

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
AL	Richard Shelby, Tommy Tuberville	Terri Sewell (07)	Greene County E-911 Communication District	\$152,200	\$189,600	This Rural Development investment will be used to purchase modern communication equipment and other upgrades for the Greene County E-911 Communication District. Funding will be used to purchase new radio and telephone equipment and consoles for emergency communicators. In addition, the facility will be upgraded with the construction of a security fence, paving the driveway and installation of security cameras. These improvements will increase the effectiveness of the district, and will provide a secure location to coordinate emergency response activities in Greene County, which includes major thoroughfares, such as Interstate 20/59 and U.S. Highway 43.
AL	Richard Shelby, Tommy Tuberville	Barry Moore (02)	Town of Repton	\$50,800	\$49,000	This Rural Development investment will fund the construction of a pole-barn style public works building for the town of Repton, Alabama. This new building will be used by the town to store equipment and repair materials for the town's public works department. This investment will help the town to better secure its equipment and building materials, protecting them from the elements.
AL	Richard Shelby, Tommy Tuberville	Terri Sewell (07)	Town of Gordonville		\$50,000	This Rural Development investment will be used to purchase equipment and provides for upgrades to the Gordonville Town Park in Gordonville, Alabama. This equipment, which includes American Disabilities Act (ADA) accessible equipment, a chain link fence, concrete walkways and concrete gathering areas, will greatly increase the accessibility and usability of the park.
AL	Richard Shelby, Tommy Tuberville	Robert Aderholt (04)	Town of Hackleburg		\$84,900	This Rural Development investment will be used to purchase an automated arm garbage truck and trash bins for the town of Hackleburg. The town's contracted garbage provider stopped service to the town, leaving the town and its citizens without garbage service. This produced a health and safety issue for the town's residents.
AL	Richard Shelby, Tommy Tuberville	Robert Aderholt (04)	Cherokee Volunteer Firefighters Inc.	\$10,700	\$1,800	This Rural Development investment will be used by the Cherokee Volunteer Firefighters Inc. to purchase a new fire engine and associated equipment. The truck will replace the department's main fire engine. The addition of the fire engine and new equipment will increase the safety of the firefighters and improve timeliness and efficacy of their response to fire emergencies.
AL	Richard Shelby, Tommy Tuberville	Robert Aderholt (04)	Town of North Courtland		\$36,700	This Rural Development Investment will be used to help the town of North Courtland to purchase and install a public severe weather and tornado shelter. This above-ground pre-fabricated structure is designed to protect 50 people in the event of severe weather and act as a resource for families and individuals who lack adequate storm shelter.
AL	Richard Shelby, Tommy Tuberville	Robert Aderholt (04)	Town of Town Creek		\$28,100	This Rural Development investment will be used to purchase 150 radio-connected, remotely-read, utility meters for the town of Creek. This investment will allow the town to upgrade its utility system, reduce personnel and vehicle expenses tied to manual meter reading, improve the accuracy of meter readings on-demand, and provide improved service to the town's utility customers.
AL	Richard Shelby, Tommy Tuberville	Robert Aderholt (04)	Town of North Courtland		\$7,600	This Rural Development investment will be used by the town of North Courtland to purchase and install security fencing around an equipment storage area and a county dumpster storage site. The fencing will provide for greater security for the town's equipment and will help the town to control access to the area.
AL	Richard Shelby, Tommy Tuberville	Mo Brooks (05)	Moore's Mill Volunteer Fire/Rescue Department Inc.	\$200,900		This Rural Development investment will be used to purchase 30 Self-Contained Breathing Apparatus (SCBA) units for the Moore's Mill Volunteer Fire and Rescue Department. This investment will allow the department to replace aging existing equipment with safer, updated technology. The addition of these new units will improve firefighter safety and the department's ability to respond effectively to fire emergencies.
AL	Richard Shelby, Tommy Tuberville	Robert Aderholt (04)	Town of Hackleburg	\$80,000		This Rural Development investment will be used to purchase an automated arm garbage truck and trash bins for the town of Hackleburg. The town's contracted garbage provider stopped service to the town, leaving the town and its citizens without garbage service. This produced a health and safety issue for the town's residents.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
AL	Richard Shelby, Tommy Tuberville	Mo Brooks (05)	Mud Tavern Volunteer Fire Department Inc.	\$298,000		This Rural Development investment will be used by the Mud Tavern Volunteer Fire Department to purchase a new fire engine and associated equipment. The truck will replace the department's main fire engine. The addition of the fire engine and new equipment will increase the safety of the firefighters and improve timeliness and efficacy of their response to fire emergencies.
AR	John Boozman, Tom Cotton	French Hill (02)	Town of Menifee		\$37,000	This Rural Development investment will be used to purchase and install two early warning sirens to allow for early notification and better protection of the rural residents in Menifee.
AR	John Boozman, Tom Cotton	French Hill (02)	Town of Menifee		\$4,000	This Rural Development investment will be used to purchase computers for Town of Menifee's community center. The computers will be used by the community's youth in after-school and summer programs offered by the town.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	Desha County		\$23,000	This Rural Development investment will be used to purchase 2 law enforcement vehicles and equipment for the Desha County Sheriff's Department. These additions will improve the reliability and efficacy of the Sheriff's response to emergencies.
AR	John Boozman, Tom Cotton	Bruce Westerman (04)	Franklin County EMS		\$73,000	This Rural Development investment will be used to purchase an ambulance increasing the reliability and efficacy of the emergency response for area rural residents.
AR	John Boozman, Tom Cotton	Bruce Westerman (04)	City of Huntsville		\$74,000	This Rural Development investment will be used to purchase a brush truck for the city fire department in order to help provide more reliable first responder and public protection services to area rural residents.
AR	John Boozman, Tom Cotton	Bruce Westerman (04)	Jasper School District		\$9,000	This Rural Development investment will be used to purchase a walk-in cooler to support the provision of meals for rural students. The investment will assist in supporting Jasper County School District's efforts to meet the essential educational needs of students.
AR	John Boozman, Tom Cotton	Steve Womack (03)	Parthenon Volunteer Fire Department Inc.		\$37,000	This Rural Development investment will be used to purchase a brush truck and other essential fire department equipment in order to help provide better public protection services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of Marshall		\$3,000	This Rural Development investment will be used to purchase a commercial mower for the street department in order to help provide more reliable services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of Cotter		\$24,000	This Rural Development investment will be used to purchase self-contained breathing apparatus (SBCA) cylinders and turn-out gear for the City of Colter's fire department. The investment will improve firefighter safety and the efficacy of their response to fire emergencies in rural areas.
AR	John Boozman, Tom Cotton	Steve Womack (03)	City of Harrison		\$37,000	This Rural Development investment will be used to purchase a street department sweeper in order to provide more reliable services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of Piggott		\$18,000	This Rural Development investment will be used to purchase a law enforcement vehicle and equipment for the city's department. The new vehicle and equipment will enable the city to provide more reliable first responder and public protection services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	Clay County		\$17,000	This Rural Development investment will be used to replace the upper roof of the courthouse to eliminate leaks in order to help provide better public services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of Earle		\$50,000	This Rural Development investment will be used to purchase two law enforcement vehicles and equipment in order to help provide better public protection services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of Sunset		\$9,000	This Rural Development investment will be used to purchase two skycops. The skycops will be located within the city limits and will enable the city to assist with communication with the sheriff's department to enable better protection of area rural residents.
AR	John Boozman, Tom Cotton	Bruce Westerman (04)	City of Monticello		\$50,000	This Rural Development investment will be used to purchase four law enforcement vehicles and equipment. This funding will improve the reliability of first-responder and public protection services to area rural residents.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
AR	John Boozman, Tom Cotton	Rick Crawford (01)	County of Fulton		\$8,000	This Rural Development investment will be used to provide grant funding for the county to purchase two roof top compressors for the HVAC as only four of the six compressors are currently working for the existing Fulton County Hospital. This will enable the county to help provide more reliable and safe public services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	Town of Mount Pleasant		\$38,000	This Rural Development investment will be used to provide grant funding which will allow the town to purchase a street department tractor and equipment in order to help provide more reliable services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	Town of Mount Pleasant		\$12,000	This Rural Development investment will be used to purchase a fire department utility vehicle and equipment in order to help provide more reliable services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of Tuckerman		\$24,000	This Rural Development investment will be used to purchase a law enforcement vehicle and equipment in order to help provide more reliable public protection services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of Newport		\$49,000	This Rural Development investment will be used to purchase 2 law enforcement cars and equipment in order to help provide better public protection services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of Tuckerman		\$17,000	This Rural Development investment will be used to purchase a street department vehicle and equipment in order to help provide more reliable services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	Town of Ravenden		\$27,000	This Rural Development investment will be used to purchase a street department vehicle and equipment in order to help provide more reliable services to the rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	Walnut Ridge City		\$50,000	This Rural Development investment will be used to purchase 2 law enforcement vehicles and equipment in order to help provide more reliable public protection services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of Luxora		\$12,000	This Rural Development investment will be used to purchase 2 skycops for the city law enforcement department to better serve and protect area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of Holly Grove		\$27,000	This Rural Development investment will be used to purchase a law enforcement car and equipment in order to help provide better public protection services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of Highland		\$23,000	This Rural Development investment will be used to purchase a law enforcement vehicle and equipment for the city department. This funding will help provide more reliable first responder and public protection services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	Town of Patterson		\$23,000	This Rural Development investment will be used to purchase a law enforcement vehicle and equipment in order to help provide better public protection services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	Woodruff County		\$46,000	This Rural Development investment will be used to purchase 2 sheriff department vehicles and equipment. This funding will help provide better public protection services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of McCrory		\$11,000	This Rural Development investment will be used to purchase emergency radio communication equipment for the fire department. This funding will help provide more reliable first responder and public protection services to area rural residents.
AR	John Boozman, Tom Cotton	Rick Crawford (01)	City of McCrory		\$35,000	This Rural Development investment will be used to purchase vehicle cameras, vehicle laptops/printers and other essential equipment for the existing law enforcement department's vehicles. This funding will help provide more reliable first responder and public protection services to area rural residents.
AZ	Mark Kelly, Krysten Sinema	Tom O'Halleran (01)	County of Apache		\$81,567	This Rural Development investment will be used to purchase and install solar lighting equipment around the perimeter of 2 administration buildings for Apache County. Currently their administrative offices do not have sufficient lighting at night and the energy efficient equipment purchased will allow staff to work in a safer environment.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
AZ	Mark Kelly, Kyrsten Sinema	Tom O'Halleran (01)	County of Apache		\$81,000	This Rural Development investment will be used to purchase a wood processor, logging trailer, commercial chain saws and other wood cutting equipment for Apache County, located in the northeast corner of Arizona. Apache County assists the Navajo Nation and the Fort Apache Indian Reservation elders by providing cut firewood to heat their homes. Purchasing their own wood cutting equipment allows them to stockpile more cut firewood earlier in the year, assisting about 290 elderly families each winter. This project not only provides heating for the elderly, but this project also removes dead and downed trees from forested areas, preventing the spread of potential wildfires.
AZ	Mark Kelly, Kyrsten Sinema	Tom O'Halleran (01)	County of Apache		\$82,000	This Rural Development investment will be used to purchase 2 generators for Apache County. Apache County's current administrative and satellite offices do not have generators for backup power. The addition of new generators will allow the county to continue to provide services including the operation of road crews, during emergencies and inclement weather.
AZ	Mark Kelly, Kyrsten Sinema	Paul Grijalva (03)	Tohono O'odham Community College		\$99,975	This Rural Development investment will be used to equip a newly constructed wellness center on the Tohono O'odham Community College main campus in the rural town of Sells in southern Arizona. Identified as a priority need for students, faculty and staff, the grant will be used by the Apedag Ki Wellness Center to purchase fitness equipment, furniture, and flooring. The wellness center will provide a space for physical education courses and physical fitness, promoting wellness within the community.
AZ	Mark Kelly, Kyrsten Sinema	Paul Gosar (04)	Black Canyon Community Health Center Inc.		\$39,600	This Rural Development investment will be used to upgrade optical-fiber, internet, and information technology equipment, purchase an automated defibrillator, and renovate the Black Canyon Community Health Center in southern Yavapai County, Arizona. This rural health center is a medical group practice that specializes in family medicine providing primary, dental, mental health, cardiology care, and pharmacy services including outreach, enrollment, case management and transportation. This investment will improve and reinforce the center's capacity to serve the 2,825 residents of this rural community.
AZ	Mark Kelly, Kyrsten Sinema	Paul Grijalva (03)	Regional Center for Border Health Inc.	\$77,000	\$40,000	This Rural Development investment will be used to help the Regional Center for Border Health, a non-profit care organization, purchase a Rural Development real estate-owned, single-family home in southwest Arizona. The Regional Center for Border Health's Transitional Living Care program will use this home to provide transitional housing for the first critical months of recovery for patients in Yuma County and the surrounding area.
AZ	Mark Kelly, Kyrsten Sinema	Tom O'Halleran (01)	Safford Downtown Association		\$50,000	This Rural Development investment will be used to help the Safford Downtown Association continue its rehabilitation of the historic Safford Theater in southeast Arizona. The grant will be used to complete the stage area installation and purchase the audio and visual equipment for the theater rehabilitation project. The association is comprised of local business owners who work to improve downtown Safford through events, capital improvement projects, business support and reinvestment. The renovated space will offer an outdoor theater for live performances, a movie screen, a courtyard, and an indoor performance stage. The theatre restoration project aims to support the growth of rural business by drawing new clientele to the downtown area.
AZ	Mark Kelly, Kyrsten Sinema	Tom O'Halleran (01)	Safford Downtown Association		\$40,000	This Rural Development investment will be used to help the Safford Downtown Association continue its rehabilitation of the historic Safford Theater in southeast Arizona. The grant will be used to complete the stage area installation and purchase the audio and visual equipment for the theater rehabilitation project. The association is comprised of local business owners who work to improve downtown Safford through events, capital improvement projects, business support and reinvestment. The renovated space will offer an outdoor theater for live performances, a movie screen, a courtyard, and an indoor performance stage. The theatre restoration project aims to support the growth of rural business by drawing new clientele to the downtown area.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
AZ	Mark Kelly, Kyrsten Sinema	Paul Gosar (04)	Town of Parker		\$38,000	This Rural Development investment will be used to equip the northwest Arizona border town of Parker's Law Enforcement Department with an essential communication system. The department will use the grant to purchase a unified communication system that allows the town to share information and coordinate with the public safety and first responders in Parker and the surrounding towns. Because of the warm winter climate and location on the Colorado River, Parker sees an increase in tourism through the winter months. The new equipment enables the department to continue meet the health and safety needs of 3,083 rural residents and the estimated 10,000 annual visitors.
CA	Dianne Feinstein, Alex Padilla	Doug LaMalfa (01)	Palermo Union Elementary		\$5,700	This Rural Development investment will be used to help Palermo Union Elementary School District purchase two portable bus chargers. The district currently operates two electric buses that are normally charged at their bus barn. Unfortunately, this site is often included in state-mandated Public Safety Power Shutoff (PSPS) events resulting in loss of electrical service. This grant will allow the district to move the electric bus fleet to one of their other sites that has not been part of the PSPS. This will be critical to keeping the buses running and the schools open during potential PSPS events. The district's students have already lost an unacceptable amount of educational time due to the camp fire in 2018 and now the COVID-19 pandemic.
CA	Dianne Feinstein, Alex Padilla	Mike Thompson (05)	Big Valley Band of Pomo Indians of Big Valley Rancheria		\$2,000	This Rural Development investment will be used to purchase an emergency first responder vehicle for Big Valley Band of Pomo Indians of Big Valley Rancheria. The emergency vehicle will be equipped to handle the mountainous terrain and have the storage capacity to meet the emergency response needs of tribal members. The vehicle will also be equipped with firefighting and first aid kits.
CA	Dianne Feinstein, Alex Padilla	Mike Thompson (05)	Big Valley Band of Pomo Indians of Big Valley Rancheria		\$70,680	This Rural Development investment will be used to purchase an emergency first responder vehicle for Big Valley Band of Pomo Indians of Big Valley Rancheria. The emergency vehicle will be equipped to handle the mountainous terrain and have the storage capacity to meet the emergency response needs of tribal members. The vehicle will also be equipped with firefighting and first aid kits.
CA	Dianne Feinstein, Alex Padilla	Tom McClintock (04)	Tuolumne County Office of Education		\$20,100	This Rural Development investment will be used to purchase a van to support education in Tuolumne County. The van will serve the county's 12 school districts and the office of the Superintendent of Tuolumne County Schools. Staff will be transported to provide speech, psychological, occupational, and physical therapies. Additionally, the van will be used to transport curriculum, student meals and other educational materials. Importantly, students will be transported to community college classes, community-based instruction, court school, adult education, alternative education and special education classes.
CA	Dianne Feinstein, Alex Padilla	Doug LaMalfa (01)	Town of Paradise		\$48,900	This Rural Development investment will be used to purchase nine portable radios for the town of Paradise's law enforcement department. These radios will directly connect with the Butte County and CalOES radio networks. The past destruction of the town's law enforcement radio sites required law enforcement, EMS and Public Works to contract with Butte County to provide radio access. Butte country has now upgraded their system to the new P25 standard. Paradise's equipment is incompatible with that system threatening law enforcement and EMS services. These new all-band, P25 radios will greatly improve Paradise's communication and emergency response capacity.
CA	Dianne Feinstein, Alex Padilla	Doug LaMalfa (01)	Cottonwood Creek Charter School	\$3,477,710		This Rural Development investment will be used for the construction of a standalone, 10,000 square foot gym/multipurpose building on a portion of the Cottonwood Creek Charter School's asphalt yard. The proposed building would include an 8,000 square foot core gym/multipurpose facility, and an additional 2,000 square foot area for restrooms, a foyer, a warming kitchen, and a snack bar. This facility will be located at the southeast corner of the school site, at the corner of 2nd Street and Willow in Cottonwood, California. This proposed Class S structure will be used in a multi-use capacity. This is a guaranteed loan with Rural Community Assistance Corporation.
CA	Dianne Feinstein, Alex Padilla	Tom McClintock (04)	Tuolumne County Office of Education		\$246,700	The Rural Development investment will be used to rehabilitate the parking lot at the Tuolumne County Superintendent of School's office and make changes to ensure the parking lot meets current accessibility requirements under the Americans with Disabilities Act. This office serves the entire county of Tuolumne.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
CA	Dianne Feinstein, Alex Padilla	Jared Huffman (02)	Friends of the Round Valley Public Library		\$7,100	This Rural Development Investment will be used to purchase an air purifier for the Friend's of the Round Valley Public Library's community room and technical equipment for Round Valley Library Commons. This will allow Friends to continue providing essential services to the town of Covelo and the surrounding community while at the same time continuing to follow the Centers for Disease Control and Prevention's, state, and county guidance for indoor services in a safe manner.
CA	Dianne Feinstein, Alex Padilla	Tom McClintock (04)	City of Sonora		\$53,160	This Rural Development investment will be used to purchase and outfit a fully equipped law enforcement vehicle that will be used in the rural community of Sonora. The purchase of the vehicle will allow older, unsafe vehicles to be rotated out of the Sonora Department vehicle fleet. Sonora Department's calls for service have increased every year from 13,699 in 2018 to 16,348 in 2019, and over 19,260 in 2020. The dramatic increase in calls is due to increased homelessness, opioid use, and a crisis of abuse. The new patrol vehicle will allow the department to respond safely and quickly to calls for service.
CA	Dianne Feinstein, Alex Padilla	Juan Vargas (51)	County of Imperial		\$19,600	This Rural Development investment will be used to purchase an Automated External Defibrillator (AED) that will serve the community of Heber, California. The AED will support the department's commitment to the provision of high quality emergency care to those that need. In use the monitor will give the Imperial Country Fire Department a real-time window into a patients' cardiac status allowing for faster decisions and more effective responses in emergencies.
CA	Dianne Feinstein, Alex Padilla	Juan Vargas (51)	County of Imperial		\$19,600	This Rural Development investment will be used to purchase an Automated External Defibrillator (AED) that will serve the community of Heber, California. The AED will support the department's commitment to the provision of high quality emergency care to those that need. In use the monitor will give the Imperial Country Fire Department a real-time window into a patients' cardiac status allowing for faster decisions and more effective responses in emergencies.
CA	Dianne Feinstein, Alex Padilla	Juan Vargas (51)	County of Imperial		\$19,600	This Rural Development investment will be used to purchase an Automated External Defibrillator (AED) that will serve the community of Seeley, California. The AED will support the department's commitment to the provision of high quality emergency care to those that need. In use the monitor will give the Imperial Country Fire Department a real-time window into a patients' cardiac status allowing for faster decisions and more effective responses in emergencies.
CA	Dianne Feinstein, Alex Padilla	Juan Vargas (51)	County of Imperial		\$19,600	This Rural Development investment will be used to purchase an Automated External Defibrillator (AED) that will serve the community of Salton Sea, California. The AED will support the department's commitment to the provision of high quality emergency care to those that need. In use the monitor will give the Imperial Country Fire Department a real-time window into a patients' cardiac status allowing for faster decisions and more effective responses in emergencies.
CA	Dianne Feinstein, Alex Padilla	Juan Vargas (51)	County of Imperial		\$19,600	This Rural Development investment will be used to purchase an Automated External Defibrillator (AED) that will serve the community of Winterhaven, California. The AED will support the department's commitment to the provision of high quality emergency care to those that need. In use the monitor will give the Imperial Country Fire Department a real-time window into a patients' cardiac status allowing for faster decisions and more effective responses in emergencies.
CA	Dianne Feinstein, Alex Padilla	Juan Vargas (51)	County of Imperial		\$19,600	This Rural Development investment will be used to purchase an Automated External Defibrillator (AED) that will serve the community of Niland, California. The AED will support the department's commitment to the provision of high quality emergency care to those that need. In use the monitor will give the Imperial Country Fire Department a real-time window into a patients' cardiac status allowing for faster decisions and more effective responses in emergencies.
CA	Dianne Feinstein, Alex Padilla	Tom McClintock (04)	City of Sonora		\$53,160	This Rural Development investment will be used to purchase and outfit a fully equipped law enforcement vehicle that will be used in the rural community of Sonora. The purchase of the vehicle will allow older, unsafe vehicles to be rotated out of the Sonora Department vehicle fleet. Sonora Department's calls for service have increased every year from 13,699 in 2018 to 16,348 in 2019, and over 19,260 in 2020. The dramatic increase in calls is due to increased homelessness, opioid use, and a crisis of abuse. The new patrol vehicle will allow the department to respond safely and quickly to calls for service.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
CA	Dianne Feinstein, Alex Padilla	Jared Huffman (02)	Pacific Community Charter School		\$44,600	This Rural Development investment will be used to purchase a new playground for the Pacific Community Charter School. The new playground facilities will improve the wellness of both students at teachers at the school, allowing space for students to destress and recharge outside of the learning environment. Having the playground will also encourage parents to enroll their children in the school and enhance community cohesion and well-being.
CA	Dianne Feinstein, Alex Padilla	Doug LaMalfa (01)	Kimshew District Cemetery		\$76,200	This Rural Development investment will be used to help Kimshew District Cemetery conduct repairs, replace equipment, and restore buildings damaged in the disastrous 2018 Camp Fire. Kimshew District Cemetery will remove 4 cedar trees and 1 oak tree that are considered hazardous. Additionally, the district will repair and rehabilitate sections of its fence, irrigation systems, a pump and pump house and the power supply to the pump station. The grant will be used to purchase a truck, a mower, and other various pieces of equipment for routine maintenance and funerals. The office and shop exteriors will be painted. These improvements and new equipment will allow the facility to return to operation as soon as possible. As the dangers of dead-falls and dry, unirrigated, flammable undergrowth fuels are a hazard to health and safety to the surrounding areas, this USDA grant will go far to protect the community.
CA	Dianne Feinstein, Alex Padilla	Jared Huffman (02)	Dream it. Be it.		\$27,400	This Rural Development investment will be used to upgrade the HVAC system for 2 at Dream it. Be it. These classrooms are currently serviced by a system which is not properly sealed which has a negative effect on air quality. The investment will support the purchase of new ventilation and air filter systems which will provide an improved learning environment for students.
CA	Dianne Feinstein, Alex Padilla	Juan Vargas (51)	County of Imperial		\$19,600	This Rural Development investment will be used to purchase an Automated External Defibrillator (AED) that will serve the community of Palo Verde, California. The AED will support the department's commitment to the provision of high quality emergency care to those that need. In use the monitor will give the Imperial Country Fire Department a real-time window into a patients' cardiac status allowing for faster decisions and more effective responses in emergencies.
CA	Dianne Feinstein, Alex Padilla	Doug LaMalfa (01)	City of Alturas		\$344,000	This Rural Development investment will be used to purchase a fire truck for the city of Alturas' volunteer fire department. Located in Modoc County, the city of Alturas's fire department is staffed by 36 volunteers that provide fire suppression and protection services for a 2.45 square mile catchment area. Additionally, the department has a mutual aid agreement with the Alturas Rural Fire Department to assist with fires within a 9-mile radius of the city. The department also has agreements with Alturas Rancheria, XL Reservation, and the Modoc National Wildlife Refuge. The Alturas Fire Department will purchase a 2021 Rosenbauer Timberwolf Urban Interface Pumper to replace an older pumper purchased in 1985. Having a working, modern fire truck is crucial to the rural city's safety and allows the department to maintain its Insurance Organization rating which maintains affordable insurance rates for the town's residents.
CO	Michael Bennet, John Hickenlooper	Lauren Boebert (03)	Town of Blanca		\$9,000	This Rural Development investment will be used to upgrade the meter reader for the water system of Blanca, a small town in Southern Colorado. The current handheld reader is 10 years old, no longer supported for upgrades or repairs and has been having technical issues. This project will purchase a new Field Logic handheld unit to replace the unit and ensure this small town of 385 residents has accurate readings of delivered water.
CO	Michael Bennet, John Hickenlooper	Lauren Boebert (03)	Custer County		\$48,700	This Rural Development investment will be used to purchase a new vehicle for the Custer County Sheriff's Department. Located in southern Colorado, Custer County currently has 2 vehicles in its Sheriff Department's fleet to cover 740 square miles. One vehicle was recently totally lost and the department has limited funding resources to replace it. The all-terrain cruiser purchased with Rural Development's investment will ensure that law enforcement officials will be able to adequately respond to any incident in the county.
