1. Check NEW if data/report is not currently defined to FOCUS. Check REVISED for modifications to existing FOCUS data/report. Check CANCEL when data/report is no longer required.

2. Brief descriptive title of the request.

3. a. Purpose/Use: Provide a detailed description of how the report/file is to be used.
   b. Data Location/Availability: Is the information available from an existing form, a set of forms, an existing report or another source? If yes, indicate the source.
   c. Data Elements: Identify all data/elements that will be required for use in the report or file.
   d. Sort Sequence and Control Breaks: Identify sort requirements (i.e. State, County, District, Borrower ID, Loan Number, Borrower Name, etc.) and control breaks for page, subtotal, total, or other breaks.
   e. Report Format: If a menue report is being requested, prepare the report format as you visualize it will look, keeping in mind the 132 character width restriction. Show report name headings, data in heading (if required), column headings, field sizes, and footings. Indicate layout requirements such as control breaks, subtotals, totals, page breaks, skipped lines, etc.
   f. Distribution/User: Identify the intended recipient and/or user (i.e. National, State, etc.).
   g. Report Prompt Screen: Will this be needed? If so, what levels of prompting are needed -- State, District, County, particular dates, interest rates, servicing office, etc.
   h. Report Size: If possible, provide the anticipated maximum size of the report measured by estimating the number of print lines.
   i. Refresh: How often should the prior file be replaced with current data (e.g., daily, weekly, monthly, etc.)?

4. Provide the requestor's name, title, telephone number, and date of request. Requesting office can be National, Finance, and State. If State, give the complete State name. Provide Program or Management area.

5. Approving Official's Signature. Request must be signed and dated by the approving official.
