in a fiscal year, do not fill out this block.

Guidance for 1a, 2a, and 3a

- A. If this form is submitted prior to submitting the program application:
 B.1a Enter the name of the project.
 B.2a Check the applicable Program Area. Refer to Block V.A to identify the appropriate program area.
 B.3a Indicate the anticipated date the program application will be submitted. If you do not know when the program application will be submitted, enter "TBD".
- B. If this form is submitted with the program application:
 B.1a Enter the name of the project. Be sure that this name matches that in the program application.
 B.2a Check the applicable Program Area. Refer to Block V.A to identify the appropriate program area.
 B.3a Insert date the program application is being submitted.

Guidance for 1b, 2b, and 3b and subsequent rows

Complete these additional rows for each additional program application(s) that you submit or plan to submit during the same fiscal year. For example, suppose you submit on January 8, 2016, an application for a Business and Industry (B&I) guaranteed loan for a convenience store and you are planning on submitting an application for a Community Facility grant for a library in March 2016. In this instance, you will fill out 1a, 2a, and 3a with the information on the convenience store project and you will fill out the second row (1b, 2b, 3b) for the library project. This would look something like what is shown below.

1a. Project Name: Convenience store	2a. Program Area(s) for which Section 6025 priority is requested (check all that apply): Business and Cooperative Development <input checked="" type="checkbox"/> Rural Community Facilities: <input type="checkbox"/> Rural Utilities: <input type="checkbox"/>	3a. Date application submitted: January 8, 2016
1b. Project Name: Library	2b. Program Area(s) for which Section 6025 priority is requested (check all that apply): Business and Cooperative Development <input type="checkbox"/> Rural Community Facilities: <input checked="" type="checkbox"/> Rural Utilities: <input type="checkbox"/>	3b. Date application submitted: March 2016

If you do not know if you will be submitting two or more program applications during the same fiscal year for Section 6025 priority, you do not need to fill out Block V.B when submitting this form the first time in a fiscal year. However, if you do submit at a later date another program application for Section 6025 priority, you must fill out Block V.B to show each prior program application submittal. To illustrate, suppose you submit a Water and Waste Disposal grant application for a water treatment facility on December 14, 2015 for Section 6025 priority and at that time you do not plan on submitting another program application for Section 6025 priority. However, in early 2016, you decide to

submit a Rural Business Development Grant (RBDG) application for a drug store project and submit that application on February 22, 2016. Block V.B in this form would look something like this:

1a. Project Name: Drug store	2a. Program Area(s) for which Section 6025 priority is requested (check all that apply): Business and Cooperative Development <input checked="" type="checkbox"/> Rural Community Facilities: <input type="checkbox"/> Rural Utilities: <input type="checkbox"/>	3a. Date application submitted: February 22, 2016
1b. Project Name: Water treatment facility	2b. Program Area(s) for which Section 6025 priority is requested (check all that apply): Business and Cooperative Development <input type="checkbox"/> Rural Community Facilities: <input type="checkbox"/> Rural Utilities: <input checked="" type="checkbox"/>	3b. Date application submitted: December 14, 2015

Block VI. Original signature in blue ink required. Agency reserves the right to ask for additional information to determine project and applicant eligibility.

Attachment A – Plan Objectives

- Block I From the most current version of the Plan identified in Block II.A, provide the name of the Plan's objective that the proposed project directly supports.
- Block II From the most current version of the Plan identified in Block II.A, provide a description of the Plan's objective (as identified in Block I of Attachment A) that the proposed project directly supports. If you elect to submit excerpts from the Plan, please be sure to check the box in this block.
- Block III For the objective identified in Block II, provide a description of how the project directly supports the objective. Failure to provide sufficient information to demonstrate direct support of the objective may result in a lower Section 6025 priority score.

Attachment B – Previous Program Applications

If you have submitted one or more program applications in a prior Federal fiscal year for Section 6025 priority, provide the information in this attachment for each such previously submitted program application. Attach additional sheets as necessary.

- Blocks I and II Self-explanatory.
- Block III Check the applicable Program Area. Refer to Block V.A to identify the appropriate program area.
- Block IV Self-explanatory.
- Block V.1 Enter the specific name(s) of the program(s) from which funds were provided. See Block V.A for the specific program names.
- Block V.ii and iii Self-explanatory.

If the project received any funds from Section 6025 reserved funds, check the "Yes" box. If the project was funded wholly from non-reserved funds of the program for which Section 6025 priority is requested, check the "No" box.