CO	Michael Bennet, John Hickenlooper	Lauren Boebert (03)	Town of Oak Creek		\$28,400	This Rural Development investment will be used to purchase a vehicle for the town of Oak Creek in northwestern Colorado. Oak Creek is a small town of 884 residents and its Public Safety Department has an aging fleet which includes vehicles that have been in use for 18 years. This has made it challenging for public safety officials to respond to calls due to road conditions and inclement weather. This investment will be used to purchase an all-terrain vehicle specially equipped for these conditions, improving the speed and efficacy of their responses.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
CO	Michael Bennet, John Hickenlooper	Ken Buck (04)	Town of Kersey		\$18,000	This Rural Development investment will be used to purchase equipment for the Town Hall in the town of Kersey in northern Colorado. This rural town of 1,454 residents recently invested in its main street corridor by renovating an unoccupied warehouse into their new Town Hall, housing all of its municipal departments and employees, including the law enforcement department. This project will help the town purchase the office equipment and furniture along with the public safety equipment necessary for the Town Hall to serve its residents and help anchor a revitalized Main Street.
CO	Michael Bennet, John Hickenlooper	Ken Buck (04)	Spanish Peaks and Bon Carbo Fire Protection District		\$50,000	This Rural Development investment will be used to purchase a new 6X6 fire truck for the Spanish Peaks and Bon Carbo Fire Protection District. The Protection District serves an area of approximately 1,600 square miles in southern Colorado. The district currently has only one truck with the capacity to transport large quantities of water to the scene of a fire. Due to the size of the catchment area, the existing fire truck can be up to 40 miles away from where it is needed. This investment in a new tanker equipped truck will effectively cut response time in half and double the capacity of the District to fight fires. Overall, this project will help ensure that the 15,675 residents of the District are protected in the event of fire.
CO	Michael Bennet, John Hickenlooper	Lauren Boebert (03)	Season's Schoolhouse Inc.		\$10,000	This Rural Development investment will be used to for renovations and the purchase of equipment for Season's Schoolhouse, a childcare facility in the Town of Gunnison, Colorado located in the Rocky Mountains in the western part of the state. There is a pressing need to increase childcare capacity in the Gunnison community as there is currently only space to care for 14 preschool students. The project will turn a recently vacated senior center building into a modern increased-capacity childcare facility. This renovation will increase the capacity of Season's Schoolhouse to over 50 students. In addition to offering more preschool spaces, this investment will create more childcare options for parents including infant care and after-school programming. These programs are currently unavailable. This project will create an estimated 8 new full-time jobs and contribute to addressing the childcare needs of the 6,141 residents of this rural community.
CO	Michael Bennet, John Hickenlooper	Ken Buck (04)	Phillips County		\$24,200	This Rural Development investment will be used to purchase a patrol car for the Sherriff's Department of Phillips County, located in northeastern Colorado. This project will replace a 2014 Ford Explorer that is reaching its end of life with a 2021 Chevy Tahoe. All special features to the vehicle will be paid for by the County. Overall, this project will ensure that law enforcement in this rural community of 2,313 has the reliable equipment they need.
CT	Richard Blumenthal, Christopher Murphy	Joe Courtney (02)	Mashantucket Pequot Tribal Council		\$336,900	This Rural Development investment will be used to help the Mashantucket Pequot Tribal Nation purchase an emergency backup generator to replace an outdated, failing generator at the community center. The center contains a fully-equipped emergency shelter for the community in times of natural disaster or emergency situations. The center is the hub of tribal government and community services.
CT	Richard Blumenthal, Christopher Murphy	Joe Courtney (02)	Town of Griswold		\$411,800	This Rural Development investment will be used to purchase fixtures, equipment and supplies required to outfit a commercial kitchen in the town's Senior Community Wellness Center. At the time of application, construction of the 15,000-square-foot facility was approximately 80 percent complete. Progress of this project was placed on hold due to financial shortfalls that occurred since local funding was approved and due to the pandemic.
FL	Marco Rubio, Rick Scott	Neal Dunn (02)	City of Marianna		\$1,713,500	This Rural Development investment will be used to build a 32,389-square-foot public safety building which will house both the fire and law enforcement stations. This facility will replace the existing buildings that are over 79 years old. The existing facilities were extremely outdated, in need of repair, and were damaged during Hurricane Michael. The new facility will provide improved emergency response services to the residents of Marianna, Florida.
FL	Marco Rubio, Rick Scott	Neal Dunn (02)	City of Marianna	\$1,204,200	\$606,400	This Rural Development investment will be used to build a 32,389-square-foot public safety building which will house both the fire and law enforcement stations. This facility will replace the existing buildings that are over 79 years old. The existing facilities were extremely outdated, in need of repair, and were damaged during Hurricane Michael. The new facility will provide improved emergency response services to the residents of Marianna, Florida.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
FL	Marco Rubio, Rick Scott	Matt Gaetz (01)	Beulah Academy of Science	\$2,850,000		This Rural Development investment will be used to build a 17,000-square-foot gymnasium facility at Beulah Academy of Science, a charter school campus. This facility will enable the students to have access to indoor health and wellness activities during extreme heat and poor weather conditions and will also add three additional classrooms. The addition of the gymnasium and classrooms will provide improved services to the students who attend the academy.
FL	Marco Rubio, Rick Scott	Neal Dunn (02)	Town of Cross City		\$15,200	This Rural Development investment will be used to purchase three fully-equipped law enforcement vehicles for Cross City, Florida. The existing vehicles have high mileage, are experiencing maintenance issues, and have been a safety concern. The addition of the new vehicles will enhance officer safety and improve emergency response services.
FL	Marco Rubio, Rick Scott	Neal Dunn (02)	Town of Cross City		\$47,800	This Rural Development investment will be used to purchase three fully-equipped law enforcement vehicles for the Cross City, Florida's police department. The existing vehicles have high mileage, are experiencing maintenance issues, and have been a safety concern. The addition of the new vehicles will enhance officer safety and improve emergency response services.
FL	Marco Rubio, Rick Scott	Neal Dunn (02)	City of Chiefland		\$79,800	This Rural Development investment will be used to purchase three fully-equipped law enforcement vehicles for the city of Chiefland, Florida's police department. The existing vehicles have high mileage, are experiencing maintenance issues, and have been a safety concern. The addition of the new vehicles will enhance officer safety and improve emergency response services.
GA	Jon Ossoff, Raphael Warnock	Andrew Clyde (09)	City of Demorest	\$215,700	\$49,300	This Rural Development investment will be used to purchase six fully equipped law enforcement vehicles with in car video cameras for use by the department. These vehicles are needed to replace the currently aging fleet. Three of the current vehicles have higher mileage and increasing maintenance costs. All of the current in-car video systems are outdated.
GA	Jon Ossoff, Raphael Warnock	Sanford Bishop (02)	Taylor County	\$38,200	\$4,400	This Rural Development investment will be used to purchase updated firefighter turnout gear (a total of 28) for the county's fire department. The turnout gear currently in use by the department is old and worn out. The older gear will be kept as a backup and for use in training new volunteers as they come on board.
GA	Jon Ossoff, Raphael Warnock	Drew Ferguson (03)	City of Hogansville	\$30,000	\$30,000	This Rural Development investment is being used to purchase furniture and equipment for the city of Hogansville's new city hall that is being renovated. The city purchased the PNC Bank building in downtown Hogansville and is transforming it into the city hall.
GA	Jon Ossoff, Raphael Warnock	Buddy Carter (01)	Clinch County Board of Commissioners		\$7,700	This Rural Development investment will be used to update the outdated and unusable Clinch County Sheriff's Office computer systems. This improvement entails purchasing five desktop computers, two laptops and support equipment. The Clinch County Sheriff's Office computers are well past their useful life and are susceptible to malware such as ransom ware and other harmful software. Several law enforcement departments, sheriff's offices, and the Georgia State Patrol have all been ransomware victims in the past 12 to 18 months, paralyzing their departments, courts, and evidence logs. New computers will host security components that the current computers cannot and will accept software that the current computers will not.
GA	Jon Ossoff, Raphael Warnock	Austin Scott (08)	Fitzgerald/Ben Hill County Development Authority		\$65,000	This Rural Development investment will be used to purchase two flood pumps to replace old outdated ones at the city's underpass. These new pumps will replace 40 year old pumps which are inoperable.
GA	Jon Ossoff, Raphael Warnock	Austin Scott (08)	Turner County Board of Commissioners		\$50,000	This Rural Development investment will be used to purchase three fully equipped law enforcement vehicles for the County Sheriff's Department. These will replace vehicles with high mileage that often incur costly maintenance fees.
GA	Jon Ossoff, Raphael Warnock	Austin Scott (08)	City of Hawkinsville	\$3,080,000		This Rural Development investment will be used to build a city hall on property that the city acquired in 2014 and 2018. The new 9,055 square foot city hall complex will serve as the administration center for the city of Hawkinsville. The complex will house the offices for the city manager, city commissioners, council chamber, and administrative offices. The complex was designed with the most current and applicable codes to ensure building efficiency and performance.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
GU		Michael San Nicolas (At-Large)	Government of Guam Customs and Quarantine Agency		\$200,000	This Rural Development investment will be used to purchase three vehicles and complete repairs to the Guam Customs and Quarantine Agency's canine facility located in Tiyan, Guam. The vehicles and improvements to the canine facility will enhance the agency's efforts to prevent importation of illicit drugs and invasive species into the island.
HI	Brian Schatz, Mazie Hirono	Kai Kahele (02)	Molokai Land Trust		\$200,000	This Rural Development investment will be used to purchase vehicles and heavy equipment to improve dirt roads to ensure safe access by staff, volunteers, researchers, and the general public to Native Hawaiian cultural sites and traditional gathering areas. Intense storms and hurricanes damaged more than six miles of dirt roads that lead to 4.5 miles of shoreline used for subsistence gathering, cultural
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Manson		\$36,400	This Rural Development investment will be used to purchase a law enforcement vehicle to replace an existing vehicle which is no longer reliable. The funds will also be used to buy an emergency generator.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	Dow City-Arion Community Fire Department Inc.		\$110,000	This Rural Development investment will be used to purchase a replacement ambulance. The ambulance will be used to provide medical assistance during emergency situations as well as provide medical equipment and transport.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Osceola		\$50,000	This Rural Development investment will be used to purchase a sewer jet. The new sewer jet will be used to clean and maintain the public sewer system, assisting with continued functionality and preventing in-home backups which endanger public health.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	Dow City-Arion Community Fire Dept Inc.		\$49,000	This Rural Development investment will be used to purchase a quick attack truck. The city's existing fire truck is old and beyond useful life, requiring regular maintenance. This project will allow the city to purchase a vehicle that is smaller and more agile.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Newell		\$50,000	This Rural Development investment will be used to purchase a road grader. The city's existing machine was purchased in 1978 and is beyond its useful life. This project will help the city provide improved road conditions.
IA	Joni Ernst, Charles Grassley	Ashley Hinson (01)	City of Baldwin		\$36,300	This Rural Development investment will be used to purchase a small drone. The drone will assist with search and rescue, accident scene recreations, hazmat operations, wildfire detection, surveillance and mapping. The drone will also be used for structure fire surveillance, thermal imagery, arson investigations, serious accident review and swift water rescues.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Leon		\$75,000	This Rural Development investment will be used to purchase a fire truck and corresponding equipment. The city's existing vehicle was purchased in 1985 and is no longer able to accommodate the department's fire emergency service needs. This project will allow the city to purchase a new vehicle and provide improved fire protection services.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Leon		\$50,000	This Rural Development investment will be used to purchase essential equipment for the city of Leon's fire department. The city's existing ten sets of firefighter self-contained breathing apparatus (SCBA) gear have expired and are beyond their useful life. This project will allow the city to purchase updated equipment, improving the safety of volunteer firefighters during an emergency call.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of LeMars	\$8,300,000		This Rural Development investment will be used to help expand and renovate sections of the Floyd Valley Hospital (FVH) in the city of Le Mars. FVH currently operates a 25-bed critical access hospital in Le Mars, Iowa. Due to continued growth in the surrounding population, there is a need for upgrades and expansion. This project will allow the city to expand the existing clinic by 14,300 square-feet, expand the physical therapy space by 5,300 square-feet, upgrade the facility's geothermal system, and make other essential mechanical and electrical upgrades.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	Imagine the Possibilities		\$50,000	This Rural Development investment will be used to purchase 4 vans for Imagine the Possibilities, a non-profit organization that serves individuals with disabilities throughout rural Iowa. The agency currently has 31 vans in its fleet, each with an average mileage of more than 150,000 miles that require regular costly Maintenance. This project will allow the nonprofit to purchase four vehicles to replace those currently not running at full capacity and improve its transportation services for the residents in the Corning, Iowa area.
IA	Joni Ernst, Charles Grassley	Ashley Hinson (01)	Imagine the Possibilities		\$50,000	This Rural Development investment will be used to purchase 4 vans and 1 car for Imagine the Possibilities a non-profit organization that provides residential and vocational services to individuals with disabilities. The agency currently has 31 vans in its fleet, each with an average mileage of over 150,000 miles that require regular costly maintenance. This project will allow the agency to add 4 vans and 1 car to its existing vehicle fleet in two different locations within Clayton County and improve its transportation services program by replacing vehicles not currently running at full capacity.
IA	Joni Ernst, Charles Grassley	Ashley Hinson (01)	Imagine the Possibilities		\$16,500	This Rural Development investment will be used to purchase a whole home backup generator for Imagine the Possibilities, a non-profit organization that provides residential and vocational services to individuals with disabilities. Imagine the Possibilities operates a 12-bed facility in Maquoketa, Iowa. Currently, there is no backup generator system in place within the facility and a portable generator is used to power individual appliances and critical medical equipment in the event of power failure, which poses a number of safety concerns for clients and staff. This project will allow the non-profit to purchase and install a backup generator system that will power the entire facility in the event of power failure.
IA	Joni Ernst, Charles Grassley	Ashley Hinson (01)	Imagine the Possibilities		\$50,000	This Rural Development investment will be used to purchase 6 vans. Imagine the Possibilities is a non-profit agency that provides residential and vocational services to individuals with disabilities. The agency currently has a fleet of 31 vans each with an average mileage of over 150,000 miles requiring regular costly maintenance. The age is its fleet is also a safety concern. This project will allow the non-profit to add 6 vehicles to its fleet that serves more than 9,700 people in the Jackson County area and increase its transportation services program by replacing vehicles currently not running at capacity.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Albia		\$37,500	This Rural Development investment will be used to purchase a law enforcement vehicle. The city currently owns 4 patrol vehicles, one of which has nearly 140,000 miles of use. This project will allow the city to purchase a new SUV, replace the higher mileage vehicle and ensure continued public safety services for its 3,762 local residents.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Albia		\$54,600	This Rural Development investment will be used to purchase 25 sets of turnout gear for the 25 members of the fire department. Existing gear has expired and each use puts the firefighters at risk. This project will allow the city to purchase new turnout gear and corresponding equipment to help keep firefighters safe during emergencies.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Rose Hill		\$19,300	This Rural Development investment will be used to help the city of Rose Hill purchase essential maintenance equipment including a hydraulic ditch bank mower, lawn mower, grapple bucket, office computer, printer, and scanner.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Kimballton		\$99,000	This Rural Development investment will be used to renovate street infrastructure in the city of Kimballton, Iowa. An existing 420-foot section of South 2nd Street is currently in disrepair with curbing that does not accommodate individuals with disabilities. This project will help to replace the damaged road and also update the curb ramps at the Odense Street intersection to be compliant with ADA

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Brayton	\$111,800		This Rural Development investment will be used to renovate city street infrastructure. An approximate 400-foot section of County T Road between Highway 71 and Clinton Street are currently in disrepair and contain sidewalks that do not accommodate individuals with disabilities. This project will help the city to replace the damaged streets and upgrade the sidewalks with curb ramps compliant with the Americans with Disabilities Act regulations.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Brayton		\$82,700	This Rural Development investment will be used to renovate city street infrastructure. An approximate 400-foot section of County T Road between Highway 71 and Clinton Street are currently in disrepair and contain sidewalks that do not accommodate individuals with disabilities. This project will help the city to replace the damaged streets and upgrade the sidewalks with curb ramps compliant with the Americans with Disabilities Act regulations.
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	City of Anita		\$42,000	This Rural Development investment will be used to renovate city hall's restrooms. The existing restrooms are too small to accommodate individuals with disabilities and all fixtures, flooring and tiles are in poor condition. This project will help the city renovate the restrooms to accommodate individuals with disabilities and install a new security window to the city clerk's office.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	Mahaska County Hospital		\$24,700	This Rural Development investment will be used to purchase a Pulmonary Function Testing Machine for the critical access hospital. The existing machine is beyond useful life and the manufacturer is no longer in business, preventing repairs. This project will allow the hospital to purchase a new machine in order to diagnose and monitor restrictive and obstructive pulmonary diseases.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Gilmore City		\$33,900	This Rural Development investment will be used to purchase an electric cot for the city's ambulance. The city currently has a manual cot that is difficult to lift and maneuver. This project will allow the city to purchase an electric cot that will help to maintain emergency responder safety and the community's ability to provide safe and reliable emergency care.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Hartley		\$87,500	This Rural Development investment will be used to purchase a bucket truck. The city's existing vehicle has been in service since 2005 and requires costly maintenance. The will enable the city to continue providing essential maintenance services.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	Lee County		\$165,000	This Rural Development investment will be used to purchase 6 ambulances. The ambulances will help to provide emergency medical response services to nearly 36,000 rural residents.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Ida Grove		\$52,500	This Rural Development investment will be used to help purchase 2 plow trucks. The city's existing plow trucks are old, unreliable and require regular, costly maintenance. This project will allow the city to purchase new vehicles and ensure they are able to continue providing safe, efficient snow plowing.
IA	Joni Ernst, Charles Grassley	Ashley Hinson (01)	City of Hopkinton		\$6,700	This Rural Development investment will be used to help purchase an ambulance. The city's existing ambulance is more than 20 years old and beyond useful life due to regular maintenance needs and a lack of available parts. This project will allow the city to purchase a newer vehicle, replace the unreliable vehicle, and provide the community with improved emergency medical care and transport.
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	City of Blanchard		\$60,900	This Rural Development investment will be used to help make city street improvements. The city streets are currently riddled with pot holes, rutting and cracking, making it dangerous for pedestrian use. This project will allow the city to make the essential repairs and improve the safety of local pedestrians.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Swaledale		\$13,500	This Rural Development investment will be used for the purchase of a pickup truck and snow plow. This will provide improved road conditions for the residents of Swaledale.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Laurens		\$24,700	This Rural Development investment will be used to purchase a law enforcement vehicle for the City of Laurens' police department. The existing vehicle has high mileage, requires regular costly maintenance and is near the end of useful life. This project will allow the city to purchase a vehicle to ensure the safety

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Steamboat Rock		\$11,700	This Rural Development investment will be used for the purchase of an emergency backup generator.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Rockwell City		\$28,600	This Rural Development investment will be used to purchase fire protection equipment for the City of Rockwell City. Existing equipment has expired beyond its useful age and puts firefighter safety at risk. This project will provide improved fire protection services for 1,682 residents.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Melcher-Dallas		\$13,200	This Rural Development investment will be used to purchase a law enforcement vehicle to replace one that was destroyed in an accident. The city previously had two fully-equipped patrol vehicles until one was totaled in a deer accident in December 2020. This project will help the city to purchase a new patrol vehicle, completing the fleet.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Little Rock		\$23,600	This Rural Development investment will be used to purchase an emergency medical services patient monitor. The city currently does not own this equipment, which is used for transporting patients during emergency response calls. Having the patient monitor will enhance the city's ability to provide necessary care while in transport.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	Build a Better Belmond		\$84,300	This Rural Development investment will be used to purchase equipment and furnishings for a new daycare facility. Project funds will be used to purchase new playground and kitchen equipment and furniture for each of the rooms and offices.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Kamrar		\$54,400	This Rural Development investment will be used to purchase emergency response communication equipment. Due to improved radio frequency bandwidth, the city's existing radios, pagers and communication equipment do not have the same reliability and compatibility with updated svstEmergency Medical Services throughout the state. This project will allow the city to purchase
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Newell		\$4,500	This Rural Development investment will be used to purchase a commercial mower. The city's existing mower has reached the end of useful life and needs to be replaced. This project will allow the city to purchase a new machine and continue to maintain city grounds and property.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Corydon		\$75,000	This Rural Development investment will be used to purchase firefighting equipment. The department's existing equipment is expired, putting firefighters at risk each time it's used. The city will purchase an air pack system that includes a compressor with a containment fill station, 22 carbon fiber air tanks with masks and breathing valves. This equipment will help to protect the volunteer fire fighters during
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	City of Atlantic City		\$50,000	This Rural Development investment will be used to purchase equipment for the city animal shelter. Since July of 2021, the shelter has been constructing an addition to its facility to enable the separation of cats and dogs. The investment will support the addition of an entry way for customers and staff, an office, a public restroom, a holding room for cats and a room for individuals to meet cats before adoption., The city will also purchase new equipment for the addition including secure doors for dog cages, weight scales, an exam table for the Vetrimaan and other related equipment to improve the safety of both the
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Centerville		\$75,000	This Rural Development investment will be used to purchase a pumper fire truck. Centerville Fire Rescue currently owns a pumper truck that is beyond useful life and no longer reliable. This project will allow the city to purchase pumper truck with increased space for transporting firefighters to emergencies.
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	City of Red Oak		\$50,000	This Rural Development investment will be used to make street infrastructure improvements in the city of Red Oak. The section of street being improved is in danger of collapse due to ineffectively handling storm water drainage, putting pedestrians at risk of injury. This project will allow the city to make the necessary street improvements to more effectively handle storm water runoff in heavy rainfall events, and provide a safe walkway for pedestrians.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
IA	Joni Ernst, Charles Grassley	Ashley Hinson (01)	City of Martelle		\$73,100	This Rural Development investment will be used to purchase a tanker fire truck. The city used to operate its fire department in coordination with a neighboring town and recently decided to operate independently. This project will help the city to purchase a new tanker truck and operate efficiently for the local residents.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	Spencer Municipal Hospital		\$50,000	This Rural Development investment will be used to purchase a CT scanner. The city's existing scanner is a 2010 model that is beyond useful life and no longer reliable. This project will replace the older model and ensure continued service for Spencer and surrounding areas.
IA	Joni Ernst, Charles Grassley	Ashley Hinson (01)	City of Oelwein		\$140,582	This Rural Development investment will be used to purchase a fire truck. The city's existing vehicle is inefficient and unreliable. This project will allow the city to purchase a fire truck with corresponding equipment and continue to provide efficient fire protection services for the city of Oelwein and surrounding area.
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	City of Clarinda		\$50,000	This Rural Development investment will be used to purchase surgical equipment for the regional county hospital. Clarinda Regional Health Center provides medical services to nearly 16,000 patients per year. The primary care, radiology, and surgical departments continue to increase in amount of care provided and the hospital has had to hire two new physicians to meet increased patient demands. This project will allow the city to purchase new equipment for the surgical and radiology departments to ensure care.
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	City of Anita		\$44,000	This Rural Development investment will be used to assist with the replacement of the roof of the existing fire station. The existing roof has developed leaks and moisture is causing the ceiling insulation to collapse. The roof replacement project will ensure that the fire station is well maintained for the volunteer fire department and to house the city's emergency response vehicles and equipment.
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	City of Anita		\$50,000	This Rural Development investment will be used to purchase essential equipment for the city's volunteer fire department. Currently, volunteers manually conduct chest compressions and lift individuals in and out of rescue vehicles. They also are using expired fire protection gear. This project will allow the city to purchase a CPR chest compression system and power cot to more efficiently conduct rescue services, and purchase 10 sets of fire protection gear to reduce safety risks for volunteer firefighters.
IA	Joni Ernst, Charles Grassley	Ashley Hinson (01)	City of Toledo		\$71,400	This Rural Development investment will be used to purchase a utility truck. The city's existing vehicle is near 48 years old and past its useful life. This project will allow the city to purchase a utility truck and continue to provide disaster cleanup, snow removal, and hauling services.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Fonda		\$35,000	This Rural Development investment will be used to purchase a boom truck. The city's existing vehicle is 25 years old and past its useful life. This project will allow the city to purchase a newer model boom truck and continue to provide power line repairs and tree trimming services for the city's residents.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Blakesburg		\$72,800	This Rural Development investment will be used to purchase a truck and tractor. The city's existing equipment is beyond useful life and requires regular, costly maintenance. This project will allow the city to purchase a new truck, tractor and related equipment to help the city continue to provide essential city maintenance for the health and safety of its residents.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Letts		\$8,600	This Rural Development investment will be used to purchase a tractor. The city's existing tractor is more than 10 years old and requires regular, costly maintenance. This project will allow the city to purchase a tractor that will be used for snow removal, putting down gravel and moving dirt.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Cantril		\$45,000	This Rural Development investment will be used to purchase a tractor and corresponding equipment. The city's existing tractor is having clutch issues and does not have a cab to protect city workers from severe weather conditions. This project will allow the city to purchase a tractor that will be used to maintain streets, snow removal, mowing, dirt removal, and other city maintenance needs.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	City of Corning		\$50,000	This Rural Development investment will be used to purchase a skid steer and trailer. The city's existing skid steer is fully depreciated and beyond useful life. This project will allow the city to purchase a machine and corresponding trailer that will be used frequently by the city's maintenance departments for street repairs, snow removal and loading sand into trucks during winter weather conditions.
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	City of Creston		\$19,600	This Rural Development investment will be used to purchase a law enforcement vehicle. The law enforcement department has five vehicles in its current fleet. They operate a vehicle replacement program due to extreme wear and tear. This project will allow the city to purchase a SUV patrol vehicle, replace the oldest model in its fleet, and continue to provide public safety services.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Laurens		\$24,700	This Rural Development investment will be used to purchase a law enforcement vehicle. The existing vehicle has high mileage, requires regular costly maintenance and is near the end of useful life. This project will allow the city to purchase a vehicle to ensure the safety of law enforcement workers when on patrol and addressing emergency calls and help to provide continued safe, efficient public safety service.
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	City of Lewis		\$75,000	This Rural Development investment will be used to replace the sidewalk and curb area serving the city block of City Hall and the public library. A portion of the existing sidewalk has collapsed, leaving a dangerous void for pedestrians. Metal stairs are currently being used to access the sidewalk that is elevated above the street, which poses danger for pedestrians in rainy or snowy conditions and is also not compliant with the Americans with Disabilities Act (ADA). This project will allow the city to hire an engineer to design a sidewalk to include curb and gutter sections, pedestrian stairs and ramps and
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Dumont		\$30,000	This Rural Development investment will be used to purchase a replacement tractor and snow blower for the city to be able to properly maintain the city streets, parks, and facilities.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Pomeroy		\$28,500	This Rural Development investment will be used to purchase a law enforcement vehicle for the department. The city's existing vehicle is ten years old with high mileage, requires regular maintenance and is functioning at a reduced capacity. This project will allow the city to purchase a vehicle
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Harlan		\$50,000	This Rural Development investment will be used to purchase safety and office equipment for public safety departments and local library. Local law enforcement workers are currently using expired bullet proof vests, broken car and portable radios, outdated mobile data terminals and office computers and a vehicle experiencing motor and transmission problems. The fire department is in need of pagers and portable radios and is also currently working without the use of outrigger tools, portable scene lighting, battery
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Fonda		\$45,500	This Rural Development investment will be used to purchase a fire tanker truck. The city currently owns a 1985 tanker vehicle with high mileage and in need of regular, costly maintenance. This project will allow the city to purchase a fire tanker vehicle to help fire rescue workers provide safe, timely services.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Lake		\$46,800	This Rural Development investment will be used to purchase a fire truck chassis. The city's existing vehicle is a 1968 water wagon with parts in need of repair but are no longer manufactured. This project will allow the city to purchase a 2021 fire truck chassis to hold the older model 1,500 gallon water tank that is still in good working condition.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	Ringgold County		\$8,800	This Rural Development investment will be used to purchase a mower. The Secondary Roads Department has several pieces of old equipment, including a mower that has reached the end of useful life. This project will allow the city to purchase a machine, which will be used to manage roadside ditch and shoulder vegetation for the city's residents.
IA	Joni Ernst, Charles Grassley	Ashley Hinson (01)	City of Oelwein		\$123,700	This Rural Development investment will be used to purchase and install a heating and cooling system for the city of Oelwein's law enforcement facility. The facility currently houses a 911 dispatch center, a 24-hour holding facility, and the patrol/administrative offices of local law enforcement. Recently, the department's heating/cooling system experienced catastrophic failure and the facility is without temperature control. Both the internal and external units are beyond repair. This project will allow the
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	Manning Regional Healthcare Center		\$50,000	This Rural Development investment will be used to purchase furniture and equipment for a pharmacy and remodeled senior living facility. Manning Regional Healthcare is experiencing less demand for maternity services and is allocating unused space for senior living services and pharmacy needs. This project will allow the healthcare facility to purchase furniture and equipment to address these needs.
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	Ringgold County		\$33,000	This Rural Development investment will be used to purchase a detachable semi-trailer. The county currently owns a semi-trailer that is beyond useful life. This project will allow the county to purchase a trailer to haul large equipment such as dozers, excavators, track loaders cranes and other off-road construction machinery needed to maintain the secondary road network.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	City of Harlan		\$72,000	This Rural Development investment will be used to purchase a front end loader. The city's existing front end loader is used often and for a variety of jobs including snow removal, street work, loading, lifting, and moving dirt, sand, gravel, and millings. Due to long hours of regular use, the existing machine is now experiencing mechanical issues that require regular, costly maintenance. This project will allow the city to purchase a front-end loader with larger holding capacity and an enclosed cab for safe use in low
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	Albert City-Truesdale Community School		\$50,000	This Rural Development investment will be used to purchase school buses for the school district. The school's existing buses have high mileage and nearing the end of useful life. This project will allow the school to purchase two buses and provide safe and reliable transportation for district students.
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	City of Fontanelle		\$7,000	This Rural Development investment will be used to purchase a portable Automated External Defibrillator (AED) machine for the fire department and local Emergency Medical Transportation unit. The existing AED device is 25 years old and out of service.
IA	Joni Ernst, Charles Grassley	Ashley Hinson (01)	City of Elkader		\$37,400	This Rural Development investment will be used to purchase a street sweeper. The city currently has a 1997 model street sweeper in need of repairs but is unserviceable because parts are no longer available. Recently, the Iowa Department of Natural Resources requested that the city change yard waste collection and processing procedures. This project will allow the city to purchase a street sweeper with a leaf
IA	Joni Ernst, Charles Grassley	Cindy Axne (03)	City of Orient		\$21,000	This Rural Development investment will be used to purchase a skid loader. The skid loader will be used by the public works employee to maintain city infrastructure needs.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Wayland		\$16,000	This Rural Development investment will be used to purchase turnout gear and related equipment for the volunteer fire department. The city's fire department has 25 volunteers who serve the city of Wayland and surrounding rural areas. This project will allow the city to purchase 25 sets of turnout gear and

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Wayland		\$10,500	This Rural Development investment will be used to purchase hydrovac equipment. The city does not currently own this type of equipment and must hire out the service externally, which requires regular out-of-pocket expenses and scheduling difficulties. This project will allow the city to purchase its own Hydrovac equipment and help to provide its residents with regular maintenance services.
IA	Joni Ernst, Charles Grassley	Randy Feenstra (04)	Newell-Fonda Community School District		\$16,600	This Rural Development investment will be used to purchase a vehicle. The existing vehicle has high mileage and is beyond useful life. This project will allow the school to continue providing safe, reliable transportation for students.
IA	Joni Ernst, Charles Grassley	Ashley Hinson (01)	City of Calmar		\$16,300	This Rural Development investment will be used to purchase a 2021 law enforcement vehicle. The city's existing vehicle has high mileage and requires regular costly maintenance. This project will allow the city to purchase a new state-of-the-art patrol vehicle with corresponding equipment and ensure this public safety service continues for its residents.
IA	Joni Ernst, Charles Grassley	Mariannette Miller-Meeks (02)	City of Letts		\$3,000	This Rural Development investment will be used to purchase a backup generator. The existing generator that is used to power the lift station of the sewer system is more than 42 years old and beyond its useful life. This project will allow the city to purchase a new generator and ensure service in the case of emergency power loss.
IL	Tammy Duckworth, Richard Durbin	Darin LaHood (18)	Four Star Public Library District		\$90,000	This Rural Development investment will be used to help with the construction of a one-story, 1,800 square foot conventional framed addition to the existing library consisting of a large activity/meeting space, accessible restroom, storage spaces and outdoor patio/activity space to enhance the service offerings of the existing library. The library serves northeast Adams County and a portion of Hancock County.
IL	Tammy Duckworth, Richard Durbin	Rodney Davis (13)	City of Carrollton		\$9,000	This Rural Development investment will enable the city to purchase a pickup truck for use by the city's street department for city projects. Their current 18 year old truck, which is in need of costly repairs, will be replaced. The project will benefit all residents.
IL	Tammy Duckworth, Richard Durbin	Darin LaHood (18)	County of Hancock		\$46,100	This Rural Development investment will be used to purchase a 4x4 remount ambulance. This ambulance will replace two existing ambulances that no longer provide adequate services. The replacement ambulance ensures the continuation of essential services and will improve public safety throughout the community.
IL	Tammy Duckworth, Richard Durbin	Cheri Bustos (17)	Village of Williamsfield		\$15,400	This Rural Development investment will be used construct a bathroom renovations and install sidewalks for Village Hall. Improvements will replace the water line and remodel the Village Hall bathroom to make compliant with the Americans with Disabilities Act. The village will also build new parking and sidewalks for the Village Hall which will be handicap accessible.
IL	Tammy Duckworth, Richard Durbin	Darin LaHood (18)	City of Pittsfield		\$30,200	This Rural Development Investment will be used to purchase an unmarked law enforcement vehicle with added equipment. The department will buy a truck with speed radar, cameras, audio, and other modern equipment. This added vehicle to its fleet will combat drug-related crime and increase public safety in the community.
IL	Tammy Duckworth, Richard Durbin	Darin LaHood (18)	City of Griggsville		\$49,500	This Rural Development investment will be used to purchase a cab truck and chassis with snow plow and spreader. This will be a replacement for their truck that has costly maintenance and repair issues. The truck will be utilized to assist with the maintenance of city property and streets and provide essential community service to the village residents.
IL	Tammy Duckworth, Richard Durbin	Mike Bost (12)	Village of Brooklyn		\$49,700	This Rural Development investment will be used to provide two pre-owned 2019 law enforcement interceptor utility vehicles and eight portable radios. These cars will replace high mileage vehicles that require costly repairs. Also, The new radios will replace the current radios that have met their useful life and are no longer supported by current technology and software. This project will enable the village to provide protection to all residents promptly while ensuring the officers' safety.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
IL	Tammy Duckworth, Richard Durbin	Mike Bost (12)	Dongola Public Library District		\$16,500	This Rural Development investment will be used to replace the roof on the library by installing a rubber roof with decking and application of shingles. In addition, Shrub removal and patchwork on exterior brick walls will be completed. The project also includes removing water damage on the interior walls with cleaning, painting, and ceiling replacement, where needed.
IL	Tammy Duckworth, Richard Durbin	Rodney Davis (13)	Village of Mount Auburn		\$12,600	This Rural Development investment will be used to construct a 5-foot reinforced concrete retaining wall along the southern edge of the city hall property parking lot to provide stability for a new 10-foot wide section of aggregate parking lot along the retaining wall. This project will improve safety and maintainability of the parking lot.
IL	Tammy Duckworth, Richard Durbin	Rodney Davis (13)	City of Taylorville		\$24,500	This Rural Development investment will be used to purchase of a law enforcement vehicle. The city's law enforcement department is in need of another vehicle to add to their fleet. They plan to purchase a 2021 law enforcement Interceptor Utility AWD vehicle. This project will provide better public safety and will serve 11,246 residents in Christian County, Illinois.
IL	Tammy Duckworth, Richard Durbin	Rodney Davis (13)	City of Pana		\$24,400	This Rural Development investment will be used to purchase a law enforcement interceptor AWD vehicle to replace a current vehicle with high mileage and is in need of costly repairs. The city has nine full time officers, seven of which provide full-time patrol duties utilizing six vehicles. This vehicle will ensure the safety of the patrol officers while providing public safety to the residents.
IL	Tammy Duckworth, Richard Durbin	Mary Miller (15)	Village of Montrose		\$25,000	This Rural Development investment will be used to purchase a replacement snow plow truck with dump bed. The village will purchase a 2021 vehicle with snow plow package and dump body insert. This project will ensure adequate public safety to the community and provide essential services to approximately 201 residents located in Effingham County, Illinois.
IL	Tammy Duckworth, Richard Durbin	Rodney Davis (13)	Scottville Township	\$159,000	\$25,000	This Rural Development investment will be used to purchase a replacement road grader. The townships' road grader has reached its useful life and can no longer adequately serve the community. The township will purchase a 2019 road grader, maintaining 46.1 miles of roads and ditches within the township.
IL	Tammy Duckworth, Richard Durbin	Rodney Davis (13)	City of Witt		\$24,900	This Rural Development investment will be used to purchase a replacement law enforcement vehicle with added equipment. This vehicle will replace the city's existing law enforcement vehicle, which has reached its useful life. The new vehicle ensures adequate public safety for the community.
IL	Tammy Duckworth, Richard Durbin	Mary Miller (15)	Village of Carrier Mills		\$25,000	This Rural Development investment will be used to purchase a replacement vehicle for the village of Carrier Mills Law Enforcement Department. The 4 wheel drive vehicle will be a 2021 model with required equipment. This vehicle will replace an older vehicle in the fleet which has reached its useful life and is no longer dependable. The replacement vehicle with added equipment ensures improved public safety for the immediate and surrounding communities.
IL	Tammy Duckworth, Richard Durbin	Mary Miller (15)	Village of Cowden		\$25,000	This Rural Development investment will be used to purchase a replacement backhoe. The current backhoe has reached its useful life and repairs have become too costly. They plan to purchase a 2021 4WD tier 4 final loader backhoe. This replacement equipment is vital to the continuation of municipal services.
IL	Tammy Duckworth, Richard Durbin	Darin LaHood (18)	Four Star Public Library District	\$200,000		This Rural Development investment will be used to help with the construction of a one-story, 1,800 square foot conventional framed addition to the existing library consisting of a large activity/meeting space, accessible restroom, storage spaces and outdoor patio/activity space to enhance the service offerings of the existing library. This project will enhance the programs currently offered by the library and will continue to provide an essential community service to the residents in the service area.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
IL	Tammy Duckworth, Richard Durbin	Mike Bost (12)	Cairo Elks Lodge 651		\$19,900	This Rural Development investment will replace a roof and heating, ventilation and air conditioning unit. This project will install metal roofing, two furnaces and one air conditioning unit. Improvements will ensure the continuation of charitable services to the community and allow the community to keep and maintain their central gathering place.
IN	Mike Braun, Todd Young	Trey Hollingsworth (09)	Crawford County Commissioners		\$169,000	This Rural Development investment will be used to update the security camera system at the judicial complex for Crawford County. The current equipment uses an analog system that limits connections and picture quality. By replacing the current equipment to digital equipment, this allows expansion to additional access points and increases the quality of the picture enhancing the safety of the facility.
IN	Mike Braun, Todd Young	Jim Banks (03)	City of Berne		\$50,000	This Rural Development investment will be used to assist with the purchase of 3 law enforcement vehicles. The vehicles will replace one older unreliable vehicle with extensive miles and experiencing mechanical difficulties and add two vehicles to the city's law enforcement department. These new vehicles will provide dependable coverage for the department and allow it to provide appropriate emergency services to the community. This project will help keep the city a safer place to work and live.
IN	Mike Braun, Todd Young	Jackie Walorski (02)	City of Peru		\$50,000	This Rural Development investment will be used to purchase two law enforcement vehicles with equipment. The vehicles replace older vehicles and equipment at the end of their useful lives, with over 100,000 miles on them. These new vehicles and equipment will allow the department to provide emergency services to the community.
IN	Mike Braun, Todd Young	Larry Bucshon (08)	City of Oakland City		\$24,400	This Rural Development investment will be used to assist with the purchase of a law enforcement vehicle. The vehicle will replace an older high mileage vehicle. This vehicle will provide dependable coverage for the department, allow it to provide appropriate emergency services to the community and to combat the issues associated with drug use and the fallout from the abuse. This project will help keep the city a safer place to work and live.
IN	Mike Braun, Todd Young	Jackie Walorski (02)	Town of Roann		\$54,400	This Rural Development investment will be used to purchase a truck with equipment. This truck will replace a 27-year-old one that is past the end of its useful life. This truck will allow the town to provide services to the community including tree limb and debris removal and snow plowing.
IN	Mike Braun, Todd Young	Jim Banks (03)	Town of Geneva		\$24,100	This Rural Development investment will be used to help in purchasing a law enforcement vehicle with equipment for the department and two thermal cameras and one scene light for the fire department. The vehicle and equipment will replace an older vehicle and equipment and fire department cameras and scene light will replace older equipment at the end of its useful life. The new vehicle and equipment
IN	Mike Braun, Todd Young	Trey Hollingsworth (09)	Brown County Humane Society Furniture & Equipment		\$28,200	This Rural Development investment will be used to help purchase equipment and furnishings for the animal shelter. Brown County Humane Society has raised funds for a new facility and a portion of the equipment and furnishings through fundraising and donations. Over 200 items are needed to make the shelter functional including fire extinguishers, security system, exam table, washer and dryer, chairs, desks, shelving units and much more.
IN	Mike Braun, Todd Young	Jim Baird (04)	Fountain County		\$31,000	This Rural Development investment will be used to assist in the purchase of two four-wheel drive, four-door law enforcement vehicles. The vehicles will include new emergency lighting, wiring, siren package, spotlight, console and laptop platform. It is critical that the Fountain County Sheriff Department has dependable vehicles to support the residents. Two of the department's vehicle have reached the end of their useful life. The department has opted for a SUV because they are more versatile than a car, having greater ground clearance, four-wheel drive and greater cargo and towing capacity. In addition, they have

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
IN	Mike Braun, Todd Young	Victoria Spartz (05)	Town of Fairmount		\$20,800	This Rural Development investment will be used to purchase a law enforcement SUV vehicle with equipment. This vehicle will allow the town to provide emergency services to the community.
IN	Mike Braun, Todd Young	Larry Bucshon (08)	City of Jasonville		\$41,400	This Rural Development investment will be used to purchase a truck and snow plow to keep the city streets clean during the winter season. The equipment will allow the city to retire its old, deteriorating equipment. A portion of the costs for this investment comes from the Motor Vehicle Fund account which
IN	Mike Braun, Todd Young	Larry Bucshon (08)	Parke County Redevelopment Commission		\$15,200	This Rural Development investment will be used to purchase a 2021 law enforcement pursuit vehicle. The new vehicle will include equipment (lights, console, etc.) and graphics. This purchase will increase the number of vehicles operated by the Parke County Sheriff Department to fifteen. The larger motor pool will make additional vehicles available to reserve officers. The older vehicles will also be used by deputies when their vehicle is being serviced or repaired. The department has opted for a SUV because
IN	Mike Braun, Todd Young	Larry Bucshon (08)	Town of Rockville		\$50,000	This Rural Development investment will be used to purchase two special service vehicles. One vehicle is being added to the fleet since an additional officer was recently hired. The second vehicle will replace the previous one since it has been determined that it is not cost effective to repair. The Rockville Law Enforcement Department has six full-time officers, six part-time officers and eight reserve officers.
IN	Mike Braun, Todd Young	Larry Bucshon (08)	Town of Birdseye		\$33,700	This Rural Development investment will be used to help purchase a maintenance truck. The existing truck was purchased in 2003 and has aged past its useful life. The maintenance truck is utilized for water, wastewater and other town functions including snow removal and park maintenance.
IN	Mike Braun, Todd Young	Trey Hollingsworth (09)	The Refuge For Children Inc.		\$50,000	This Rural Development investment will be used to assist in purchasing appliances, bedroom and great room furniture, bedding, office equipment, computer equipment, a security system and playground equipment to make the shelter ready to accept children. The Refuge for Children emergency shelter is currently under construction. The environment is home-like with a total of ten individual bedrooms,
IN	Mike Braun, Todd Young	Larry Bucshon (08)	City of Clinton		\$195,600	This Rural Development investment will be used to help purchase two cab pickups, a wheelbase truck, 20 portable radios and 14 dash mount mobile radios. The vehicles will be used by the street and sewer departments. The street department has sold one pickup which will be replaced with one of the new pickup trucks. The truck will be used by the fire department and will be fitted with a snow plow, emergency lights and related equipment. The law enforcement department is purchasing two pursuit vehicles with lighting and equipment. One of the vehicles will be equipped with a K9 cage and related equipment. The radios will be used to communicate within the department, the sheriff departments, state law enforcement and other first responders.
KS	Roger Marshall, Jerry Moran	Jake LaTurner (02)	City of Laharpe		\$46,400	This Rural Development investment will be used to purchase and install a heating and air conditioning system for the city hall, library and community center. The current system is old, unreliable and has many service calls for repairs. At times, those repairs have caused the cancellation of activities.
KS	Roger Marshall, Jerry Moran	Jake LaTurner (02)	City of Redfield		\$38,700	This Rural Development investment will be used to renovate and improve the city hall/community center. Redfield Community Center was built in 1960 and currently houses the City Hall office. It also serves as a community voting center and hosts various community events and private gatherings. The building's age, along with deferred maintenance, has resulted in a need for significant upgrades. Upgrades

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
KS	Roger Marshall, Jerry Moran	Tracey Mann (01)	USD #220 Ashland Schools		\$100,500	This Rural Development investment will be used to renovate Ashland High School to provide equal access to restroom facilities for individuals with disabilities and to bring the building into Americans with Disabilities Act (ADA) compliance. The current high school was built in 1962. No renovations or additions have been made to the building to provide accessible restrooms for individuals with disabilities. The school is currently using one faculty restroom as its designated handicap accessible restroom. This restroom provides only limited access and was not intentionally designed to be ADA compliant. The project will renovate two restrooms, one for men and the other for women. This will create a set of restrooms that will be ADA compliant. The restrooms will be located at the main entrance of the high school.
KS	Roger Marshall, Jerry Moran	Ron Estes (04)	City of Winfield		\$125,400	This Rural Development investment will be used to purchase two ambulances for the city's emergency services. This will help the city in its efforts to modernize the fleet. The city has developed a rigorous scheduled maintenance and planned vehicle replacement program. Two of the city's five ambulances are no longer serviceable due to high mileage and repair costs.
KS	Roger Marshall, Jerry Moran	Jake LaTurner (02)	City of Girard		\$13,400	This Rural Development investment will be used to purchase a law enforcement vehicle and firefighting equipment for the city's law enforcement and fire departments. The new vehicle will replace an older vehicle with high mileage. The fire equipment to be purchased is a positive pressure vent fan, a K12 rescue saw, and a ventilation chain saw. This equipment will be used for fire and rescue purposes. The current fire equipment is out of service because it no longer works.
KS	Roger Marshall, Jerry Moran	Tracey Mann (01)	City of Goessel		\$34,000	This Rural Development investment will be used to purchase a backhoe. The equipment will be replacing a 1998 model that is currently being used. Increased repairs to the old backhoe are expected to exceed replacement costs. This equipment is used in maintaining streets, repairing water leaks, sewer leaks and used at the city's tree dump.
KS	Roger Marshall, Jerry Moran	Jake LaTurner (02)	USD #380 Vermillion		\$243,000	This Rural Development investment will be used to renovate school buildings and upgrade technology within the communities of Centralia, Frankfort and Vermillion. Renovations will include: window replacements, classroom remodels, upgrade bathrooms to meet accessibility standards under the Americans with Disabilities Act, and replace an outdated boiler heat system with heating/air conditioning units. Funds will also be used to purchase security cameras, magnetic door holders, a new school bus, and
KS	Roger Marshall, Jerry Moran	Jake LaTurner (02)	City of Osawatomie		\$46,000	This Rural Development investment will be used to purchase radios for the law enforcement and fire departments. The current radios are outdated and do not meet mandates by the Federal Communication Commission. The new radios will assist the departments in working side by side with other agencies throughout the state for emergencies or natural disasters. The radios will improve communications, response time, and accountability between all local, state, and federal agencies. This project provides rural residents with access to new and improved public safety services.
KS	Roger Marshall, Jerry Moran	Jake LaTurner (02)	City of Cherryvale		\$37,400	This Rural Development investment will be used to purchase a vehicle and equipment for the Fire-Rescue Department's Code Enforcement within the city. When this vehicle is being used for these purposes, the department has a vehicle placed out of service, which causes delays in response times for when an emergency occurs. The new vehicle will be designated for Code Enforcement use and will keep all other emergency vehicles available for when emergencies occur. This will help with response times and delays for having a vehicle out of service. Once the new vehicle is in use, the residents will have new and improved public safety.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
KS	Roger Marshall, Jerry Moran	Tracey Mann (01)	Historic Preservation Corporation		\$85,800	This Rural Development investment will be used to renovate the interior of the Art and History Center located in Council Grove, Kansas. The renovations will include the installation of heating and air conditioning, two Americans with Disability Act (ADA) accessible restrooms and other facilities, flooring, custom stage, chair lift, and shelving for displays. Currently this building has no heating and cooling systems and is not ADA accessible. This building will be used for multi-purposes, such as: cultural, historic and artistic educational presentations, events, exhibits, films, displays, and other activities showcasing the Heart of the Flints area. The center is essential to preserving the history of the
KS	Roger Marshall, Jerry Moran	Ron Estes (04)	City of Kingman		\$33,100	This Rural Development investment will be used to purchase and install equipment and update landscaping in Broadway Park, located in the northwest section of the City of Kingman. The park currently does not have Americans with Disability Act accessible parking, access, or equipment. The park has no lighting or landscaping. This project will provide handicapped accessible equipment and parking along with other equipment, park benches, lighting, landscaping, and fencing.
KY	Mitch McConnell, Rand Paul	James Comer (01)	Casey County Ambulance Service District Inc.		\$37,300	This Rural Development investment will be used to purchase four cardiac monitor, defibrillator, external pacemaker units. These units will replace obsolete equipment and help meet the standard level of prehospital and emergency protocols in order to provide more efficient and effective emergency care for a rural population in Casey County, one of Kentucky's persistent poverty counties.
KY	Mitch McConnell, Rand Paul	Harold Rogers (05)	Knott County Water & Sewer District		\$26,900	This Rural Development investment will be used to purchase a ditch witch directional drill for the Water and Sewer departments to make repairs and install water lines for existing and new customers. This equipment will help the departments provide safe, reliable, and dependable water and sewer service for a rural population in rural Knott County.
KY	Mitch McConnell, Rand Paul	Harold Rogers (05)	City of Pikeville		\$348,800	This Rural Development investment will be used to renovate an existing 4,900-square-foot commercial building recently purchased by the city to house the fire department and the ambulance service. Renovations will include creating space for living quarters as well as storage space for emergency vehicles, thereby helping the department provide more effective and efficient emergency response for a rural population in Pike County, one of Kentucky's persistent poverty counties.
KY	Mitch McConnell, Rand Paul	Harold Rogers (05)	City of Mt. Vernon		\$55,300	This Rural Development investment will be used to purchase a rescue vehicle for the city's fire department. The vehicle will provide more storage for rescue and safety equipment as well as seating for five firefighters. The vehicle will help the department provide more efficient and effective emergency response services for a rural population in Rockcastle County, one of Kentucky's persistent poverty counties.
KY	Mitch McConnell, Rand Paul	Andy Barr (06)	Wolfe County Search & Rescue Inc.		\$14,200	This Rural Development investment will be used to purchase equipment, including a four-seat UTV and trailer, a rescue boat, dive equipment, and jacks. This equipment will be used for emergency search and rescue services and help ensure the safety of the many tourists who visit the area in addition to a rural population in Wolfe County, one of Kentucky's persistent poverty counties, and Campton County.
KY	Mitch McConnell, Rand Paul	Harold Rogers (05)	City of Pineville		\$33,900	This Rural Development investment will be used to purchase a 2020 Chevrolet Tahoe 4WD vehicle for the city's law enforcement department. This vehicle will serve as an incident command vehicle in addition to being used for patrols and other duties, which will help the department provide effective and efficient emergency response and law enforcement services for a rural population in Bell County, one of Kentucky's persistent poverty counties located in a Promise Zone.
KY	Mitch McConnell, Rand Paul	James Comer (01)	Casey County Ambulance Service District Inc.		\$50,000	This Rural Development investment will be used to purchase four cardiac monitor, defibrillator, external pacemaker units. These units will replace obsolete equipment and help meet the standard level of prehospital and emergency protocols in order to provide more efficient and effective emergency care for a rural population in Casey County, one of Kentucky's persistent poverty counties.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
KY	Mitch McConnell, Rand Paul	Harold Rogers (05)	Owsley County Fiscal Court		\$30,200	This Rural Development investment will be used to purchase a 12-passenger public safety vehicle that will replace an older, unreliable one. This project will benefit a rural population in Owsley County, one of Kentucky's persistent poverty counties.
KY	Mitch McConnell, Rand Paul	Harold Rogers (05)	City of Pikeville	\$500,000		This Rural Development investment will be used to renovate an existing 4,900-square-foot commercial building recently purchased by the city to house the fire department and the ambulance service. Renovations will include creating space for living quarters as well as storage space for emergency vehicles, thereby helping the department provide more effective and efficient emergency response for
KY	Mitch McConnell, Rand Paul	James Comer (01)	City of Jamestown		\$39,100	This Rural Development investment will be used to purchase a 2020 Ford F-150 AWD and associated equipment for the city's law enforcement department. This vehicle will replace an older, unreliable vehicle and help the department continue to provide effective and efficient emergency response and law enforcement services for a rural population in Russell County, one of Kentucky's persistent poverty counties.
KY	Mitch McConnell, Rand Paul	Harold Rogers (05)	Jackson County Fiscal Court		\$23,000	This Rural Development investment will be used to purchase equipment for the Jackson County Emergency Management department. The equipment will include a Zodiac boat and motor as well as other rescue equipment necessary for rescue calls due to flooding and high-water. This equipment will help the department provide efficient response times in emergencies for a rural population in Jackson County, one of Kentucky's persistent poverty counties.
KY	Mitch McConnell, Rand Paul	Harold Rogers (05)	Jackson County Public Schools		\$50,000	This Rural Development investment will be used to establish a container farm at the Jackson County High School, which will include the acquisition of a container farm unit, electrical and water setup, launch supplies, and site preparation. This container farm will help students, families, and entrepreneurs learn how to grow fresh vegetables year-round and improve the local food supply, thereby benefiting a rural population in Jackson County, one of Kentucky's persistent poverty counties.
KY	Mitch McConnell, Rand Paul	Harold Rogers (05)	Knott County Water & Sewer District		\$50,000	This Rural Development investment will be used to purchase a Ditch Witch Directional Drill for the water and sewer departments to make repairs and install water lines for existing and new customers. This equipment will help the departments provide safe, reliable, and dependable water and sewer service for a rural population in rural Knott County, one of Kentucky's persistent poverty counties.
KY	Mitch McConnell, Rand Paul	Harold Rogers (05)	Perry County Fiscal Court		\$50,000	This Rural Development investment will be used to purchase a dump truck and trailer for the Perry County water and sewer departments. The vehicle will be used to perform necessary maintenance and haul an excavator to problem areas, which will benefit a rural population in Perry County, one of Kentucky's persistent poverty counties located in a Promise Zone.
KY	Mitch McConnell, Rand Paul	Harold Rogers (05)	City of Mt. Vernon		\$66,700	This Rural Development investment will be used to purchase a rescue vehicle for the city's fire department. The vehicle will provide more storage for rescue and safety equipment as well as seating for five firefighters. The vehicle will help the department provide more efficient and effective emergency response services for a rural population in Rockcastle County, one of Kentucky's persistent poverty counties.
KY	Mitch McConnell, Rand Paul	Harold Rogers (05)	Rowan County Fiscal Court		\$42,700	This Rural Development investment will be used to purchase an ambulance for the Rowan County Ambulance. This vehicle will benefit a rural population in Rowan County, one of Kentucky's persistent poverty counties.
KY	Mitch McConnell, Rand Paul	Andy Barr (06)	Wolfe County Search & Rescue Inc.		\$35,800	This Rural Development investment will be used to purchase equipment, including a four-seat UTV and trailer, a rescue boat, dive equipment, and jacks. This equipment will be used for emergency search and rescue services and help ensure the safety of the many tourists who visit the area in addition to a rural population in Wolfe County, one of Kentucky's persistent poverty counties, and Campton County.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
KY	Mitch McConnell, Rand Paul	James Comer (01)	Hickman County Fiscal Court	\$102,200	\$50,000	This Rural Development investment will be used to purchase a tractor mower with rotary head. The road department will use the implement to maintain the rural roads in the county, thereby providing safe public roads for a rural population in Hickman County.
KY	Mitch McConnell, Rand Paul	James Comer (01)	Russell County Industrial Development Authority		\$376,000	This Rural Development investment will be used to construct a 12,815-square-foot agri-business training facility, including classroom, laboratory, media room, and office and support spaces. The facility will be located in the Lake Cumberland Regional Industrial Complex in Russell Springs, Kentucky. The facility will offer training to high school students and adults in a multi-county area. The training will include livestock
MA	Ed Markey, Elizabeth Warren	Lori Trahan (03)	Town of Ashby	\$6,665,000		This Rural Development investment will be used to renovate a 4,500 square foot Fire Station with a 11,500 square foot addition. The additional space will allow the Law Enforcement Department to be housed in the same building, making it a new multi-use Public Safety Complex. The addition will provide the Fire Department with administration space, bunk rooms, a kitchen, dining room, and day room. The Law Enforcement Department section will include a sally-port and two alternate vehicle bays, and administrative offices.
MA	Ed Markey, Elizabeth Warren	Richard Neal (01)	Town of Southbridge		\$131,600	This Rural Development investment will be used to fund two law enforcement vehicles as well as an all season dump truck and snow plow for the Department of Public Works (DPW). The current DPW dump truck and snow plow are well beyond their useful life and scheduled for replacement. In law enforcement, the standard useful life of a patrol vehicle is 2-4 years, however; the applicant typically stretches useful life based on a high level of need in the community, and now are in need for new vehicles.
MA	Ed Markey, Elizabeth Warren	William Keating (09)	Latham Centers Inc.		\$800,000	This Rural Development investment will purchase fixtures, furnishings and appurtenances for the new Latham Community Center. The center is an essential community facility that provides housing, educational and vocational resources, life skills training and individualized therapies to clients with Prader-Willi syndrome.
MA	Ed Markey, Elizabeth Warren	James McGovern (02)	Town of Sturbridge		\$98,900	This Rural Development investment will be used to purchase a new 2021 Pierce Enforcer 1500GPL Pumper truck in order to better respond to the 1,970 calls the department receives per year. The town of Sturbridge operates a full service fire and emergency medical services department of 14 full-time and six part-time firefighter EMT paramedics. The truck will replace a 1997 Freightliner FL 80 that developed a cracked frame which rendered the vehicle inoperable and unrepairable. The truck was retired and the
MD	Benjamin Cardin, Chris Van Hollen	Jamie Raskin (08)	Town of Emmitsburg		\$157,000	This Rural Development investment will be used to purchase a new backhoe, tractor, work truck, and computer equipment to be used by the town's public works department. The new equipment will continue to provide road maintenance in all seasons, wastewater treatment services and water service to its residents and businesses. The multi-use tractor, truck and backhoe will be used to provide snow removal, road maintenance and repair water leaks. The new computer equipment will be used at the wastewater treatment plant to prevent security vulnerability and hacking into the facility equipment.
MD	Benjamin Cardin, Chris Van Hollen	David Trone (06)	Sharpsburg Volunteer Fire Company Inc.		\$14,000	This Rural Development investment will be used to purchase a new emergency medical services (EMS) vehicle. The proposed vehicle will replace SVFC's 2005 EMS unit which has become unsafe, unreliable, and too expensive to maintain. The vehicle will be used to deploy trained personnel to incident locations in order to provide patient care, assess actual scene conditions, and organize arriving and needed resources. Without RD assistance, the fire company would be forced to wait an additional 2-3 years to obtain a new EMS vehicle, which would negatively impact the level of public safety that the fire company would be able to provide to the community.
MD	Benjamin Cardin, Chris Van Hollen	David Trone (06)	Town of Hancock		\$228,700	This Rural Development investment will be used to purchase a dump truck, excavator, and patrol vehicle to replace equipment that is past its useful life. The dump truck and excavator will be used for street repair, asphalt repair, water mains and sewer line maintenance. The patrol vehicle will be used to provide public safety to the town and neighboring jurisdictions.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
MD	Benjamin Cardin, Chris Van Hollen	David Trone (06)	Town of Hancock		\$150,000	This Rural Development investment will be used to purchase a new garbage truck for the sanitation department. The proposed equipment will replace the town's truck that is no longer operable.
MD	Benjamin Cardin, Chris Van Hollen	David Trone (06)	Sharpsburg Volunteer Fire Company Inc.		\$210,000	This Rural Development investment will be used to purchase a pumper truck. The truck will be custom built and designed for the local topography, mission, and response types.
ME	Susan Collins, Angus King	Jared Golden (02)	The Center for the Advancement of Rural Living	\$210,000	\$50,000	This Rural Development investment will be used to purchase and rehabilitate a facility to be used as a Women's Recovery Home as well as another facility to serve as the Men's Recovery House. The Center for the Advancement of Rural Living is a non-profit corporation with a mission to provide a continuum of
ME	Susan Collins, Angus King	Jared Golden (02)	The Downeast Salmon Federation		\$23,500	This Rural Development investment will be used to replace the deteriorated roof shingles with a metal roof system at the East Machias facility. In addition to roof replacement, the flashing, trim, soffits, ridge vent and cap, fascia bird wire protection and other supporting appurtenances will be replaced. This facility operates a conservation fish hatchery and administrative offices. The Downeast Salmon Federation through a formal partnership with the US Fish and Wildlife Service, rears endangered Atlantic salmon from egg stage to parr stage and releases fish into the waters of the East Machias river on an annual basis.
ME	Susan Collins, Angus King	Jared Golden (02)	The Well of Mars Hill Maine		\$25,300	This Rural Development investment will be used to complete minor renovations to an afterschool children's center in Mars Hill, Maine. The repairs will include new flooring, updating the electrical, painting the interior, new lighting and replacing doors. The Well of Mars Hill Maine offers after-school and evening programs, tutoring, mentoring, real-life classes, internet access, educational and cultural programs. They will also remain open during school vacations to provide a safe environment for youth along with free drinks, snacks and a meal.
ME	Susan Collins, Angus King	Jared Golden (02)	Eastport Public Library Association		\$50,000	This Rural Development investment will be used to replace and repoint nearly 1,000 square feet of brick on the Peavey Memorial Library in Eastport, Maine. Over the past few decades, the masonry façade, roof and cupola have suffered significant deterioration and completing these repairs will ensure the library's preservation and availability to support and serve future generations. Since 1893, the library has been providing a gathering space for residents, visitors, and researchers. It is the learning center of the community offering educational and cultural services, a balanced collection of books as well as other materials, and free public internet access seven days a week, year-round. Designated in 1982, the library
ME	Susan Collins, Angus King	Jared Golden (02)	The Patriarchs Club		\$50,000	This Rural Development investment will be used to expand the Harmony Cares Food Pantry located in the town of Harmony, Maine. This project involves the construction of a 28x30 foot addition that will provide the space needed for food distribution, storage, and a restroom. The food pantry also serves the neighboring towns of Cambridge and Wellington. Since the opening of the pantry in 2017, the number of food insecure families served by this facility has tripled. Additional food distribution/storage space and refrigeration/freezer capacity is desperately needed to meet the growing demand. The project also will provide facility upgrades, an emergency generator, and commercial refrigeration/freezer units.
ME	Susan Collins, Angus King	Jared Golden (02)	Center Theatre		\$15,600	This Rural Development investment will be used to renovate Center Theatre located in the town of Dover-Foxcroft, Maine. Center Theatre is the only professional performing arts venue in Piscataquis County and is a major resource for the schools and community. Funds will be used to fix the columns and footings supporting the theater over the banks of the Piscataquis River. The theater is a historic building and over time there has been damage caused by flooding, ice and erosion. Damage has also been caused by improper roof drainage which will be corrected as part of this project. Many of the theatre's programs focus on children and education including drama camps, after school programs, educational programs and children's theatrical productions in cooperation with Foxcroft Academy. The theater also produces a number of live theatrical productions during the year as well as host concerts, meetings, and community

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
ME	Susan Collins, Angus King	Jared Golden (02)	Center Theatre		\$12,400	This Rural Development investment will be used to renovate Center Theatre located in the town of Dover-Foxcroft, Maine. Center Theatre is the only professional performing arts venue in Piscataquis County and is a major resource for the schools and community. Funds will be used to fix the columns and footings supporting the theater over the banks of the Piscataquis River. The theater is a historic building and over time there has been damage caused by flooding, ice and erosion. Damage has also been caused by improper roof drainage which will be corrected as part of this project. Many of the theatre's programs focus on children and education including drama camps, after school programs, educational programs and children's theatrical productions in cooperation with Foxcroft Academy. The theater also produces a number of live theatrical productions during the year as well as host concerts, meetings, and community events. Another component of the theatre's programming is first and second-run movies along with documentaries and art films.
MI	Gary Peters, Debbie Stabenow	Jack Bergman (01)	Alcona County Commission on Aging		\$50,000	This Rural Development investment will be used to purchase of IT equipment. Alcona County Commission on Aging (ACCOA) is currently operating on old equipment that does not meet the needs of the applicant or their community. The purchase of IT equipment will allow the center to provide internet access, computer training and education, and activities to connect older adults. ACCOA will have a digital educational initiative so that participants can learn and interact with others.
MI	Gary Peters, Debbie Stabenow	Daniel Kildee (05)	Hampton Charter Township		\$11,600	This Rural Development investment will be used to purchase a 4x4 pickup and snow plow. This vehicle will replace an old fleet vehicle that has outlived its useful life with high mileage and maintenance issues. The vehicle will be used on a daily basis to maintain township infrastructure and snow removal. It will have Flex-Fuel technology that will be more environmentally friendly, emitting fewer greenhouse gases.
MI	Gary Peters, Debbie Stabenow	Jack Bergman (01)	City of Cheboygan		\$25,000	This Rural Development investment will be used to help purchase a patrol vehicle. The vehicle will replace an older fleet vehicle with high mileage and is no longer dependable for patrol services.
MI	Gary Peters, Debbie Stabenow	Daniel Kildee (05)	City of Davison		\$2,800	This Rural Development investment will be used to purchase an all-terrain vehicle. The equipment will replace an older vehicle that has outlived its useful life and is no longer dependable. The new equipment will be used to maintain city property including city parks, city hall, the Department of Public Works
MI	Gary Peters, Debbie Stabenow	John Moolenaar (04)	Gladwin County District Library		\$50,000	This Rural Development investment will be used by to purchase LED lighting and sign. Their current facilities have traditional lighting and ballasts, which are not energy efficient. The grant will also purchase and install an exterior LED lighted sign, replacing an older, non-functioning lighted sign that requires labor for any sign attachments. The exterior sign will be able to promote activities at the library.
MI	Gary Peters, Debbie Stabenow	Lisa McClain (10)	Bad Axe Fire Protection Association		\$39,000	This Rural Development investment will be used to purchase a pick-up truck. The vehicle will be used to help fight field and wild land fires. It will be able to pull their air trailer as well as transport firefighters. This vehicle will benefit the local area with better firefighting equipment.
MI	Gary Peters, Debbie Stabenow	Daniel Kildee (05)	Iosco County		\$13,800	This Rural Development investment will be used to purchase a patrol vehicle. The vehicle will replace the old fleet patrol vehicle that has high mileage and maintenance issues. It will be used for patrolling and emergency response within the county.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
MI	Gary Peters, Debbie Stabenow	John Moolenaar (04)	City of West Branch		\$29,100	This Rural Development investment will be used to purchase a patrol vehicle. The vehicle will replace an existing fleet vehicle that has high mileage and is no longer dependable for patrol services.
MI	Gary Peters, Debbie Stabenow	Lisa McClain (10)	Evergreen Township		\$20,000	This Rural Development investment will be used to purchase and install heating equipment and a standby generator. The township will build a substation fire hall in a centralized location within the township, providing better emergency services for their residents.
MI	Gary Peters, Debbie Stabenow	John Moolenaar (04)	City of Perry		\$10,900	This Rural Development investment will be used to the purchase of sub-compact tractor with a mower deck, front mount snowblower, broom and loader for their DPW department. The equipment will replace an older mower that is no longer reliable and has maintenance issues. The equipment will be used to
MI	Gary Peters, Debbie Stabenow	John Moolenaar (04)	City of Perry		\$17,200	This Rural Development investment will be used to purchase a patrol vehicle and ballistic vests. The vehicle will replace an existing fleet vehicle. The existing vests are no longer under manufacturer's warranty and will be replaced with this project. This project will also be used to outfit the vehicle with emergency lights and safety equipment.
MI	Gary Peters, Debbie Stabenow	Jack Bergman (01)	Crystal Falls Township	\$2,150,000		This Rural Development investment will be to build a fire station. The existing fire station is located within the city of Crystal Falls and has outlived its useful life, lacks adequate space for today's firefighting equipment and requires extensive improvements. The 6,500 square foot proposed facility will be located in the township on almost nine acres of land, allowing more than adequate space to construct a facility that will meet all of their needs. The fire station will have five bays, restroom facilities compliant under
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Westbrook		\$42,000	This Rural Development investment will be used to purchase new equipment. The fire department has 26 volunteer firefighters that provide emergency services to the community. There are 15 firefighters using expired equipment and not in compliance with National Fire Protection Association regulations. This project will allow the city to purchase 15 sets of turnout gear that include coats and pants along with additional helmets, boots, and gloves and help the city to continue providing fire suppression and emergency rescue services.
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Tyler		\$44,000	This Rural Development investment will be used to purchase Self-Contained Breathing Apparatus (SCBA) for the Tyler Fire Department. During a recent equipment inspection, the State of Minnesota Fire Marshall informed the Tyler Fire Department that their current air packs are no longer in compliance with state safety requirements and regulations and that the equipment would need to be immediately retired from service and no longer utilized. This project will help the city to purchase 12 new air packs and 26 new individual face masks to the continued health and safety of all department firefighters.
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Balaton		\$20,500	This Rural Development investment will be used to upgrade equipment for the Balaton Fire Department. The fire department serves 133 sections in Balaton and surrounding townships. The department also provides mutual aid to eight surrounding towns and other counties as needed. Currently, the Balaton Fire Department has two tanker trucks that are leaking and beyond useful life. This project will allow the city to purchase two new tanks to replace the existing ones. The truck chassis' are in good condition and will not need to be replaced until a later date.
MN	Amy Klobuchar, Tina Smith	Jim Hagedorn (01)	City of Mapleview		\$54,500	This Rural Development investment will be used to purchase a utility truck with a dump box and snow plow. The truck will be used for general utility purposes as well as snow clearing and sanding the streets during winter snow events. The new truck will replace an outdated vehicle that has reached the end of its useful life.
MN	Amy Klobuchar, Tina Smith	Jim Hagedorn (01)	City of Mapleview		\$28,500	This Rural Development investment will be used to purchase an air compressor for the Mapleview Fire Department. The fire department does not own the equipment needed to re-fill their Self-Contained Breathing Apparatus (SCBA), a device worn to provide breathable air in an atmosphere that is immediately dangerous to life or health. This project will allow the city to purchase a three-stage 6000 psi air compressor and provide the fire department with the ability to re-fill their SCBA's, which will help to

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
MN	Amy Klobuchar, Tina Smith	Pete Stauber (08)	Ogema Township		\$22,000	This Rural Development investment will be used to help make improvements to the Ogema Township Hall. The existing town hall is over 100 years old and has improvements done several times since 2013 including elevating the building, placing a foundation with crawl space, a facility addition, added infrastructure I-beams, removed asbestos fiber shingling and siding, added sheeting, insulation, sheetrock, installed new electrical and HVAC, and installed new siding, roof and windows. This project will allow the township to complete its renovations by installing a new well and septic and purchasing furniture, fixtures, and equipment.
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Lamberton		\$67,500	This Rural Development investment will be used to purchase essential equipment. The department currently is using expired Self-Contained Breathing Apparatus (SCBA) units and Personal Protective Equipment (PPE). This project will allow the city to purchase 10 new breathing apparatus units, two mobile radios, as well as new gloves, coats, pants, boots and fire heat resistant hoods to ensure the continued health and safety of each firefighter.
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Hanley Falls		\$57,000	This Rural Development investment will be used to purchase turnout gear and a Jaws of Life machine for the Hanley Falls Fire Department. The department has 24 volunteer members who serve the City of Hanley Falls and the surrounding townships. The department's turnout gear is expired and does not meet National Fire Protection Association standards. There is currently not enough gear for each volunteer and some gear is missing various equipment. This project will allow the city to purchase new gear and improve the safety of each volunteer firefighter in the event of a fire emergency as well as a Jaws of Life.
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Kandiyohi		\$3,500	This Rural Development investment will be used to help purchase 22 radio pagers for the Kandiyohi Fire Department. The existing radios are beyond useful life. The project will allow the city to replace pagers no longer working to full capacity in order to ensure continued emergency communication services.
MN	Amy Klobuchar, Tina Smith	Pete Stauber (08)	City of Blackduck	\$1,655,000		This Rural Development investment will be used to help build a 10,800 square foot public works facility with an upper level mezzanine space in the City of Blackduck. The original 1,544 square foot public works facility was built in the 1970's. An additional 926 square feet were added to house the Blackduck Ambulance. The Blackduck Ambulance is no longer owned by the city and is no longer housed at the public works facility. The public works facility now houses the public works operations and law.
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	Tri-County Hospital Inc.	\$42,480,000		This Rural Development investment will be used to build a health care campus in Wadena. The facility will include three emergency bays; two trauma rooms; 14 inpatient rooms; three operating rooms; one endoscopy room; four suites for labor, delivery, recovery and postpartum; 50 clinic rooms; 10 major imaging modalities; and 14 universal platform spaces to support surgery, emergency, imaging, obstetrics and ambulatory services. The larger operating rooms will help expand services, improve technology, and enable robotic surgical procedures. This project will help to improve and expand access to critical health care services for more than 7,200 rural residents.
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Woodstock	\$7,500		This Rural Development investment will be used to help purchase a portable generator. The city does not have a backup power source for its wastewater system's main lift station, which can flood under rainy conditions. It is necessary to then by-pass pump the wastewater into a ditch to protect local houses. The inability to perform this emergency discharge of untreated wastewater is a health and safety concern. This project will help the city purchase a portable generator to continue running their pumps in the event of a power outage.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Greenbush		\$8,000	This Rural Development investment will be used to purchase personal protective equipment and radio pagers for the Greenbush Fire Department. The fire department serves 2,519 residents in a 413 square mile area that includes Greenbush and the surrounding townships.
MN	Amy Klobuchar, Tina Smith	Pete Stauber (08)	City of Biwabik		\$64,500	This Rural Development investment will be used to purchase equipment for the Biwabik Fire Department. The department will purchase ten full sets of Self-Contained Breathing Apparatus (SCBA) including air packs, facepieces, and required accessories to replace expired equipment that no longer meets National Fire Protection Association (NFPA) and Occupational Safety and Health Administration (OSHA)
MN	Amy Klobuchar, Tina Smith	Pete Stauber (08)	City of Gilbert		\$39,700	This Rural Development investment will be used to purchase a new SUV vehicle and associated equipment for city of Gilbert's law enforcement. The city of Gilbert provides 24-hour law enforcement coverage for the cities of Gilbert & Biwabik. Law enforcement consists of seven full-time officers, which currently operate four patrol cars and an SUV that is used for off-road emergency response calls in the Iron Range Vehicle Park and the Giant's Ridge Recreation Area. The SUV was purchased in 1985, contains obsolete equipment, and is no longer operable. This project will help the city to purchase a new SUV patrol vehicle with modern equipment and continue to provide an efficient public service.
MN	Amy Klobuchar, Tina Smith	Jim Hagedorn (01)	City of Peterson		\$13,500	This Rural Development investment will help to make improvements to the 1877 Peterson Station Museum and Visitor Center. The 1877 Peterson Station Museum and Visitor Center is made up of two buildings, a depot that served the Milwaukee Railroad, and an annex that was completed in 1990. The Station Museum and Visitor Center is owned by the City of Peterson, staffed by volunteers, and is open to the public from May through October. It is open year-round by appointment for tours and research. The facility allows visitors to explore the area's past through historical memorabilia, photographs, and artifacts, or learn more about their family's history in the area at the genealogy center. This project will install a new furnace and air conditioner in both facilities. Electrical upgrades include installation of new LED light fixtures and strip lights, upgrading the electrical panel, installation of new outlets as well as
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Wendell		\$46,000	This Rural Development investment will help to make infrastructure repairs and updates to the Community Center in Wendell. The community center was built in the early 1980's. Its primary uses include wedding receptions, fundraising by local non-profits, local meetings, and classes. This project will include replacing the roof, gutters, flooring, stoves, and doors. New paint and other minor repairs and improvements will also be done.
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Miltona	\$450,000	\$50,000	This Rural Development investment will be used to purchase a fire truck for the Miltona Fire Department. The city provides firefighting service to 1,671 residents within its incorporated limits plus Miltona Township and Spruce Hill Township. The new truck will replace an existing vehicle that is in need of regular maintenance.
MN	Amy Klobuchar, Tina Smith	Pete Stauber (08)	Morrison County Historical Society		\$21,000	This Rural Development investment will help to replace the heating, ventilation and cooling system (HVAC) at the Morrison County Historical Society (MCHS). The existing system is original to the building, though it has had upgrades and modifications during its 45 years of operation. It now requires regular costly maintenance and is no longer efficient by today's standards. This project will help to install four high efficiency gas furnaces and air conditioning units and replace the non-functioning standard HVAC

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Milroy	\$1,976,500		This Rural Development investment will be used to renovate the streets. 2.44 miles of city streets were rated as "poor" in a 2020 Street Improvement Study, which means that the pavement is broken up, contains potholes, contains cracks with a rough surface and is unpleasant to drive on. These streets have aged or deteriorated beyond pavement preservation treatments and will require reconstruction or substantial rehabilitation to improve the roadway surface. Approximately nine to ten blocks of high volume traffic streets will be reconstructed fully reconstructed to improve pedestrian walkways.
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Warren	\$1,641,000		This Rural Development investment will be used to build a daycare center. The city's current daycare facility is licensed for 52 children and enrollment is at that maximum. A study conducted by First Children's Finance determined there is a need for 187 additional childcare slots within a 10-mile radius of Warren. There is no room to expand the current facility, and there is not another building in the community that will accommodate the square footage needed to expand to the number of licensed slots needed. This project will help the city construct a new facility to be built on a city-owned parcel of land. The facility will provide 110 licensed slots for daycare infants-school aged children, a Headstart Early
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	City of Wheaton	\$105,000	\$50,000	This Rural Development investment will be used to purchase a fire truck and related equipment for the Wheaton Fire Department. The city's existing fire truck has high mileage, is outdated and requires regular, costly maintenance. The new fire truck will allow the department to continue providing fire and rescue services.
MN	Amy Klobuchar, Tina Smith	Jim Hagedorn (01)	City of Mapleview		\$54,500	This Rural Development investment will be used to purchase a utility truck for the Mapleview Public Works Department. The city's exiting utility truck is 21 years old and beyond useful life. This project will allow the city to purchase a new utility truck with a dump box and snowplow. The truck will be used for general utility purposes as well as clearing and sanding the streets during winter weather.
MN	Amy Klobuchar, Tina Smith	Jim Hagedorn (01)	City of Luverne		\$10,000	This Rural Development investment will be used to purchase equipment for the city of Luverne fire department. Luverne's fire department employs thirty-four firefighters that all require current safety equipment. Some of this equipment has expired, leaving firefighters at risk during emergency calls. This project will allow the city to purchase five new sets of turnout gear and sixteen sets of wildland gear and continue to safely provide fire suppression and emergency rescue services for nearly 5,000 residents.
MN	Amy Klobuchar, Tina Smith	Jim Hagedorn (01)	City of Frost		\$12,500	This Rural Development investment will be used to purchase a street sweeper. The city's existing machine is 42 years-old and beyond useful life. The holding tank has holes caused by rust, which allows debris to fall out; the main conveyor belt is cracked in multiple spots; neither the air conditioning or heat work in the cab; and the water tank has accumulated build up which causes the nozzles to plug up. This project will allow the city to purchase a new machine that is both safe for the operator and efficiently provides maintenance services.
MN	Amy Klobuchar, Tina Smith	Jim Hagedorn (01)	City of Welcome		\$100,000	This Rural Development investment will be used to purchase a rescue vehicle and related equipment for the Welcome Fire Department. The city's existing vehicle is over twenty years-old, has reached the end of useful life, and needs to be replaced. This project will help the city to purchase a new rescue truck and corresponding essential rescue equipment, allowing the city to continue to provide emergency and rescue services.
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	Minnewaska Lutheran Home		\$66,000	This Rural Development investment will be used to help upgrade utilities and equipment. The existing heating, ventilation, and air-conditioning (HVAC) system is semi-functional and portable air conditioning units are being used to keep residents comfortable. This project will replace the unreliable HVAC system with a modern system that will provide added protection against the spread of COVID-19 and remove the necessity for portable units. The tub room will also be renovated with a new tub and finishes.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
MN	Amy Klobuchar, Tina Smith	Michelle Fischbach (07)	Hornets Hive dba CornerStore		\$50,000	This Rural Development investment will be used to purchase kitchen equipment for Hornets Hive dba Cornerstone in Frazee, Minnesota. Cornerstone has acquired a building with the goal of creating a Community and Youth Center. Cornerstone intends to develop a healthier community by providing healthy food, mentoring, physical fitness, arts, culture, and skill building in a safe and caring environment in Frazee. For two years, a volunteer group of engaged community members and youth have mobilized to identify what they felt is needed in the community to improve the mental health and well-being of youth.
MO	Roy Blunt, Josh Hawley	Jason Smith (08)	City of Bloomfield		\$84,000	This Rural Development investment will be used to purchase a backhoe loader. The city's current backhoe loader caught fire due to aging, faulty wiring and would cost more to repair than the equipment is worth. This modern equipment will assist city personnel deliver essential community services such as applying asphalt for street repairs, ditching to assist with drainage issues, cleaning of storm drains, and other needed projects.
MO	Roy Blunt, Josh Hawley	Sam Graves (06)	Princeton R-V School District		\$14,300	This Rural Development investment will be used to purchase a passenger vehicle. Princeton R-V School District is one of the largest rural districts in the state in terms of geographical area covered and serves 326 students in grades K-12. The district currently has two passenger vehicles, however there are often times when staff still need to utilize personal vehicles or take a full-sized bus for a small group. Passenger vehicles are necessary to transport smaller groups to events, for teachers attending professional development training, to deliver meals, and for schoolwork delivery to students with no internet access.
MO	Roy Blunt, Josh Hawley	Jason Smith (08)	City of Annapolis		\$53,500	This Rural Development investment will be used to purchase a maintenance vehicle, snowplow, and salt spreader. The city's current maintenance vehicle and equipment are antiquated and require frequent repair; this purchase will assist with maintenance of the city's roads, city hall, and other public buildings. The equipment will also improve the safety of its residents during inclement weather.
MO	Roy Blunt, Josh Hawley	Jason Smith (08)	Zalma Fire Protection District		\$82,540	This Rural Development investment will be used to assist with the purchase of 20 full turnout gear sets (including pants, coats, boots, protective hood, gloves, and helmets) and 13 complete SCBA packs (with lumbar pads, an extra 45 minute cylinder, face-pieces, and a charging station). The district's current turnout gear is 12 years old and deteriorating rapidly. The existing SCBA equipment is older, outdated and no longer able to be re-serviced. This equipment will aid in keeping firefighters safe while delivering, performing, and providing essential community services to the citizens of Zalma Fire Protection District.
MO	Roy Blunt, Josh Hawley	Jason Smith (08)	East Prairie Municipal Corporation		\$45,000	This Rural Development investment will be used to purchase four maintenance vehicles and two snowplow attachments that will be leased to and used by the city of East Prairie. One 1-ton and three 3/4-ton vehicles will replace the city's aging 1998, 2005, and 2007 models that are high mileage and costly for the city to repair and add an additional vehicle, allowing additional employees to address municipal maintenance issues throughout other areas of the city. The snowplow attachments will help clear city streets during dangerous snowy conditions that currently are difficult to address with older units.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
MO	Roy Blunt, Josh Hawley	Jason Smith (08)	East Prairie Municipal Corporation	\$92,600		This Rural Development investment will be used to purchase four maintenance vehicles and two snowplow attachments that will be leased to and used by the city of East Prairie. One 1-ton and three 3/4-ton vehicles will replace the city's aging 1998, 2005, and 2007 models that are high mileage and costly for the city to repair and add an additional vehicle, allowing additional employees to address municipal maintenance issues throughout other areas of the city. The snowplow attachments will help clear city streets during dangerous snowy conditions that currently are difficult to address with older units.
MO	Roy Blunt, Josh Hawley	Jason Smith (08)	City of Hayti		\$53,160	This Rural Development investment will be used to purchase a skid steer and confined space tripod for the city's street department and 15 sets of turnout gear for its fire department. Hayti's current skid steer is aging, and the cost of repairs is taxing on the resources of the community. The city street department is also in need of a confined space tripod, which is used in combination with a harness, to lower personnel into storm drains to clean out debris. This is vital, as it aids in the prevention of roads being flooded during heavy rain events. The city's fire department will replace outdated turnout gear, allowing firefighters to not only be better protected but also match and know exactly where their team is in the event of a mutual aid calls that involve additional departments.
MO	Roy Blunt, Josh Hawley	Jason Smith (08)	City of Hayti		\$27,240	This Rural Development investment will be used to purchase a skid steer and confined space tripod for the city's street department and 15 sets of turnout gear for its fire department. Hayti's current skid steer is aging, and the cost of repairs is taxing on the resources of the community. The city street department is also in need of a confined space tripod, which is used in combination with a harness, to lower personnel into storm drains to clean out debris. This is vital, as it aids in the prevention of roads being flooded during heavy rain events. The city's fire department will replace outdated turnout gear, allowing firefighters to not only be better protected but also match and know exactly where their team is in the event of a mutual aid calls that involve additional departments.
MO	Roy Blunt, Josh Hawley	Sam Graves (06)	City of Grant City		\$75,000	This Rural Development investment will be used to purchase a new dump truck and backhoe. The city plans to replace its current 1993 model dump truck and 2005 model backhoe that are nearing the end of their useful life and becoming less economical to maintain and repair. Both the dump truck and backhoe will be used to haul rocks, haul salt, plow snow, clear ditches, and work with all city departments. Once purchased this equipment will provide essential community services to the residents.
MO	Roy Blunt, Josh Hawley	Billy Long (07)	City of Granby		\$30,700	This Rural Development investment will be used to purchase a law enforcement vehicle for the city's department. This investment will add to the city's available law enforcement vehicles as it currently only has two reliable patrol vehicles for its staff of nine law enforcement personnel. Effective, efficient, and reliable public safety is essential to community development. Once completed, this project will serve all residents of the Granby and provide up-to-date equipment for this rural community.
MO	Roy Blunt, Josh Hawley	Jason Smith (08)	Houston R-1 School District		\$85,200	This Rural Development Investment will be used to purchase equipment. Equipment to be purchased includes a walk in refrigerator/freezer for the cafeteria, a new plasma cutter for the agricultural and shop classes, and 16 HVAC units for the elementary and Vo-Tech buildings. The current refrigerator/freezer is aging and repairs are becoming excessive. The current HVAC units are also aging, require frequent repairs, and are not very energy efficient. The agricultural/shop classes are in need of a plasma cutter to be used as a teaching tool for projects that require metal cutting. Plasma cutters are much more precise and efficient for cutting metal than chop saws and cutting torches and will allow student to learn modern

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
MO	Roy Blunt, Josh Hawley	Jason Smith (08)	Union Township of Dunklin County		\$473,250	This Rural Development investment will be used to replace older maintenance equipment that is at the end of its useful life. A new backhoe, two new road graders, and a newer dump truck will provide more reliable maintenance equipment and eliminate the need to rent this type of machinery (as the township has had to do in the past when its equipment has been broken down). Union Township's roads, bridges, and culverts were severely impacted by torrential rains and flooding that occurred in recent years, thereby causing equipment use to increase exponentially; with increased usage comes increased wear and breakdown.
MP		Gregorio Sablan (98)	Northern Marianas College		\$183,300	This Rural Development investment will be used to purchase various grounds and maintenance equipment including a 4 X4 pick-up truck, utility trailers, a forklift and an articulating boom lift that were lost or severely damaged by Super Typhoon Yutu which destroyed 90 percent of the college campus in October of 2018.
MS	Cindy Hyde-Smith, Roger Wicker	Bennie Thompson (02)	Carroll County Board of Supervisors		\$50,000	This Rural Development investment will be used to assist Carroll County in replacing the pipe on County Road 430, which was damaged by heavy rains and flooding. The new pipe will make the roadway safer for residents, farmers, school buses and others that use this route.
MS	Cindy Hyde-Smith, Roger Wicker	Bennie Thompson (02)	Town of Vaiden		\$26,700	This Rural Development investment will be used to purchase a mini excavator for the town of Vaiden. This equipment is needed to help with the town's maintenance that may arise within the public works department.
MS	Cindy Hyde-Smith, Roger Wicker	Bennie Thompson (02)	Carroll County Board of Supervisors		\$50,000	This Rural Development investment will be used to assist with the replacing pipe on County Road 87, which was damaged by heavy rains and flooding. Repairing the pipe will make the roadway safer for residents, farmers, school buses and others that use this route.
MS	Cindy Hyde-Smith, Roger Wicker	Bennie Thompson (02)	Carroll County Board of Supervisors		\$26,800	This Rural Development investment will be used to purchase a truck for Carroll County. Their current truck frequently requires repairs. The new truck will help better serve the citizens of District 4 in a timelier manner.
MS	Cindy Hyde-Smith, Roger Wicker	Michael Guest (03)	East MS Community College		\$35,600	This Rural Development investment will be used to purchase a law enforcement vehicle for East Mississippi Community College. The current vehicle has high mileage and needs replacing. The new vehicle is needed to provide good efficient law enforcement within the limits of the Golden Triangle Campus.
MS	Cindy Hyde-Smith, Roger Wicker	Trent Kelly (01)	City of Aberdeen		\$26,800	This Rural Development investment will be used to purchase two law enforcement vehicles. The city of Aberdeen's current vehicles have high mileage and constantly need repairs. The new vehicles will improve the provision of public safety services.
MS	Cindy Hyde-Smith, Roger Wicker	Trent Kelly (01)	City of Aberdeen		\$13,400	This Rural Development investment will be used to purchase a new law enforcement vehicle for the city of Aberdeen. A new vehicle will allow the department to enhance public safety for the city.
MS	Cindy Hyde-Smith, Roger Wicker	Bennie Thompson (02)	Town of Crenshaw		\$33,400	This Rural Development investment will be used to purchase two law enforcement vehicles. The town of Crenshaw's current vehicles are aged and constantly need repairs. The vehicles will ensure the department is equipped with reliable vehicles to protect the citizens.
MS	Cindy Hyde-Smith, Roger Wicker	Trent Kelly (01)	Town of Golden		\$38,000	This Rural Development investment will be used to purchase a utility truck. The town of Golden's current truck constantly needs repairs. The new truck will allow the town to better serve its citizens.
MS	Cindy Hyde-Smith, Roger Wicker	Bennie Thompson (02)	Town of Walnut Grove		\$20,400	This Rural Development investment will be used to purchase a truck for the law enforcement department. The town of Walnut Grove needs a new vehicle to maintain a safe and viable department for the safety and welfare of its residents.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
MS	Cindy Hyde-Smith, Roger Wicker	Michael Guest (03)	City of Forest		\$18,000	This Rural Development investment will be used to purchase a tractor and loader for the city of Forest. The current tractor does not work. The new equipment will enable the city to provide better maintenance and will allow them to have a more dependable way to serve its citizens.
MS	Cindy Hyde-Smith, Roger Wicker	Michael Guest (03)	City of Forest		\$36,600	This Rural Development investment will be used to purchase two trucks. The city of Forest's current trucks are older with high mileage and in need of repairs. The trucks will ensure that the city operations run more efficiently and quickly.
MT	Jon Tester, Steve Daines	Matt Rosendale (At Large)	Lake County	\$14,200	\$16,600	This Rural Development investment will be used to provide additional financing to restructure the parking lot and improve drainage and contouring issues for Lake County Community Development Center, doing business as Mission West Community Development Partners (Mission West). Mission West is located in Ronan, Montana, which is approximately 65 miles south of Kalispell. The parking lot project will replace the surface with a solid surface, which will result in improved safety and parking as well as improved access to storage facilities associated with Mission West's food business incubator. Mission West provides leadership, community and economic development efforts to address growth issues as they affect residents, communities, and the quality of life in Lake, Mineral and Sanders counties. They also serve The Confederated Salish and Kootenai Tribes. These funds are leveraged against applicant contributions.
MT	Jon Tester, Steve Daines	Matt Rosendale (At Large)	Custer County		\$175,000	This Rural Development investment will be used to add an additional 7,600 square feet to the fire hall in Custer County, which lies about 160 miles east of Billings, Montana. Construction includes expanding the current fire hall by 3,600 sq. ft. so all fire tenders and equipment can be housed indoors in heated storage bays. An additional 4,000 square feet will be added to the structure and used to house Custer County transportation vehicles in heated storage bays. The 4,000 sq. ft. addition will also include a shared wash bay and conference/meeting room which will be shared by Custer County's fire and transportation departments. Americans with Disabilities Act compliant restrooms will also be built.
NC	Richard Burr, Thom Tillis	Gregory Francis Murphy (03)	The Maple Hill Volunteer Fire Department		\$204,599	This Rural Development investment will be used to purchase a pumper fire truck for The Maple Hill Volunteer Fire Department. The department currently owns five trucks ranging from 11 to 38 years of age. These older, high mileage trucks have reached the end of their useful life and require the usage of significant funds for ongoing maintenance and repairs. The project is an essential community facility that will provide essential fire suppression and lifesaving services primarily for rural residents of the service area.
NC	Richard Burr, Thom Tillis	Gregory Francis Murphy (03)	Greenevers Volunteer Fire Department Inc.		\$21,300	This Rural Development investment will be used to purchase miscellaneous equipment for Greenevers Volunteer Department Inc. The department's current fire and safety equipment is dated and needs replacement. As their technology is outdated, it is unreliable for use. The proposed project will include pagers, tablets, thermal imager, positive and negative pressure fans, emergency management system (EMS) automated external defibrillator (AED) with accessories, hydraulic cutter, hydraulic hose couple, hydraulic ram, hydraulic spreader, Self-Contained Breathing Apparatus (SCBA) face mask, SCBA mask bag, turnout gear boots, turnout gear coats, turnout gear helmets, and turnout gear pants. The project is an essential community facility that will provide essential rescue and emergency lifesaving services primarily for rural residents of the service area.
NC	Richard Burr, Thom Tillis	David Rouzer (07)	Dunn Emergency Services Inc.	\$560,000	\$50,000	This Rural Development investment will be used to purchase a custom rescue engine for Dunn Emergency Services Inc. Dunn Emergency Services Inc. provides fire and rescue protection services to the citizens in Averasboro Township, Harnett County. The department will replace a 21-year-old engine that is no longer reliable to use. The vehicle will have full firefighting capability and will be equipped with light and medium duty rescue equipment. The project is an essential community facility that will provide essential fire suppression and lifesaving services primarily for rural residents of the service area.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
NC	Richard Burr, Thom Tillis	Dan Bishop (09)	Rowland Rural Fire Department, Inc.	\$16,000	\$46,000	This Rural Development investment will be used to purchase fire equipment for the Rowland Rural Fire Department Inc. The department's current fire and safety equipment is old and needs replacement as its technology is outdated, thus making it unreliable for use. The project will include truck equipment, such as hoses, fire suppressant foam, foam propack, nozzles and hose rolling table. It will also include safety equipment such as flashlights, safety vests, positive pressure fans, traffic cones, walkie talkies, emergency traffic signs, Self-Contained Breathing Apparatus approved air bottles and turnout gear for the firemen. The project is an essential community facility that will provide essential fire protection and emergency services primarily to rural residents of the Rowland Township.
NC	Richard Burr, Thom Tillis	Dan Bishop (09)	Harrells Volunteer Fire Department Inc.		\$10,900	This Rural Development investment will be used to purchase miscellaneous fire equipment for the Harrells Volunteer Fire Department Inc. The department's current fire and safety equipment is old and needs replacement as its technology is outdated, thus making it unreliable for use. The proposed project will include light bars, chains, pry bars, hose and turnout gear. The project is an essential community facility that will provide essential fire suppression and lifesaving services primarily for rural residents of the service area.
NC	Richard Burr, Thom Tillis	David Rouzer (07)	The Emereau Foundation	\$2,463,500		This Rural Development investment will be used to purchase a newly constructed K-12 facility for The Emereau Foundation Inc., a charter school created in 1996. The proposed project is 26.93 acres tract containing a 48,080 square foot facility which is currently occupied by the school and will accommodate up to 900 students and expand to K-12. Emereau provides students educational services which encourages innovation within a safe learning environment, supports students academically, socially, emotionally, and prepares the student for tomorrow. The proposed project will allow The Emereau Foundation Inc. to continue to grow as they provide exemplary education for students in its service area.
NC	Richard Burr, Thom Tillis	David Rouzer (07)	The Emereau Foundation	\$9,000,000		This Rural Development investment will be used to purchase a newly constructed K-12 facility for The Emereau Foundation Inc., a charter school created in 1996. The proposed project is 26.93 acres tract containing a 48,080 square foot facility which is currently occupied by the school and will accommodate up to 900 students and expand to K-12. Emereau provides students educational services which encourages innovation within a safe learning environment, supports students academically, socially, emotionally, and prepares the student for tomorrow. The proposed project will allow The Emereau Foundation Inc. to continue to grow as they provide exemplary education for students in its service area.
NC	Richard Burr, Thom Tillis	David Rouzer (07)	City of Boiling Spring Lakes	\$1,200,000		This Rural Development investment will be used to purchase and renovate a former bank building to become the city of Boiling Spring Lakes law enforcement station. Currently, the department is housed in the former City Hall which was constructed in 1970. The law enforcement department has outgrown this space and the interior layout is not functional for the department. The proposed facility will total 5,100 square feet after renovations and will offer several features for the department's needs such as room for secure evidence processing and storage, secure file storage, patrol offices, interview room, break room, onsite generator power, and other essential facility needs that don't exist in the current building. The proposed project is an essential community facility that will provide the department with continued growth and space for future expansions.
NC	Richard Burr, Thom Tillis	Gregory Francis Murphy (03)	Wyes Fork Volunteer Fire Department Inc.	\$272,700		The Rural Development investment will be used to build a new substation for the Wise Fork Volunteer Fire Department. The department is a 501C non-profit that provides fire protection services to residents in the Sandhill Township in Lenoir County, North Carolina. The substation is needed to provide a more efficient service to residents in the Sandhill Township by providing enhanced response times to the area. The building will be a 60X60 pre-engineered metal building with three bays which consists of a meeting room, and two Americans with Disabilities compliant bathrooms. The project is an essential community facility that will provide essential fire protection and emergency services primarily for rural residents of the Sand Hill Township.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
NC	Richard Burr, Thom Tillis	David Rouzer (07)	The Maple Hill Volunteer Fire Department	\$215,000		This Rural Development investment will be used to purchase a pumper fire truck for The Maple Hill Volunteer Fire Department. The department currently owns five trucks ranging from 11 to 38 years of age. These older, high mileage trucks have reached the end of their useful life and require the usage of significant funds for ongoing maintenance and repairs. The project is an essential community facility that will provide essential fire suppression and lifesaving services primarily for rural residents of the service area.
NC	Richard Burr, Thom Tillis	G.K. Butterfield (01)	Native Opportunity Way Community Develop		\$33,700	This Rural Development investment will be used to renovate the community center for the Native Opportunity Way Community Development Corporation Inc. The facility is utilized multiple times per month by the citizens in the community to gather for public meetings, family gatherings and community events. The aged building is in much need of a roof so that water damage does not continue to jeopardize the future of the facility and the services it provides to a very rural community. The project is an essential community facility that will continue to provide meetings or event space for the rural residences of Halifax County.
ND	Kevin Cramer, John Hoeven	Kelly Armstrong (At-Large)	County of Barnes		\$112,000	This Rural Development investment will be used to purchase two motor graders for the Barnes County Highway Department in Barnes County, N.D. These motor graders are used to grade unpaved county roads in the summer months and snow removal in the winter months. This project will be instrumental in helping the department maintain roads year-round for over approximately 11,000 county residents.
ND	Kevin Cramer, John Hoeven	Kelly Armstrong (At-Large)	City of Ellendale		\$107,000	This Rural Development investment will be used to purchase a payload for the City of Ellendale. It will be used for street maintenance, landfill maintenance, snow removal, and other miscellaneous city needs. This project will benefit 1,394 rural residents that live in Dickey County.
ND	Kevin Cramer, John Hoeven	Kelly Armstrong (At-Large)	Elgin-New Leipzig School District		\$72,400	This Rural Development investment will be used to complete an envelope restoration project to make repairs to the exterior of the Elgin/New Leipzig School. The restoration and repairs will include masonry repair, tuck pointing mortar, caulking and sealants, and cent patching to make the building more airtight. The restoration will reduce the risks associated with water penetration, air leakage, and thermal performance while increasing durability and energy efficiency of the building.
ND	Kevin Cramer, John Hoeven	Kelly Armstrong (At-Large)	Finley-Sharon School District #19		\$6,800	This Rural Development investment will be used to purchase playground equipment for the Finley-Sharon School District #19 in Steele County, N.D. This equipment will provide more play options, promote more physical activity and will be safer than the current equipment due to its physical footprint. This project will impact over approximately 900 individuals in the Finley-Sharon School District #19.
ND	Kevin Cramer, John Hoeven	Kelly Armstrong (At-Large)	Wishek Home For The Aged	\$12,000		This Rural Development investment will be used to purchase a transit van for the Wishek Home for the Aged. The new transit van will be smaller and more efficient than the existing one, and will be equipped to provide services to individuals needing mobility accommodations, along with other seniors who require transportation to medical and other appointments outside of the Wishek Living Center. The transit van will enable up to four or more individuals to be served at one time and it will be equipped with a retractable track set, a manual ramp, seat belts for wheelchairs, ratchet tie downs for wheelchairs, ADA lighting and a side entry ADA conversion, and will be much safer and more efficient.
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	Spencer Community Economic Development		\$31,700	This Rural Development investment will be used to purchase and install an electronic digital sign and concrete gathering space. The sign will be located right off the main street in town. The current sign is a grass lot with a plastic letter board and eight-inch letters that need to be placed manually, which is not safe. The new sign can be controlled digitally from a computer located in a safe area.
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	Lynch Rural Fire District		\$47,400	This Rural Development investment will be used to purchase two fire and rescue utility vehicles to replace existing vehicles that are beyond useful life. The new vehicles will have specially designed work beds and other equipment to better respond to fire emergencies.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	Superior Historic Re-Development Incorporated	\$150,000	\$50,000	This Rural Development investment will be used to install a heating ventilation and air conditioning system in the Superior Auditorium. Currently, this facility is unable to control the temperature and therefore not conducive for use in all climates. This project will allow temperature control and provide the residents with a venue to hold community events year-round.
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	Village of Chambers		\$20,000	This Rural Development investment will be used to purchase and install an electronic digital sign on the town's main street. Previously, the village did not have an effective way of notifying the town's residents about events or maintenance and would often rely on the assistance of the radio station in the neighboring town of O'Neill to make such announcements. Chambers has an older population, many of whom are without internet access. This project will allow the village to adequately inform residents of events and maintenance.
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	Farnam Rural Fire District		\$50,000	This Rural Development investment will be used to help purchase essential equipment for the fire department, including a new Jaws of Life machine, patient monitor and related equipment, new bunker gear, and a new air pack.
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	City of Peru	\$520,000		This Rural Development investment will be used to make essential street repairs. Peru was severely affected by flooding in 2019. This project will help to reconstruct the streets and improve the entire 5th Street corridor, including the addition of Americans Disability Act-compliant sidewalks.
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	Peru Housing Authority		\$40,800	This Rural Development investment will be used to purchase an electric cot, an updated monitor, and a defibrillator for the city's ambulance. Emergency responders are currently manually lifting and loading patients into the ambulance and operating expired health monitor and defibrillator equipment, which puts both responders and patients at risk. This new equipment will help to ensure that emergency response equipment is safe and up-to-date and provide a safer ambulance environment for all involved.
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	Beaver City		\$37,600	This Rural Development investment will be used to purchase three backup generators. A backup generator will be placed in the community center, which also serves as a storm shelter; city hall/fire department; and the ambulance facility. This equipment will help to ensure that these services continue to operate in the event of a severe weather occurrence.
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	Rock County		\$32,700	This Rural Development investment will be used to purchase and install technology upgrades for the local law enforcement vehicles. Technology equipment upgrades will include license readers, printers, tablets, body cameras, docking stations, and a CRIMES Record Management System.
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	Warren Memorial Hospital Foundation Incorporated		\$140,600	This Rural Development investment will be used to implement an updated nurse calling system for Warren Memorial Hospital. The existing system is outdated and unreliable. The implementation of this newer technology will allow hospital staff to better communicate with patients and other staff. Warren Memorial Hospital is a 19-bed, critical access and primary care hospital located in Friend, Nebraska.
NE	Deb Fischer, Ben Sasse	Jeff Fortenberry (01)	Nebraska Communities Playhouse	\$2,532,000		This Rural Development investment will be used to build a 15,675 square foot theater in Hickman, Nebraska. The existing playhouse will be dedicated to a Youth Theater Academy and rehearsal space. The youth activities will include an educational element in the performing arts arena. The new facility will house a stage, patio, lounge, office and box office, concession area, storage area, mechanical room, lobby/waiting area, a 436-seat auditorium, a light and sound booth, storage area and a mechanical room. The new auditorium will accomplish the following goals: improve facility accessibility to those with disabilities for both increased seating capacity and other ancillary accommodations. The building increases overall seating to accommodate patron ticket demand for performances which cannot currently be met with current seating capacity. The additional seats this will also increase low-to-moderate income household utilization of the facility. And, the addition and re-purpose of the current playhouse will assist the NCP in its goal to expand the diversity of different acts that can be attracted to the facility such as musicians, bands, comedians, magicians, and dance groups.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	City of South Sioux		\$249,000	This Rural Development investment will be used to purchase equipment used for maintaining South Sioux City's streets. The city recently lost some of its existing street maintenance equipment in a fire. This equipment will allow the city to continue to provide essential maintenance services, including snow removal.
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	Sunshine Senior Center		\$80,700	This Rural Development investment will be used to make renovations. Renovations include replacing the roof, "living room" windows, flooring, kitchen cabinet and cupboards. In addition, the parking lot and bathrooms will be renovated for compliance under the Americans with Disabilities Act. Added insulation in the roof and replacing the windows will improve energy efficiency. Improvements to the kitchen will help to accommodate all residents with during meals.
NE	Deb Fischer, Ben Sasse	Adrian Smith (03)	City of Pawnee		\$46,500	This Rural Development investment will be used to purchase a high-pressure sewer cleaner. This piece of equipment will be used to improve cleanliness and maintenance of the sewer mains in town by preventing build-up and blockages from occurring.
NH	Jeanne Shaheen, Maggie Hassan	Chris Pappas (01)	Town of Tuftonboro		\$341,063	This Rural Development investment will be used to build a new patrol department for the town of Tuftonboro. This 5,000 square foot patrol station will satisfy all of the current and anticipated operational needs for a minimum of 20 years with the ability for future expansion. The new patrol station will be in the village core on Route 109A, across the street from the town library, between the municipal offices on one end of town and the new fire department on the other. The building design will include a private entry for crime victims, witnesses, and suspects; a secure booking area and entry sally port; a compound for large evidence/vehicle storage, a secure lobby with a transaction window; a dedicated administrative area; meeting and training space; locker room and break room; arms storage and maintenance; video surveillance and ADA accessibility. Town leaders envision the new facility serving as an emergency operations center if needed.
NH	Jeanne Shaheen, Maggie Hassan	Ann Kuster (02)	Taproot Farm and Environmental Education Center		\$23,090	This Rural Development investment will be used to purchase coolers and freezers to expand access to local food during the pandemic and times of food insecurity. The center's Root Seller Marketplace also will expand its capacity to collect and safely store surplus produce from farms and gardens before distributing them to local food donor organizations.
NH	Jeanne Shaheen, Maggie Hassan	Ann Kuster (02)	Taproot Farm and Environmental Education Center		\$14,400	This Rural Development investment will be used to purchase coolers and freezers to expand access to local food during the pandemic and times of food insecurity. The center's Root Seller Marketplace also will expand its capacity to collect and safely store surplus produce from farms and gardens before distributing them to local food donor organizations.
NH	Jeanne Shaheen, Maggie Hassan	Ann Kuster (02)	Town of Stratford	\$37,900		This Rural Development investment will be used to complete an LED lighting retrofit project in the Fuller Town Hall and Fire Station. A solar installation on the Hall roof will follow the efficiency work. In close partnership with Clean Energy NH, NH CDFA, and USDA Rural Development, Stratford has engaged in a comprehensive effort to lower operational expenses through energy security improvements. The town is one of the jurisdiction's opportunity communities (or target poverty areas) and its priorities are a match for Secretary Vilsack's mission focus on climate-change mitigation and energy security.
NH	Jeanne Shaheen, Maggie Hassan	Chris Pappas (01)	Center Ossipee Fire Precinct		\$10,000	This Rural Development investment will be used to replace 94 streetlamps with LED lighting fixtures. The town of Ossipee is a smaller community of just over 4,000 residents in the center east of New Hampshire, ideally situated between the White Mountains and Lakes Regions. This quintessential New England town, with a proud manufacturing history and six villages, has strategically planned to build public infrastructure, recreational assets and sustainability policy to attract new residents, businesses and visitors. The largest of the six villages, Center Ossipee Fire Precinct, is preparing for streetscaping improvements in their village core. The project will reduce energy consumption by 31,449 kilowatts annually at an operating cost savings of \$8,594, providing relief for an already tight fire district budget. The project's return of investment will be no greater than three years and reduce carbon emissions over the next ten years by 188.7 tons, consistent with USDA Rural Development's energy security focus area. The downtown area, residential neighborhoods and commercial districts will continue to be well-lit, and in some cases better lit, for the improved safety and health of town residents.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
NM	Martin Heinrich, Ben Ray Lujan	Yvette Herrell (02)	City of Socorro		\$100,000	This Rural Development investment will be used to help the city of Socorro, New Mexico purchase a new street sweeper for its road department. The street sweeper will be used throughout the 14.4 square miles that make up the city. The street sweeper is needed in order to help maintain and control debris and dirt throughout the community. The street sweeping not only makes the streets cleaner, but it is an important part of storm water pollution prevention. It prevents unwanted materials from flowing into the storm drains which could cause backups and flooding. The new street sweeper will also help the city of Socorro look better because dirty streets leave a bad impression on visitors, especially if they're visiting Socorro for the first time. By keeping the streets of Socorro clean it confirms to visitors the community has pride in itself showing the city is a nice place to live and work.
NM	Martin Heinrich, Ben Ray Lujan	Yvette Herrell (02)	City of Socorro		\$67,800	This Rural Development investment will be used to purchase two backhoe tractors by the city of Socorro, New Mexico. The backhoes are needed for utility work to maintain gas supply lines and the water and wastewater distribution lines throughout the 14.4 square miles that make up the city of 9,000 people. Specifically, the equipment will be used on an everyday basis to maintain the infrastructure to make sure basic services are provided to the citizens throughout the city. This is especially important to ensure natural gas is delivered without interruption. Also, the equipment will be used to fix water and wastewater line breaks. By doing so the city of Socorro will be protecting drinking water by making sure it is safe and healthy. The city of Socorro qualified for a Persistent Poverty Grant and an Economic Impact Initiative grant from USDA Rural Development because of the city's poverty rate which is estimated at 30.9 percent.
NY	Kirsten Gillibrand, Charles Schumer	Tom Reed (23)	Town of Ripley		\$150,000	This Rural Development investment will be used to renovate the town of Ripley highway garage, located in Chautauqua County, New York. These renovations will help ensure the town has adequate equipment storage for its highway equipment.
NY	Kirsten Gillibrand, Charles Schumer	Tom Reed (23)	Cherry Creek Fire District		\$67,000	This Rural Development investment will be used to purchase a new ambulance, a Crestline - TI - 2020 K-3500 Gas CCL 150" Module 72" HR with Lettering, Graphics, Stryker Power LOAD cot fastener and a Stryker Power Pro XT Cot. This ambulance will replace a 2004 Ford which has become unreliable and is at the end of its useful life. The new ambulance will serve the town of Cherry Creek's Fire District in providing safe and reliable ambulance services.
NY	Kirsten Gillibrand, Charles Schumer	Tom Reed (23)	Town of Southport		\$83,000	This Rural Development investment will be used to purchase a new 2022 Volvo VHD-64F300 snow plow truck in the town of Southport, New York. This vehicle will replace the town's old truck that is at the end of its useful life. This truck will also aide in providing safe and properly maintained roadways.
NY	Kirsten Gillibrand, Charles Schumer	Claudia Tenney (22)	Town of Smithville		\$41,000	This Rural Development investment will be used to purchase a new 2022 Mack Highway Truck for the town of Smithville, in Chenango County, New York. This vehicle will replace the town's old highway truck that is at the end of its useful life. This equipment will help maintain the town roads and highways to keep the residents safe.
NY	Kirsten Gillibrand, Charles Schumer	Claudia Tenney (22)	Village of Oxford		\$110,000	This Rural Development investment will be used to purchase a new 2021 Pierce Rescue Pumper Truck in the Village of Oxford, New York. The new rescue pumper will help to keep the village residents safe and improve the safety, wellbeing, and quality of life in rural American communities. This vehicle will replace the village's old truck that is at the end of its useful life.
NY	Kirsten Gillibrand, Charles Schumer	Elise Stefanik (21)	The Evans Mills Volunteer Ambulance Squad Inc.		\$77,000	This Rural Development investment will be used to purchase a new Medix Type III 166 Ambulance for the Evans Mills Volunteer Ambulance Squad Inc. This vehicle will replace the squad's old ambulance that is at the end of its useful life. The new ambulance will serve the towns of LeRay and Pamela, in Jefferson County, New York. by providing safe and reliable ambulance services to the community.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
NY	Kirsten Gillibrand, Charles Schumer	John Katko (24)	Town of Palermo		\$47,000	This Rural Development investment will be used to finance the construction of a 2,000 linear feet and 22 feet wide paved road in the town of Palermo located in Oswego County. This project will also replace driveway culverts, install New York State Type-2 subbase material as well as 3 inches of binder and 1.5 inches of surface course. This project will provide essential public road service to the residences located along Dutchess Lane in the town.
NY	Kirsten Gillibrand, Charles Schumer	Claudia Tenney (22)	Village of Pulaski		\$161,000	This Rural Development investment will be used to purchase a new TYMCO Model 600 Street Sweeper for the Village of Pulaski, located in Oswego County, New York. This vehicle will replace the village's old street sweeper that is at the end of its useful life. This equipment will help maintain the village roads and highways to keep the residents safe.
NY	Kirsten Gillibrand, Charles Schumer	Antonio Delgado (19)	Town of New Lisbon	\$1,981,000	\$700,000	This Rural Development investment will be used to construct a new highway garage in the town of New Lisbon, located in Otsego County, New York. This garage will replace an older highway garage that is no longer functional due to mold and air ventilation issues. The new garage will help ensure the town has adequate equipment storage for its highway equipment.
NY	Kirsten Gillibrand, Charles Schumer	Claudia Tenney (22)	Village of Nichols		\$145,000	This Rural Development investment will be used to purchase a new 2022 Freightliner M2-106 Street Sweeper for the Village of Nichols, located in Tioga County, New York. This vehicle will replace the village's old street sweeper that is at the end of its useful life.
NY	Kirsten Gillibrand, Charles Schumer	Tom Reed (23)	Independence Emergency Squad, Inc	\$65,000	\$45,000	This Rural Development investment will be used to purchase a new ambulance, specifically a Ford F-450 Type III Medix ambulance. This ambulance will replace the old and unreliable ambulance. The new ambulance will serve the towns of Independence and Willing, located in Allegany County New York, along with the town of West Union, located in Steuben County New York. Having reliable emergency response equipment improves the quality of life in the rural American community.
NY	Kirsten Gillibrand, Charles Schumer	Tom Reed (23)	Village of Angelica	\$55,000	\$35,000	This Rural Development investment will be used to purchase 12 new self-contained breathing apparatuses (SCBA) for the Village of Angelica Fire Department located in Allegany County. This equipment will replace the village's old SCBA equipment and additionally serve the towns of Angelica, Allen, West Almond and village of Angelica.
NY	Kirsten Gillibrand, Charles Schumer	Chris Jacobs (27)	Shelby Volunteer Fire Dept	\$56,000	\$10,000	This Rural Development investment will be used to purchase 16 Air-Pak X3 Pro Self Contained Breathing Apparatus (SCBA) cylinders (2018 Edition) with Snap-Change Cylinder Connections Standard Harness with Parachute Buckles, Standard Belt with No Escape Rope, E-Z Flo C5 Regulator with Standard Hose, No EBSS Accessory Hose, No Airline Connection, No Spare Harness Kit, Pak-Tracker, 16 Cylinder & Valve, Carbon, 4.5, 30-Min, Snap-Change with vision C5, medium with Kevlar head net. The current SCBA equipment is at the end of its useful life. The Shelby Volunteer Fire Company Inc. is a non-profit volunteer fire department located in the town of Shelby, Orleans County, New York.
NY	Kirsten Gillibrand, Charles Schumer	Chris Jacobs (27)	Shelby Volunteer Fire Dept		\$50,000	This Rural Development investment will be used to purchase 16 Air-Pak X3 Pro Self Contained Breathing Apparatus (SCBA) cylinders (2018 Edition) with Snap-Change Cylinder Connections Standard Harness with Parachute Buckles, Standard Belt with No Escape Rope, E-Z Flo C5 Regulator with Standard Hose, No EBSS Accessory Hose, No Airline Connection, No Spare Harness Kit, Pak-Tracker, 16 Cylinder & Valve, Carbon, 4.5, 30-Min, Snap-Change with vision C5, medium with Kevlar head net. The current SCBA equipment is at the end of its useful life. The Shelby Volunteer Fire Company Inc. is a non-profit volunteer fire department located in the town of Shelby, Orleans County, New York.
NY	Kirsten Gillibrand, Charles Schumer	Elise Stefanik (21)	Town of Stockholm	\$250,000	\$100,000	This Rural Development investment will be used to purchase a new 2021 CAT 307.5 Excavator & 2021 Peterbilt Truck with Plow for the township of Stockholm. The equipment will help maintain the town's roads and highways to keep the residents safe.
NY	Kirsten Gillibrand, Charles Schumer	John Katko (24)	Lyons Fire District	\$900,000	\$200,000	This Rural Development investment will be used to purchase a Pierce Saber Pumper Truck and a Pierce Saber Rescue Pumper Truck for the Lyons Fire District, located in Wayne County, New York. These vehicles will replace the department's old pumper trucks that are at the end of their useful life.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
NY	Kirsten Gillibrand, Charles Schumer	Tom Reed (23)	Town of Ripley	\$300,000		This Rural Development investment will be used to renovate the town of Ripley highway garage, located in Chautauqua County New York These renovations will help ensure the town has adequate equipment storage for its highway equipment.
NY	Kirsten Gillibrand, Charles Schumer	Tom Reed (23)	Cherry Creek Fire District	\$77,000		This Rural Development investment will be used to purchase a new Ambulance, a Crestline - TI - 2020 K-3500 Gas CCL 150" Module 72" HR with Lettering, Graphics, Stryker Power LOAD cot fastener and a Stryker Power Pro XT Cot. This new ambulance will replace a 2004 Ford which has become unreliable and is at the end of its useful life. The new Ambulance will serve the town of Cherry Creek's Fire District in providing safe and reliable ambulance services. Having a safe and reliable ambulance service improves the safety, wellbeing and quality of life in the rural American communities - like the town of Cherry Creek.
NY	Kirsten Gillibrand, Charles Schumer	Tom Reed (23)	Town of Southport	\$130,000		This Rural Development investment will be used to purchase a new 2022 Volvo VHD-64F300 snow plow truck in the town of Southport, New York. This vehicle will replace the town's truck that is at the end of its useful life. This truck will also provide safe and properly maintained roadways.
NY	Kirsten Gillibrand, Charles Schumer	Claudia Tenney (22)	Town of Smithville	\$232,000		This Rural Development investment will be used to purchase a new 2022 Mack Highway Truck for the town of Smithville, located in Chenango County, New York This vehicle will replace the town's old highway truck that is at the end of its useful life and help maintain the town roads and highways to keep the residents safe.
NY	Kirsten Gillibrand, Charles Schumer	Claudia Tenney (22)	Village of Oxford	\$455,000		This Rural Development investment will be used to purchase a new 2021 Pierce Rescue Pumper Truck for the village of Oxford, New York. The new rescue pumper will help to keep the village residents safe. This vehicle replaces the village's old truck that is at the end of its useful life.
NY	Kirsten Gillibrand, Charles Schumer	John Katko (24)	Town of Palermo	\$268,000		This Rural Development investment will be used to construct a 2,000 linear feet and 22 feet wide paved road in the town of Palermo in Oswego County. This project will also replace driveway culverts, install New York State Type-2 subbase material as well as 3 inches of binder and 1.5 inches of surface course.
NY	Kirsten Gillibrand, Charles Schumer	Claudia Tenney (22)	Village of Pulaski	\$133,000		This Rural Development investment will be used to purchase a new TYMCO Model 600 Street Sweeper for the village of Pulaski, located in Oswego County, New York This vehicle will replace the village's old street sweeper that is at the end of its useful life.
NY	Kirsten Gillibrand, Charles Schumer	Claudia Tenney (22)	Village of Nichols	\$152,000		This Rural Development investment will be used to purchase a new 2022 Freightliner M2-106 Street Sweeper for the Village of Nichols, located in Tioga County, New York This vehicle will replace the village's old street sweeper that is at the end of its useful life.
NY	Kirsten Gillibrand, Charles Schumer	Claudia Tenney (22)	Village of Nichols		\$41,000	This Rural Development investment will be used to purchase a new 2022 Freightliner M2-106 Street Sweeper for the Village of Nichols, located in Tioga County, New York This vehicle will replace the village's old street sweeper that is at the end of its useful life.
OH	Sherrod Brown, Rob Portman	Bill Johnson (06)	Saline Township, Jefferson County		\$100,000	This Rural Development investment will be used to purchase an ambulance and necessary equipment for operation. This project will replace an existing vehicle and equipment that has reached the end of its useful life. Investment in this project will allow for Saline Township to continue offering reliable emergency services to its residents.
OH	Sherrod Brown, Rob Portman	Bill Johnson (06)	German Township, Harrison County		\$100,000	This Rural Development investment will be used to purchase a tractor with a mower attachment and a dump truck for road and roadside maintenance. This equipment will replace older equipment reaching the end of its useful life and will manage over 30 miles of township road.
OH	Sherrod Brown, Rob Portman	Bill Johnson (06)	German Township, Harrison County	\$92,000		This Rural Development investment will be used to purchase of a tractor with mower attachment and dump truck for road and roadside maintenance. This equipment will replace older equipment reaching the end of its useful life and will manage over 30 miles of township road.
OH	Sherrod Brown, Rob Portman	Bill Johnson (06)	Center Township - Monroe County		\$100,000	This Rural Development investment will be used to purchase a dump truck. This new truck will replace equipment that has reached the end of its useful life and will help maintain public facilities and over 50 miles of public road. The new truck will also come equipped with snowplow and salt spreader for winter road maintenance.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
OH	Sherrod Brown, Rob Portman	Bill Johnson (06)	Sardis Volunteer Fire Department	\$160,000		This Rural Development investment will be used to purchase a pumper truck. The department serves Lee, Green, Jackson, and Ohio Townships in Monroe county Ohio and the area has become a hotbed for the oil/gas industry with the Rover pipeline running through Lee township. With the increase in activity, the department's 26 volunteers need to acquire more up-to-date equipment to continue to provide reliable emergency services to the 2,951 residents in the service area. The department currently uses a 1996 international and a 2006 Midi pumper truck. The 1996 engine would be replaced with a custom made 2022 Sutphin Engine from Heritage Fire Equipment.
OH	Sherrod Brown, Rob Portman	Bill Johnson (06)	Sardis Volunteer Fire Department		\$100,000	This Rural Development investment will be used to purchase a pumper truck. The department serves Lee, Green, Jackson, and Ohio Townships in Monroe county Ohio and the area has become a hotbed for the oil/gas industry with the Rover pipeline running through Lee township. With the increase in activity, the department's 26 volunteers need to acquire more up-to-date equipment to continue to provide reliable emergency services to the 2,951 residents in the service area. The department currently uses a 1996 international and a 2006 Midi pumper truck. The 1996 engine would be replaced with a custom made 2022 Sutphin Engine from Heritage Fire Equipment.
OH	Sherrod Brown, Rob Portman	Jim Jordan (04)	Village of DeGraff	\$80,000	\$13,000	This Rural Development investment will be used to finance the acquisition of an XL truck. The village's existing truck is over 24 years old and is now well beyond its useful life with maintenance costs exceeding financially sustainable levels. The truck will be outfitted with a snow plow and used to maintain roads and other public facilities throughout the village.
OH	Sherrod Brown, Rob Portman	Bill Johnson (06)	Saline Township, Jefferson County	\$155,000		This Rural Development investment will be used to purchase an ambulance and provide funding to outfit it with the necessary EMS equipment. This project will replace an existing vehicle and equipment that has reached the end of its useful life. Investment in this project will allow for Saline Township to continue offering reliable emergency services to its residents.
OH	Sherrod Brown, Rob Portman	Bill Johnson (06)	Center Township - Monroe County	\$44,000		This Rural Development investment will be used to purchase a dump truck. This new truck will replace equipment that has reached the end of its useful life and will help maintain public facilities and over 50 miles of public road. The new truck will also come equipped with snowplow and salt spreader for wintertime road maintenance.
OK	James Inhofe, James Lankford	Markwayne Mullin (02)	Central Public Schools		\$48,300	This Rural Development investment will be used to purchase a 2022 71-passenger school bus and a lawnmower for the Central Public Schools. The school has nine buses. One bus is a 2020 model and eight are 12-16 years old. The mower will provide the lawn maintenance crew an efficient tool to make the school grounds presentable. This investment will benefit the students with a safe vehicle for transportation to and from school events and equipment to improve the maintenance of the school property.
OK	James Inhofe, James Lankford	Tom Cole (04)	City of Comanche		\$28,300	This Rural Development investment will be used to help the City of Comanche construct two, fully accessible, restrooms at two separate cultural event locations. The restrooms at both locations were constructed in the 60's. This investment will benefit citizens attending events at these locations.
OK	James Inhofe, James Lankford	Markwayne Mullin (02)	Smithville Public Schools		\$39,700	This Rural Development investment will be used to purchase a truck, two heat pump systems and 20 laptops for the Smithville Public Schools. The truck, will provide a safe mode of transportation for the Vocational Agriculture students and staff. The heat pumps are energy efficient and will provide savings to the school district. The laptops will provide students better access to information and additional opportunities to further their education.
OK	James Inhofe, James Lankford	Markwayne Mullin (02)	Smithville Public Schools		\$50,000	This Rural Development investment will be used to install roofs on three Smithville Public School buildings. The music and science building, cafeteria building, and elementary building all received hail damage and roof replacement is necessary. This project will provide decent and safe buildings for staff and students attending Smithville Public Schools.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
OK	James Inhofe, James Lankford	Markwayne Mullin (02)	Haworth Public Schools		\$50,000	This Rural Development investment will be used to purchase a new 71-passenger school bus for Haworth Public Schools. Haworth Public School has a nine-bus fleet. These buses need constant mechanical upkeep that result in extra expenses for the school district. They plan to replace the oldest bus in the fleet which will help lower bus maintenance expenses and increase the safety of their students. This project will benefit the students in the Haworth Public School system.
OK	James Inhofe, James Lankford	Markwayne Mullin (02)	Atoka County		\$20,800	This Rural Development investment will be used to update the security system and cameras in the Atoka County law enforcement building. The county will also purchase eight tactical vests to replace the older versions currently worn by the officers. This investment will improve the safety of the officers and enhance its ability to provide public safety to the citizens of Atoka County and the City of Atoka.
OK	James Inhofe, James Lankford	Markwayne Mullin (02)	Boswell Public School		\$50,000	This Rural Development investment will be used to make improvements at the Boswell Public Schools campus. They will install HVAC units, replace flooring, install water fountains, and purchase a new vehicle. This project will allow Boswell Public Schools to improve water for students by providing new water fountains, some capable of filling bottles. They will improve air quality by replacing HVAC units and provide a cleaner environment by replacing old carpet with floor tiles. Boswell Public Schools will also purchase a truck which will be used to transport students and staff.
OK	James Inhofe, James Lankford	Markwayne Mullin (02)	Haworth Public Schools		\$50,000	This Rural Development investment will be used to purchase technology equipment for Haworth Public Schools. They do not have enough laptops for all the students and the printers in the computer lab are not working. This investment will help Haworth Public School update their computer lab. They plan to purchase 50 desktop computers, 71 Chromebooks, two printers and one TV for use in instructing classes. This grant will benefit the students in the Haworth Public Schools by increasing their access to the educational opportunities available to them.
OR	Jeff Merkley, Ron Wyden	Cliff Bentz (02)	City of Dayville		\$111,237	This Rural Development investment will be used to help renovate the community hall in the rural town of Dayville in central Oregon. The facility was built in 1920 and has been deemed a historic site by the State Historic Preservation Office; however, both the roof and a 1950s-era addition with a kitchen and restrooms were in need of repairs.
OR	Jeff Merkley, Ron Wyden	Cliff Bentz (02)	City of Dayville		\$79,800	This Rural Development investment will be used to build a fire hall in the rural town of Dayville in central Oregon. The town's previous fire station was damaged in July 2020 in an accident that compromised the integrity of the building, damaging it beyond repair. As a result, the building was condemned and demolished. The new fire hall will be larger and provide a third bay to accommodate all the department's firefighting vehicles. It will be built to updated state standards for essential buildings and able to withstand a natural disaster.
OR	Jeff Merkley, Ron Wyden	Cliff Bentz (02)	City of Dayville		\$58,763	This Rural Development investment will provide additional financing to renovate the community hall in the rural town of Dayville in central Oregon. The city will use this USDA Community Facilities Disaster Recovery grant to make repairs to the Dayville community hall and replace both the HVAC and electrical systems.
OR	Jeff Merkley, Ron Wyden	Kurt Schrader (05)	City of Waldport		\$50,000	This Rural Development investment will be used to renovate the interior spaces of the newly acquired building to better function as a city hall, which includes removing the teller stations and banker desks, creating designated office spaces for staff, a larger meeting room for council meetings, and a public service window, among other improvements. The project also includes purchasing new equipment and furnishings for the space such as desks, chairs, cabinets, partitions, lighting, fixtures, etc.
OR	Jeff Merkley, Ron Wyden	Peter DeFazio (04)	City of Winston		\$9,500	This Rural Development investment will be used to provide additional financing to update the law enforcement department in the rural town of Winston in southwest Oregon.
PA	Robert Casey, Patrick Toomey	Glenn Thompson (15)	Parker City		\$44,200	This Rural Development investment will be used to purchase a new dump truck. The new truck will replace the city's dump truck that is almost to the end of its useful life making maintenance costly. This truck will allow the rural city to keep the roadways safe by having a reliable vehicle to plow and salt the roads in winter and remove debris year-round.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
PA	Robert Casey, Patrick Toomey	John Joyce (13)	Shippenburg Borough		\$41,000	This Rural Development investment will be used to purchase a new patrol interceptor with additional equipment and a security system for the patrol department. The current equipment is essential but outdated so the new equipment will ensure the safety of the public and patrol officers.
PA	Robert Casey, Patrick Toomey	Fred Keller (12)	Jordan Township		\$48,900	This Rural Development investment will be used to purchase a new tractor and loader. Currently, the township owns a tractor and loader that has reached the end of its useful life. The new equipment will allow the township to provide more reliable maintenance to the roads in the service area.
PA	Robert Casey, Patrick Toomey	Fred Keller (12)	Newport School District	\$417,900	\$44,200	This Rural Development investment will be used to pave and re-line the parking lots in the Newport High School and Newport Elementary School. The parking lots have not been repaved in years and are in need of new lines.
PA	Robert Casey, Patrick Toomey	Dan Meuser (09)	Coaldale Borough		\$35,840	This Rural Development investment will be used to purchase a new patrol SUV interceptor with additional equipment. The new vehicle is needed to replace one of the borough's patrol vehicles that is nearing the end of its useful life making repairs costly.
PA	Robert Casey, Patrick Toomey	Fred Keller (12)	Animal Care Fund		\$38,200	This Rural Development investment will be used to purchase various medical equipment and furnishings including but not limited to computers and electronic devices, veterinary surgical items, and animal care instruments. The equipment will be stored and used at the main animal care facility in Smithfield Township, Pennsylvania.
PA	Robert Casey, Patrick Toomey	Dan Meuser (09)	Northern Columbia Community And Cultural		\$27,000	This Rural Development investment will be used to resurface the driveway, parking lot and landscaping at the Northern Columbia Community and Cultural Center located in Benton, Pennsylvania. The facility provides essential community services as well as a health and wellness center for Columbia County.
PA	Robert Casey, Patrick Toomey	Fred Keller (12)	Cummings Township		\$50,000	This Rural Development investment will be used to purchase a new street maintenance truck with equipment. This will replace the township's 2008 Dodge Ram 5500 truck that is unreliable and is reaching the end of its useful life. The new truck will be equipped with plow and spreader accessories. The equipment will be used mainly to maintain the streets and roads within the township.
PA	Robert Casey, Patrick Toomey	Glenn Thompson (15)	City of Warren		\$21,200	The Rural Development investment will be used to purchase a new Ford Interceptor utility vehicle. This new vehicle is needed because one of the city's current unmarked vehicles is nine years old and has extensive mechanical issues making it unsafe for use. This purchase will allow the city to safely transport citizens for various events and allow them to keep all marked cars for the patrol unit.
PA	Robert Casey, Patrick Toomey	Scott Perry (10)	Amelia S. Givin Free Library		\$14,300	The Rural Development investment will be used to paint the exterior trim of the library and purchase new materials for the library. The exterior has not been painted in 12 years and is in poor condition. New materials such as books, books-on-cd, magazines, CD's and DVD's are needed because their current materials are outdated. The library serves Mount Holly Springs Borough and surrounding communities.
PA	Robert Casey, Patrick Toomey	Fred Keller (12)	Municipal Authority of the City of Sunbury		\$18,700	The Rural Development investment will be used to purchase a new Ford F-250 to be used for flood control. The city of Sunbury is protected from flooding by a federally authorized flood protection system. This system is over five miles long and requires continuous monitoring and maintenance. The purchase of a new 4x4 pick-up truck ensures that this can be accomplished and particularly during flooding events.
PA	Robert Casey, Patrick Toomey	Fred Keller (12)	Westfield Borough		\$29,400	This Rural Development investment will be used to purchase a new F-350 truck with plow to be used by the public works and the sewer department. The truck will be used for snow removal, cinder, haul gravel or patch for roads, haul sewer flusher and mowing equipment as well as many other uses. They are replacing their 2013 GMC Sierra which is aging and too costly to maintain. The new vehicle will maximize time and safety for the borough's roads.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
PA	Robert Casey, Patrick Toomey	Fred Keller (12)	Mansfield Borough		\$26,500	This Rural Development investment will be used to purchase a new patrol vehicle with additional equipment. The new vehicle is needed to replace one of the borough's patrol vehicles to avoid costly maintenance repairs. This vehicle will allow the patrol department to have a more reliable vehicle for the officers to safely respond to calls.
PA	Robert Casey, Patrick Toomey	Fred Keller (12)	Innes Hose Company		\$144,500	This Rural Development investment will be used to purchase a Spartan Fire truck and Chevy 3500 Rescue truck which will be outfitted as a brush truck with accessories, and will be housed at the collated fire department facilities found at 101 Park Place, Canton, Pennsylvania.
PA	Robert Casey, Patrick Toomey	Glenn Thompson (15)	Burnside Township		\$50,000	The Rural Development investment will be used to purchase a new Ram 5500 chassis which will be configured as a dump truck with plow. The current maintenance truck is a 1998 dump truck that has become very costly to maintain and is at the end of its useful life. The purchase will benefit the township and its citizens and appears quite necessary since the township now only has one useable service vehicle.
PR		Jennifer Gonzalez-Colon	Municipality of Toa Baja	\$3,391,424		This Rural Development investment will be used to finance the acquisition of essential equipment for the Municipality of Toa Baja. A total of 40 units will be purchased and distributed among the Office of Emergency Management, Public Works Department, Law Enforcement and Sanitation Departments to improve the services provided to citizens in rural areas.
RI	Jack Reed, Sheldon Whitehouse	David Cicilline (01)	Town of Tiverton		\$51,000	This Rural Development investment will be used to purchase three SUV law enforcement vehicles.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	Calhoun County		\$50,000	This Rural Development investment will be used to purchase equipment to update the John Ford Community Center in St. Matthews, South Carolina. Equipment to be purchased includes restroom finishings, interior glass doors, tables and chairs. The needed equipment upgrades will allow the county to serve residents within the community.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	City of Walterboro		\$49,900	This Rural Development investment will be used to replace two aging patrol cars for the law enforcement department. Replacement of these vehicles on a continuing routine basis is essential to maintaining a sound and productive fleet. It will also contain the latest equipment including laptop computer system, software, radios, lights, sirens and camera system that records traffic from various directions.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	City of Walterboro		\$49,800	This Rural Development investment will be used to purchase a backhoe loader. This purchase will replace aging equipment with new and more fuel-efficient equipment. This will allow the city to continue its routine of equipment replacement once the useful life has expired.
SC	Lindsey Graham, Tim Scott	Tom Rice (07)	Town of Lake View		\$50,000	This Rural Development investment will be used to purchase a garbage truck for the Sanitation Department. The purchase of a garbage truck will allow the town of Lake View to provide direct garbage collection, operate the sanitation department more efficiently and dependably for its customers.
SC	Lindsey Graham, Tim Scott	Tom Rice (07)	City of Dillon		\$17,000	This Rural Development investment will be used to purchase a drone for the City of Dillon's Law Enforcement Department. The drone will allow the department to function more efficiently and will be used for surveillance, search and rescue and inspection activities.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	City of Lake City		\$50,000	This Rural Development investment will be used to purchase a garbage truck for the Sanitation Department. The purchase of a new garbage truck will allow the City of Lake City to provide direct garbage collection, operate the Sanitation Department more efficiently and dependably for its customer.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	City of Lake City		\$49,900	This Rural Development investment will be used to purchase a garbage truck for the Sanitation Department. The purchase of a garbage truck will allow the city of Lake City to provide direct garbage collection, operate the Sanitation Department more efficiently and dependably for its customers.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	Hampton County		\$18,500	This Rural Development investment will be used to replace console furniture and carpet tiles at the county's dispatch center. The furniture and flooring currently in the facility has aged significantly and caused tripping hazards. Upgrading the furniture will allow staff to perform its duties more efficiently and without concern.
SC	Lindsey Graham, Tim Scott	Ralph Norman (05)	Pee Dee Math, Science, & Technology Academy	\$2,749,000	\$100,000	This Rural Development investment will be used to construct an approximately 11,000 square foot building adjacent to the academy's existing campus. This expansion will help the academy to manage its increased enrollment, staff and provide needed accommodations such as a library, tech room, and arts room for students. Currently, teachers do not have a work area for planning periods and have to conduct class in offices or shared classrooms.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	Samaritan House		\$17,410	This Rural Development investment will be used to purchase furniture, fixtures and equipment to meet the South Carolina Department of Health and Environmental Control (DHEC) requirements. The purchases will help replace appliances, windows, HVAC system, and computers. This will also allow the organization to upgrade its fire protection and telephone systems.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	Williamsburg County		\$28,200	This Rural Development investment will be used to purchase five, 10x16 office trailers for Williamsburg County Waste Management sites. The trailers would be hurricane certified, include a bathroom, and provide much-needed space to store supplies and equipment for each site.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	Williamsburg County		\$49,800	The Rural Development investment will be used to purchase a 40x60 office building for Williamsburg County Waste Management landfill site. The new building would be hurricane certified, include a bathroom, and provide much-needed space to store supplies and equipment.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	Williamsburg County		\$49,900	The Rural Development investment will be used to purchase a trash compactor. Stationary trash compactors are essential for the day to day operations at the Williamsburg County Landfill and Recycling Sites. The purchase of a new trash compactor would provide citizens of the county with a safe and convenient way of recycling and managing solid waste collection.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	Williamsburg County		\$50,000	The Rural Development investment will be used to purchase a trash compactor. Stationary trash compactors are essential for the day to day operations at the Williamsburg County Landfill and Recycling Sites. The purchase of a trash compactor would provide citizens of the county with a safe and convenient way of recycling and managing solid waste collection.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	Vital Aging of Williamsburg County Inc.		\$34,900	This Rural Development investment will be used to replace the roof and HVAC repairs at Vital Aging Kingstree Wellness Center. Vital Aging has repaired the roof and the HVAC system several times in the past; therefore, they have been advised that it is in need of replacement for the roof and the HVAC system.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	Williamsburg County		\$18,000	This Rural Development investment will be used to purchase a trash compactor. Stationary trash compactors are essential for the day to day operations at the Williamsburg County Landfill and Recycling Sites. The purchase of a new trash compactor would provide citizens of the county with a safe and convenient way of recycling and managing solid waste collection.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	Williamsburg County Disabilities and Special Needs		\$47,900	This Rural Development investment will be used to purchase furniture, office and lawn equipment to fulfill contracts within the county. Funds will also be used to repair and paint the main office building. The repairs and equipment upgrades will allow the facility to perform its tasks more efficiently.
SC	Lindsey Graham, Tim Scott	Tom Rice (07)	Marion County	\$100,000	\$120,000	This Rural Development investment will be used to renovate the county's administration building. Improvements will include an upgraded HVAC system, repairs to the parking lot and a conference room. This will allow the county to take advantage of existing space to accommodate economic development staff that are currently housed in another building and have all county administrative operations at one facility.
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	City of Walterboro		\$50,000	This Rural Development investment will be used to replace an aging fire pumper truck for the fire department. This new fire pumper is capable of pumping 1,250 gallons a minute, which is essential during emergencies. It will also contain the latest in firefighting equipment including new Self-Contained Breathing Apparatus (SCBA) air packs, hose, thermal imaging camera, generator, flashlights and other hand tools used for firefighting activities.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
SC	Lindsey Graham, Tim Scott	James Clyburn (06)	Samaritan House		\$25,690	This Rural Development investment will be used to purchase furniture, fixtures and equipment to meet the South Carolina Department of Health and Environmental Control (DHEC) requirements including the removal of mold and mildew. The purchases will help replace plumbing, appliances, windows, HVAC system and computers. This will also allow the organization to upgrade its fire protection and telephone system.
SD	Mike Rounds, John Thune	Dusty Johnson (At-Large)	Wilmot Community Foundation		\$9,500	This Rural Development investment will be used to finance safety improvement needs for the Wilmot Community Foundation's Wee Wolves Daycare. Wee Wolves Daycare will purchase window coverings and install sidewalk and curb and gutter. Rural Development grant funding will be used to accomplish the upgrades and improve safety for children attending the daycare in this rural South Dakota community.
SD	Mike Rounds, John Thune	Dusty Johnson (At-Large)	Dupree Volunteer Fire Department		\$33,600	This Rural Development investment will be used to purchase a F-350 cab and chassis and grill guard. This truck will replace an aged 1984 fire unit in its inventory. The equipment will allow them to serve its area more effectively with a reliable fire vehicle.
TN	Marsha Blackburn, Bill Hagerty	David Kustoff (08)	City of Milan	\$2,425,000	\$336,400	This Rural Development investment will be used to construct a Farmer's Market in downtown Milan, construct sidewalks from downtown to a proposed multimodal trail that will connect the downtown area to the City Park, and street resurfacing that is desperately needed in select areas.
TN	Marsha Blackburn, Bill Hagerty	David Kustoff (08)	Town of Rutherford	\$247,000	\$100,000	This Rural Development investment will be used to resurface city streets in the town of Rutherford. These streets include South Trenton Highway, South Front Street, Fain Street, Heritage Drive and Standard Street. The streets are in desperate need of repair and the improvements will serve all residents within the city limits of Rutherford.
TN	Marsha Blackburn, Bill Hagerty	David Kustoff (08)	City of Union City		\$175,000	This Rural Development investment will be used to purchase emergency response equipment for the city. The new equipment will be used to upgrade and replace the old, unreliable equipment. The purchases will include new patrol vehicles for the law enforcement department, new emergency response communication equipment and a street sweeper and pickup truck for flood maintenance and prevention efforts from the public works department.
TN	Marsha Blackburn, Bill Hagerty	Charles Fleischmann (03)	Town of Spring City	\$320,000	\$55,000	This Rural Development investment will be used to purchase a pumper truck for the Spring City Volunteer Fire Department. The fire department currently operates from one fire station that houses two pumper trucks and one service truck. Because the community is divided by the main lines of the CSX railroad, the pumper trucks must be staggered in locations on either side of the tracks. As trains roll through town (often at a rate of 30-40 per day), access across the rail line dividing the town is blocked, making it critical that one truck be located on either side to be able to respond to an emergency. The oldest of these pumper trucks has undergone numerous repairs and was commissioned in 1993. This pumper truck would have an expected service life of 20-25 years based on the year of manufacture. The truck would provide public safety and fire protection to the approximate 2,000 residents of Spring City, Tennessee.
TN	Marsha Blackburn, Bill Hagerty	Scott Desjarlais (04)	Charleston Calhoun Hiwassee TN Historical Society		\$4,200	This Rural Development investment will be used to purchase furniture and equipment to outfit the research area of the Hiwassee Heritage Center in Charleston, Tennessee. The equipment to be purchased includes a computer, monitor, flatbed scanner, plotter printer, microfilm machine and office desk. Once this space is outfitted, it will allow local residents and out of town visitors to come to the Center for historical or genealogical research.
TN	Marsha Blackburn, Bill Hagerty	Jim Cooper (05)	Town of Ashland City	\$5,300,000		This Rural Development investment will be used to finance a City Hall project. The building will be approximately 16,400 square feet and will house the Mayor's office, Building and Codes Department, administrative offices, City Courtroom/City Council chambers, and inmate holding areas. This space also includes a conference room, kitchen and storage areas. Due to the unprecedented growth in the community the new facility will better serve the residents of the town.
TN	Marsha Blackburn, Bill Hagerty	Jim Cooper (05)	Town of Ashland City	\$5,560,000	\$250,000	This Rural Development investment will be used to finance a fire hall project. The building will be approximately 20,000 square feet that will include eight apparatus bays and bedrooms, training classrooms, kitchen, administrative offices, exercise rooms and an elevator. Due to the unprecedented growth in the community the fire department needs this new fire hall to maintain a high level of fire protection for the citizens of the town.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
TN	Marsha Blackburn, Bill Hagerty	Mark Green (07)	Humphreys County	\$15,137,820		This Rural Development investment will be used to construct a law enforcement complex in Humphreys County, Tennessee. The complex will convert a vacant nursing home. The remodeled 17,783-square-foot building will house the Sheriff's office. This project will provide additional space for administration, booking and detox, detention and a new kitchen.
TN	Marsha Blackburn, Bill Hagerty	David Kustoff (08)	Carroll County		\$34,800	This Rural Development investment will be used to purchase two new highway maintenance trucks for Carroll County. The Carroll County Highway Department has two trucks currently in service that have exceeded their useful life and are in need of replacement. The trucks will be used on a regular basis for highway maintenance and repair.
TN	Marsha Blackburn, Bill Hagerty	Scott Desjarlais (04)	Grundy County		\$21,000	This Rural Development investment will be used to purchase equipment for the newly built Grundy County Food Bank. The equipment to be purchased includes a walk-in cooler, walk-in freezer, television with wall mount, book shelves, and a moveable vinyl pop up tent to shelter the Food Bank's truck. The newly built Food Bank is more centrally located in Coalmont, Tennessee and will replace the dilapidated 60-year-old former grocery store building they formerly operated out of in Tracy City, Tennessee. The equipment will help the approximately 13,700 residents of Grundy County, Tennessee have access to food and other household items.
TN	Marsha Blackburn, Bill Hagerty	David Kustoff (08)	City of Tiptonville		\$50,000	This Rural Development investment will be used to purchase a street sweeper for the city of Tiptonville. The street sweeper will be used to remove debris and trash that is clogging storm drains and drainage ways. Once the debris is removed, excess water will be allowed to drain creating safe, passable streets throughout town.
TX	John Cornyn, Ted Cruz	Tony Gonzales (23)	El Progreso Memorial Library	\$260,000	\$140,000	This Rural Development investment will be used to replace the boiler to a high efficiency boiler, install a chilled water variable pumping conversion, install an air handler unit, variable air volume conversion, heating, ventilation, and air conditioning control sequence upgrades, and to change all fluorescent lights to LED Lights. These improvements will allow for utilities to the library be more cost effective, which in turn, will allow for increased budgeted items for services and programs for its customers.
TX	John Cornyn, Ted Cruz	Ronny Jackson (13)	Baylor County		\$31,000	This Rural Development investment will be used to purchase a sheriff patrol vehicle. The vehicle will be used to provide law enforcement services for the residents of Baylor County including, the city of Seymour and in providing backup support for surrounding counties as needed.
TX	John Cornyn, Ted Cruz	Tony Gonzales (23)	Terlingua Common School District		\$100,000	This Rural Development investment will be used to purchase major physical education equipment for the new gymnasium projected to start construction in July. All physical education, assemblies, and school events that involve all students and staff currently takes place outdoors. Approximately 100 students are enrolled in the District. Terlingua Common School District is located in Terlingua.
TX	John Cornyn, Ted Cruz	August Pfluger (11)	City of Bronte		\$35,000	This Rural Development investment will be used to purchase a new backhoe. The city's current backhoe is at least 20 years old, leaks oil and has lost about 50 percent of its power. The backhoe will be used by the city of Bronte Public Works Department for maintenance of the public utilities, roads and rights-of-ways.
TX	John Cornyn, Ted Cruz	August Pfluger (11)	Dawson County		\$17,300	This Rural Development investment will be used to purchase five pieces of various public safety equipment. The equipment will aid in providing better service to Dawson County and surrounding areas.
TX	John Cornyn, Ted Cruz	Ronny Jackson (13)	City of Hedley		\$60,200	This Rural Development investment will be used to purchase a truck with a Cummins engine and a southwestern equipment trash compactor mounted on the truck bed. The truck will allow the city to update its equipment and reduce the overall cost of repairs and maintenance of its operations.
TX	John Cornyn, Ted Cruz	August Pfluger (11)	City of Cisco		\$57,000	This Rural Development investment will be used to purchase a Fire Command Vehicle and Public Works Vehicle. The Fire Command Vehicle will provide first-line command for incidents relative to fire and emergency service protection. The Public Works Vehicle will allow the city to replace the current vehicle which is over 20 years old. The city of Cisco Fire Department provides fire and emergency services to the city and to the fire district which covers an additional 245 square miles.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
TX	John Cornyn, Ted Cruz	August Pfluger (11)	City of Gorman		\$41,000	This Rural Development investment will be used to purchase a public works vehicle as the city of Gorman is in great need of an additional vehicle. The city normally recycles law enforcement vehicles for the Public Works Department when they get a new vehicle but the vehicles are high mileage and have increased maintenance costs. The city needs a pickup with a service bed which will allow for tools to be kept in one place when completing sewer, water, or street repair projects.
TX	John Cornyn, Ted Cruz	Tony Gonzales (23)	City of Hondo		\$93,600	This Rural Development investment will be used to purchase major equipment for the South Texas Regional Training Center for its diesel mechanics classes. The educational classes will benefit residents interested in getting their Diesel Mechanic Certification due to all the quarries, trucking companies, and businesses in the south Texas region.
TX	John Cornyn, Ted Cruz	Pete Sessions (17)	City of Franklin		\$7,000	This Rural Development investment will be used to replace the high mileage vehicles. The vehicles will be used for general patrolling and law enforcement purposes and drug interdiction. The vehicle will also help to control substance abuse and illegal drug activity.
TX	John Cornyn, Ted Cruz	Pete Sessions (17)	City of Franklin		\$70,000	This Rural Development investment will be used to replace the city of Franklin's 2005 sanitation truck which has been costly due to extensive repairs. The city provides sanitation services three days a week which usually requires three employees. The sanitation truck will have an automatic lift to retrieve the trash receptacles and reduce the number of employees. The truck will ensure a sanitary and clean city.
TX	John Cornyn, Ted Cruz	Pete Sessions (17)	City Of Hearne		\$10,000	This Rural Development investment will be used to purchase a backhoe. The city's water department is in need of a backhoe to assist with water line repairs. There are many instances of main breaks in the large pipes that are often at depths that a mini excavator cannot handle. The backhoe will allow the city to operate more efficiently. The backhoe will also be used for repairing drainage trenches after excessive flooding.
TX	John Cornyn, Ted Cruz	August Pfluger (11)	Stephens County		\$58,000	This Rural Development investment will be used to purchase a tractor and brush hog to mow and clear obstructions from the airport and road rights-of-way providing pilots and drivers a chance to avoid any possible collision with wildlife as to avoid major aircraft/vehicle damage and possible injury or death to the occupants of the aircraft/vehicle.
TX	John Cornyn, Ted Cruz	Henry Cuellar (28)	City of Floresville		\$69,000	This Rural Development investment will be used to replace three high mileage law enforcement vehicles. The vehicles will be used for general patrolling and law enforcement purposes and drug interdiction. The vehicles will also help to control substance abuse and illegal drug activity.
TX	John Cornyn, Ted Cruz	Tony Gonzales (23)	County of Zavala		\$100,000	This Rural Development investment will be used to purchase a fire truck for the La Pryor Volunteer Fire Department. All of its equipment is outdated and functioning at a minimum capacity, making it difficult for them to be able to provide the required fire protection. The truck will replace its existing truck which is constantly under repair and unable to provide the services needed for the residents of La Pryor and surrounding area.
TX	John Cornyn, Ted Cruz	Pete Sessions (17)	City of Hearne		\$50,000	This Rural Development investment will be used to purchase a John Deere tractor with attachments to mow over 500 acres which includes the airport, ditches, property the city owns, and to maintain the beautification of the city. The city has spent over \$16,000 last year in maintaining its current lawn tractor which has caused a financial burden on the city.
TX	John Cornyn, Ted Cruz	Pete Sessions (17)	City of Franklin		\$50,000	This Rural Development investment will be used to replace the high mileage vehicles. The vehicles will be used for general patrolling and law enforcement purposes and drug interdiction. The vehicle will also help to control substance abuse and illegal drug activity.
TX	John Cornyn, Ted Cruz	Pete Sessions (17)	City of Franklin		\$50,000	This Rural Development investment will be used to replace the city of Franklin's 2005 sanitation truck which has been costly due to extensive repairs. The city provides sanitation services three days a week which usually requires three employees. The sanitation truck will have an automatic lift to retrieve the trash receptacles and reduce the number of employees. The truck will ensure a sanitary and clean city.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
TX	John Cornyn, Ted Cruz	Pete Sessions (17)	City Of Hearne		\$50,000	This Rural Development investment will be used to purchase a backhoe. The city's water department is in need of a backhoe to assist with water line repairs. There are many instances of main breaks in the large pipes that are often at depths that a mini excavator cannot handle. The backhoe will allow the city to operate more efficiently. The backhoe will also be used for repairing drainage trenches after excessive flooding.
TX	John Cornyn, Ted Cruz	Tony Gonzales (23)	County of Zavala		\$50,000	This Rural Development investment will be used to purchase a fire truck for the La Pryor Volunteer Fire Department. All of its equipment is outdated and functioning at a minimum capacity, making it difficult for them to be able to provide the required fire protection. The truck will replace its existing truck which is constantly under repair and unable to provide the services needed for the residents of La Pryor and surrounding area.
UT	Mike Lee, Mitt Romney	John Curtis (03)	Moab Valley Healthcare dba Moab Hospital	\$44,142,000		This Rural Development investment will be used to renovate a hospital in the rural town of Moab in eastern Utah. Moab Valley Healthcare will use this USDA funding to add 28,540-square-feet to its facility. The emergency department and urgent care rooms will be enlarged to meet current minimum size standards and a bereavement space will be added. An ambulance drop-off area will be created. The surgery center will be expanded to increase patient preparation and recovery space. The clinic, inpatient pharmacy, imaging department, lab, and medical office building will be expanded. An ultrasound room will be created and a new physician lounge will provide a dedicated space for staff. The cardiopulmonary department and reception area will be updated. The hospital will also purchase additional equipment. In addition, the USDA financing will be used to pay off the hospitals original construction loan and improve its finances with a lower interest rate. Overall, this hospital upgrade will create 400 temporary construction jobs and add 20 health care positions while ensuring this rural community of 9,225 people has access to high quality health care services for years to come.
VA	Tim Kaine, Mark Warner	Bob Good (05)	Town of Drakes Branch		\$97,500	This Rural Development investment will be used to purchase heating ventilation and air conditioning and equipment. The municipal building was damaged during tropical storm Michael and had to be rebuilt.
VA	Tim Kaine, Mark Warner	Bob Good (05)	Drakes Branch Volunteer Fire Department		\$97,500	This Rural Development investment will be used to refurbish Drakes Branch Volunteer Fire Department's brush truck. The current brush truck is old with a single two person cab and high maintenance costs. The truck will be a refurbished crew cab chassis that will be lifted for better ground clearance.
VA	Tim Kaine, Mark Warner	Bob Good (05)	County of Halifax		\$128,700	This Rural Development investment will be used to purchase a front loader refuse truck. The public works department is currently operating with one less front loader that is required to service refuse in Halifax county.
VA	Tim Kaine, Mark Warner	Robert Wittman (01)	Boys & Girls Club of the Northern Neck		\$68,000	This Rural Development investment will be used to purchase Science Technology Engineering and Mathematics furniture, computers, conference furniture and appliances for the Boys & Girls Club of the Northern Neck. These funds will replace the equipment that was destroyed when a fire broke out in the building.
VA	Tim Kaine, Mark Warner	Robert Wittman (01)	Town of Kilmarnock		\$22,000	This Rural Development investment will be used to purchase a 2021 Ford patrol interceptor utility vehicle. The town currently has six vehicles one for each full time officer, and one shared vehicle for four part-time officers. The new vehicle will replace a 2014 vehicle with high mileage and in need of major engine repairs.
VA	Tim Kaine, Mark Warner	Bob Good (05)	Town of Farmville		\$36,600	This Rural Development investment will be used to purchase 29 mobile radios to replace all of the town's portable radios.
VA	Tim Kaine, Mark Warner	Robert Wittman (01)	Healthy Harvest Food Bank Incorporated		\$200,000	This Rural Development investment will be used to purchase aquaponics equipment for the greenhouse classroom. This equipment will be used to produce vegetables as well as fish and other types of seafood. This project seeks to take the education and service to the community one step further by adding a classroom and aquaponics greenhouse to teach high school students about alternative careers in agriculture.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
VA	Tim Kaine, Mark Warner	Robert Wittman (01)	Richmond County		\$91,700	This Rural Development investment will be used to purchase a new medic unit ambulance. Richmond County will replace its 2012 medic unit that has high mileage and costly repairs.
VA	Tim Kaine, Mark Warner	Elaine Luria (02)	Eastern Shore Public Library		\$25,000	This Rural Development investment will be used to purchase portable steel-framed shelving, computers, monitors, and software. This new steel-framed shelving will be used for the children's section of the Accomack branch. The new equipment will allow users to create podcasts, oral histories, and public presentations.
VA	Tim Kaine, Mark Warner	Elaine Luria (02)	Accomack County		\$75,000	This Rural Development investment will be used to purchase a new radio communications console. This critical equipment will be used for the 911 call center. The call center is currently using a Motorola radio console system that was installed in 2006 and will reach the end of its useful life by the close of 2021.
VA	Tim Kaine, Mark Warner	Bob Good (05)	Town of Scottsville		\$40,000	This Rural Development investment will be used to purchase a new patrol vehicle and related equipment. The town currently has four Ford vehicles with high mileage and costly repairs. The new vehicle will be a Dodge Durango with a radio, mobile computer, radar camera, exterior decals, lights and related labor for installation. It will also include a central server computer to securely process and store all of the department in-car video files.
VA	Tim Kaine, Mark Warner	Bob Good (05)	Town of Scottsville	\$15,200	\$5,300	This Rural Development investment will be used to purchase a new patrol vehicle and related equipment. The town currently has four Ford vehicles with high mileage and costly repairs. The new vehicle will be a Dodge Durango with a radio, mobile computer, radar camera, exterior decals, lights and related labor for installation. It will also include a central server computer to securely process and store all of the department in-car video files.
VA	Tim Kaine, Mark Warner	Morgan Griffith (09)	William King Museum of Art		\$66,000	This Rural Development investment will be used to purchase a new 250,000 kilowatt, 120/208 volt 3 stage diesel generator to provide backup electricity to ensure year-round protection of the museum's collections during periods of outages.
VA	Tim Kaine, Mark Warner	Bob Good (05)	Town of Lawrenceville	\$215,000		This Rural Development investment will be used to purchase a used ladder truck and new accessories. The town currently has a 1989 unit that was totaled in an accident and is no longer useful.
VA	Tim Kaine, Mark Warner	Bob Good (05)	Harvest Outreach Center	\$775,000		This Rural Development investment will be used to purchase a building and equipment for a school. The Harvest Outreach Center is currently renting the proposed facility, as their school. The facility is a multipurpose building with an indoor gym originally built to be a private school. The building is fully handicapped accessible with an elevator, ramps, and accessible bathrooms.
VA	Tim Kaine, Mark Warner	Robert Wittman (01)	Town of Tappahannock	\$53,300		This Rural Development investment will be used to purchase sewer cameras. The mini RovyerX system camera will allow the town's staff to have close inspection of the pipe. The quick view air-hd pole camera is for quick response to see a manhole and zoom up a mainline. The camera is also portable and wireless, with a rechargeable battery. The town currently does not have adequate equipment to inspect the sewer lines.
VA	Tim Kaine, Mark Warner	Robert Wittman (01)	Town of Tappahannock	\$123,500		This Rural Development investment will be used to purchase a 2021 distressed community freightliner sanitation vehicle. The town currently has two sanitation vehicles, one of them being five years old and the other being eight years old.
VA	Tim Kaine, Mark Warner	Bob Good (05)	Buckhorn Volunteer Fire Department Inc.	\$400,000		This Rural Development investment will be used to purchase a pumper fire truck. The fire department currently has two tanker trucks and two brush trucks that are older model vehicles. The fire department uses these trucks to respond to fires and other calls with the first response district as well as mutual aid to other parts of Mecklenburg County.
VA	Tim Kaine, Mark Warner	Abigail Spanberger (07)	Town of Crewe	\$68,200		This Rural Development investment will be used to purchase two new patrol vehicles and equipment including mobile data terminals (MDTs). The MDTs require computer, hardware, software and accessories to fully equip the vehicles. The town currently has a fleet of six patrol vehicles with some having high repair cost and high mileage.

Community Facilities Loan and Grant Program

November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
VA	Tim Kaine, Mark Warner	Abigail Spanberger (07)	Town of Blackstone	\$520,000		This Rural Development investment will be used to purchase a new ladder truck. The town currently has no ladder truck but needs one since there are new buildings emerging that are three or more stories high.
VA	Tim Kaine, Mark Warner	Morgan Griffith (09)	Town of Marion		\$50,000	This Rural Development investment will be used to help the town of Marion purchase equipment for its patrol vehicle fleet. The equipment includes mobile data terminals, radios, officer safety barriers, emergency lighting with controls, radar units, vehicle graphics, and flashlights. The current patrol vehicles are not equipped with the needed standardized equipment required for the protection of officers and detainees.
VA	Tim Kaine, Mark Warner	Morgan Griffith (09)	Buchanan County Board of Supervisors		\$23,200	This Rural Development investment will be used to purchase a properly equipped side-by-side utility task vehicle, cargo trailer and four helmets. The county has one all-terrain vehicle that is 10 years old and near the end of its useful life. A new vehicle is needed to better serve the county.
VA	Tim Kaine, Mark Warner	Morgan Griffith (09)	Town of Glen Lyn		\$75,000	This Rural Development investment will be used to purchase a new fully equipped patrol vehicle. The town currently has two vehicles with high mileage and costly repairs. This project will replace one of the town's older vehicles.
VA	Tim Kaine, Mark Warner	Morgan Griffith (09)	People Incorporated of Southwest VA	\$1,700,000		This Rural Development investment will be used to purchase and renovate a building to be used as an administrative office. The facility will house administrative, finance and development staff. This facility will be located next door to its main headquarters. This project will involve moderate rehabilitation of the main building's interior and basic exterior improvements.
VA	Tim Kaine, Mark Warner	Morgan Griffith (09)	Wise County Public Service Authority	\$85,000	\$50,000	This Rural Development investment will be used to purchase three new and properly equipped service trucks. Presently the applicant is leasing service trucks, which has created a financial burden to the authority. The service trucks are essential to operate and maintain the water and sewer systems.
VA	Tim Kaine, Mark Warner	Morgan Griffith (09)	Wise County Public Service Authority		\$25,000	This Rural Development investment will be used to purchase three new and properly equipped service trucks. Presently the applicant is leasing service trucks, which has created a financial burden to the authority. The service trucks are essential to operate and maintain the water and sewer systems.
VA	Tim Kaine, Mark Warner	Morgan Griffith (09)	Town of Glade Spring	\$84,300	\$75,000	This Rural Development investment will be used to purchase a new properly equipped sanitation vehicle with a packer. The current garbage truck is over 30 years old and is no longer a safe or reliable public works vehicle.
VA	Tim Kaine, Mark Warner	Morgan Griffith (09)	Commonwealth Catholic Charities		\$50,000	This Rural Development investment will be used to purchase two new, properly equipped vehicles, furniture, and equipment. The applicant provides foster care services that require travel to pick up children, attend court proceedings, evaluate potential foster homes, and transport children to medical appointments. The applicant currently does not have enough safe and reliable vehicles to provide the needed transportation or properly designed office furniture and equipment to safely and professionally offer the best possible foster care services.
VA	Tim Kaine, Mark Warner	Abigail Spanberger (07)	Town of Gordonsville		\$3,000	This Rural Development investment will be used to purchase 11 patrol ballistic vests and two carriers for each vest. The new concealable armor vests will provide safety and protection for the officers. The current vests are worn and do not provide adequate sharp weapon and ballistic resistance.
VA	Tim Kaine, Mark Warner	Ben Cline (06)	Shenandoah Volunteer Fire Company	\$87,800	\$47,200	This Rural Development investment will be used to purchase fire and rescue equipment. The purchase of a new boat and trailer will have the capability to work in all types of water events to provide the emergency resources to all of Page County and the southeastern part of Rockingham County. The utility truck will be an upgrade for towing and save the department on repairs on the current truck, which has exceeded its useful life.
VA	Tim Kaine, Mark Warner	Robert Scott (03)	The Children's Center		\$16,600	This Rural Development investment will be used to purchase an air purification system and an awning. The applicant currently is without proper protection from the sun's UV rays, the children and staff are exposed to excessive heat and the risk of sunburn. The organization serves children through childcare and early childhood education in eight facilities.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
VA	Tim Kaine, Mark Warner	Elaine Luria (02)	Broadwater Academy		\$37,500	This Rural Development investment will be used to purchase computers, IT equipment, a mower and a trailer. The computer is essential equipment that will keep pace with advances in technology. The academy will also replace the older grounds maintenance equipment.
VT	Patrick Leahy, Bernard Sanders	Peter Welch (At Large)	Sharon Academy	\$1,910,000		This Rural Development investment will be used to update and renovate the high school facility of Sharon Academy Inc., a small independent school providing 7th -12th grade education in Sharon, Vermont. This academy offers hands-on individualized instruction in a "small by design" school environment, with 160 students overall and approximately 120 at the high school level. The lack of modern science labs at the high school creates a problem in retaining juniors and seniors, as Science, Technology, Engineering, and Math (STEM) education is highly valued. This project will add over 5,000 sq. ft. for a modern science wing, multipurpose classrooms, STEM maker space and studios, an educational kitchen, changing rooms for the gym, energy efficient gym roof replacement ready for solar panels, EV chargers in the expanded parking lot, and a gravity-fed fire suppression sprinkler system. These additions and updates to the school will improve its safety, functionality and educational quality, particularly in the STEM fields.
VT	Patrick Leahy, Bernard Sanders	Peter Welch (At Large)	Fairbanks Museum	\$369,800	\$149,900	This Rural Development investment will be used to construct a mass timber science annex addition to the Fairbanks Museum and Planetarium in St. Johnsbury, Vermont. The project includes construction of a 6,153 square foot addition as well as renovation of 1,584 square feet in the museum's historic 1891 building. The three-story addition contains classroom and exhibit space, a stair tower, elevator, and four restrooms. The ground floor and balcony levels will contain Science, Technology, Engineering, and Math (STEM) exhibits, while the plaza level will add classroom and reception space for the Community College of Vermont's St. Johnsbury site. The addition will be fully accessible and will make the balcony of the historic building partially accessible. As Vermont's first mass timber project, construction will provide workforce development and support the forestry industry in the northeastern U.S. The new hands-on STEM activities will complement the museum's "look, don't touch" exhibits from the museum's inception. The college's relocation of its St. Johnsbury site to the museum will also increase visitation to the space. Additional funding for the project comes from the Northern Borders Regional Commission, several corporate and private foundations, and individual contributions to the museum's Inspire Campaign.
VT	Patrick Leahy, Bernard Sanders	Peter Welch (At Large)	City of Newport		\$119,637	This Rural Development investment will be used to construct and install roadway and streetscape improvements in the city of Newport, Vermont. The project will include new traffic signals and street lighting, relocation of the Waterfront Plaza entrance, and electrical service infrastructure. It will improve public safety for pedestrians, cyclists, and motorists while also making it easier for residents and visitors to access events and outdoor recreation facilities for downtown businesses.
VT	Patrick Leahy, Bernard Sanders	Peter Welch (At Large)	The Hatch Incorporated		\$20,500	This Rural Development investment will be used to purchase equipment, furnishings, and fixtures for The Hatch Inc.'s expanded space in downtown Brattleboro, Vermont. The new HatchSpace makerspace provides a unique and valuable community resource for woodworkers from beginner to advanced skill levels to share expertise through formal and informal methods. In addition to the current space, tools, equipment, expertise, and programming at the HatchSpace, this project will allow for the purchase and development of High-Tech Design Programs using machines such as the CNC, Laser Cutter, and 3D Printer; create additional youth programs in partnership with schools and social service organizations; and provide evening and weekend availability for class times and member access. The partnerships with youth and trade organizations, as well as the classes available, will help meet the need for 600 manufacturing positions in the region over the next five years.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
VT	Patrick Leahy, Bernard Sanders	Peter Welch (At Large)	The Hatch Incorporated		\$18,500	This Rural Development investment will be used to purchase equipment, furnishings, and fixtures for The Hatch Inc.'s expanded space in downtown Brattleboro, Vermont. The new HatchSpace makerspace provides a unique and valuable community resource for woodworkers from beginner to advanced skill levels to share expertise through formal and informal methods. In addition to the current space, tools, equipment, expertise, and programming at the HatchSpace, this project will allow for the purchase and development of High-Tech Design Programs using machines such as the CNC, Laser Cutter, and 3D Printer; create additional youth programs in partnership with schools and social service organizations; and provide evening and weekend availability for class times and member access. The partnerships with youth and trade organizations, as well as the classes available, will help meet the need for 600 manufacturing positions in the region over the next five years.
WA	Maria Cantwell, Patty Murray	Dan Newhouse (04)	City of Granger		\$33,100	This Rural Development investment will be used to replace two law enforcement cars that have high mileage and require significant servicing. The purchase of the two cars will provide the city of Granger financial relief from maintenance costs that can be used for operational use of the department, benefiting the city's residents.
WA	Maria Cantwell, Patty Murray	Dan Newhouse (04)	Town of Conconully		\$202,000	This Rural Development investment will be used to replace an aging and unsafe fire station and public works building with a modern facility that will function as public works, food bank, and Emergency Medical Services combined. The community has been impacted severely from year to year with devastating fires and other natural disasters and so the proposed facility aims to address those needs as well. Conconully is in Okanogan County. The population is estimated at 210 per the 2010 census.
WA	Maria Cantwell, Patty Murray	Dan Newhouse (04)	City of Granger		\$52,300	This Rural Development investment will be used to replace two law enforcement cars that have high mileage and require significant servicing. The purchase of the two vehicles will provide the city of Granger financial relief from maintenance costs that can be used for operational use of the department, benefiting the city's residents.
WA	Maria Cantwell, Patty Murray	Suzan DelBene (01)	Town of Concrete		\$30,000	This Rural Development investment will be used to acquire a street sweeper, sidewalk vacuum and mini excavator for its public works department. This project will replace its 1996 street sweeper that is difficult to repair and find parts for. The mini excavator will be used to clean out small ditches, moving small amounts of gravel and bark in parks and repair water lines and storm drainage. The equipment will assist the town in providing adequate services during routine and emergency operation and provide continued services to its residents and customers.
WA	Maria Cantwell, Patty Murray	Jaime Herrera Beutler (03)	Pacific County		\$257,100	This Rural Development investment will be used to provide five fully equipped replacement vehicles for the Pacific County Sheriff's Department. These vehicles will enable officers to continue to respond to requests for assistance in the surrounding jurisdictions. The funding is also being used to replace commercial kitchen equipment to enable healthier meals and provide better COVID safety.
WA	Maria Cantwell, Patty Murray	Jaime Herrera Beutler (03)	City of South Bend	\$32,600		This Rural Development investment will be used to replace an aging vehicle. This new vehicle will better serve the 1,637 residents of South Bend, Washington.
WA	Maria Cantwell, Patty Murray	Jaime Herrera Beutler (03)	City of Raymond	\$15,600		This Rural Development investment will be used to purchase and install a generator at the city of Raymond's patrol station. The residents' safety and well-being will be improved with a functioning patrol station during power outages.
WA	Maria Cantwell, Patty Murray	Suzan DelBene (01)	Snohomish County Fire District No. 24	\$4,900		This Rural Development investment will be used to provide funding towards their HVAC project for Station 38. This new HVAC system will provide heat and cooling to this station that is used for not only public safety but for training of first responders, living conditions when they are on their 24-72 hour shift and community gatherings.
WA	Maria Cantwell, Patty Murray	Suzan DelBene (01)	Snohomish County Fire District No. 24	\$31,500		This Rural Development investment will be used to provide funding towards their HVAC project for Station 39. This new HVAC system will provide heat and cooling to this station that is used for not only public safety but for training of first responders, living conditions when they are on their 24-72 hour shift and community gatherings.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
WA	Maria Cantwell, Patty Murray	Dan Newhouse (04)	Town of Twisp	\$1,200,000		This Rural Development investment will be used to construct a new City Services Building/Community Center/Emergency management facility to replace an ageing and unsafe City Hall with a modern facility that will also support public works, law enforcement, and EMS services. The Community has been impacted severely from back to back wild fire disasters. The proposed new essential safety community facility will provide a central emergency coordination center for town of Twisp law enforcement and state/federal first responders to effectively coordinate any future disasters/emergency response efforts.
WI	Tammy Baldwin, Ron Johnson	Tom Tiffany (07)	Town of Wabeno		\$125,000	This Rural Development investment will be used to provide additional financing for construction of the garage/public works building. Project includes a facility that will be located on the edge of town near the recycling center and salt building which will allow for a larger building with more space for vehicles/equipment, an office, restroom, and mechanical room. This project is imperative to the growth and sustainability of the entire town.
WI	Tammy Baldwin, Ron Johnson	Glenn Grothman (06)	City of Portage		\$100,000	This Rural Development investment will be used to purchase a fire truck for the Portage fire department (PFD). The PFD serves the city of Portage, four area townships (Caledonia, Fort Winnebago, Lewiston and Pacific) and a regional HazMat response team equipped for Type III responses. Due to its age, the city plans to replace Engine 8 that has been delegated to reserve status as the last unit out for response. Engine 8's age has made maintenance, repair and required pumping certification unattainable due to its obsolescence.
WI	Tammy Baldwin, Ron Johnson	Ron Kind (03)	Village of Boyceville		\$16,000	This Rural Development investment will be used to purchase a law enforcement vehicle and equipment. The department has two squad cars that are used to patrol and respond to emergencies within the village and to respond to calls in surrounding areas to assist the Dunn County Sheriff's office as needed. One vehicle is almost 10 years old, in need of costly repairs and nearing the end of its service life. This project will replace the 2011 sedan.
WV	Shelley Moore Capito, Joe Manchin	Carol Miller (03)	City of Princeton		\$22,300	This Rural Development investment will be used to purchase an excavator unit for the public works department. This equipment will allow the city to continue to adequately maintain streets and underground infrastructure. The City of Princeton's public works department is responsible for maintaining over three square miles of streets, sidewalks, and underground lines and pipes. The city's current excavator is almost 20 years old and requires frequent maintenance just to keep it in operating condition.
WV	Shelley Moore Capito, Joe Manchin	Alex Mooney (02)	City of Romney		\$77,500	This Rural Development investment will be used by the city of Romney to purchase a dump truck with a snow plow to maintain city streets and assist in daily operations.
WV	Shelley Moore Capito, Joe Manchin	Alex Mooney (02)	City of Romney		\$8,200	This Rural Development investment will be used by the Romney Law Enforcement Department to purchase five Kenwood NX-5300K5 UHF (380-470 MHz) portable radios with speaker microphones. These radios are essential to the effectiveness of their operations in the community.
WV	Shelley Moore Capito, Joe Manchin	Alex Mooney (02)	City of Romney		\$26,900	This Rural Development investment will be used to purchase a 2020 patrol interceptor with all relevant equipment to replace a 2009 Dodge Charger patrol vehicle. Romney recently annexed 20 new homes into the city's limits and needs a newer model patrol vehicle to serve this area.
WV	Shelley Moore Capito, Joe Manchin	Alex Mooney (02)	City of Romney		\$62,000	This Rural Development investment will be used by the city of Romney to purchase a new Bobcat Skid Steer, a new Trac Vac Vacuum System, and a new 325-gallon Direct Application System to spray anti-icing liquids onto road surfaces. The current skid steer is under a lease agreement which expired in October 2020. The city does not currently have access to their own Trac Vac system to clear the roads and ditches of leaves and debris, and they rely on and pay for a private entity to clear debris. The city also has no system to pre-treat roadways for ice and snow prevention.
WV	Shelley Moore Capito, Joe Manchin	Alex Mooney (02)	City of Romney		\$27,400	This Rural Development investment will be used by the city of Romney to purchase a 2021 Ford F150 4x4 service truck to be used daily by the city's public works department. The city currently utilizes a 2004 pickup with over 156,000 miles.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
WV	Shelley Moore Capito, Joe Manchin	Alex Mooney (02)	Town of Moorefield		\$74,200	This Rural Development investment will be used to purchase three patrol vehicles for the Moorefield Law Enforcement Department. The department currently employs nine officers who currently rely on seven vehicles.
WV	Shelley Moore Capito, Joe Manchin	Alex Mooney (02)	Town of Moorefield		\$145,100	This Rural Development investment will be used to help the town of Moorefield purchase a 2021 Hino XL8 single-axle dump truck with hydraulic and spreader controls and snow plow. The town will also purchase a 2021 Ram 1500 crew cab 4x4 pickup for street maintenance. The town currently utilizes a 1994 model dump truck and a 1998 Ford F150, both beyond their useful life and often requiring mechanical maintenance.
WV	Shelley Moore Capito, Joe Manchin	David McKinley (01)	Spelter VFD		\$18,800	This Rural Development investment will be used to purchase a four-inch fire hose for the Spelter Volunteer Fire Department's remaining fire engine. The fire department is mandated by new fire code to upgrade its three-inch fire hose to a four-inch fire hose.
WV	Shelley Moore Capito, Joe Manchin	Carol Miller (03)	West Virginia Supreme Court of Appeals		\$35,400	This Rural Development investment will be used to purchase video conferencing units to allow remote hearings in McDowell County, West Virginia, to take place. Over the past year, it has been realized that due to COVID-19 we can expect remote hearings to become the norm. By purchasing the video conferencing equipment, hearings can take place in nearly empty courtrooms and follow current COVID-19 guidance. Courthouses are expected to continue to have remote hearings even once COVID-19 guidelines are lifted. The current technology is unable to integrate with most of the current equipment, and this has created a roadblock that can only be resolved by upgrading these units.
WV	Shelley Moore Capito, Joe Manchin	Alex Mooney (02)	West Virginia Supreme Court of Appeals		\$17,600	This Rural Development investment will be used to purchase video conferencing units to allow remote hearings in Roane County, West Virginia, to take place. Over the past year, it has been realized that due to COVID-19 we can expect remote hearings to become the norm. By purchasing the video conferencing equipment, hearings can take place in nearly empty courtrooms and follow current COVID-19 guidance. Courthouses are expected to continue to have remote hearings even once COVID-19 guidelines are lifted. The current technology is unable to integrate with most of the current equipment, and this has created a roadblock that can only be resolved by upgrading these units.
WV	Shelley Moore Capito, Joe Manchin	Alex Mooney (02)	West Virginia Supreme Court of Appeals		\$17,600	This Rural Development investment will be used to purchase video conferencing units to allow remote hearings in Calhoun County, West Virginia, to take place. Over the past year, it has been realized that due to COVID-19 we can expect remote hearings to become the norm. By purchasing the video conferencing equipment, hearings can take place in nearly empty courtrooms and follow current COVID-19 guidance. Courthouses are expected to continue to have remote hearings even once COVID-19 guidelines are lifted. The current technology is unable to integrate with most of the current equipment, and this has created a roadblock that can only be resolved by upgrading these units.
WV	Shelley Moore Capito, Joe Manchin	Alex Mooney (02)	Roane County Commissioners		\$19,200	This Rural Development investment will be used to purchase a law enforcement vehicle. The vehicle is necessary for the ongoing operations of the Roane County Sheriff Department. The department employs seven deputies to carry out the duties required by West Virginia Code. The department covers an area of over 459 square miles of very rural terrain. Having reliable and safe transportation is crucial to the ongoing functions of the department.
WV	Shelley Moore Capito, Joe Manchin	Alex Mooney (02)	Hospital Development Company	\$1,600,000		This Rural Development investment will be used to help Hospital Development Company renovate their current structure to modernize their emergency department, create a new urgent care and walk-in clinic, and relocate the MRI machine and administrative offices. The hospital will also expand their current footprint by the construction of a new medical office building adjacent to their current structure to host a primary care clinic, specialty clinics, expand the therapy department, and provide community health services. The hospital is a not-for-profit acute care hospital providing acute inpatient, emergency, long-term nursing care, and physician clinic medical services to the residents of Roane County and surrounding areas.

Community Facilities Loan and Grant Program November 19, 2021

State	Sen.	Rep.	Recipient	Loans	Grants	Project Descriptions
WV	Shelley Moore Capito, Joe Manchin	Carol Miller (03)	City of Princeton		\$42,500	This Rural Development investment will be used to purchase a new excavator unit for the city of Princeton's public works department. This equipment will allow the city to continue to adequately maintain streets and underground infrastructure. The city of Princeton's public works department is responsible for maintaining over three square miles of streets, sidewalks, and underground lines and pipes. The city's current excavator is almost 20 years old and requires frequent maintenance just to keep it in operating condition.
WY	John Barrasso, Cynthia Lummis	Liz Cheney (At-Large)	Yoder Fire Protection District		\$50,000	This Rural Development investment will be used to purchase a brush fire truck for the Yoder Fire Protection District in Yoder, Wyoming. The new truck will replace their current outdated fire truck, and will improve firefighting capabilities and ensure safety for the firefighters. The Yoder Fire Protection District provides mutual aide to all surrounding districts which may include federal fires.
				\$190,491,154	\$31,068,343	
					TOTAL	\$221,559,497
